THE LIMESTONE COUNTY STUDENT HANDBOOK DOES NOT CONTAIN ALL OF THE LIMESTONE COUNTY SCHOOL SYSTEM POLICIES.

In an effort to communicate with students and parents of Limestone County Schools, the first student handbook was adopted April 6, 1987. This handbook is revised annually by the Limestone County Board of Education.

Jurisdiction of the School Board

The Limestone County public school students are subject to the policies of the Limestone County Board of Education and the rules and regulations of the individual schools, provided that such rules and regulations do not conflict with the herein student code. Students are subject to those policies during the school day and regular school activities, while on transportation furnished by the school system to and from school or related activities, and at other activities where appropriate school personnel have jurisdictional control over the student. Those include but are not limited to school-sponsored events, field trips, and athletic functions.

The application of control over the student by the Board extends to the school grounds, including the vicinity of the school whenever the conduct of the student is deemed to have a detrimental effect on the health, safety, and welfare of students, faculty, visitors, and school employees. However, threatening behavior is not restricted to school property or school related events, nor is any violation so restricted, if the conduct demonstrates the existence of a threat to discipline and good order on school property or at school sponsored events. The local school principal shall exercise authority granted by the Board to implement proper control over the students of said local school in accordance with policies of the school board. Administratively, the local principal shall be under direct supervision of the Superintendent.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the School to amend a record that they believe is inaccurate or misleading. They should write the School principal [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

[NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or eligible student of the records request unless it states in its annual notification that it intends to forward records on request.]

4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office

Family Educational Rights and Privacy Act (FERPA) Model Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Limestone County Schools, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Limestone County Schools may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the Limestone County Schools to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent.

If you do not want Limestone County Schools to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing by the first 15 days of school by email ferpa@lcsk12.org or the address below. Include the student’s name, date of birth, grade level and school name in all correspondence.

**ATTENDANCE**

**Compulsory Attendance**
Alabama attendance law states that every child between the ages of 6 and 17 years of age shall be required to attend a school or be instructed by a competent tutor for the entire length of the school term in every scholastic year. Acknowledging the importance of regular school attendance and to be in compliance with daily attendance requirements of the Alabama State Board of Education, regular attendance shall be required. Failure to do so will result in action by the legal system.

Amendment: Each child who enrolls in a public school, whether or not the child is required by law to enroll, is subject to the school attendance and truancy laws of the state.

**Student Responsibilities Are:**
1. To abide by laws and local board of education and individual school rules and policies regarding attendance.
2. To be punctual and regular in attendance.
3. To promptly request and complete make-up assignments for excused absences or tardies.
4. To attend school in the appropriate school zone. The parent/guardian may be required to produce proof of residence such as a current utility bill in order to attend a particular school.

**Student Rights Are:**
1. To be informed of local board of education and individual rules and policies regarding school attendance including policies and rules regarding absences, tardies, truancies and related programs, checkouts, make-up work, and school-sponsored activities.
2. To be provided with make-up assignments for excused absences or tardies.

Students who choose not to participate in school-sponsored field trips and other activities will still be required both to attend school during the event and to complete assignments determined by the teachers and principals.

**Student Absences**
Student absences are classified as excused or unexcused. Absences (Limit of 10 days per year without doctor’s excuse) for the following reasons will be deemed excused with supporting documentation submitted within 3 school days:

- Personal illness
- Hospitalization/ Medical or dental appointment of student
- Emergency
- Death in immediate family
- Court subpoena
- Religious holiday

Absences for reasons other than those listed above and for those lacking the appropriate supporting documentation will be deemed unexcused. Supporting documentation will not be accepted after 3 school days upon the student’s return to school. Excessive unexcused absences from school may result in a loss of academic credit and/or a referral to legal authorities. For students 16 and older, excessive absences may result in the suspension of the student’s driver’s license/learner’s permit.

**Chronic Absenteeism**
To address problems with chronic absenteeism, students in Grades K-12 who accumulate 18 or more absences, whether deemed excused or unexcused, are by definition *chronically absent* and will not be allowed to participate in non-academic school activities (e.g., prom, in-school games, dances, and field days).
Field Trips
To address problems with chronic absenteeism, students in Grades K-12 who accumulate 3 or more unexcused absences per semester will not be allowed to participate in field trips. Exceptions will be district-wide field trips.

E-Learning Days
E-Learning Days are an opportunity for students to meet class requirements through online engagement of class material and assignments while they are away from the building. Parents/guardians may request up to six (6) days per year as E-Learning Days. Educational trips, non-school related athletic competitions, and college and/or career visits are examples of acceptable E-Learning Days.

Student requirements to participate in E-Learning Days:
- Request to use an E-Learning Day made by parent/guardian a minimum of five (5) calendar days prior to the 1st day of online learning (Principals may use discretion. Forms may be found on district and school websites.)
- No unexcused absences for the entire school year, excessive absences (5 or more in a school year), or excessive tardiness (5 or more in a semester)
- Minimum average of 80 in each class prior to the request
- No Class II or Class III discipline write-ups during the semester the request is made
- Students may not take E-Learning Day during the first 5 days of the school year or during the last 10 days of both semesters.

Students have a maximum of five (5) days to complete and submit class assignments, acquire teacher signatures for submitted work, and submit E-Learning Day Form to front office. It is the student’s responsibility to acquire the signature of each teacher on the E-Learning Day Form once assignments are submitted. Once all teachers have signed the form, student will submit the completed form to the front office. If all requirements are met, the E-Learning Day will not count as an absence for the student.

Limestone County Schools may utilize E-Learning days for specific grade levels or schools when deemed necessary.

Guidelines for Makeup Work

For all grades
Federal Law requires adherence to 504s, IEPs, PLPs, etc. and accommodations contained within these always supersede the following guidelines.

Students have three school days to bring in a written excuse for an absence.

Additional days to make up work may be granted to a student with administrator approval.

Makeup tests/exams must be of comparable rigor and quantity of questions to the missed test/exam.

Grades K – 5
For either excused or unexcused absences:
Teachers will make available any missed work to students in grades K-5 and/or their parents. It should be completed by the student and returned to the teacher by the end of the 5th school day following the absence. All work will be accepted, graded, and the grade earned posted into the gradebook management system.

Grades 6 – 12
Excused Absences:
It is the responsibility of students in grades 6-12 to contact the teacher(s) to arrange for all make-up work. Students are permitted 5 school days to complete and submit their make-up work. Work is due before the end of the 5th day. Submitted work is accepted, graded, and posted into the grade book management system. Unsubmitted work will earn a 0%.

Unexcused Absences:
The student whose absence is unexcused will be permitted to make-up work within 5 school days. If a daily or test grade is recorded on the day of absence, the student whose absence is unexcused and elects to make-up the work may receive up to 70% credit. If no grade is recorded for other students, no grade will be recorded for the student who is absent.
Truancy

Habitual/excessive unexcused absences from school may require Board officials to refer the matter to juvenile authorities or to initiate truancy proceedings. Seven unexcused absences within a school year constitute a student being truant for the purpose of filing a petition with the Court. The following Early Warning timeline will define the truancy status of a student:

1. 1st truancy/unexcused absence – Warning
2. 3rd unexcused absence – students will no longer be permitted to participate in field trips
3. 5th unexcused absence – parent and administrator conference
4. 7th unexcused absence – court

Only doctor notes will be accepted for student absences once a case has been filed in truancy court.

School ParticipationAbsences

Students who are away from school because of participation in school sponsored activities shall be marked present and allowed to make up school work missed. Permission of the principal shall be obtained by the student who is participating in school sponsored extra-curricular activities which requires the student to be away from school any given day.

Perfect Attendance Awards

Perfect Attendance Certificates shall be awarded to students on the basis of attendance at school each and every day that school is in session; the school day is to consist of the time beginning with the opening of the school day and continuing until the close of school that day.

The time for the beginning of school, the closing of the school day, and the length of the school day shall be determined by the Limestone County Board of Education.

It is the intention of the Limestone County Board of Education that each student in the Limestone County School System who is prompt and regular in attendance for all the days of school required by law, and for each and every period of each school day, be awarded a Perfect Attendance Certificate in recognition of this notable achievement. No child shall be denied such certificate because of being tardy or absent due to the late arrival of the school bus, or upon attendance of a school-sponsored event with the prior permission of the principal, and/or being exempted from a class by the school principal.

Tardiness

A student shall be seated at his/her assigned station for work at the time appointed for the school day or class to begin or be recorded as tardy for the day of class. Every 3rd unexcused tardy will become one of the ten permitted parent notes for absences. Chronic tardiness is a Class I Disciplinary Violation.

School Hours

Specific school start times will be posted on the school’s website as it may vary due to transportation.

If the available spots are not filled by those students, the Superintendent, or his/her designee, has the discretion to offer admission to students who reside in the attendance area for the Limestone County School district. All students in the Limestone County OSR Pre-K program must be residents of the State of Alabama.

Kindergarten Enrollment
A child must be five years old on or before September 1st to be eligible to attend public kindergarten. Documentation includes certificate of immunization, guardianship/custody documents, and proof of residency.

A parent/guardian may submit an application to the superintendent's designee that their child(ren) in grades K-12 attend another school within the Limestone County district. The Limestone County School System shall provide notice of the procedures and timeline for acceptance of applications no later than July 1 of the upcoming school year. This notice shall include a listing of which schools have available space and which of these schools parents may choose to request a transfer for. Transfer requests are subject to certain stipulations. See your counselor for additional information.

Students also assume increased responsibility in personal time management, organization, self-direction, and personal discipline to complete the course and school requirements. Qualifying students must have a minimum GPA of 3.0. Additional information on the Limestone County Virtual School can be found on the district website at www.lcsk12.org. ACADEMIC PROCEDURES

Textbooks
At the time of textbook distribution to the student, each student is assigned numbered textbooks by their respective teachers. The care of a textbook is the responsibility of the student to whom it is assigned and each student shall inscribe his name inside the front cover of the textbook so that the book may be identified in the event of misplacement.

All textbooks furnished free of charge to pupils shall remain the property of the State or the Limestone County School System, as the case may be, and when distributed to the student, shall be retained for normal use only during the period that the student is engaged in a course of study for which the textbook is selected. At the completion of each course of study or otherwise at the instruction of the principal or teacher in charge, the textbook shall be returned as directed.

"Code of Alabama, 1075 §16-36-69(c) in relevant part, provides that “[i]f the parent, guardian, or person having custody of the child to whom the textbook was issued fails to pay the assessed damages within 30 days after notification, the student shall not be entitled to further use of the textbooks until remittance of the amount of loss or damage has been made.” Textbooks will not be issued until reimbursement is made for the lost book. For loss or damage, the pupil will be assessed a variable of; 1) Full price if new when issued. 2) Seventy-five percent of full price for books that had already been used two years before the current issuance. 3) Fifty percent for books that had already been used three years or more before the current issuance.

