

# Social Skills Groups for Children with ASD!

Our Outpatient Program is beginning intakes for social skills groups for children ages 8 through 13.

Groups will take place on Saturday afternoons (time TBA based on your child's group placement). The first group will be Saturday, January 30th at ARCH of the Lehigh Valley. It will begin an 8 week session.

Each child will need an intake/screening prior to the first session to determine if this is an appropriate level of care and to assist in grouping children effectively.

This service will be paid through private insurance and/or Medical Assistance.

Please contact us if you are interested. If you have already submitted an interest form, you will be contacted within the next week.
