STUDENT/PARENT INFORMATION

ACADEMICS

The primary purpose of Riverside Schools is to provide students with the best learning environment and opportunities possible. We encourage students to do their best in school and take advantage of numerous opportunities available. Much depends on the learning habits and self-discipline we develop in our school years. We encourage students to take a rigorous and challenging academic schedule but not to forget the opportunities provided through the elective curriculum at Riverside Schools.

AFFECTION

Public display of affection will not be permitted. Violations may result in detention or suspension.

AFTER SCHOOL ACTIVITIES

The policies, rules and regulations of USD 114 apply to all activities sponsored by the district, including those held on or off school property and while traveling in school sponsored transportation. Students who are suspended or expelled are not eligible to attend any school sponsored activity at home, away, or at a neutral site.

AFTER SCHOOL POLICY

Any student in the building after school must be directly supervised by a staff member for a valid reason or they must exit the building by 3:35 pm. Students staying after school for a valid reason must report to the main entrance to wait for their ride and be picked up within 15 minutes of the end of their activity. Students who are found to be loitering in other parts of the building after school hours will be subject to disciplinary action.

ALTERNATIVE SCHOOL

The building principal may assign any student who has accumulated 8 discipline points to the Alternative School. Most students will be assigned to the Alternative School after they have accumulated 20 discipline points. Students who start the school year at the Alternative School will be allowed 15 discipline points. Students assigned to the Alternative School after accumulating 15 points in the same school year will be allowed 6 probation points. Transfer students coming from an Alternative School setting could be initially placed in the Alternative School depending on the circumstances. This will be considered on a case-by-case basis. Alternative School students are not allowed to be present at either regular campus without the permission of the building principal on that campus.

ATHLETIC PARTICIPATION FEES

Any student involved in a sport will pay an athletic participation fee. The middle school participation fee is \$20.00 for an unlimited number of sports.

ATHLETIC UNIFORM AND EQUIPMENT REPLACEMENT POLICY

Any athletic uniform or equipment is the responsibility of the person whom it is issued or loaned. Restitution for loss or negligent damage to a uniform or equipment will be assessed. Athletic uniforms/jerseys are not to be worn by other individuals who are not members of a specified team.

ATTENDANCE POLICY

One of the most critical records kept by the school is student attendance. Not only is proper attendance necessary for student success in school, it is also a good indicator of future success on the job. Employers are acutely aware of this fact and place great emphasis on past school attendance when they hire.

So that the school's records will accurately reflect the history of student attendance, it is important to follow the below rules:

1. On the day of the absence, the parent or legal guardian is to call the school before 9:30 a.m. to notify authorities the child was not sent to school. This allows us to account for all students each morning and serves as a safeguard for your child. When student returns to school, parent or legal guardian needs to send a note stating why the student was absent.
2. In cases of absences due to prolonged illness (three or more days), verification of the illness by the school nurse or family doctor is preferable to a note from the parent. This policy performs two very important functions: (a) It allows the school to monitor

communicable diseases and be able to take early action against them; and (b) It lends more credibility to our records by allowing the school to verify the illness and identify those students whose problem may actually be a social one at school.

3. Except when verification of illness has been made by the school nurse or family doctor, the student is to bring a written statement signed and dated by the parent explaining the reason for the absence.

The courts have ruled that it is the parent's responsibility to comply with the compulsory attendance law. Students will have the total number of days missed in succession plus one more day to make up all homework, quizzes, tests, etc.

K.S.A. 72-1113 (d): Whenever a child is required by law to attend school and is enrolled in school and the child is inexcusably absent therefore on either three consecutive school days or five or more school days in any semester, the child shall be considered to be not attending school as required by law. Students will be held responsible for obtaining their own make-up work.

Attendance will be kept on a semester and yearly basis for each class. When a student misses school, except for school-sponsored activities, it will be recorded as an absence in each class missed.

Period Absences:

If a student is less than 15 minutes late for any period, it is counted as a tardy. If a student is more than 15 minutes late for any period, it is counted as an absence for the entire block.