Accelerated Reader
The purpose of Accelerated Reader is to build a culture of reading throughout the school. The purpose is not to provide reading instruction or to use for assigning grades. Rather, it is to encourage and promote reading by using a point system tied to individual goals. Points received are designed only to be used for motivational purposes. Accelerated Reader seeks to motivate students to read by allowing them to independently choose books to read in an effort to increase their personal reading time. For that reason, Limestone County Schools will not use Accelerated Reader for assigning grades.

Elementary Academic Emphasis
Elementary academics build the foundation for continued academic success. Research indicates that math and reading achievement is a determining factor for success in all subject areas. In an effort to help each student reach his or her potential, grades K – 3 place an emphasis on math and reading. In addition, the intermediate grades increase the emphasis for each individual subject area in preparation for high school academics. Each year students begin to assume a higher level of responsibility for their own work.

Honor Roll Requirements Grades 3 - 5
Limestone County Schools will adhere to the following guidelines for honor roll eligibility in grades 3-5 in all numerically graded subject areas:

1) The “A” honor roll will consist of all “A’s”.
2) The “B” honor roll will consist of all “A’s” and “B’s”.

The following areas will be given a grade as stated, but not included in the academic honor roll:

- Art and Music will be given a letter grade of S, N, or U
Report Card Grades K-5

The evaluation of a student’s achievement is an important function of the individual classroom teacher and the school system as a whole. The grading system for the Limestone County Schools is divided into two nine-week grading periods for each course of study per term. Each parent will receive a progress report in grades K-5 from each teacher per course at the end of the fourth week during each nine-week grading period. Grades for each nine-week period are structured as follows:

**Grades K-2:**
Kindergarten through Grade 2 students will receive a standards-based report card, using the following grading scale:

4- Mastery: Full Achievement
3- Proficient: Substantial Achievement
2- Approaching: Partial Achievement

Report cards will be distributed no later than four school days after the completion of each nine-week grading period. Each teacher must record and post in the student management grading system a minimum of one (1) evaluation per week during the nine-week period with the exception of kindergarten - Grade 2 teachers. Report cards for K-2 are standards-based and do not reflect numerical grades. Each evaluation must be independent of any other evaluation previously given. Grades and permanent record folders are confidential. Only authorized personnel are allowed access.
Kindergarten Readiness

While there is no perfect formula that determines when children are truly ready for kindergarten, the list below includes but is not limited to, skills that should be addressed prior to kindergarten.

Prior to entering Kindergarten:
- Students are expected to know how to manage bathroom needs independently.
- Students are expected to have experienced taking turns and sharing with others.
- Students are expected to demonstrate age-appropriate self control.
- Students are expected to have age-appropriate experiences using scissors and writing instruments.

Promotion Requirements Grades K - 5

Introduction
Grades and reporting in Limestone County Schools are based on the district and state curriculum standards. This system of grading and reporting:
- Aligns to the Alabama State Standards
- Provides teachers with resources to communicate in a more exact and consistent manner
- Provides parents with comprehensive information about how their child is learning
- Incorporates research-based best practices in student grading and reporting progress.

Standards Based Instruction
Students concentrate on true mastery or skill. Teachers concentrate on teaching essential standards that every child must learn. Each lesson taught is connected to a standard, and learning targets mark progress toward meeting a standard. Learning goals are clear, and opportunities to meet them are varied.

Standards Based Grading
Standards based grading (SBG) is an assessment and feedback method that helps teachers stay focused on the goals of the class, aligns all parts of the curriculum to the course goals, and gives students specific, actionable feedback about their strengths and weaknesses. It is a grading system that focuses on the content, skills and standards that students must learn. When recording scores, the concern is not with a cumulative grade on a test, but rather the level of mastery a student has achieved on each concept. When clear learning goals are established, teachers can be clear with students about how well they are mastering the content. SBG provides more detailed information about a student’s individual learning progression rather than comparing a student’s progress to other students. An additional purpose for this type of achievement reporting is to strengthen the school-to-home partnership by informing parents about their child’s progress throughout the year. In Limestone County Schools, it is our goal to provide assessment and grading equity across all schools through the use of formative and common assessments that guide mastery of the standards.

Standards Based Grading Guiding Principles:
- Standards based grading and reporting should be clear and meaningful to all stakeholders.
- Grades should reflect academic standards demonstrating what students know and are able to do.
- The teaching of shared standards and providing multiple opportunities/ methods to determine proficiency are necessary.
- Quality instructional activities and assessments are key to the process.

Limestone County Grading Standards K-2
4- Mastery: Full Achievement - The student has an advanced understanding of grade-level standards and exceedingly demonstrates the knowledge and skills at this level of learning as described in the Alabama Course of Study Standards

3- Proficient: Substantial Achievement - The student has a sufficient understanding of grade-level standards and demonstrates the knowledge and skills at this level of learning as described in the Alabama Course of Study Standards
2- Approaching: Partial Achievement - The student has a partial understanding of grade-level standards and is likely to need some additional support at this level of learning as described in the Alabama Course of Study Standards. (Standard developing)

1- Unsatisfactory: Minimal Achievement - The student has a minimal understanding of grade-level standards and is likely to need additional support at this level of learning as described in the Alabama Course of Study Standards. (Standard not met)

K-2 Limestone County Standards Based Factors of Consideration and Promotion Standards
K-2 students will be promoted to the next grade upon successful completion of a full year program. Students failing to attain at least a 3 on three out of the four of the ELA priority standards and/or three out of the four Math priority standards will be retained for one additional year in the current grade level. Social, emotional, and physical maturity will also be considered by the Problem Solving Team at the local school when a determination of promotion or retention is needed.

2. First nine weeks - Report Cards. At 4 1/2 weeks of each nine week grading period – progress reports will be sent home to parents.
3. Second nine weeks - Parent conference scheduled for those students performing below grade level. Mid-term meeting #1
4. Third nine weeks - Parent conference scheduled for those students performing below grade level. Mid-term meeting #2

End of third nine weeks- Signed District Letter of probability that the student will be retained K-5. Letter does not mean the student is being retained, just that notification was received by the parent.
5. Fourth nine weeks- Parent conference scheduled for those students performing below grade level proficiency. - Mid-term meeting #3

End of grading period meeting to determine placement, promotion, or retention.

Standards Based Grading and Retention of Students
Students receiving additional support to meet standards will be monitored closely during the school year. Decisions on retaining students will be made using numerous data collection pieces and evidence of student proficiency standards for their grade level. When retention is considered, a conference between the school and parents will be held. In all instances, retention decisions will be made by a building team, consisting of school administrator, the student’s teacher(s), and support staff. Recommendations for promotion or retention will be based upon a number of factors including but not limited to the following: attendance; social, emotional or physical development; and academic achievement. Retention decisions should be made only after a careful and systematic review of documentation of student progress and intervention activities over time.

School readiness, early identification, and appropriate remediation and learning supports along the educational continuum can help lessen the need for retention.

Commencing with the 2023-2024 school year, third grade students shall demonstrate sufficient reading skills to be promoted to fourth grade. (HB388 Alabama Literacy Act)

Retention Process
Parents and guardians will be notified of potential or definite retention by way of District form letters. Potential retention means that students have a nine weeks or semester proficiencies below the levels needed to be promoted in the subject. Principals and teachers will make the final decision concerning promotion and retention of a student.

When looking at my student's progress, how can I help him/her?
- Start with what students are doing well—mastery. Discuss what they know and are able to do.
- Review the standards that need additional support—nearing mastery or remediation. What do they still need to learn?
- Practice skills at home. If needed, teachers will be able to provide resources that parents can use with their students.

Report Cards Grades 6-12

The evaluation of a student’s achievement is an important function of the individual classroom teacher and the school system as a whole. The grading system for the Limestone County Schools is divided into two nine-week grading periods for each course of study per term. Each parent will receive a progress report in grades 6 – 12 from each teacher per course at the end of the fourth week during each nine-week grading period. Grades for each nine-week period are structured as follows:

90-100  A  Excellent
80-89   B  Good
70-79   C  Average
60-69   D  Poor/Unsatisfactory
0-59    F  Failure
I     I  Incomplete

An incomplete grade is given only in those cases where illness or any other excused absence has kept a student from completing the required course of study and assignments for a given course. In the event that a student fails to complete the necessary make-up work within four weeks in any course where an incomplete is received, the grade will be computed as is. Report cards will be distributed no later than four school days after the completion of each nine-week grading period. Each teacher must record and post in the student management grading system a minimum of one (1) written evaluation per week during the nine-week period. Grades and permanent record folders are confidential. Only authorized personnel are allowed access.

Secondary Promotion Requirements

Determination of promotion for grades 6-8 is at the discretion of the school, following the criteria listed in the student handbook and the Alabama Course of Study. The following guidelines should be considered for determination of promotion:

6th Grade
1. Each child should pass 5 units which must include English Language Arts, literature/reading, mathematics, science, and social studies.
2. Each athlete must comply with the eligibility requirements of the Alabama High School Athletic Association.

7th and 8th Grade
1. Each child should pass 6 units which must include English Language Arts, literature/reading, mathematics, science, and social studies.
2. Each athlete must comply with the eligibility requirements of the Alabama High School Athletic Association.

These additional items should be taken into consideration for grades 6-8:
1) Would the child benefit from repeating? Decisions should be discussed by all who come in contact with the child, but final consideration should be PST team decision.
2) Do the grades indicate that the child is failing? Grades should reflect the child’s academic ability on grade level or in compliance with his/her IEP and/or LEP.
3) Has every remediation attempt been made and documented?
4) Is there documentation that the parents have been informed of the child’s status?
5) Has the student been referred to the Problem-Solving Team (PST)?
6) Has the student been referred or tested for special education services?

In an effort to encourage students to graduate on time, within a four-year period, high school students in grades 9-12 will be placed in a 9th grade homeroom their first year, 10th grade the second year, 11th grade the third year, and 12th grade the fourth year. Students are expected to make reasonable progress by passing courses in logical and sequential order. For a student to be considered a candidate for graduation during the 12th grade year, he or she must be able to complete the state-required 24 Carnegie Units and all other state and local requirements. Students not meeting all requirements for graduation at the end of the fourth year may be retained in the 12th grade.
# Alabama High School Graduation Requirements

Effective for students in the ninth grade in the 2015-2016 school year, all students shall earn the required credits for the Alabama High School Diploma. A local board of education may establish requirements for receipt of diplomas and endorsements, but any diploma or endorsement shall include the requirements of the Alabama High School Diploma. The Alabama course of study may be followed in determining minimum required credits in each discipline.

- 4 credits Mathematics
- 4 credits Science
- 4 credits Social Studies
- ½ credit Health
- 1 credit Beginning Kinesiology
- 1 credit Career Preparedness
- 3 credits CTE and/or Foreign Language and/or Arts Education

ONLINE EXPERIENCE

All students are required to successfully complete an online experience. This graduation requirement can be met by either taking an online (ACCESS) course or by participating in online experiences embedded into courses that fulfill this graduation requirement (English 10-12 and Career Preparedness).

