1st Place: Heartbreak

By: Ava Acosta

**You're the one I love
You're the one I trusted
But then you got busted
Now I'm not sure what to do
I don't know who you are
I used to be one and you used to be two
You used to be my star
Our friendship bloomed
I guess I wasn't enough
Then we became doomed
I really do miss all the stuff
You used to be a dime
Now it's my time to shine**

2nd Place: Tears

By: Monika Paugh

By: Monika Paugh

**I can see the tears,
When I think of my fears,
My fears are losing another loved one,
I couldn't stand to lose another one,
Every day I wonder why,
Why I am left here to cry,
There is not a day that I don't think about you,
I think about you out of the blue,
People ask me what is wrong,
I think of you when I hear a song,
It has not been long,
Since you been gone,
I have no clue what to do,
But what other people want me to do,
All I know is that you are my dad,
You have done some good and some bad,
But I forgive you for everything,
As you're soaring in heaven with your wings**

Third Place: Grandma

Miss and Love You

While you were lying there dying in the hospital bed
There were so many things running through my head.

Without me able to say to you "goodbye".

Along with the stars in the night sky.

That makes me want to cry.

Because Jesus has taken you.

While your family down here has been missin you.

Since you died in the year 2013

My touch has been stronger with horses that have never been seen.

Thanks with your help as a guide,

There is no decision I can't decide.

With your help along the way.

Is making me who I am today.

Why did he have to take you away,

Because I'm suffering without you most days.

With you gone.

There is no reason for me to be happy from now on.

I miss and love you with all my heart,

That can never be torn apart.

And I would not have it any other way

Especially with the people I have in my life today.
