

Pierce County Department of Human Services Referral List

Pierce County DHS accepts Private insurance, Comp-Care Badgercare, Group Health-Eau Claire Badgercare, and SSI-M.A. We also accept Medicare for psychiatry, but not for counseling. We also do a sliding-fee scale.

Pierce County DHS does not accept United Health Care Badgercare, unless the consumer is determined eligible and agrees to the Comprehensive Community Services program through the Western Region. Ask the intake worker about this program. Pierce County DHS does not accept children under the age of 14 for psychiatry, unless it is for day treatment management. In-home family therapy is a contracted service through Lutheran Social Service. This program requires a functional screen eligibility determination-person must be on Medicaid/Badgercare and must be screened into the CCS program.

Pierce County has a psychiatrist, 2.5 mental health therapists, and 2.5 alcohol/drug counselors. We have no psychologists on staff. Priority is given to court-ordered individuals and those with no insurance. For attention-deficit order medication, we need a recent psychological evaluation from another agency.

We can't make specific recommendations, but these are some of the other resources in the area. Please check with your insurance provider or Medical Assistance to verify coverage for services. Places that accept Badgercare may NOT accept certain HMOs. Call first. Please let us know if you find a resource that is outdated, by calling 715 273-6770.
