2 **Emergency Response to Life Threatening Asthma or**
3 **Systemic Allergic Reactions (ANAPHYLAXIS)**
4

5 School employees will comply with the requirements of “Protocol: Emergency
6 Response to Life Threatening Asthma or Systemic Allergic Reactions
7 (Anaphylaxis)”. The district shall procure and maintain the equipment and
8 medication necessary to implement the protocol.
9

10 The superintendent shall obtain the required signature(s) of one or more
11 physicians licensed to practice medicine in Nebraska on the form entitled
12 “Protocol: Emergency Response to Life Threatening Asthma or Systemic Allergic
13 Reactions (Anaphylaxis)” (“Protocol”). The superintendent shall publish this
14 policy and Protocol in each employee handbook.
15

16 The superintendent shall arrange to have a qualified medical person train
17 employees, and for training updates as necessary.