Limestone County Seal of Academic Honor

The Limestone County Seal of Academic Honor was created to recognize those students willing to challenge themselves by enrolling in more rigorous coursework. To earn a Limestone County Seal of Academic Honor affixed to the Alabama High School Diploma and be recognized at graduation with a stole, a student must successfully complete all state requirements and the following additional requirements:

- Complete a minimum of 10 Honors/AP/Dual Enrollment Courses
- Graduate with a minimum weighted grade point average of 3.5

Alabama Seal of Biliteracy

The Alabama Seal of Biliteracy is awarded by the Alabama State Department of Education in recognition of graduating students who have demonstrated an intermediate level of proficiency in English and at least one other world language, including American Sign Language. More information can be located at https://www.alabamaachieves.org/?s=biliteracy&id=12040

Academic Honesty

Students are responsible for completion of their own work. Instances of academic dishonesty at the elementary level will be addressed by the classroom teacher/principal. Students who demonstrate academic dishonesty in grades 7-12 will receive no credit for the work in question and be subject to disciplinary consequences.

Advanced Placement (AP)

Advanced Placement courses are accelerated in rigor and pace and allow students to complete college level studies while in high school. Students who score a 3, 4, or 5 may earn college credit. Students should check with their colleges of choice for qualifying scores. When calculating the grade point average on a four point scale, one point (1.0) will be added for Advanced Placement courses. Interested students should meet with their high school counselor for additional information and course availability. Students taking AP course will be required to take the AP Exam or an equivalent final exam.
Child Find
Child Find is a statewide effort by the Alabama State Department of Education and the Department of Rehabilitation Services to locate, identify, and evaluate children with disabilities from birth to age 21.

Early Intervention and Special Education Services work closely with community service agencies, parents, and local schools to locate children with disabilities.

For information about Child Find for students Ages 3-21, contact your local school and/or Director of Special Education.

Counseling Program
School counselors function in a manner consistent with the educational philosophy and mission of the school system and the school. As a member of the educational team, each counselor has special responsibilities for helping all students meet their needs. School counselors should provide a comprehensive counseling and guidance program for students; consult and collaborate with teachers, parents, and staff to enhance their effectiveness in helping students; and follow the Minimum Standard for Comprehensive School Counseling and Guidance Programs in Alabama. Parent signature on the handbook acknowledgment form grants permission for counselors to provide services to students as accorded by guidelines set forth by the State of Alabama.

Credit Advancement
Credit Advancement is an opportunity through which eligible students in grades 9-12 may obtain core course credit based on proficiency or mastery of content. To prove course mastery, the student takes two exam-only versions of the course. The students must receive an 80 or above on both exams to receive course credit by “testing out” of the course. Credit Advancement courses are not weighted and not NCAA approved. Students may attempt the assessments for Credit Advancement only one time per course. Interested students should visit their high school counselor for additional information and program requirements.

Credit Recovery
Students who failed a course during the regular school year may be eligible to complete remediation to make up the lost credit through a method called Credit Recovery. Students complete individualized learning plans that are standards-based, utilize instructional software, and concentrate on student deficiencies. Rather than repeat the entire course, students in credit recovery courses complete skill-specific diagnostic tests to determine skill-specific goals. Students focus on objectives not previously mastered as indicated on these pretests. Students then work at their own pace to complete the lessons. The maximum final grade for a credit recovery course is 70 points on a 100 point scale. Credit recovery courses are not recognized by the NCAA. Interested students should visit their high school counselor for additional information and program requirements.

Dual Enrollment
Eligible high school students may enroll in the LCS Dual Enrollment Program, a program that allows high school students to enroll in high school and college courses concurrently, receiving both high school and college credit. Students may attend classes on either the high school campus or on the college campus. The Dual Enrollment option is different from the Accelerated HS Student Option or Early College in that students are earning BOTH high school and college credit. Dual enrollment courses are weighted one point (1.0) when calculating GPA on a 4.0 scale. Interested students should meet with their high school counselor for additional information and program requirements.
Gifted Education
Gifted students are those who perform at or who have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student’s abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist. For 2nd Grade Child Find, Limestone County School System will use a Screening Process. The total number of points on the screening determines if the student passes through the Screening Process.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services.

To make a referral, contact the Counselor at your child’s school.

Homebound Services
All requests for homebound services must be made to the Director of Special Education by the student's attending physician.

Home School/Private School (non-accredited) Transfer Students
All home schooled/private schooled (non-accredited) students in grades K-8 who are transferring into the Limestone County School System must provide official transcripts and available standardized test scores. If after a review of the official transcripts and available standardized test scores, the grade level placement cannot be determined by the local school, the student must take the appropriate placement tests at a designated location. All home schooled/private schooled (non-accredited) students in grades 9-12 who are transferring into the Limestone County School System shall follow the Alabama Administrative Code (AAC) procedures for credit transfers of students from non-accredited schools.

Honor Roll Requirements Grades 6 – 12
Limestone County Schools will adhere to the following guidelines for honor roll eligibility in grades 6-12:
1) The A honor roll will consist of all A’s.
2) The B honor roll will consist of all A’s and B’s.

Honor Students
Honor students will be determined by meeting the requirements of the Limestone County Seal of Academic Honor by maintaining an average of 90.0 or above from the first term of the 9th grade through the first term of the 12th grade. All subjects are counted equally (excluding student aide) according to credit. Honor students will be recognized at graduation ceremonies. Students earning the Limestone County Seal of Academic Honor will be recognized by wearing a stole, and students who have maintained an average of 90.0 or above will be recognized by wearing a gold cord.

Library Regulations
Any books lost, damaged, or abused shall be replaced at the expense of the student or the student’s parents. No additional library materials may be checked out until reimbursement is made for the lost materials.
Limited English Proficiency

Public schools must comply with their obligation under Title VI of the Civil Rights Act of 1964 to provide alternative language programs and/or services necessary to ensure that National Origin Minority (NOM) students with limited English proficiency have meaningful access to the school’s programs. Under Federal Law school systems are prohibited from discriminating against a student on the basis of natural origin.

NCAA Requirements for College Athletics

Some courses taught in the Limestone County School System may not meet the NCAA eligibility requirements. It is the student’s responsibility to ensure the NCAA Initial-Eligibility Clearinghouse has the documents to certify eligibility. For further information and NCAA forms, students are encouraged to talk with their coaches and counselors.

No Pass/No Play

Athletics and other extra-curricular activities are valued parts of our schools. Students must maintain high academic standards in order to participate in these activities. For the immediate preceding school year:

- High School - Students entering grades 10-12 must have passed 6 subjects that total 6 Carnegie units of credit with a minimum composite numerical average of 70 (must include the four core: English, Math, Science, and Social Studies).
- Middle School – Students entering grades 8-9 must have passed 5 new subjects with a minimum composite numerical average of 70 in those five subjects.

PHYSICAL RESTRAINT

The Limestone County Board of Education authorizes the use of physical restraint for students on any school property or location where the District has supervisory responsibility of students. The use of physical restraint is authorized in those situations in which a student is an immediate danger to himself or others and the student is not responsive to less intensive behavioral interventions. The use of chemical restraint, mechanical restraint, and seclusion is prohibited.

The Board’s full policy regarding the use of physical restraint is contained in the Limestone County Board of Education Policy Manual at Section 6.18 “Physical Restraint”. This policy manual can be accessed on the Board’s website (www.lcsk12.org/system_documents) and is also available for review at each local school.

PowerSchool Parent Portal

Limestone County Schools provide PowerSchool Parent Portal as a communication tool connecting parents/guardians and schools. Using the PowerSchool student information system, the Parent Portal provides online access to student schedules, assignments, class grades and attendance information. PowerSchool Parent Portal allows parents/guardians access to all their children at one time with one username and password. A unique access ID and password is assigned to each student. This information may be picked up by the parent/guardian at the local school. A PowerSchool link is visible on each local school’s website for easy access to the Parent Portal.

Problem-Solving Team (PST)

The Problem-Solving Team (PST) is a mandatory, best practice, problem-solving team implemented at the local school level. Team members help to guide general education intervention services for all students who have academic, behavioral, and/or attendance difficulties. The team is composed of regular education teachers, administrators, counselors and other individuals as needed, including special education teachers. Through collaboration, educators are given the opportunity to address concerns and find solutions with greater perspective. Parents can request additional information and training through the local school principal.
Semester Exams
A cumulative semester exam is given in each academic course at the end of first semester (Weeks 1 – 18) and second semester (Weeks 19 – 36). Semester exams will count no more than 10 percent of the final semester average. A student may exempt a December or May semester exam by meeting one of the following conditions in the course:

- 90 or above average with 5 or fewer excused absences during the semester,
- 80 or above average with 3 or fewer excused absences during the semester, or
- 75 or above average with 2 or fewer excused absences during the semester.

Exemptions are determined by class period. One unexcused class absence during the semester will prevent a student from exempting the semester exam in that course. The only exception is any student who enrolls in an AP course (not advanced/honors) and completes the appropriate AP exam in that course is exempt from the May semester exam even if the number of absences exceeds the above guidelines.

Teacher-Parent Conferences
A parent must contact the principal’s office of the local school to arrange a teacher-parent conference. All parents are encouraged, when questions arise regarding instruction of their child, to schedule a conference with the student’s teacher. The conference must be conducted during a time scheduled by the teacher and parent and approved by the principal.

Two formal parent-teacher conference dates are planned during the school year, one in the fall and one in the spring. Schools will notify parents of these conferences.

Visitors to the School
Parents of currently enrolled students or prospective students who wish to schedule a school or classroom visit should adhere to the following guidelines:

- Make the request to the principal at least 24 hours prior to the proposed visit;
- State the purpose of the visit;
- Sign in at the main office and be escorted to the classroom;
- Stay no longer than one class period;
- Refrain from engaging the attention of the teacher or students through conversation or other means as the regular school program must continue during such visits; and
- Return to the office for a brief conference with the principal at the end of the visit.

Parent(s) of only one student will be scheduled to observe at a given time.

**Bicycles**

Bicycles may be ridden to schools within the system. The responsibility for securing bicycles is left to the rider. Improper use of bicycles, such as riding in bus loading areas, or in areas reserved exclusively for pedestrian traffic, constitutes grounds for the loss of bicycle privileges at any school within the system.

**Vehicle Registration and Parking**

Students who meet the requirements and accept responsibility of driving private motor vehicles to school are permitted to do so, on the condition that they follow the parking and usage regulations as prescribed by the individual school. Parking regulations will vary from school to school within the system, depending upon available space. The protection of all students is a major concern where vehicular movement occurs on or near a school campus. Students and parents are encouraged to exercise caution when in such areas. Failure to adhere to the regulations provided in this code and by the individual school could result in forfeiting the privilege of parking a private motor vehicle on the school premises, or in the case of a parking violation, having one's vehicle towed from the premises at the operator's expense.