The following are valid reasons for an absence being classified as **excused**:

- illness
- doctor and dental appointments; (written verification of the appointment from the doctor's office is recommended)
- prearranged absences by parents for extenuating circumstances such as funerals
- other reasons when approved by the building administration

- time spent on OSS will be counted as an excused absence; **field trips or other school sponsored activities will not be counted as an absence; **It is the PARENTS responsibility to notify the school by 9:30 a.m. on the day their son or daughter is absent. If contact is not made by a parent, the attendance secretary will attempt to make contact to verify the absence. If parents do not notify the school within 48 hours of the student's return, the absence will be classified as unexcused. Point of emphasis: To be an excused absence, the absence must fall into one of the above four categories; simply notifying the school of a student's absence does not guarantee that the absence is excused. One phone call to excuse a number of absences over an extended period of time will not give the student an excused absence.

Excused Absences

An excused absence is an absence where a student is sick and has been called in by the parents before 9:30 A.M. The school determines if an absence is excused or unexcused.

Unexcused Absences

Any absence that a parent or guardian has not contacted the office is considered an unexcused absence. In the event that a parent has not contacted the office and the absence does not meet the definition of an excused absence, the student will be considered skipping school and the appropriate consequences will be given to the student.

Advanced Notice of Absence

Advanced make-up work may be given to students who need to be gone from school. However, it will be the student's responsibility to plan ahead and notify each instructor of a planned absence. The best interest of the student may not be served if class work is such that it should not be given out of sequence.

Truancy

Students who are absent and meet the following conditions will be reported to the appropriate authorities in Doniphan County. For middle school Students they will be reported to the County Attorney. For Elementary Students they will be reported to SRS.

- Student is absent for three consecutive days unexcused.
- Student is absent 5 cumulative days within a semester unexcused.
- Student is absent 7 cumulative days within the school year unexcused.

BACKPACKS

Backpacks, bags, and purses will be kept in the students' lockers during the school day. These will not be carried during the school day, including, taking them into classrooms.

BEHAVIOR AT SCHOOL FUNCTIONS

In order to insure a safe and enjoyable environment for the spectators at all school function, events, and sports contests, these guidelines should be followed.

1. An adult must accompany all children (K through Grade 5).
2. All students, K through Grade 2 must sit with adults in the gymnasium or outside at football field during contests. Playing in the gym and hallways during volleyball and basketball contests will not be allowed.
3. Continued misconduct on behalf of the unruly students may result in the students being prohibited from attending the remaining home games.
4. Parents of any student asked to leave the premises, for any reason will be contacted before the students are allowed to leave the gymnasium/field.
5. All students must leave the building when the bell rings at the end of the day. They can re-enter the building after 4:00 through the collection gate.
6. When students come to volleyball or basketball games they need to enter the gym and watch the game – no loitering out in the hallway, talking to friends. Repeat violators will be asked to leave.
7. Entrance/exit doors must be kept clear. **DO NOT BLOCK DOORWAYS.**
8. **NO PETS ALLOWED ON SCHOOL PROPERTY AT ANY TIME.**
9. **USE OF BAD LANGUAGE WILL NOT BE TOLERATED!**

BUILDING HOURS AND GROUNDS

East Campus (3rd-8th Grade) classes begin at 8:10 a.m. and dismiss at 3:30 p.m.

The East Campus main buildings will be open at 7:30 a.m. and breakfast is served beginning at 7:35 a.m.

Students should not arrive before 7:30 a.m. unless special circumstances (field trips, etc.) and should enter the front door of the old gym. Students are expected to stay on the school grounds once they arrive. Students will not be allowed to leave without parent/guardian notification except in unusual circumstances approved by the principal. Loitering, running the hallways, etc. will not be tolerated. Students are not allowed to loiter in the parking lot before or after school.

BULLYING POLICY ACTION PLAN (JDDCA)

Bullying

Riverside USD 114 Schools are committed to providing a safe, positive, productive, and safe educational environment for all of its students. Our school encourages the promotion of positive interpersonal relationships between members of the school community. Aggressive behavior toward a student or staff member, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The school will not tolerate any comments, threats, or actions, which cause or threaten to cause bodily harm or personal degradation. This applies to all activities in the District, including activities on school property or while traveling on school transportation enrooted to or from school and those occurring off school property if the student or employee is at any school-sponsored activity, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business.

