Library to see some changes

Thanks to the work of Mr. Homer, Commerce High School Library received a check for \$2,500 from Grand Gateway Economic Development. Mr. Homer spoke to Senator Rick Littlefield recently and asked for help in funding some new shelving for the library. We currently have books stacked to top of one another.

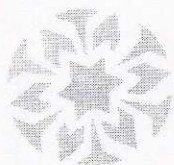

We will have some new shelves built and will be purchases a new display shelf for the middle of the room. This will help encourage students to read more and will help with our over crowding problems.

Academic Team

The Academic Team has had a wonderful season this year. They finished their season at district level competition. We are proud of the hard work of these students and their advisor.

The team members for this year are: Justin Waldon and Josh Fanning as Co-captains, Chris Ahrens, Alicia Adams, Kyrie Bengé, Cody Clark, Keesha Holman, Trent McMmain, Brian Smith, Shelley, Thulin, and Jessica Wisdom. They are lead by Mrs. Vicki Mizer.
