

298 Lincoln State Assessment Review for Budget Considerations

298 Lincoln District Summary

(A) Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.

There are always a number of challenges that should be considered when evaluating student success in a district. Some of the key barriers that impact our School District include, but are not limited to:

- High percentage/number of free and reduced students and increased poverty rate
- Though not necessarily identified as at-risk using the free and reduced lunch calculation, a number of students are at a high risk of falling behind
- Difficulty in retaining and attracting highly qualified teachers and replacing teachers as they retire
- Special Education funding shortfall has limited supports of our highest need students
- An increasing level of social emotional challenges and needs of students
- We believe using one assessment score is not an accurate measure of student success, especially because assessments are written in a way to avoid 100% success for every assessment participant.

(B) Identify the budget actions that should be taken to address and remove those barriers.

Our School District faces a number of budget challenges when determining how to allocate funds to best meet the needs of our students. Given our population, the following budget considerations could have the biggest impact on student achievement:

- Increased salary to recruit and retain high quality certified and classified staff
- Increase funding for Pre-K programs
- Allocating budget to focus on prevention, identification, and intervention concerning trauma and mental health issues

(C) Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budget actions would be implemented.

While our board of education, administration, teachers and classified staff work tirelessly to meet the academic and social emotional needs of all of our students, too many factors come into play that do not allow us to accurately assess when all students will be at a certain level. Some of

those factors include:

- The current and future levels of school funding have a significant impact on student learning and any increases or decreases have an affect on student success. Any changes to those funding levels, in either direction, impact the ability of students to meet proficiency criteria.
- Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students
- While assessment scores are one measure, our district does not believe that student assessment scores should be the sole measure of student proficiency
- Similar to how other professionals, such as doctors, lawyers, etc, cannot ensure 100% success due to a variety of factors and obstacles, we will be unable to achieve 100% proficiency

Lincoln Junior/Senior High School Building State Assessment Review

District: 298 Lincoln

School: Lincoln Junior/Senior High School

Building Number: 2842

Grades Served: 6-12

(A) Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.

Our teachers, students, and families face a number of challenges in ensuring student proficiency on assessments. Some of those challenges at this school include:

- High percentage/number of free and reduced students and increased poverty rate
- Though not necessarily identified as at-risk using the free and reduced lunch calculation, a number of students are at a high risk of falling behind
- Difficulty in retaining and attracting highly qualified teachers and replacing teachers as they retire
- Special Education funding shortfall has limited supports of our highest need students
- An increasing level of social emotional challenges and needs of students
- It is difficult to encourage a student's highest performance on an assessment that does not impact their future.
- Diminishing local control limits our ability to provides supports and services specific to our student and community population
- We believe using one assessment score is not an accurate measure of student success, especially because assessments are written in a way to avoid 100% success for every assessment participant.

(B) Identify the budget actions that should be taken to address and remove those barriers.

Our students face a growing number of barriers to success and this school continually works to support them. Current budget constraints that impact our ability to successfully remove barriers for our students include:

- Increased salary to recruit and retain high quality certified and classified staff
- Additional staff members hired to meet the individual learning and SEL needs of all students

(C) Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budget actions would be implemented.

There is no way to accurately predict how children will respond to our interventions because we cannot fix the daily challenges they face. Many factors impact students' academic achievement, such as:

- Our ever-changing student population brings a varying degree of cognitive abilities and disabilities which precludes us from being able to guarantee a date when all students will meet a singular level of proficiency.
- Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students
- Similar to how other professionals, such as doctors, lawyers, etc, cannot ensure 100% success due to a variety of factors and obstacles, we will be unable to achieve 100% proficiency

Lincoln Elementary School Building State Assessment Review

District: 298 Lincoln

School: Lincoln Elementary School

Building Number: 2840

Grades Served: PreK-5

(A) Identify the barriers that must be overcome for each student to achieve grade level proficiency on assessments.

Some of the key barriers that must be overcome at this school include:

- High percentage/number of free and reduced students and increased poverty rate
- Though not necessarily identified as at-risk using the free and reduced lunch calculation, a number of students are at a high risk of falling behind
- Difficulty in retaining and attracting highly qualified teachers and replacing teachers as they retire
- Special Education funding shortfall has limited supports of our highest need students
- An increasing level of social emotional challenges and needs of students
- We believe using one assessment score is not an accurate measure of student success, especially because assessments are written in a way to avoid 100% success for every assessment participant.

(B) Identify the budget actions that should be taken to address and remove those barriers.

This school faces a number of budget challenges when determining how to allocate funds to best meet the needs of our students. Given our population, the following budget considerations could have the biggest impact on student achievement.

- Increased salary to recruit and retain high quality certified and classified staff
- Allocating budget to focus on prevention, detection and intervention concerning trauma and mental health issues

(C) Identify the amount of time the board estimates it will take for each student to achieve grade level proficiency on the state assessments if the budget actions would be implemented.

There is no way to accurately predict how children will respond to our interventions because we cannot fix the daily challenges they face. Many

factors impact students' academic achievement, such as:

- Our ever-changing student population brings a varying degree of cognitive abilities and disabilities which precludes us from being able to guarantee a date when all students will meet a singular level of proficiency.
- Lack of constitutional funding of special education continues to impact our ability to fully meet the needs of all students
- Similar to how other professionals, such as doctors, lawyers, etc, cannot ensure 100% success due to a variety of factors and obstacles, we will be unable to achieve 100% proficiency
