

Social Groups

RA provides different opportunities for students to get together and focus on developing peer relationships.

Boys Club:

This year long gathering of boys in third through fifth grade occurs during their lunch period, and is designed for them to learn to and engage in relationship building, conflict resolution, teamwork and quiet reflection. The environment is enthusiastic, simple, flexible and safe. The Boys Club mantra begins with “We Are A Family.”

Girls Talk:

Girls talk is delighted to provide a fun and educational friendship unit. This program is designed for primary school girls. Every Tuesday after school, our young ladies come together to build their self-esteem, develop leadership skills, and recognize the value of community service.

Social Skills Group:

Our school psychologist and social worker conduct small groups during the year that focus on peer relationships.
