

Change is on the Horizon!

ADRIENNE MCKEOWN, PRESIDENT, HARRISBURG ECONOMIC DEVELOPMENT CORPORATION AND CHAMBER OF COMMERCE

By the time you're reading this, we're at the half-way point of summer. My mom was a high school teacher for 32 years, and she always said that once the Fourth of July hit, summer was as good as over. While that's not entirely true, I understand the sentiment behind the statement. Time tends to go rather quickly when we're enjoying ourselves.

On the other hand, when we are anxiously awaiting something, time seems to pass slower than molasses in January in South

Dakota. Perhaps, like me, that's how many of you are feeling this construction season. With all of the rainy weather, projects are running behind and the long-awaited signs of growth in our community seem to be coming slower than we would like.

But I can promise you that change is on the horizon in Harrisburg! Our new superintendent, Mr. Tim Graf, has recently taken the reigns as the leader of the school district. We look forward to partnering with him and his team as we work together to grow our community.

And here at the HEDC, we have a number of exciting projects underway.

While the members of our volunteer board of directors have been and continue to be committed to economic growth in Harrisburg, we all have full-time jobs that require our attention as well. That limits our ability to meet with potential developers, business owners, and government entities. Therefore, we are working to create and hire a full-time executive position to lead our HEDC and Chamber.

Frankly, many communities in the region and state—especially communities with a progressive approach to economic growth—already have this position. As one of the fastest growing

communities in the state, it's time we catch up and provide dedicated resources to focus on achieving our mission.

I encourage you to watch for more information about this position on social media and spread the word to qualified and interested individuals. And I look forward to introducing you to our new full-time leader in the near future!

As for our other exciting projects, you'll just have to wait to hear more about those. If I've learned one thing in the five years that I've served in this role, it's that change in the economic development and government realms is slow—even in a fast-growing community.

Stay tuned as we continue to work through these projects and bring them to fruition. We're excited to share them with you!

Change isn't always easy, but it is inevitable. As author and journalist Gail Sheehy said, "If we don't change, we don't grow. If we don't grow, we aren't really living." Here in Harrisburg, we are really living and embracing the changes that are coming in our growing community with expanding opportunity.

And that's one thing we hope doesn't change anytime soon.

Summer in Full Swing at Good Earth State Park at Blood Run

JEN NUNCIO | PARK NATURALIST

The Good Earth Concert series is up and running and will continue into July with a concert and food truck each Friday night starting at 7:00 pm. This month will feature July 5th Jim Groth and SDSU Ice Cream Truck, July 12th Janice Gilbert and Breaking Burrito Truck, July 19th Eclectic Americana and the Big Orange Truck, and finally CommonGround and the Big Orange Truck. Concerts will take place at the park's outdoor amphitheater. There is seating for 250 people and an open space for lawn chairs. Food will begin at 6:30 pm and the music starts at 7:00 pm. Sun block and bug spray are encouraged as well.

Other programs happening this month are a Night Hike on Saturday July 13th at 8:00 pm. Campfire cooking on Sunday July 14th at 2:00 pm. Survival Day on Saturday July 20th from 1:00 – 3:00 pm. Dutch Oven Cooking on July 27th at 2:00 pm.

It is national Ice Cream Day on Sunday July 21st, so visitors can come out and make their own ice cream at 2:00 pm. Supplies will be provided for the program.

Just a reminder programs are free to attend and all vehicles entering the park are required to have a park entrance license. These can be purchased at the visitor center during business hours or by self-sale at the entrance kiosk.

For more information please call 605-213-1036, website <http://bit.ly/2XsWhAH> or Facebook @GoodEarthStatePark

Summer is in full swing at Good Earth State Park at Blood Run. The visitor center is open now Monday – Thursday 9:00 am till 5:00 pm, Saturday and Friday 9:00 am till 7:00 pm and Sunday 1:00 pm till 7:00 pm. The park's trails are open 6:00 am till 11:00 pm.

A few trails are not accessible because of the Big Sioux River flooding but over 5 miles of trail are open and dry. The wild flowers are beginning to bloom, and the trees are providing tons of shade.

There are programs for everyone this July. Day camps are running Monday, Tuesday and Wednesdays. Mondays (10:00 – 11:00 am) are for kids ages 3-5 years old, Tuesdays (10:00 – 11:00) are 6-10, and Wednesdays (10:00 – 11:00) are 11-15-year-old. These camps have a new theme each week. Camps have a lesson, craft/activities, outdoor component, and games. Registration is not required at this time. Themes for July are traditional games, plants, Life in 1600 at Blood Run, fish and park fun and games.

Civil Air Patrol Charters New Squadron in Lincoln County

Lincoln County "Lobos" is the newest squadron in Civil Air Patrol, South Dakota Wing. They are located at the Lincoln County Airport in the EAA Chapter 289 Building, Tea, SD. Meetings are held on Tuesday evenings from 6:30 pm to 8:30 pm.

