T-BIRD FLYER

5.13.22

Rebuild the Nest

2021-2022

Dear Parents and Guardians,

Did you know that baby birds can take anywhere from ten days to eight weeks to leave their nest? At our first all school Mass last fall, I spoke about the meticulous process of constructing a bird's nest. Birds use natural resources like bark and twigs to ensure the home is solid and to camouflage it from predators. They then use leaves, feathers and other materials on the inside to make it welcoming for their hatchlings. When you think about the engineering of these homes, it is undeniable that God's wonders and creations are truly remarkable. The love, commitment and effort it takes to build a nest is what makes it a special home for each of the hatchlings.

Parents and Guardians of the class of 2022, it is my sincere hope that over the last four years, LCC has helped your student build upon the foundation set forth by the many people, who have gotten them to this day. Over the last four years, we all have been blessed to witness the wonder and creativity of the class of 2022. Although the last two years have brought uncertainty at times, it also brought our school community together to help "rebuild the nest." The class of 2022 committed themselves to rebuilding school spirit, milestones and activities that make up the high school experience.

As they head off and leave the nest, our prayer is that they too will use their natural, God-given abilities to make the world better. May they always have the strength to not camouflage their sense of right and wrong, instead, take the next step knowing they are equipped with the strength and knowledge to fly in the real world and soar on their own. Congratulations to the class of 2022!

Blessings,

Mrs. Williams

SOS Members surprised Seniors

SOS Members surprised the seniors with positive messages on their last day of classes.

Host an Exchange Student

Have you ever considered hosting an international student for a semester or an entire school year? All it takes is a willingness and an extra bed at your house. These students come and share their culture with us and also absorb ours like a sponge. My husband and I are currently hosting our 10th international student and have truly enjoyed every minute. Please consider hosting for the 2022-2023 school year. We currently have 2 girls from Italy and one boy from Thailand who want to come study in the United States and are expecting many more to apply over the summer months. Email Trudy Thompson at tthompson@apps.lcchs.edu if you have any questions or if you would like more information.

Paint the Plow Contest

LCC participated in the Paint the Plow contest sponsored by ODOT. The design is by Carlie Van Meter. Great job T-Birds!
