

Textbook and Replacement and Modernization

It is the policy of the School Department to ensure that all textbooks are current and relevant. To achieve this, the School Department shall review all textbooks on a five year cycle. Moreover, the School Department shall provide textbooks in sufficient quantities to meet pupil needs and shall replace any textbook that is not in usable condition. It shall be the responsibility of the building principal to request textbooks through the yearly budget so as to ensure adequate quantities are on hand for the fall and that unusable textbooks are replaced.