As a Total Force partner and Auxiliary of the U.S. Air Force, Civil Air Patrol is there to search for and find the lost, provide comfort in times of disaster and work to keep the homeland safe. Its 60,000 members selflessly devote their time, energy and expertise toward their communities, while also promoting aviation and emergency services related fields through aerospace/STEM education and helping shape future leaders through CAP's cadet program

Since Civil Air Patrol's formation during the earliest days of World War II, this vigilant organization of citizen Airmen has been committed to service to America. Founded on Dec. 1, 1941, to mobilize the nation's civilian aviation resources for national defense service, CAP has evolved into a premier public

service organization in the air and on the ground.

Supporting America's communities with emergency response, diverse aviation and ground services, youth development, and promotion of air, space and cyber power

Emergency Services

Always prepared, both in the air and on the ground, members of the Civil Air Patrol perform emergency services for state and local agencies as well as the federal government as the civilian auxiliary of the U.S. Air Force and for states/local communities as a nonprofit organization.

Aerospace Education

Civil Air Patrol's award-winning aerospace education program promotes aerospace, aviation and STEM-related careers with engaging, standards-based, hands-on curriculum and activities. It shapes the experiences and aspirations of youth both in and outside of CAP's cadet program.

Cadet Programs

Civil Air Patrol's cadet program transforms youth into dynamic Americans and aerospace leaders through a curriculum that focuses on leadership, aerospace, fitness and character. As cadets participate in these four elements, they advance through a series of achievements, earning honors and increased responsibilities along the way. Many of the nation's astronauts, pilots, engineers and scientists first explored their careers through CAP.

Please join us and find out all the ways you can help your community and inspire youth to become leaders. For more information contact jerry.foy@sdwg.cap.gov or denise.clement@sdwg.cap.gov

Join Us for National Night Out in Harrisburg

The Harrisburg Park Board invites you to join us in celebrating the third annual National Night Out event from 6:30 p.m. to 8:30 p.m. on Tuesday, August 6, 2019 on Main Street at Hugh Robinson Park. Our family friendly event will include a free meal prepared by Harrisburgers, a bike rodeo,

first responder displays, prizes for kids and adults, bounce houses, and other family friendly activities. Please join us!

National Night Out is an annual community-building campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live. National Night Out enhances the relationship between neighbors and law enforcement while bringing back a true sense of community. Furthermore, it provides a great opportunity to bring police and neighbors together under positive

circumstances.

Millions of neighbors take part in National Night Out across thousands of communities from all fifty states, U.S. territories and military bases worldwide on the first Tuesday in August (Texas and select areas celebrate on the first Tuesday in October). Neighborhoods host block parties, festivals, parades, cookouts and various other community events with safety demonstrations, seminars, youth events, visits from emergency personnel, exhibits and much, much more.

City of Harrisburg Honored for 25 Year SDML Membership

(Harrisburg, SD)—The City of Harrisburg has been honored for 25 years of membership with the SDML Workers’ Compensation Fund. The Fund is celebrating its 30 Year Anniversary by recognizing long-term loyal members.

The Fund was created in 1987 as a method of providing workers’ compensation coverage for employees of local government entities in South Dakota. During its longevity, it has provided competitive rates, outstanding customer service and a strong safety and loss control program to the now 495 members.

The Pool is governed by a nine

member board of trustees chaired by Karl Alberts, Finance Officer for the City of Aberdeen. “Our focus has been to provide stable rates to our members. The affordability aspect of the Pool over the last 30 years has enabled our members to use the money saved to fund other areas of their budget,” said Alberts.

The Fund is a non-assessable risk sharing pool available to Municipalities, Counties, Townships, Conservation Districts and other Special Districts throughout South Dakota and is endorsed by the South Dakota Municipal League and the South Dakota Association of County Commissioners.

Swimming Pool & Spa Safety Requirements

MICHAEL MCMAHON, BUILDING OFFICIAL

It won't be long until people start planning for splashing in their new swimming pool on a warm summer day. If you are one of those people, you need to also plan to keep your pool safe. The City's adopted building codes have some basic safety requirements that must be followed for new or existing pools or spas with water depth greater than 18".

The pool or spa must be enclosed by a fence or barrier that is at least 48" tall unless the pool or spa is equipped with an approved lockable, powered safety cover. The fence may have a vertical clearance of no more than 2" above grade and may not have openings larger than 4". Any gate through the fence must open away from the pool and must be lockable, self-closing, and self-latching, with the latch located more than 3" below the top of the gate. The release mechanism for the latch must be on the pool side of the gate and the gate must not have openings larger than 1/2" within 18" of the latch.

Enjoy your pool and keep it safe! If you have any questions concerning building code requirements for pools and spas, please give me a call at 767-5010.

