# Rumor has it.

*Well, school 's started. Now the rumors must too. What is a rumor? A rumor is general talk not based on definite knowledge; mere gossip; hearsay. How do they get started? Well, here at CHS everyone thinks they know everything about everyone. Some people may just not like you, or others just don't know you. Since school has started I have heard tons of rumors already. Freshmen just wait, your time will come. Just don't listen to everything you hear, or you're going to turn into gossip queens and kings!! I've asked some of our class mates what they think about rumors.*

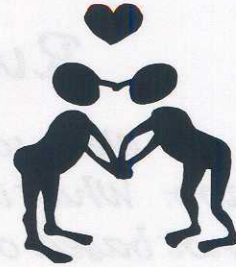

- *Dusty Williams— People thrive on rumors.*
- *J-M3 C-luck— Rumors are stupid and everyone who listens to them are stupid too.*
- *Jordan Smith— They're bad and 1\2 of them aren't true.*
- *The softball bus— People that have no life make up rumors that aren't true because they have nothing better to do.*
- *Alicia Adams— People who spread rumors should mind their own business if they don't know what they are talking about.*

## **The Race Track**

By James Allen

In this column we will try to cover all of the different types of racing. I will also try to do a review on cars coming out that young people like us would like to drive. Once in awhile I'll do the coolest car in school, and the most "Ghetto" car in school. You can write me for comments and recommendations. This month I'll be covering drifting. Next month I was thinking about nascar. If you would like something other than nascar, please write in.

### **Drift Point Standings**

(As of July 25, 2005)

<b><i>Rank</i></b>	<b><i>Driver</i></b>	<b><i>Car</i></b>	<b><i>Points</i></b>
1	Rhys Miller	Pontiac RMR GTO	346
2	Calvin Wan	Falken Infinity G35	295
3	Samuel Hubinette	Mopar Dodge Viper	290
4	Ken Gushi	Toyo Ford Mustang	286
5	Daijiro Yoshihora	Pacific Nissan S13	263
6	Veghn Gittin Jr.	Falke Ford Mustang	259
7	Taka Aono	4AG Toyota Ae86	255
8	Alex Pfirffer	RS-R Honda S2000	227
9	Chris Forsberg	Falken Nissan S15	181
10	Mike Peters	Flowmaster El Camino	175

### **What is drifting?**

For all of those who don't know what drifting is, basically, drifting is getting your car sideways down a road. It doesn't sound very hard, does it? Sounds a lot like power sliding, huh? Well, it isn't. It's much more complex. Instead of a drifter causing a drift and then countering to straighten out, he will instead over-counter so his car goes into another drift. That is the reason many drifters do this in the mountains, because there are many sharp turns strung together. In essence a good drifter has the ability to take five or six opposing turns without having traction at any point in time.

# A Few Things To Ponder On...

Submitted by Miranda Smith

1. Why do we press harder on the remote control when we know the batteries are getting weak?
2. Why do banks charge a fee of "insufficient funds" when they know there is no money in the account?
3. Why does someone believe you when you say there are four billion stars but check when you say the paint is wet?
4. Why doesn't glue stick to the bottle?
5. Why do they use sterilized needles for death by lethal injection?
6. Why doesn't Tarzan have a beard?
7. Why does Superman stop bullets with his chest, but ducks when you throw a revolver at him?
8. Why did Kamikaze pilots wear helmets?
9. Whose idea was it to put an "S" in the word "lisp"?
10. If people evolved from apes, why are there still apes?
11. Why is it that no matter what color bubble bath you use, the bubbles are always white?
12. Is there ever a day that mattresses are not on sale?
13. Why do people constantly return to the refrigerator with hopes that something new to eat will have materialized?
14. Why do people keep running over a string a dozen times with their vacuum cleaner, then reach down, pick it up, examine it, then put it down to give the vacuum one more chance?
15. Why is it that no plastic bag will open from the end you first try ?
16. How do those dead bugs get into those enclosed light fixtures?
17. When we are in the supermarket and someone rams our ankle with a shopping cart then apologizes for doing so, why do we say, "It's all right?" Well, it isn't all right so why don't we say, "That hurt!"
18. Why is it that whenever you attempt to catch something that's falling off the table, you always manage to knock something else over?
19. In winter why do we try to keep the house as warm as it was in summer when we complained about the heat?
20. How come you never hear father-in-law jokes?
21. If at first you don't succeed, shouldn't you try it like your wife told you to do it?
22. And obviously if at first you don't succeed, then don't take up sky diving!
23. And a favorite... The statistics on sanity are that one out of every four persons is suffering from some sort of mental illness. Think of your three best friends, if they're okay, then it's you.

## FCA LEADERS and VERSE OF THE MONTH

By Amber Jones

Fca has kicked it off. While packed in Ms. B's room, Tim Osborn led the large group (50+), and helped elect officers. Voting on T-shirt designs was another issue; everyone had a different idea. We think they're gonna be camo!

The leaders for this year are: Tim Osborn: President, Amber Jones: Vice President, Jessica Bauer: Treasurer, Salvador Prado: Secretary, Tony Blazer: Reporter.

"See you at the Pole" is September 21<sup>st</sup>. If you want to join our faith-filled club, sign Ms. B's door and pay \$2 dues.

## Amber's Verse of the Month:

For I know the plans I have for you, declares the Lord, plans to prosper and not to harm you, plans to give you hope and a future.

Jeremiah 29:11