The following parking regulations will apply to all schools within the system:

1) Parking upon the school grounds shall only be allowed in areas specifically designated for such purpose.
2) A school-issued parking permit must be displayed in the vehicle.
3) During the hours of the school day when classes are in session, no student will be allowed in the designated parking areas on the school premises without the expressed permission of the principal or the principal's designated representative.
4) No student who parks his automobile on a public street or in an area off the school premises shall be allowed to return to his automobile during that part of the school day when classes are in session without the expressed permission of the principal or the principal's designated representative.
5) Any students needing to drive to the Limestone County Career Technical Center must adhere to/follow the current driving procedures. This includes Work Based Learning students.
LIMESTONE COUNTY SCHOOLS
MEDICATION ADMINISTRATION PROCEDURES

Medical treatment is the responsibility of the parent/guardian and the family physician, no medication will be given at school except in extreme cases.

- **Parents/guardians should treat minor illnesses at home.** For example, if a student has a cold severe enough to require frequent medication, the student should remain at home.

- **Medication prescribed three times a day should be given at home**- just before leaving for school, upon returning home in the afternoon, and at bedtime. The only exception is medication that must be given before or with meals.

- **Prescriber/Parent Authorization** forms, per Alabama State Law, are required for any medication administration during the school day. The ALSDE form is located on the LCS website @ lcsk12.org, under DEPARTMENTS, HEALTH SERVICES, and then PARENTS. (This includes OTC medications). No “CBD” products of any type will be given at school. Forms must be up to date for the current school year and medications cannot be kept at the school while waiting on a complete PPA.

- **All medications must be brought by the parent/guardian and signed in with the school nurse.** The current prescription bottle must be labeled with the child’s name and must indicate specific directions. The time to be given must be a specific time during the school day. Changes in medication or medication dosage will require a new PPA form and a new prescription bottle. Over-the-Counter medication must be in the original, unopened bottle/container and will not be administered without a completed PPA.

- **Medication will be dispensed as specified on the PPA** until the parent/guardian requests, in writing, to discontinue, or if medication is discontinued by physician or until the supply is depleted.

- **Parents/guardians are responsible for picking up any remaining medication** at end of the school year. Any medication left at the school by close of the last school day for students, will be discarded, per Alabama State Law.

### Body Fluid Procedures

It is the position of the Limestone County School System that students entering Pre K-12th grade show independence with self-care skills. It is considered age appropriate behavior upon school entry to expect “toileting independence.” If a student has special needs and does require assistance with diapering or toileting, this should be discussed with the teacher and school nurse. Toileting needs will be addressed both during the time period the student is being evaluated for services and after the student is found to qualify in his/her Individualized Education Plan or Section 504 Plan. In the best interest of both the student and the employee, the school nurse or other school staff member designated to assist the student with toileting needs will do so in the presence of another staff member whenever possible.

**Environmental/Safety Concerns**

Exposure to other’s body fluids is not safe practice. All body fluids are considered potentially infectious and can transmit a variety of communicable diseases. Therefore, it is not viewed as staff responsibility to change or clean a student if feces and/or urine are involved. In the case of stomach contents (vomit), the school custodian has been instructed in the proper procedure for cleanup. If a student vomits, the parent will be notified to pick the student up from school.

**Parent Responsibility-General Education Classes**

If a student does not make it to the bathroom and soils his/her clothes with urine or feces, the parent will be called to come to the school to clean the student, dress the student in clean clothes and take the soiled clothing off campus. Once cleaned, the student may return to the classroom. In cases where the student self-cleans, the same procedures apply.
Soiled clothes must be stored in a plastic bag until the items can be picked up by the parent. Clothing soiled with the body fluids cannot be transported via the school bus and will be available for the parent to pick up for one additional day after the incidence had occurred. Otherwise, the soiled clothing will be discarded.

**Annual Screenings and Programs**

The School Nurse provides several opportunities throughout the school year to educate, screen, and evaluate students in Limestone County Schools. These programs include, but are not limited to, control of communicable diseases, hand washing, vision, hearing, and health and hygiene classes. The “Always Changing Program” is presented to 5th grade. Scoliosis screening is provided for grades five through nine as required by state law. (Section 16-29-1, Code of Alabama 1975)

**Drug Testing**

In an effort to create and maintain a safe, drug free environment for students, the Limestone County Board of Education requires that students who desire to drive or park a vehicle on school property and students in grades 7-12 who participate in extra-curricular activities (Board-sponsored sport, band, club, and cheerleading squad) sign a consent form to participate in random drug testing paid for by the district. Student driving privileges and participation in student extra-curricular activities are dependent upon the results of the drug screening. Failure of the student and the custodial parent or guardian to sign the consent form makes the student ineligible to drive and/or participate in extra-curricular activities. Drug testing is administered on site by a board approved company. (See LCBoE Drug Testing Policy, p. 64.)

**Limestone County School System Health Procedures When Your Child Should NOT Be at School**

Many parents are concerned about when to keep children who have been ill home from school. These are a few of the most common reasons children should stay home or may be sent home from school.

1. **Fever:** Your child should stay home if he/she has a fever of 100 degrees (orally) or higher and should be fever free for 24 hours without the use of medication before returning to school.

2. **Vomiting and/or Diarrhea:** Your child should stay home if he/she has vomited or has had two or more episodes of diarrhea prior to the start of the school day. Children with vomiting or diarrhea will be sent home at the school nurse’s discretion. Your child should be free from vomiting or diarrhea for 24 hours before returning to school.

3. **COVID 19:** Limestone County School System will continue to follow ADPH guidelines for COVID 19. Please monitor your child’s symptoms and report to the school nurse if your child develops signs and symptoms of COVID 19 or if your child or household member tests positive for COVID 19.

4. **Coughing/Sneezing/Nasal Drainage:** Your child should not come to school with excessive coughing, sneezing, and nasal drainage. If your child has been kept awake at night with these interruptions, or if your child needs frequent medication for these symptoms, please allow the child to recover at home.

5. **Head Lice:** Children with Live bugs will not be allowed in school until their hair has been treated and all steps have been taken to prevent re-infestation. The student will be excused one day per semester for live bugs. An adult must bring the student to school and the student must be screened by the school nurse prior to returning to class.

6. **Pinkeye:** Conjunctivitis can be very contagious. If the white of your child’s eye is red and has a thick yellow or greenish colored drainage, you should keep your child at home and contact the doctor. Your child must remain home until treatment is started.
   - Drainage due to allergies is usually clear and involves both eyes simultaneously.
   - Pinkeye can involve only one eye at a time.
- Children with pinkeye are usually light sensitive, and complain of itching, burning in the eye(s), swollen eyelids, and dried discharge on eyelids upon awakening.

7. **Rashes**: Any child that has an undiagnosed rash should not attend school. If your child has a weeping/draining rash that cannot be covered he/she needs to remain at home until the area is dried.

8. **Ringworm**: Ringworm is a fungal infection of the skin, hair and nails. Ringworms must be covered with a clean dressing while the child is at school. Ringworm of the head (hair) will need to be evaluated by a physician.

9. **Strep Throat**: If your child has been diagnosed as having Strep Throat (this requires a special test by a health care provider), your child should stay home for 24 hours after the antibiotic therapy has been started by a physician.

10. **Unvaccinated Children**: During an epidemic or a threatened epidemic of any disease that is preventable by an immunization required by the Department of Public Health, children who have not been immunized may be excluded from the school until (1) they are immunized against the disease, unless they present valid evidence or prior disease, or (2) the epidemic or threat no longer constitutes a significant public health danger.

Please keep emergency phone numbers up to date in the school office.

Remember: Any medication that is to be given during school hours requires a Prescriber/Parent Authorization Form to be signed by the prescribing doctor as well as the parent. (See the medication administration procedures section regarding the administration of medications during school hours.)

No releases of radioactive material requiring offsite response or monitoring are expected unless further degradation of safety systems occurs.

ALERT

An ALERT class is indicated when events are in process of have occurred which involve an actual or potential substantial degradation of the level of safety of the plant or a security event that involves probable life threatening risk to site personnel or damage to site equipment because of HOSTILE ACTION. CODE OF STUDENT CONDUCT
Knowledge and Observation of Rules of Conduct

Students are responsible for abiding by laws and local board of education and individual school rules and policies regarding rules of conduct, including sexual harassment.

CLASSIFICATION OF VIOLATIONS AND SANCTIONS

It is fundamental that an orderly school has clearly defined behaviors to which students must conform. Non-conformity to these behaviors becomes a violation of the Code of Student Conduct. Violations are grouped into three classes (Class I, Class II, and Class III) which range from the least serious to the most serious. Appropriate school personnel shall investigate, verify, and take the necessary action to resolve student misconduct. After determining a violation and the classification of the violation, the principal or designee should implement the appropriate sanction. Violations apply to student conduct on a school campus, at school-related events, or while being transported to or from school or school-related events. Violations apply to off campus behavior that would foreseeably create a risk of substantial disruption within the school environment, or that invades the legal rights of other members of the school community, including posts on social media.

Principal’s Responsibility to Maintain Order

Principals are charged with the responsibility of general student conduct and behavior regulations. Such discipline may include suspension from school. The principal or assistant principal shall notify the parent prior to sending the student home during the school day. If the parent cannot be contacted, the student shall be kept at school until the end of the school day.

1) **In-School Suspension**
   In-school suspension is a structured disciplinary action in which the student is isolated or removed from regular classroom activities but is not dismissed from the school setting. The principal has the authority to assign students to the in-school suspension program for a reasonable and specified period of time. The student will be required to do assignments developed by the student’s regular teachers. Parents will be notified by the principal whenever a student is assigned to in-school suspension. The removal of a student from class under these procedures for the remainder of the subject period or school day with placement in another room or place on the school premises shall not be considered a short-term suspension and shall not come under the rules and procedures governing suspension.

2) **Student Suspension (including Students with Disabilities)**
   In order to maintain order, minimize the risk of potential personal injury, property damage or disruption, or to permit an orderly investigation and evaluation of a suspected violation of school or school system rules, standards, or policies, principals may temporarily suspend a student pending a conference with the parent or guardian of the student and a final disciplinary decision. Suspension may also be imposed as a disciplinary measure as provided in the Code of Student Conduct. Suspensions will be counted as excused absences. Make up work will be permitted for such absences, and the student will receive up to 70% credit unless permitting such work under the circumstances would be impractical or impossible, would serve no purpose, would place school personnel at risk of harm, or would be unreasonable in light of the grounds for the suspension. Suspension of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations. (LCBoE Policy 6.19)

3) **Student Expulsion**
   Students may be disciplined up to and including expulsion for certain offenses as permitted by the Student Code of Conduct. Students shall be given due process of law to the extent required by federal and Alabama law. The Superintendent shall develop procedures for student disciplinary actions. Any expulsion decision may be appealed to the Board of Education. A student who withdraws from school prior to the Board’s consideration of a proposed expulsion may not re-enroll in the school system until the Board holds a hearing or other appropriate proceedings regarding the recommended expulsion. Expulsion of students with disabilities will be subject to applicable limitations and requirements imposed by the Individuals with Disabilities Education Act (“IDEA”) and its implementing regulations. (LCBoE Policy 6.20)
Student Disciplinary/Expulsion Procedures

**DUE PROCESS**

When punishment for a violation of Board policies or school regulations is being considered, a student shall have the right of the following minimum due process procedures (at the local school):

1. The student shall be given oral or written notice of the charges against him or her.
2. The evidence against the student shall be explained to him or her.
3. The student will have the opportunity to state his or her opposition to the charges and present his or her own version of the facts.

