Adoption of The Rhode Island Professional Teaching Standards

The Barrington Public School District fully adopts [The Rhode Island Professional Teaching Standards](#) in compliance with the [Basic Education Program](#). “The Rhode Island Professional Teaching Standards (RIPTS) are content standards that outline what every teacher should know and be able to do. The RIPTS are ambitious and visionary, while at the same time presenting a portrait of quality teaching that every competent professional can achieve. They are designed to be a resource for promoting agreement among state policymakers, teacher preparation faculty, school and district administrators, members of professional associations and organizations, the public, and most importantly, among teachers themselves about the attributes of quality teaching in Rhode Island.

It is the Regents’ intent that the teaching profession and all Rhode Island stakeholders embrace the RIPTS and use them to reach agreement about what constitutes quality teaching in Rhode Island.
