

Interdistrict Attendance Permits

The Governing Board recognizes that parents/guardians of students who reside in one district may, for a variety of reasons, choose to enroll their child in a school in another district.

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts. (Education Code [46600](#))

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student's permit. (Education Code [46600](#))

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request, the Superintendent or designee may authorize transportation for interdistrict transfer students to and from designated bus stops within the attendance area if space is available.

Limits on Student Transfers Out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code [48307](#).

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state's standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice. (Education Code [48307](#))

The district may deny a transfer of a student out of the district to a school district of choice if the Board determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan of the district. (Education Code [48301](#))
