

## Welcome to USD 363

August 15, 2018

It is a true pleasure for me to welcome you to the USD #363 Holcomb Longhorn Webpage. Here in Holcomb we maintain a true commitment to providing rich, thorough communication venues to the greater educational community. As Longhorns, we act on the belief we are better positioned to meet the calling of serving our students if we promote a culture where all parties have ample opportunities to engage in true, open communication efforts, and we feel having a strong web presence fits nicely into that vision.

Throughout our web presence you will find information regarding our various attendance centers and all of the wonderful academic and co-curricular activities that are employed to meet the individual needs of our students.

As you know, this webpage is but one of the communication methods we use to connect with our clientele. Toward that end, I invite you to feel perfectly comfortable to reach out to us if you would like to see other sorts of information included as a part of our web site.

As always, it is a true honor for me to have the opportunity to serve as the Superintendent of Schools here in Holcomb.

Dr. Scott P. Myers
