Principal Haro's Corner

Dear Crow Families:

There are a lot of activities happening at Crow Middle/High School. Currently, juniors are state testing in math, middle school is state testing in math and language arts and all students are testing in science class. We are happy with the results that we are seeing so far with our preliminary scores. It takes a while for Oregon Department of Education to correct and download the scores to the website. As they come in we are monitoring scores and reviewing our results.

We participated in the district track meet last weekend and will be participating in the state track meet this Friday and Saturday. Stay tuned to the Facebook site for results. Additionally, our baseball team has one more game to finish out their season.

Teachers will be completing the last progress report of the year this Friday. Please check your mail next week for the delivery of the progress reports. If you have questions or concerns, please feel free to contact me or the main office to set up a time to discuss your concerns.

We had the National Honors Society induction ceremony yesterday. Three students were inducted into NHS; Tayla Parsons, Olivia Dougherty and Makayla Brown. These students have worked hard to maintain a 3.5 GPA, be a leader in the building and community and have high moral character, all of which are criterion to be inducted into the National Honors Society.

May 24th is the cut off for the attendance reward field trip. Students can have one excused absence and no unexcused absences or tardies in order to be eligible for this amazing field trip.

Great News about the Applegate Panthers!

From Principal Aaron B. Brown

End of the year add back days.

Due to the winter snow and ice storms and having to cancel school for more than a week, the district will need to extend the school year to June 20th. In order to meet the state's required instructional time for students, and contractual obligations, the district will add four student contact days to the calendar. The last day for students will be June 20, 2019. The rest of the calendar will remain the same with no changes to days off or half days. Friday, June 14th will remain a half day for students. Here is an updated June calendar.

Assembly

This last Friday the student body was treated to a special assembly. Officer Casey from the Eugene Police Department narrated, while Chris Lloyd and police dog "Canine Juke" demonstrated how Police dogs are trained. The demonstration highlighted the duties of a police dog such as finding evidence and subduing a suspect. Officer Casey explained how these police dogs become a part of their family and about the time needed to train and hone their skills.

Congratulations to our latest **Perfect Panthers!!**

You make everyone Proud!

From Kindergarten: Kaelyn Waldecker

Kaelyn could be chosen as Perfect Panther for so many reasons but I want to focus on a couple of things that really impress me about her. At Team Time Kaelyn always has a great attitude. She enjoys the music, participates 100% and remembers to be sure to dance and exercise instead of visiting with her friends. Since she is enthusiastic about it, she often wants to be chosen to go on stage. I am so proud of her because when it is her turn she makes sure to watch the teacher and copy the moves carefully. Even more impressive is the way she handles it when I have to tell her no because it is someone else's turn. She always just smiles, says ok and then goes down to her spot with the class to dance just as happily as if she was on stage.

It is not surprising that she is such a hard worker at Team Time because that is just the type of student that she is. During reading group, writing, math, art, working alone or with a partner---Kaelyn does her absolute best! Recently we have been studying different creatures of the ocean and Kaelyn took her time to make an amazing lobster drawing and a beautiful octopus. When it was time to write her facts, someone had already chosen the first few that she thought of so she just happily thought of another one. Then she used best guess spelling and her nicest writing to finish the project. Thank you for being such an amazing student Kaelyn!

From 6th Grade: Kyler Colwell

I have chosen Kyler Colwell to the Panther in the spotlight for this week. However, Kyler has been doing these things for the past several weeks and have been so amazed at how much he has grown in the last few months. He has morphed into a fine young man, not just an elementary student.

The first thing that I want to recognize is that he has taken it upon himself to sit with a younger student at breakfast in the mornings. This younger student is working really hard to improve his behavior so that he can attend our PBiS trip to Splash next month. Kyler took it upon himself to sit with him, so that he wouldn't be lonely and that he wouldn't be tempted to engage with the kids that cause him to misbehave! If that isn't a natural born leader, I don't know what is!

The second thing I want to draw attention to is that he is often seen helping around the school. He is often one of the first students that the office calls on to help because he works hard and efficiently, and only needs to be told directions once.

Finally, I want to call upon the fact that Kyler has made steady, noticeable and admirable improvements in his grades since the beginning of the school year. He now takes pride in the quality of his work and is reaping the benefits of what he has sown. I have no doubt that Kyler will find the transition into middle school a smooth one because he has worked so hard this year!
