2 **Student Assistance Team Process**

3  
4 Pursuant to the Rules of the Nebraska Department of Education, the school  
5 district uses general education student assistance teams (SATs). SATs  
6 consider and create problem-solving and intervention strategies to assist  
7 classroom teachers to meet the needs of students who may be struggling in  
8 the general curriculum or who are struggling to comply with the student  
9 code of conduct or to meet acceptable behavioral and social norms.

10  
11 All teaching staff must:

- 12  
13 1) Support the SAT process by appropriately referring students who may  
14 benefit from the SAT process; and  
15  
16 2) Faithfully and consistently implementing the intervention strategies  
17 recommended by the SAT.  
18

19 The failure to support the SAT process is a serious matter and may  
20 constitute just cause for terminating or canceling a teacher’s employment.