**Central Office Disciplinary Placement Committee**

The local school administration may refer the student disciplinary action to the **Central Office Disciplinary Placement Committee**. Pending the Placement Committee hearing the student may be suspended pending further disciplinary action for up to ten (10) school days.

When the student is suspended pending further disciplinary action, the following procedures will be followed before the Central Office Disciplinary Placement Committee:

1) **Notice of Charges:** The student and the student's parent or guardian shall be notified in writing of the specific charges against the student. These charges must be stated clearly enough for the student and the parent to understand the grounds of the charges and to be able to prepare a defense.

2) **Notice of Nature of Evidence:** The student and the student's parent or guardian shall be advised of the nature of the evidence against the student.

3) **Notice of Hearing:** The student and the student's parent or guardian shall be notified of the date of a hearing to be held before the Placement Committee within 10 school days of the imposition of short-term suspension. The date of the hearing may be postponed at the request of the parent/guardian on the showing of reasonable grounds.

4) **Notice of Right to Present Evidence:** At the time notice of the hearing is given to the student and the student's parents or guardian, they shall be informed of their right to present evidence to rebut the charges.

5) **Hearing:** The local school administration shall present the case for the school advocating alternative placement or long-term suspension/expulsion of the student and shall present evidence through witnesses and/or documentary evidence relevant to the charges.

6) **Adult Representation:** The student, or his or her parent or guardian, may be represented and/or assisted at the hearing by a lawyer or other adult. A parent or guardian who is unable to attend the hearing may designate another adult to assist the student in the parent's absence. Notification of the representative's identity shall be given 24 hours in advance of the hearing.

7) **Right to Present Evidence:** At the hearing, the student's parent, attorney, or adult representative shall have the right to present evidence to refute the charges.

8) **Expulsion/Suspension Order:** The **Central Office Disciplinary Placement Committee**'s decision shall be based on evidence presented at the hearing. If the evidence supports the charges against the student, a decision of alternative placement or an expulsion order appropriate to the charges and the facts established may be issued. Written notice of the decision shall be sent promptly by the Superintendent's office to the student, the parent, and the local school administration. Long-term suspension/expulsion requires approval of the Superintendent's Student Disciplinary Committee.

9) **Punishment Imposed.** Once a disciplinary recommendation is made by the Central Office Disciplinary Placement Committee, the discipline recommended by this committee shall be imposed on the student unless and until the Superintendent's Student Disciplinary Committee or the Board of Education imposes a different punishment or determines that there should be no punishment at all.
Composition of Central Office Disciplinary Placement Committee

1. The Central Office Disciplinary Placement Committee will schedule hearings on an “as needed” basis.
2. The committee will be comprised of four individuals to be selected on a rotational basis from this pool: Hearing Facilitator (Assistant Superintendent or designee), a central office certified staff member (Director or Coordinator), and two designated school administrators selected on a district-wide rotating basis.
3. No assistant principal from the same school as students receiving a due process hearing will serve on the committee reviewing that particular student.

Superintendent’s Student Disciplinary Committee

For the purpose of these procedures, the following definitions will be used:

- **Alternative Placement** – student is removed from the current educational service for a period of up to one year and remanded to the Limestone County Alternative School to receive instructional services

- **Expulsion without placement** – student is removed from the current educational service and receives no instructional services other than those required by law

1. All recommendations of long term suspensions or expulsions shall be referred to the Superintendent’s Student Disciplinary Committee (SSDC).
2. The SSDC shall be comprised of the Superintendent and/or two other Central Office Administrators appointed by the Superintendent.
3. The SSDC shall either uphold the recommendation of the Central Office Disciplinary Placement Committee, overturn the decision of the Central Office Disciplinary Committee, or impose a lessor or different punishment than recommended by the Central Office Disciplinary Placement Committee.
4. The SSDC has the discretion to either hold a hearing or reach a decision based on the record without holding a hearing.
5. The SSDC shall send written notice of its decision to the parent/guardian of the student.

Appeal to Board of Education

1. A student or his or her parent or guardian may appeal to the Board of Education a decision to expel a student made by the Superintendent’s Student Disciplinary Committee (SSDC).
2. The appeal must be in writing and must be provided to the Superintendent’s office within seven (7) calendar days of receipt of the written decision of the SSDC by the student or a parent or guardian of the student.
3. A letter is deemed received by the student or his or her parent or guardian: (i) on the day the written decision is received by the student or his or her parent or guardian; or (ii) two days after the decision is placed in the mail and addressed to last known address of the student or his or her parent or guardian, whichever occurs first. It is the responsibility of the student or his or her parent or guardian to ensure that the mailing address on record is accurate.
4. If a timely appeal of an expulsion is received by the Superintendent’s office, the Superintendent shall schedule a hearing before the Board of Education. The Superintendent’s office shall notify the student and/or the student’s parent(s) or guardian(s) of the date, time and location of the hearing.
5. At the hearing, the student shall have the right to representation by his or her parent(s) or guardian(s) and/or an attorney. The Superintendent and/or his representative shall present the case for upholding the expulsion. The student and/or his representative(s) shall be permitted to present any witnesses or other evidence, and shall have the right to cross examine any adverse witnesses. The Board shall have the discretion to make evidentiary and other decisions relating to the conduct of the hearing in order to ensure a fair, efficient, and orderly hearing. Members of the Board may ask questions of any witness.
6. After holding a hearing, the Board of Education shall either uphold the decision of the SSDC, overturn the decision of the SSDC, or impose a lessor or different punishment than imposed by the SSDC.
7. Written notice of the decision of the Board of Education shall be sent to the student and/or his or her parent(s) or guardian(s).

Expulsion

Any student 14 years of age or older who has been convicted of a felony and whose continued presence in school constitutes a clear threat to the safety of other students or employees may be permanently expelled from attending the
Limestone County Public School System. The procedure for long-term suspension/expulsion of students shall be followed in the expulsion of any student.

**Alternative School**

The Alternative School was created and operates so that students who face disciplinary action may have an alternative to expulsion or other long-term removal from the school system. **The school hours are from 7:45 a.m. to 2:45 p.m.** Parent(s) or legal guardian(s) must accompany the student to the school and remain with the student during the placement meeting on the first day of the Alternative School Assignment. **Transportation to and from the Alternative School must be provided by the parents/guardians or by an adult family member.** Students are not allowed to drive or walk to or from campus.

The following code of student conduct will be maintained during placement at the Alternative School:

- a. Student will sit in desk properly.
- b. Desks cannot be moved for any reason.
- c. Student’s work areas will remain clean.
- d. Student will not leave his or her desk for any reason without permission.
- e. Student will work on home school assignments during class hours. Sitting without working does not constitute a work day.
- f. Rebellion, disrespect, and refusal of orders are not tolerated.
- g. There will be no eating or drinking except during the lunch break.
- h. Students are allowed one supervised bathroom break in the morning and one in the afternoon.
- i. Students will observe the same dress code stated in the student handbook.

Any misconduct or violation of the rules will result in disciplinary actions and additional days added to Alternative School assignment.

**Enrollment of Suspended Students**

Any student who has been suspended from a school of this System is not eligible to attend any other school within the System until eligible to return to his or her regular school. Any student who has been suspended from another System will not be permitted to enroll in the system until eligible to re-enroll in his or her former System or until the Board or the Superintendent has reviewed the prior suspension and determines that the suspension was illegal or improperly given.

**Detention**

Any teacher or principal may detain a student before or after regular school hours, as long as the parents of such student have been given one day prior written notice. In emergency situations, parents must be contacted immediately. Lunch detention is permitted; however, students must be allowed to eat lunch. Parents shall be notified when students have been assigned lunch detention.

**Anti-Harassment**

Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. No student shall engage in or be subjected to harassment, violence, threats of violence, or intimidation by any other student. Students who violate this policy will be subject to disciplinary sanctions. Complaint forms are available in the offices of the school principal and counselor.
A. The legislature finds a compelling public interest in ensuring that schools are made safe and drug-free for all students and school employees. The legislature finds the need for a comprehensive safe school and drug-free school policy to be adopted by the State Board of Education.

B. The principal shall notify appropriate law enforcement officials when any person violates Board of Education policy concerning drugs, alcohol, weapons, physical harm to another person, or threatened physical harm to a person. If any criminal charge is warranted arising from the conduct, the principal is authorized to sign the appropriate warrant. If that person is a student enrolled in any public school in the State of Alabama, the local school system shall immediately suspend that person from attending regular classes and schedule a hearing at the earliest possible date, which shall not be later than five school days.

C. If a person is found to have violated a local board of education policy concerning drugs, alcohol, weapons, physical harm to a person, or threatened physical harm to a person, the person may not be readmitted to the public schools of this state until (1) criminal charges or offenses arising from the conduct, if any, have been disposed of by appropriate authorities and (2) the person has satisfied all other requirements imposed by the local board of education as a condition for readmission.

D. Any person determined to be guilty of an offense involving drugs, alcohol, weapons, physical harm to a person, or threatened physical harm to a person may be readmitted to the public schools of this state upon such conditions as the local board of education shall prescribe for preservation of the safety or security of students and employees of the local school board, which may include but are not limited to psychiatric or psychological evaluation and counseling.
6.25.1 Prohibition – No student shall engage in or be subjected to bullying, violence, threats of violence, or intimidation by any other student that is based on any of the specific characteristics set forth in this policy. Students who violate this policy will be subject to appropriate disciplinary sanctions as specified in the Student Code of Conduct, subject to the investigating school administrator’s authority and decision.

6.25.2 Definitions

In this policy, these terms shall have the following meanings:

a. “Bullying” means a continuous pattern of intentional behavior that takes place on or off of school property, on a school bus, or at a school-sponsored function including, but not limited to, cyberbullying or written, electronic, verbal, or physical actions that are reasonably perceived as being motivated by any characteristic of a student, or by the association of a student with an individual who has a particular characteristic, if the characteristic falls into one of the categories of personal characteristics contained in the policy. To constitute bullying, a pattern of behavior may do any of the following:
   1. Place a student in reasonable fear of harm to his or her person or damage to his or her property.
   2. Have the effect of substantially interfering with the educational performance, opportunities, or benefits of a student.
   3. Have the effect of substantially disrupting or interfering with the orderly operation of the school.
   4. Have the effect of creating a hostile environment in the school, on school property, on a school bus, or at a school-sponsored function.
   5. Have the effect of being sufficiently severe, persistent, or pervasive enough to create an intimidating, threatening, or abusive educational environment for a student.

b. “Hostile environment” means the perception by an affected student that the conduct of another student constitutes a threat of violence or bullying and that the conduct is objectively severe or pervasive enough that a reasonable person, under the circumstances, would agree that the conduct constitutes bullying, threat of assault, or assault.

c. “Violence” means the unjustified infliction of physical force by a student with the intent to cause injury to another student or damage to the property of another student.

d. “Threat” means a statement of an intention to inflict pain, injury, damage, or other hostile action to cause fear of harm. The intention may be communicated through an electronic, written, verbal, or physical act to cause fear, mental distress, or interference in the school environment. The intention may be expressly stated or implied and the person communicating the threat has the ability to carry out the threat.

e. “Threat of violence” means an unjustified expression of intention to inflict injury or damage that is made by a student and directed to another student.

f. “Intimidation” means an unjustified threat or other action that is intended to cause fear or apprehension in a student.

g. “Student” means a student who is enrolled in the Limestone County School System.

