A PUBLICATION OF BANGOR TOWNSHIP SCHOOL DISTRICT

AUGUST 2019

SUPERINTENDENT'S MESSAGE

Once a Bobcat always a Bobcat! As I begin my seventh year with Bangor Township Schools, I can't tell you how many times I hear this across our district and in our community from current and former students of ours. Being a Bobcat is special, it's a badge of pride

that takes us back to a time in our lives when we were developing into the people we are today. Being a part of the Bangor Township Schools family is special and something that our board of education and staff value. We strive to serve our students, families and community with the highest level of service and education possible. We know that to make our community better, we have to do our best in educating our youth, be good stewards of your tax dollars

and always commit to be an integral part of making our community better. Every school year we recommit ourselves to these ideals, and the 2019-20 school year is no different.

As our students head back to school this year there are several significant improvements that have taken place over the summer, some that students and families will see and some they won't:

- Boilers We have replaced our pool boiler at JGHS because the old one was no longer operational.
- Tennis Courts We are resurfacing our tennis courts at JGHS since they were in need of repair and resurfacing.
- Parking lots We have resurfaced and relined our parking lots at JGHS and CMMS.
- Virtual School The location will be changing this year. Instead of the virtual school being located at our Edison Administration Building, it will now be located in the plaza where Kmart used to be located. It will be in the retail space between Grondin's and Souper Cafe.
- 1:1 at JGHS We are excited that our high school will be going 1:1 starting this school year. Every student will be receiving a Chromebook laptop to use both at school and at home, and they will keep the device once they graduate. Our goal is to be 1:1 districtwide by the end of the 2020-21 school year.

Being good stewards of taxpayer money is something we do not take lightly. We want to use those dollars to keep our schools and facilities in great shape as we know they are a reflection of our greater Bangor Township community. While the improvements listed above are needed, perhaps none are as important as the renovations that took place to all our building entrances over the summer.

All five of our main school buildings had their entrances renovated over the summer. With a safety grant we were awarded in the spring from the Michigan State Police and State of Michigan, we were able to renovate and harden our entrances to make all of our buildings safer. When students and families enter our buildings, they will see and feel the difference. No longer will there be easy access to various parts of our buildings. Visitors will be confined to the main entrance area unless granted permission to enter the main part of the building. Then, if they are granted that access, they will need to sign into our visitor system with their driver's license and wear a visitor badge while in the building. However, we find that 85-90% of visitors never need to do that as they are usually there to drop off or pick up their child or to drop something off to them. These instances will now be handled in the entrance area.

Please be patient with us as we implement this new approach to serving our students, families and community. These renovations were done with the goal of making our buildings safer for students and staff. These changes, along with the addition of our school resource officer, are a few of the safety upgrades we will be making for our district.

I hope this communication gave you enough information so that you are updated on where we are at in terms of our progress. If you should ever have any questions, please do not hesitate to contact me. We are looking forward to a great 2019-20 school year. Go Bobcats!

Matt Schmidt, Superintendent of Bangor Township Schools

PUBLIC NOTICE-ANNUAL PESTICIDE APPLICATION

Beginning April 1, 2019 and continuing through Oct 31, 2019, all of Bangor Township School District buildings are subject to the annual pesticide application. This notice is published in accordance with the law. If you have any questions regarding these applications, please call our Administrative offices at (989) 684-8121.

PUBLIC NOTICE-ANNUAL ASBESTOS HAZARD EMERGENCY RESPONSE ACT

This notice is to inform you that a Management Plan has been completed and submitted to the State of Michigan for approval and is currently available for your review at the Edison Administration Building.

For every school building where asbestos has been found, there is a Management Plan containing information regarding location, condition and a plan for monitoring and maintaining the asbestos containing materials.

At least once a year the district will inform you in a similar manner about asbestos activities that are planned or are in progress. The following asbestos activities are currently planned for the district:

- Re-Inspection Re-inspection of all district buildings is required by law every three years.
- Periodic Surveillance Once every six months, asbestos containing materials must be visually inspected for changes in condition. The results of these inspections are also documented in the Management Plan.
- Response Actions The regularly scheduled inspections permit the school district
 to immediately repair any damaged asbestos containing materials and maintain a
 safe environment for all students and employees.

In the event that there is a need to remove any asbestos containing materials, the district will contract an experienced and qualified asbestos abatement contractor and a professional consultant to independently monitor the activities to ensure the safety of the occupants. Records of the response action and a report of the monitoring are on file at the Edison Administrative building.

If you have any questions or concerns regarding the existence of asbestos containing materials or the information in this Annual Notification, please contact (989) 584-8121.

TITLE I PROGRAM AT BANGOR SCHOOLS

Your child currently attends a school that receives funds from the Title 1, Part A Program. Title 1, Part A is a federal supplemental program designed to help children reach high academic standards. In receiving funds from the program the district has a requirement to inform you, as parents of children attending a Title 1 school, of information available to you regarding the professional qualifications of your child's classroom teachers. Information will be provided to you upon request and in a timely manner of the following:

- Whether your child's teacher had met Michigan qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your child's teacher is teaching under emergency or other provisional status through which Michigan qualification or licensing have been waived.
- The baccalaureate degree major of your child's teacher and any other graduate certificate and the field of discipline of the certification or degree.
- Whether your child is provided services by para-professionals and, if so, their qualifications.

You may request additional information on the level of achievement of your child in each of Michigan's assessments. Michigan uses the M-Step to determine levels of achievement.

You will also receive timely notice if your child is, for whatever reason, assigned, or has been taught for four or more consecutive weeks by a teacher who is not highly qualified. A highly qualified teacher would be defined as a teacher who meets Michigan's qualification and licensing criteria for the grade level or subject area in which the teacher is providing instruction.

Please contact Curriculum Director Rebecca Young at (989) 684-8121 for questions regarding these issues.

We are looking forward to starting a new school year with success. We hope you are, too!
