

1 **5062**  
2 **Lice and Nits**

3  
4 Students found to have head lice, louse eggs, or nits will not be permitted  
5 at school and will be sent home. Upon discovering the presence of any  
6 indication of lice, louse eggs, or nits, the student's parent(s) or guardian(s) will be  
7 notified, and if appropriate will be asked to pick up the student from school  
8 immediately.

9  
10 Students will not be permitted to return to school until the district finds that  
11 no live lice, eggs, or nits can be detected. The parent(s) or guardian(s) will be  
12 required to treat the student and accompany the student to school to be  
13 examined.
