Parents of all Incoming Kindergarteners:

We would like to welcome you to the James A. Garfield school system by inviting your child to attend our annual Safety Village. During this program, Garfield PTO will sponsor safety related activities to help your child prepare for school and public life. Several volunteers from our community will be visiting each day to provide your child with interesting and fun activities all related to safety. The areas to be covered are fire, gun, school safety, stranger danger, home and personal safety. The day will start at 9:00 a.m. and finish at 12:00 p.m. Classes will be held in different rooms in the elementary school to help introduce them to their new environment. They will also have some fun time outside on the playground learning playground and bike safety, plus take a bus ride where they are taught school bus safety.

We will have teen volunteers that will travel with each individual group of kids to help them move safely to and from each activity. We will provide a snack daily and a Safety Village T-shirt for every child that participates. We will also be sending home information for you and your child relating to all issues surrounding this program.

This is a great way to introduce your child into the school environment. **Children will need to be signed in and out daily.** The cost of this program is $25.00 per child. If you need financial help, it is available and can be inquired about at either of the numbers below. Money is due at the time of registration and is, unfortunately, non refundable. Please send check or money order made out to **Garfield PTO** with the registration form provided to:
