- ✓ Select the **Create Person** button.
- ✓ After you have finished setting up the people associated with your profile, click the **Explore** button on the left, select the **Community Education** link in the top, left area of the screen then select **Explore All Programs** then **Your Dashboard**.
- ✓ On the left, under the **Manage Family Members section**, use the **Add Emergency Contacts** button to add new emergency contacts. Use the **Edit Emergency Contacts** button to update that information. In order to prevent creating duplicate users in the system, when adding an emergency contact that is already part of your profile, please search for the name then select from the list of existing users that are presented.
