

SCHOOL DISTRICT OF WILD ROSE PROJECT PROGRESS REPORT

SPRING 2023 UPDATE

REFERENDUM PROJECTS

SPRING 2023

CONSTRUCTION & DESIGN UPDATE

Progress on our referendum projects continues:

- » The excavation for the addition at **Wild Rose Elementary School** is complete. Next, footings and foundation walls will be constructed.
- » The **Maintenance Building** garage door was removed and is being prepared for the new larger door.
- » Work continues on the north side of **Wild Rose Middle/High School**: Stud walls were installed along with masonry infills at the new door frames to create classroom spaces. Drywalled walls are finished and painted.
- » One major referendum project is installing building-wide air conditioning at **Wild Rose Middle/High School**. In the North rooms, HVAC piping and ductwork for the chillers is in the process of being installed.
- » The concrete floor was removed at the restrooms for new plumbing. New plumbing lines were then installed and new restroom floors are being put back in.

WHAT'S NEXT?

- » **Elementary School** footings and foundation installation
- » **MS/HS** infrastructure work in restrooms and ceilings
- » **Elementary School** complete roof replacement-July
- » **MS/HS** Tech Ed renovation - Summer 2024
- » Construction complete - August 2024
