

# LCSC Chromebook Protection Plan 2021-2022 School Year, 9 –12

The use of technology is essential to the success of our students' education. For this reason, LCSC provides computers, a network and access to the Internet for all students. Students in grades 9-12 are issued Chromebooks for use in accordance with LCSC's *1:1 Laptop Policy, and Acceptable Use Policy*. Students are responsible for complying with the terms of these policies and the accompanying rules at all times.

## Proper Care of Chromebooks

Students are responsible for proper care of the Chromebook issued to them at all times, on or off school property. The following Rules must be followed:

- Students have up to five school days from receiving their Chromebook to report any damage to the Chromebook. After five school days, any damages are the responsibility of the student and parent/guardian.
- Chromebooks should not be stored in bathrooms or locker rooms.
- Chromebooks will not be left out in areas of dampness and extreme temperature (i.e. in a vehicle in the winter or on a hot day).
- Chromebooks will be stored and transported in a zipped, padded backpack at all times to and from school.
- Chromebooks will be kept in the student's possession or locked up at all times.
- Chromebooks will be brought to school with batteries fully charged.
- While using the Chromebook, all drinks should be in sealed containers and placed on a different surface other than the Chromebook.
- Each student is responsible for all actions involving his/her Chromebook or charger.
- Students should not let anyone else other than parents/guardians to use it.

## Chromebook Protection Plan

LCSC Chromebooks are covered under our LCSC Protection Plan for all LHS students. This protection is being offered through Technology Resource Advisors (TRA) and facilitated by LCSC. There are no additional upfront costs to be part of this program.

## Coverage and Deductible Costs

The protection plan covers up to three accidental damages or up to the cost of the device, which is \$295, whichever comes first per year. Once one of those limits are reached, the protection plan will no longer cover the cost of the damages and any future fines will be for the full cost of the repair by the parent or guardian.

Rate per Student	1st Claim Deductible	2nd Claim Deductible	3rd Claim Deductible
\$0	\$0	\$25	\$50

NOTE: The deductible will need to be paid before any repairs are done to the Chromebook. Loaners will be available on a first come first serve basis during the repair process once the deductible has been paid.

### What is covered

The Chromebook Protection Plan Covers the following components damaged from **accidental** damage:

- Screen
- Keyboard
- Plastic shell
- Internal components
- Warranty items covered for manufacturing defects

### What is not covered

The following are not covered:

- Intentional Damage
- Damage due to negligence
- Cosmetic scratches and dents

\*LCSC will determine whether damage to a Chromebook is considered accidental, intentional or negligent.