6.25.3 Description of Behavior Expected of Students
a. Students are expected to treat other students with courtesy, respect, and dignity and comply with the Code of Student Conduct. Students are expected and required (1) to comply with the requirements of law, policy, regulation, and rules prohibiting bullying, violence, or intimidation; (2) to refrain from inflicting or threatening to inflict violence, injury, or damage to the person or property of another student; and (3) to refrain from placing another student in fear of being subjected to violence, injury, or damage when such actions or threats are reasonably perceived as being motivated by any personal characteristic of the student that is identified in this policy.

b. Violence, threats of violence, bullying, and intimidation are prohibited and will be subject to disciplinary consequences and sanctions if the perpetrator of such action is found to have based the prohibited action on one or more of the following personal characteristics of the student:

1. Race
2. Sex
3. Religion
4. National origin
5. Disability

6.25.4 Consequences for Violations – A series of graduated consequences for any violation of this policy will be those outlined in the Code of Student Conduct or any rule or standard adopted under the authority of this policy.

6.25.5 Reporting, Investigation, and Complaint Resolution Procedures – Complaints alleging violations of this policy may be made on a Board-approved complaint form available in the handbook, on the website, or at the school's office. The complaint must be delivered to the principal or the principal's designee either by mail or personal delivery. Incidental or minor violations of the policy may be presented and resolved informally.

The complaint form developed to report violations of this policy will include a provision for reporting a threat of suicide by a student. If a threat of suicide is reported, the principal or the principal's designee is authorized to inform the student's parent or guardian of the report unless, at the discretion of the school principal or the principal's designee, the apparent cause of the threat of suicide is child abuse or other significant harm from a parent or guardian.

Upon receipt of the complaint, the principal or the principal's designee will determine if the complaint alleges a serious violation of this policy. If the principal or the principal's designee determines that the complaint alleges a serious violation, the principal or the principal's designee will undertake a reasonably prompt investigation of the complaint. The investigation will entail the gathering of relevant facts and evidence taking into account the circumstances of the complaint. If the investigation establishes a violation, appropriate disciplinary sanctions may be imposed on the offending student(s). Other measures that are reasonably calculated to prevent a recurrence of the violation(s) may also be imposed by the principal or the school system.

A person reporting a violation who is not satisfied with the outcome of the investigation may appeal the decision in writing to the Superintendent or designee.

Acts of reprisal or retaliation against any student who has reported a violation of this policy or sought relief provided by this policy are prohibited and are themselves a violation of this policy. Any confirmed acts of reprisal or retaliation may be subject to disciplinary sanctions that may include any sanction, penalty, or consequence that is available to school officials under the Code of Student Conduct. A student who deliberately, recklessly, and falsely accuses another student of a violation of this policy may be subject to disciplinary sanctions as outlined in the Code of Student Conduct.

6.25.6 Promulgation of Policy and Related Procedures, Rules, and Forms – This policy and any procedures, rules, and forms developed and approved to implement the policy will be published on the district and
school websites, shall be available at each school office, and shall be included in the student handbook that is distributed to each student at the beginning of each school year.

6.25.7 **Construction of Policy** – This policy is supplemental to other Board policies and procedures and does not repeal, replace, or supersede any other prohibition on bullying, violence, threats of violence, or intimidation found elsewhere in Board policy or procedure, including the Code of Student Conduct. This policy shall not be construed to allow bullying, violence, threats of violence, or intimidation for any reason not specifically listed in this policy or to prohibit the Board from disciplining students for acts of bullying, violence, threats of violence, or intimidation not specifically listed herein. Students who engage in bullying, violence, threats of violence, or intimidation not specifically covered by this policy may be subject to appropriate disciplinary action in accordance with the Code of Student Conduct.

6.27.1 Program Authorized – To the extent that the Legislature appropriates funds or the Board provides funds from other sources, the Superintendent is authorized to develop a program to implement the following statutory requirements of the Jason Flatt Act in an effort to prevent student suicide:

a. Foster individual, family, and group counseling services related to suicide prevention.

b. Make referral, crisis intervention, and other related information available for students, parents, and school personnel.

c. Foster training for school personnel who are responsible for counseling and supervising students.

k. Provide training for school employees and volunteers who have significant contact with students on the Board policies to prevent harassment, intimidation, and threats of violence.

l. Develop a process for discussing with students local board policies relating to the prevention of student suicide and to the prevention of harassment, intimidation, violence, and threats of violence.

m. Provide annual training for all certificated school employees in suicide awareness and prevention. This training may be provided within the framework of existing inservice training programs or as a part of required professional development offered by the school system.

Students may be required to participate in curricular activities developed to implement the statutory requirements of the Jason Flatt Act and are encouraged to participate in any other activities or strategies developed by the Board for that purpose.

6.27.2 Promulgation of Policy and Related Procedures, Rules, and Forms – This policy and any procedures, rules, and forms developed and approved to implement the policy will be published, disseminated, and made available to students, parents and legal guardians, and employees by such means and methods as are customarily used for such purposes.

Student Dress Code

The Limestone County Board of Education believes good grooming and personal appearance are essential elements in the educational process. Students are expected to dress in a manner that ensures their health and safety. Grooming and dress must not distract from or interfere with the educational process.

Appropriate dress and appearance of the student is the responsibility of the parent/or guardian and the student.

General Guidelines

Jewelry and Body Piercing

Students will not wear or have in their possession any jewelry, ornaments, or accessories that distract from the educational process or that might be used as a weapon. Includes but is not limited to: wallet chains, oversized chains, and/or clothing chains.

Pants, Shorts, Dresses, and Skirts

- Appropriate dress for students must be worn that does not reveal the body in an inappropriate manner, e.g., clothing must not be too tight, bare at the midriff or sides.
- Shorts, skirts, and dresses too short in length are not allowed. A general guide to length is that the item should fall below the tips of the fingers when arms are fully extended to the side; however, due to physical differences in some students, this guide may mean some items are still too short. The entire hemline of athletic-cut shorts should fall below the fingertips.
- Leggings, jeggings, and yoga pants must be covered by garments that fall to mid-thigh and are an appropriate length for the wearer as described above and as determined by the Principal.
- Pants or shorts worn below the waistline or those that display what is or appears to be an undergarment are not allowed. No pajamas.
- Pants should not be oversized, too tight, sagging, or revealing. Pants legs must be worn at the same length.
- Undergarments or undergarment areas are not to be exposed at any time.

Shirts, Blouses, and Tops

- Shirts or tops must cover the stomach, back area, and chest area completely at all times.
- A student’s attire must cover all undergarments or undergarment areas.
- Strapless, off the shoulder tops, spaghetti straps, tops with strap areas less than three inches wide, and sheer or see-through clothing are not allowed.
- Tops with large arm holes or cutout sleeves are not allowed.
- Clothing must not include pictures, writings, symbols, etc., promoting, acknowledging, or suggesting drugs, tobacco products, alcohol, sexual activities, gangs, groups, individuals, or activities that would be considered potentially dangerous, disruptive, or hazardous to the student, to other students, or to the school environment.
Footwear
Shoes or sandals will be worn at all times. No hard cleated shoes, house slippers, or foot apparel determined to be dangerous or a safety hazard may be worn.

Head Coverings and Sunglasses
- Except for religious purposes, hats and head coverings may not be worn in school buildings. Includes but is not limited to: caps or hats, hoods, bandanas, headbands/sweatbands, combs or picks in the hair that can be construed as weapons.
- The wearing of nonprescription sunglasses is not allowed.

Additional
- All belts must be fastened. Suspenders must be worn over the shoulder and fastened.
- No compression type apparel may be worn as outer garments.
- Holes in all clothing items must fall below the tips of the fingers when arms are fully extended to the sides.
- Students who, for religious reasons, do not choose to dress in prescribed physical education attire shall be given the opportunity to choose alternate attire in keeping with religious beliefs and the goals and objectives of said class.
- Personal appearance or attire that interferes with or distracts from the instructional program or that creates a health hazard is not allowed.
- The Principal may allow exceptions in dress for a specific activity, e.g., athletic events, drama productions, celebrations, etc., but exceptions are only for those activities.
- Elementary principals are urged to use discretion according to student age and size.

Appropriate dress and appearance of the student is the responsibility of the parent/or guardian and the student.
LCS Vaping

The health and safety of the students of Limestone County Schools are our top priority. The increasing use of e-cigarettes, vapes, vape pens, and electronic delivery systems has been identified as a leading concern among our children. We are providing education for our students as to the health risk associated with the use of these products. Limestone County Schools are taking the use of these products very seriously. The possession, use, distribution, and/or sale of these products will be as follows:

- First offense: One day out of school suspension
- Second offense: 3 days out of school suspension
- Third and subsequent offenses: Referral to Alternative Placement

DRUG TESTING POLICY

The Limestone County Board of Education (the Board) recognizes extracurricular students as assets to our sports and academic education process. Extracurricular students are major players in reaching the Board’s goal to provide education to students. This policy statement sets forth the Board’s position on testing extracurricular students for drugs. The Board reserves the right to depart from this policy when it deems it appropriate except where prohibited by law. The guidelines contained in this document may be changed by the Board at any time. Students, however, will be informed of any changes.

The purpose of this policy is to create and maintain a safe, drug free environment for student athletes to reduce the likelihood of injury to students, to minimize the likelihood that school property will be used for improper activities and to protect the reputation of the school system.

The Board requires that all students that participate in all extracurricular activities (defined as “male or female students in grades 7-12 who participate in any Board sponsored sport, band, club, and cheerleading squad”) report to all practices and competitive events without prohibited substances in their system. Prohibited substances are defined as amphetamines, barbiturates, cocaine, marijuana, opiates, THC, alcohol and anabolic steroids. No student athlete shall use these prohibited substances while participating in any extracurricular practices or competitive events. Student must inform their coach or assistant coach when they are legitimately taking medication which may affect their ability to practice or compete in order to avoid creating safety problems and to remain in compliance with this policy.

ENFORCEMENT PROCEDURES

All students will be required to submit to an initial consent form. Once the student is randomly selected, a sample will be collected and split. If the first test is positive for a prohibited substance, the second half of the first sample collected will be tested. If the second half of this split sample is positive, the student will be ineligible from participation in extracurricular activities for one calendar year from the time of the positive test. If the second half of the split sample is negative, another sample will be collected for testing. If that test is positive, the student will ineligible from participation in extracurricular activities for one calendar year from the time of the positive test. If the second test is negative, the student will be allowed to participate. Student athletes who refuse to take the test will be declared ineligible from participation in extracurricular activities for one calendar year from the time of the called test. The Board shall bear the cost of all fees in regard to testing of student athletes.

