

Kenner Discovery Health Sciences Academy

Dear Swamp Owl Parents and Guardians:

The faculty and staff are excited to announce the **fifth annual Family Science Day on Thursday, August 8, 2019 for students entering K through 8th grade**. We invite you to attend during your designated time slot to keep the event running smoothly and make it a great day for all families. Time slots are by students' last name. Anyone who cannot attend during their designated time is invited to come between 3:00 and 5:00 pm. If your child would also benefit from less sensory stimulation, this is also a good time to attend.

Supply Drop Off and Meet Your Teacher!

Upon arrival, each family will receive a campus map with a designated path and the locations of all the activities. **All 1st through 7th grade students are to bring their supplies on this day.** Kindergarten and 8th grade students will NOT bring their supplies on Family Science Day. You are still invited to take pictures, meet your teachers, and participate in science activities.

Transportation Arrangements

All students in grades 1st- 4th are to bring their school bags! We will be tagging them to indicate how students will get home each afternoon (carpool, bus, aftercare, walkers, etc.). **Carpool signs will be printed and distributed in the 200 building.** Please make sure to pick yours up! Wells Transportation and Community Works will also be on hand.

Individual Student Pictures

All students must be in complete uniform to take their student ID picture. There will be order forms available.

OWL Shop and Student Fees

Parents will be able to make purchases from the OWL shop and pay any remaining fees with the business office. Gulf Coast will also be available to take payments.

After School Programs

Representatives from our many after school activities and enrichment programs will be ready to give you more information. Some of these programs include Lego League, Boy Scouts and Girl Scouts, Safety Patrol, 4H, and Girls on the Run.

Fun Science Activities

Following the mission of KDHSA, there will be activities set up in the Swamp Owl Cafe. These will be hands-on activities, for students of all ages. Families are encouraged to participate with their students so they can see what amazing science concepts their students will be learning.
