

# Immunization Requirements for the 2019 - 2020 School Year

K.A.R. 28-1-20 defines immunizations required for any individual who attends school or a childcare program operated by a school. Below are the requirements for the indicated school year. Please carefully review the requirements. The usual number of doses required are listed; however there are exceptional circumstances that could alter the number of doses a child needs. If you have questions about your child's immunization status, contact your child's primary care provider or local health department.

**Proof of receiving the required immunizations must be provided to the school prior to the student attending the first day of school.**

## Notes

\* Varicella (chickenpox) vaccine is not required if child has had chickenpox disease **and** disease is documented by a physician signature. Without physician signature, vaccine is still required even if you believe your child has had chickenpox disease.

\*\*Total doses needed are dependent on vaccine type and age the doses were administered.

\*\*\*All Students in grades K-8, all new students and students currently completing the polio series must have 6 months between the last 2 doses of polio vaccine, and one dose must be after the 4th birthday.

~All students in grades 7-12 must have one dose of Tdap regardless of the interval since the last dose of DTaP or Td.