In the event any random test is positive, the testing laboratory shall notify the designee of the result. The designee shall then inform the students and his or her custodial parents to explain the results of the test. A meeting should be held for that purpose within 24 hours of notification. If the random test is positive, the student will be barred from participation in student athletics for one calendar year from the time of the positive test.

Students who participate in more than one sport will be required to comply at one testing procedure at the beginning of the school year regardless of the number of sports. However, each such student will be subject to random testing at any time during the year.
The results of testing will not be made known to any school official other than those with a need to know. The principal and coach and/or sponsor will be notified in cases where the student is no longer eligible to participate in extracurricular activities.

CONSENT FORM

Each student athlete will be required to sign a consent form before participation in extracurricular activities for any school year. At the time that the consent form is provided, over the counter drugs and prescription drugs used by the student are to be listed on the consent form. By this form, the student shall consent to sampling, testing and analysis of urine for the initial testing round and at any time the student is randomly selected for drug testing during the school year. Failure of the student and the custodial parent or guardian to sign the consent form makes the student athlete ineligible for participation.

REHABILITATION

In the event that a student tests positive and/or is declared ineligible, rehabilitation will be encouraged and information will be provided to him or her through local school guidance counselors. All costs for any program will be the responsibility of the student’s family.

TESTING ADMINISTRATION

All tests will be administered on site by a board approved company. Testing will be a 10 panel urine test. The DER for all testing will be the District Athletic Director. The local Athletic Director will work under the direction of the Central Office.
Limestone County Schools
Student Technology Acceptable Use Agreement

Technology
Limestone County Schools (District) provides students with access to technology in order to enhance student learning. The term “technology” refers to all forms of hardware, digital devices, software, and accounts. Although cell phones and other personal technology devices can be used for many of the same activities as other forms of technology, additional rules may apply to the possession and use of these communication devices at school. This Acceptable Use Agreement (AUA) applies to all technology, regardless of ownership, used on school property during school hours or during other school-related activities. It also applies to the use of District-owned or managed technology regardless of location or time of day.

Personally-Owned Technology
The use of any personally-owned technology at school is a privilege, not a right. The District reserves the right to place conditions on, restrict, or prohibit the use of personally-owned technology on its property, including the use of personal online accounts.

Cell phones, personal mobile devices, and wearable technology must be in silent mode and kept out of sight in a locker, backpack, or other location away from students during school hours. Personal earbuds, headphones, and other personal listening devices are prohibited. Exceptions may be made by school or district administration in case of school or weather emergencies.

The following devices may not be brought to school under any circumstances:
- Any technology, such as wireless access points or personal hotspots, used to set up a network for Internet access
- Any technology which interferes with or adversely affects the functions or operations of the Board/District’s resources or infrastructure.

Students must follow all rules established by the transportation department regarding the use and storage of personal devices while on a school bus.

Students are responsible for keeping their device safe while in transit and at school. School staff and/or bus drivers will not be responsible for attempting to recover lost or stolen personal technology.

Expectations of Privacy
Students should not expect that their files, communications, or Internet use while using District-owned or managed technology are private. Authorized staff may access, search, examine, inspect, collect, or retrieve information of any kind from the District’s technology at any time and without prior notice in order to determine if a user is in violation of any of the Board’s rules, or for any reason not prohibited by law. In addition, authorized staff may delete or remove a user’s files from District-owned or managed technology without warning when those files violate the AUA or when necessary to maintain safe and correct operations of the District’s technology.

School officials may read, examine, or inspect the contents of any personally-owned technology upon reasonable suspicion that the contents or recent utilization of the technology contains evidence of a violation of these or other rules and policies, as well as any local, state, or federal laws.

Online Accounts & COPPA
Throughout the year, teachers may wish their students to use free, educationally-appropriate websites or apps that require individual accounts in order to enhance learning. In order to create the online account, the District may upload certain ‘directory information’ (see FERPA) to the provider; generally the student’s name, school, and grade level. Due to the Children’s Online Privacy Protection Act (COPPA) and other conditions, many websites require that minors first obtain their parent’s permission before an account is established. The parent’s signature on the Student Handbook Acknowledgement Form will be considered as granting this permission. Parents who do not wish to have student accounts established on websites pre-approved by the District must submit a Restriction Letter to the school within five (5) days of the student’s first day of attendance each school year (see Parental Right to Restrict).

Parental Right to Restrict
Parents have the option of restricting certain activities related to technology use:

- Restrict a student under the age of 17 from independently using the Internet while at school
● Restrict a student account from being established on free, pre-approved websites when the websites require parental permission
● Restrict a student from being issued a Google Workspace for Education account

Parents who wish to restrict a student’s activities must notify the school in writing within five (5) days of the student’s first day of attendance each school year. Students whose parents have notified the school that they want certain restrictions to be applied should abide by their parent’s wishes in addition to all other rules in this Acceptable Use Agreement.

Permission to Use Technology
Students should only use technology with permission of a teacher, administrator, or other authorized school personnel. During school hours students should only use technology for school-related purposes. While in school, students must have specific permission from authorized school personnel in order to:

● Publish information to websites, blogs, wikis, messaging apps, or other online workspaces
● Create an account in any online software program or app

Additionally, students must have the permission of a school administrator and complete any necessary paperwork prior to removing any District-owned technology from the school.

Rules and Limitations
Students should strive to be good ‘digital citizens.’ In addition to following this AUA, school rules, and Board Policies; students must also comply with all applicable local, state, and federal laws when using technology. Any student identified as a security risk, or as having a history of such, may have their access to technology restricted or denied.

Google Workspace for Education (GWFE) Services
As part of its technology program, Limestone County Schools will provide students in grades K-12 with a Google Workspace for Education (GWFE) account. GWFE accounts give students access to certain Google services in an environment managed by the school district. These services include an individual Google Drive, which provides students with online storage for files and web-based tools (a.k.a. Google Docs) for creating documents, collaborating, and researching. In addition, each student will receive a GWFE email account and calendar for school use. Limestone County Schools will issue all GWFE accounts and manage which features are made available to students. This includes restricting email to within the school, within the district, or not restricted.

Students should use their GWFE account for school work, not for their personal use and correspondence. In addition, students are advised to be careful and purposeful when sharing access to their documents with others, something that GWFE services makes easy to do in order to help students and teachers collaborate on projects.

When a student withdraws from the district or graduates, access to their student email account and related data in GWFE will be deactivated. Graduates will have the opportunity to download their Google data for a specified period of time following graduation.

Parents must grant their permission in order for a student to be issued a GWFE account. The parent’s signature on the Student Handbook Acknowledgement Form will be considered as granting this permission. Parents who do not wish their child to be issued a GWFE account must submit a Restriction Letter to the school (see Parental Right to Restrict).

The Children’s Online Privacy Protection Act (COPPA) applies to commercial companies and limits their ability to collect personal information from children under 13. Google’s privacy policies assure school districts that regardless of the student’s age it does not use GWFE services to collect or use student data for advertising purposes or to create advertising profiles. Ads are not displayed to students when they use GWFE services. In addition, GWFE email is not scanned for advertising purposes, nor is the information stored in GWFE Drives collected or used for any advertising purposes. Google has signed the K-12 School Service Provider Pledge to Safeguard Student Privacy. More information about Google Apps for Education and privacy can be found at http://www.google.com/edu/privacy.html.

Under the Family Educational Rights and Privacy Act (FERPA) and corresponding Alabama law, a student's educational records, excluding ‘directory information’, are protected from disclosure to third parties. The following ‘directory information’ will be uploaded to the LCS GWFE domain in order to create individual student accounts: student name, grade, school, and a password. Once a student begins using their account they may create educational records using GWFE services, for instance using Google’s web-based tools to write papers or submit assignments for which

67
grades may be given. Because Google will host these documents within the LCS GWFE domain, Google will be considered a “School Official” (as that term is used in FERPA and its implementing regulations). This means that Google will also comply with FERPA rules.

The general right of privacy will be extended to the extent possible in the electronic environment. However, Limestone County Schools cannot and does not guarantee the security of electronic files located on Google systems. Google does apply a powerful content filter for email. However, no protection measures can be 100% effective. Therefore, the District cannot assure that the student will not be exposed to unsolicited information or that their account will never be compromised.

Examples of Unacceptable Use

This list is not all-inclusive but is intended to provide general guidance. Anything that would be considered inappropriate in "paper form" or "verbal form" is also considered inappropriate in electronic form. Information, such as but not limited to Student Information System (SiS) data, accessed through school system technologies may not be used for any private business activity. Students may be held responsible for other inappropriate actions whether or not they are specifically included in this AUA. The following are examples of inappropriate activities when using any Limestone County Schools’ network, email system, hardware, software, technology services, and/or internet access.

Students shall not tamper, disable, damage, or disrupt technology systems and resources:
1. Tamper with or modify technology, utilities, and configurations, or modify access control permissions, either with or without malicious intent.
2. Dispose of, move, or remove technology from its assigned location without the express direction or permission of the supervising teacher.
3. Disable, circumvent or avoid security measures, including the use of proxies to bypass Internet filters, logon procedures, or any other security feature.
4. Send or intentionally receive files dangerous to the integrity of the network.
5. Intentionally damage, destroy, disable, or remove parts from technology devices.
6. Intentionally damage, delete, destroy, or interrupt access to software or data files.
7. Develop or install malicious software (on or off campus) designed to infiltrate computers, damage hardware or software, spy on others, or compromise security measures.
8. Disrupt the use of others by creating excessive network congestion through the use of online gaming, video, audio, or other media for non-school purposes.
9. Use technology in any way with the intention of annoying, bullying, harassing, interfering with, or causing harm to individuals, institutions, organizations, or companies.
10. Install or download any software, including toolbars, without permission from authorized school personnel.
11. Broadcast messages or participate in sending/perpetuating chain letters on system networks.
12. Install or modify wireless connectivity devices such as wireless access points and routers.

Disciplinary Actions

Students are responsible for their behavior as it relates to technology. Therefore, students who are issued individual accounts shall take responsibility for keeping their login IDs and passwords secure.

School and/or district-level administrators will make the determination as to whether specific behavior has violated acceptable practices. Disciplinary actions for violating the AUA will be commensurate with those outlined in the Limestone County Board of Education Student Handbook. In certain cases, financial penalties may apply.

Violation of cell phone or personal technology rules will result in:

- First offense: The student’s device will be confiscated by a staff member and held in the main office until the end of the school day. A school administrator will contact parents/guardians. The student may pick up the device from the office at the end of the school day.
- Second offense: The student’s device will be confiscated and held in the main office until the end of the school day. The student’s parents will be contacted and will be required to pick up the device from the office.
- Third offense: The student’s device will be confiscated and held in the main office until the student’s parents are able to come pick it up. The student will be assigned three days of in-school suspension.
- Fourth offense: The student’s device will be confiscated and held in the main office for five days. The device may be banned from school property. Parents will be required to pick up the device from the office. The student will be assigned five days of in-school suspension.
Fifth and subsequent offenses: The student will be referred for alternative placement.