See Something, Say Something

Every year the city crews work hard to make sure that the parks are maintained for our residents' and visitors' use and enjoyment. It is disheartening when someone intentionally destroys park equipment, courts, dugouts, fencing, city buildings and fixtures. Vandalism costs thousands of city tax dollars each year in clean-up efforts and other costs that could be spent on improvements instead of repairs. When a person defaces, alters or destroys someone's property, he or she may be required to clean-up, repair or replace the damaged property or more substantially, face criminal penalties in the form of fines, jail time or both.

Parks are open to the public from sunrise to sunset. Curfew for any person under the age of 16 years - 10:00 p.m. - 5:00 a.m. on any Sunday - Thursday and 11:00 p.m. - 5:30 a.m. Friday and Saturday, unless accompanied by a parent, guardian or custodian.

Please talk with all of your children about vandalism and if you or they see any vandalism occurring or that has happened, please report it as soon as possible. You can contact the Lincoln County Sheriff's Office at 605-764-5651 or call Crime Stoppers of the Sioux Empire at 605-367-7007.

July HOSA Happenings

LAUREN WILLIAMS

As the school year came to a close this May, the 2019-2020 Harrisburg HOSA officer team was announced and installed during the end-of-the-year HOSA Banquet on May 6th. The officers for the upcoming year are as follows:

The 2019-2020 National Service Project Coordinators are Alyssa Page and Lyric Oslund.

The 2019-2020 State Officer Coordinator is LilyAna Petersen.

The 2019-2020 Reporter is Lauren Williams.

The 2019-2020 Historian is Ellie Gran.

The 2019-2020 Treasurer is Anna Lockrem.

The 2019-2020 Secretary is Paige Wood.

The 2019-2020 President Elect is Kiah Pieters.

The 2019-2020 Vice-President is Megan Holden.

The 2019-2020 President is Kaitlin Gross.

The new officer team is already busy, teaching the Harrisburg community all about HOSA. On May 23rd, we visited Journey Elementary to talk to students about HOSA and the opportunities provided by this student-led organization. We also conducted a fun experiment with the kids involving designing their own tin-foil boat and then testing how many pennies it would take to sink it.

This summer, Harrisburg HOSA has 5 students who will be attending the 43rd annual

HOSA International Leadership Conference in Orlando, Florida. These members placed in the top three in the South Dakota State Conference and qualified to attend the International Leadership Conference where they will compete in their events, attend diverse academic session, and network with other high achieving HOSA members and healthcare professionals from around the country.

Our first meeting is September 9th in the HHS Little Theater and we hope to see any interested student of HHS there!

To keep updated with Harrisburg HOSA's activities this summer, follow our Twitter page @HarrisburgHOSA and our Instagram @Harrisburg_HOSA.

Helping Fight Hunger One Bowl at a Time!

RANDI MURPHY

This spring Harrisburg South Middle School held their first Empty Bowls Event to help raise awareness for hunger. 6th-8th grade artists were busy all year making ceramic clay bowls in preparation for the event. They made over 400 unique and creative bowls and also learned about how they can make a difference in their community through their art. On May 20, SMS invited the community for an ice cream social where they were able to purchase the bowls and ice cream to benefit the Harrisburg Area Food Pantry.

Harrisburg High School's Pre-Culinary class also collaborated by baking shortbread cookies to go with the ice cream. It was a fun evening and we were able to raise \$1,883! We would like to thank all who came that evening to help us celebrate our talented artists and support the Harrisburg Area Food Pantry. We would also like to thank our generous sponsors: Stensland Family Farms, Harrisburg Fareway, Harrisburgers, Harrisburg Subway, Digit-All Technologies and HSMS PAWS for making the evening a possibility.

Check Engine Light - What's The Problem?

CLIF DAVIS | VALVOLINE INSTANT OIL CHANGE

When your check engine lights comes on your first thought is, what's going on? Okay, that's the clean version, maybe you think or say something a little worse. The check engine light comes on when your vehicle's computer detects a problem with the emissions or drivetrain. It could be as simple as a loose gas cap or as severe as an engine failure. Don't ignore it, get is diagnosed as soon as possible. A flashing check engine light indicates a more serious problem and needs immediate attention. Below you'll find a list of the five most common reasons that pesky check engine light comes on.

Number 1 – Oxygen sensor needs replacement. Roughly \$250

Number 2 – Catalytic converter needs replacement. Roughly \$1,300

Number 3 – Ignition coil and spark plugs need replacement. Roughly \$400

Number 4 – Fuel cap is not tight. Roughly \$25

Number 5 – Evaporative emissions purge control valve needs replacement. Roughly \$150

The first step is to take your vehicle to a full service repair facility that will us a tool to read the diagnostic trouble code that caused the check engine light to come on. After the problem has been identified it will up to you and the mechanic to decide the best remedy to your vehicle's problem.
