

Current policy:

PROPOSAL TO CHANGE THE GRADING SCALE AS SHOWN BELOW

The scholastic record you compile at school is very important. This record is permanent. You should strive to attain a record which will be advantageous to you in future years. Students who excel in scholastic achievement are given special school recognition through honor rolls.

There are certain classes at Commerce High School, such as Band, Athletics, etc., that require you to be in attendance before or after the school day. A part of your grade could be affected by attendance or non-attendance to these activities. Each teacher will explain his/her grading procedure to you at the beginning of the school year.

100----	92.5---	A		
92.4---	90.0---	A-	Maximum Points----	700
89.9---	87.5---	B+		
87.4---	82.5---	B	60% of 700 points---	420 to pass
82.4---	80.0---	B-		
79.9---	77.5---	C+	Example:	
77.4---	72.5---	C		
72.4---	70.0---	C-	94 X 3 =	282
69.9---	67.5---	D+	86 X 3 =	258
67.4---	62.5---	D	40 X 1 =	<u>40</u>
62.4---	60.0---	D-		580
59.9---	00.0---	F	580 divided by 7 =	83 or a B

The above grading scale would make the student continue to work through out the entire semester.

Adopted: May 6, 1991

Proposed change:

PROPOSAL TO CHANGE THE GRADING SCALE AS SHOWN BELOW

The scholastic record you compile at school is very important. This record is permanent. You should strive to attain a record which will be advantageous to you in future years. Students who excel in scholastic achievement are given special school recognition through honor rolls.

There are certain classes at Commerce High School, such as Band, Athletics, etc., that require you to be in attendance before or after the school day. A part of your grade could be affected by attendance or non-attendance to these activities. Each teacher will explain his/her grading procedure to you at the beginning of the school year.

100----	92.5---	A		
92.4---	90.0---	A-	Maximum Points----	700
89.9---	87.5---	B+		
87.4---	82.5---	B	60% of 700 points---	420 to pass
82.4---	80.0---	B-		
79.9---	77.5---	C+	Example:	
77.4---	72.5---	C		
72.4---	70.0---	C-		
69.9---	67.5---	D+	90 X 6 =	540
67.4---	62.5---	D	40 X 1 =	<u>40</u>
62.4---	60.0---	D-		580
59.9---	00.0---	F	580 divided by 7 =	83 or a B

Semester Grades will be figured on an accumulative basis. Semester tests will count as 1/7 of the semester grade.