In addition to the disciplinary actions defined above, students who are found to have used technology at school in a manner that violates any section of the Limestone County Schools Code of Conduct, the Children’s Internet Protection Act, or other laws, may face additional disciplinary and/or legal action. Examples include:

- Use of technology to access inappropriate content, not limited to content that would be blocked by the District’s Internet filter. This includes content that may be stored on the device itself.
- Use of the device to capture video, images, or audio in areas of the school where others have an expectation of privacy. These include, but are not limited to locker rooms, restrooms, etc.

Technology networks can provide individuals with access to locations in the United States and around the world. Persons should be aware that they may be liable for hurtful speech, invasion of privacy, copyright, and other violations in all 50 states and worldwide. The Limestone County Board of Education will cooperate with any properly executed request from any local, State, or Federal law enforcement agency or civil court.

Limitation on Liability

The Board makes no warranties of any kind, either expressed or implied, that the functions or the services provided by or through the Board’s technology will be error-free or without defect. The Board will not be responsible for any damage users may suffer, including but not limited to loss of data, failure to block or filter, or interruption of service.

The Board will take reasonable steps to maintain the security of its technology; however, no assurance can be given that security breaches will not occur. Students should report any suspected or actual breach of security.

Although the Board claims ownership of its various technology, all user-generated data, including email content and digital images, is implicitly understood to be representative of the author’s individual point of view and not that of the school or school system. Students and their parents must also be aware that the Board cannot assume any liability arising out of the illegal or inappropriate use of technology resources.

Acknowledgment Form

By signing the Limestone County Board of Education Student Handbook Acknowledgement form, students and parents affirm that they have received and understand these rules and regulations. However, failure to sign or return a signed form does not release students from their obligation to abide by these rules and regulations and all other applicable Board policies.
Limestone County Schools
1:1 Student and Parent Device Agreement
Grades 6-12

The Limestone County School District (“District”) will issue each student in grades 6-12 with a device, which the student is to use as a positive learning tool in coordination with the District’s curriculum, for the purpose of remote learning, classwork, and homework. Although this Agreement authorizes the student’s use of the device for the school year, the device is the property of the District and must be returned upon the District’s request or on the last day of the student’s attendance for the school year.

Applicable Policies: In use of the device, the student is subject to and must comply with the Limestone County Board of Education Policies and Student Handbook policies addressing student discipline, harassment/bullying, acceptable use of technology and their associated administrative procedures and regulations.

Student Expectations:
1. The device is to be used daily for educational purposes. Students are responsible for bringing it to school every day, fully charged.
2. The student shall not disrupt the educational process of the District through non-educational use of the device.
3. The student will keep the device in good working condition by following these maintenance instructions:
   a. Use only a clean, soft cloth to clean the device. No cleansers or liquids of any type should be used.
   b. Insert and remove cables and USB devices carefully to prevent damage.
   c. Do not write or draw on the device or apply any stickers/labels that are not property of the District.
   d. Handle the device carefully and ensure that others do the same.
   e. Keep the device and charger out of reach of animals.
   f. Do not leave the device in places of extreme temperature, humidity, or limited ventilation (e.g., in a car).
   g. Do not use or allow the device to be near food or liquids.
   h. Secure the device when it is out of sight. It should not be left in an unlocked locker, a desk, or other location where someone else might take it.
   i. Keep the device in the case provided by the District at all times while in transport. Devices are not allowed to be used on school buses or any other District transportation.

No Right to Privacy: The device is District property; therefore, the District may examine the device and search its contents at any time for any reason. Neither students nor parents/guardians have any right to privacy of any data saved on the device or in a cloud-based account to which the device connects. School administration may involve law enforcement if there is reasonable suspicion that the device may have been used for an illegal purpose.

Internet Filter Outside of School: The District employs Internet filters and monitors students’ Internet activity at school and provides filtering and monitoring of students’ Internet access at home or off school grounds. It is highly recommended that parent(s)/guardian(s) monitor their student’s Internet usage. Parent(s)/guardian(s) assume complete responsibility for the Internet access beyond the network provided by the District. When using the device outside the District, students are bound by the same policies, procedures, and guidelines as in school.

Damage to or Loss of Device:
Parent(s)/guardian(s) are responsible for their child’s use of the device, including any damage to or loss of the device.
1. Accidental Damage or Damage Due to Neglect:
- **First incident:** $25  
- **Subsequent incidents:** entire cost of the repair (up to $100)

2. **Intentional Damage:** entire cost of the repair, up to the complete replacement cost of the device ($275)

3. **Theft:** upon presentation of a filed police report, the parent(s)/guardian(s) will be responsible for the first $50 of replacement cost

4. **Loss:**  
   - **Device Loss:** complete replacement cost of the device ($275)  
   - **Charger Loss:** replacement cost of the charger ($30)  
   - Failure to return the device and/or its accessories at the end of the year or before the student’s departure from the District may be subject to criminal prosecution or civil liability

The decision to assess a charge, as well as the amount of any charge, is at the sole discretion of the District, but will not be greater than the full replacement value of the device.

**Hardware or Functionality Problems:**
If a problem arises with the functionality of a student’s device, the student should submit a trouble ticket regarding the problem within 24 hours or on the next school day. If necessary, the device will be sent in for repair. A limited number of classroom loaner devices will be available for students to use during class. A loaner device will not be provided for home use. Under no circumstances may the student or his/her parent(s)/guardian(s) attempt to repair or allow anyone except District staff the attempt to repair suspected hardware faults or the device’s operating system.
CHILD NUTRITION PROGRAM

FREE breakfast for ALL students

Limestone County Schools and the Child Nutrition Program are committed to protecting and enhancing our student’s well-being and health by serving nutritious and affordable meals. We feel that our child nutrition program is an integral part of the school environment. Nutrition influences a child’s development, potential for learning and lifelong health status. We strive to protect the health of our students and help them succeed in the classroom by providing balanced and nutritious meals served in a friendly atmosphere. We share a responsibility to ensure our students come to school ready to learn. It is a proven fact that a hungry child cannot learn.

According to the Alabama State Competitive Foods Policy outside food is discouraged on campuses during meal serving times. This policy also states that revenue from any food or drink sales anywhere on campus during the meal periods is to accrue to the CNP account.

All items offered in our cafeterias are in compliance with USDA federal and state regulations and are managed in accordance with the regulations and policies for the National School Breakfast and Lunch Programs. A fruit/fruit juice or vegetable must be served during breakfast and lunch along with other components to count as a meal. We also offer water during all meals at no cost to the students. A la carte items are sold during meal times at all schools. These items are in compliance with the USDA “Smart Snacks in School” guidelines.

SCHOOL PARTIES

School parties are not permitted during meal times. We would like to encourage class party planners to include some healthy alternatives during a class party. Your support in this endeavor to make our schools a healthy environment for our students is needed during class party times.

CHARGED MEALS

Charging meals in the cafeteria is highly discouraged. Limestone County understands that sometimes charging a meal is inevitable. These charges must be paid back by the parent/guardian in a timely manner. Parents will be notified of the negative account balance via call-outs, texts, phone call or email. Charges that are not collected shall be reimbursed to CNP from non-public sources from each local school. USDA requires that uncollected charges shall not be paid by the CNP federal funds. The local principal will make a determination on how to proceed with the meals until the debt is paid. Students may not purchase a la carte items or purchase “Extras” if they have an outstanding charge balance on their meal account.

Federal law prohibits the charging of any adult meals.

FREE and REDUCED APPLICATION

Free and reduced meal application MUST be filled out each year. Limestone County Schools offers an online application for free/reduced meals. This link can be found on your local school website or the district website. The online application can be completed on any computer that has an internet connection. We encourage you to fill it out online due to the quick turnaround process time. Only ONE application per household needs to be completed if you feel you will qualify by income or any other way. You are responsible for paying full price for all meals until the Child Nutrition Program has processed your application. Online applications are processed within 24 hours or less but a paper application may take up to 5 days to process. If you need help with the application, please call 256-232-5353.

IF YOUR FAMILY RECEIVES FOOD STAMPS, YOU DO NOT HAVE TO FILL OUT AN APPLICATION DURING THIS PERIOD.
**Special Diets**

Special diets are provided to students who have a doctor's written order. A doctor's order is required for records in the Child Nutrition department before accommodations can be made to the menu. Menu change due to a religious preference will need to be accommodated with a parent's written request. These requests need to be made a couple of weeks before the menu change in order for the cafeteria to be able to provide an alternate choice.

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity.

Program information may be made available in languages other than English. Persons with disabilities who require alternative means of communication to obtain program information (e.g., Braille, large print, audiotape, American Sign Language), should contact the responsible state or local agency that administers the program or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339.

To file a program discrimination complaint, a Complainant should complete a Form AD-3027, USDA Program Discrimination Complaint Form which can be obtained online at: https://www.usda.gov/sites/default/files/documents/USDA-OASCR%20P-Complaint-Form-0508-0002-508-11-28-17Fax2Mail.pdf, from any USDA office, by calling (866) 632-9992, or by writing a letter addressed to USDA. The letter must contain the complainant’s name, address, telephone number, and a written description of the alleged discriminatory action in sufficient detail to inform the Assistant Secretary for Civil Rights (ASCR) about the nature and date of an alleged civil rights violation. The completed AD-3027 form or letter must be submitted to USDA by:

Limestone County Parent and Family Engagement Plan Overview
(The full plan can be viewed at your local school, on the local school website, and the district website www.lcsk12.org.)
Limestone County Schools will:

- Involve parent and family members in the development of the Limestone County Consolidated Plan as part of their participation on the Federal Programs Parent Advisory Committee.
- Evaluate the Title I program by administering an annual parent/family member survey. This survey is conducted in the spring of each year, and the data is used to evaluate the overall effectiveness of the Title I program, including parent/family engagement.
- Use evaluation results to design evidence-based strategies for more effective parent and family engagement.
- Remove barriers that hinder parent/family participation.
- Develop a Parent and Family Engagement Plan annually with parent/family input. The Federal Programs Director works with parent/family representatives from every Title I school to create the Parent and Family Engagement Plan, and decide how the district’s Parent and Family Engagement Funds will be spent.
- Provide assistance to parents/family members in understanding topics such as the following: state academic standards, state and local assessments, Title I requirements, strategies for monitoring their child's progress (parent portal, progress reports, and report cards), and strategies for working with their child at home.
- Use many successful ways to interact with parents either face to face or using technology. The district and the schools have flexible meeting schedules and use their website to inform parent/family members who are unable to attend meetings.
- Provide assistance and training to local schools on the rights of parents and on evidence-based parent and family engagement practices.
- Conduct a variety of parent meetings throughout the year.
- Communicate with parents/families using a variety of methods (ex. phone calls, emails, automated phone system, school website, and district website).
- Provide materials and training to help parents/families work with their children to improve their children’s achievement.
- Involve parents in the development of the district and the local school's Continuous Improvement Plan.
- Implement Parent’s Right to Know
