

WORKPLACE SAFETY PROGRAM

It is the policy of the Commerce Public Schools Board of Education to develop rules and procedures which will promote safety in the workplace and which will establish and maintain conditions of work which are reasonably safe and healthful for district employees. Therefore, the superintendent is directed to develop such rules and procedures in accordance with Oklahoma law and the rules of the Oklahoma Department of Labor. The superintendent will designate himself/herself or other person as a district safety coordinator. The rules and procedures developed by the superintendent and approved by this board shall be incorporated into this policy and become part hereof.

Adopted this 12th day of September 1994.