Bullying is defined as any intentional gesture or any written, verbal, or physical act or threat that is sufficiently severe, persistent, or pervasive that creates an intimidating, threatening or abusive educational environment for a student or staff member that a reasonable person, under the circumstances, knows or should know will have the effects of:

- a) Harming a student or staff member, whether physically or mentally;
- b) Damaging a student's or staff member's property;
- c) Placing a student or staff member in reasonable fear of harm to the student or staff member;
- d) Placing a student or staff member in reasonable fear of damage to the student's or staff member's property;
- e) Any form of intimidation or harassment prohibited by the board of education of the school district in policies concerning bullying adopted

pursuant to this section or subsection (e) of KSA 72-8205 and amendments thereto.

Conduct which is not bullying policy

For the purpose of this policy, bullying does not mean mere teasing, put-downs, “talking trash”, trading insults, or similar interactions among friends, nor does it include expression of ideas or beliefs so long as such expression is not lewd, profane, or does not interfere with students ability to learn, the instructional program, or the operations of the school. This does not preclude teachers or school administrators from setting and enforcing rules for civility, courtesy, and/or responsible behavior in the classroom and the school environment.

Bullying determination

The determination whether a particular conduct constitutes bullying requires reasonable consideration of the circumstances, which include the frequency of the behavior at issue, the location in which the behavior occurs, the ages and maturity of the students involved, the activity or context in which the conduct occurs, and the nature and severity of the conduct.

Reporting of bullying

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. All complaints about aggressive behavior that may violate this policy shall be promptly investigated. Reports shall be made to any faculty member or the principal. All reports will be investigated by the principal.

Bullying sanctions

Cyber bullying will not be tolerated and will be treated as a Level II offense. This includes, both on campus and off campus cyber bullying that causes a substantial and material disruption of the school environment.

Peer Conflict is not bullying.

BUS CONDUCT RULES/CONSEQUENCES

The first bus conduct report will be a warning. Applicable discipline consequences will be applied to any school rule violations.

The second bus conduct report will result in a three to five day suspension from riding any school transportation. Applicable discipline consequences will be applied to any school rule violations.

The third bus conduct report will result in a ten-day suspension from riding any school transportation. Applicable discipline consequences will be applied to any school rule violations.

The fourth bus conduct report will result in a suspension from riding school transportation of the remainder of the school year. Applicable discipline consequences will be applied to any school rule violations.

In the event that any bus violations that occur prior to the fourth bus violation are deemed dangerous or severe by the administrator, the student may be either given a longer bus suspension or suspended from riding the bus for the remainder of the school year.

Riverside students who ride school transportation and live within 2.5 miles of their attendance center will be suspended from riding school transportation upon the first bus conduct report.

Transportation Arrangements

If student's regular transportation arrangements from school to home are altered, Riverside USD 114 recommends that parents/guardians make those arrangement prior to 2:30 p.m. Riverside USD 114 staff can't guarantee alternate travel arrangements for students after 2:30 p.m.

During the suspension period, it is the responsibility of the parent/guardian to arrange/provide transportation for the student. Absences during the suspension period will be unexcused. If the student bus conduct is severe, they can be suspended from riding the bus for a longer period of time than those listed above.

Riverside USD 114 will only transport students who live within the school district boundaries who meet the board approved transportation criteria. Out of district students will not be transported by Riverside USD 114.

INSTRUCTIONS TO STUDENTS WHO RIDE THE BUS

- The driver is in charge of the pupils and the bus. Pupils must obey the driver promptly and respectfully.
- The driver may assign a seat to each student, and each student must be provided a seat. Students in less desirable seats may move to a second assigned seat for added comfort after the passenger load is lightened and when the bus is not in motion.
- Pupils must be on time. The bus cannot wait for those who are tardy. Pupils must walk on the far left side of the road facing traffic when going to the bus stop.

- Pupils must never stand in the roadway while waiting for the bus. All pupils must wait for the bus off the traveled portion of the road. Students should wait in an orderly manner and never push a fellow student.
- Students are not allowed to take pictures or videos with their cell phones or any other electronic device while riding the school bus under any circumstances.
- Unnecessary conversation with the driver is prohibited. Do not talk loudly or distract the driver's attention. Remember, your safety is in his hands. No yelling or screaming will be permitted on the buses.
- Outside of ordinary conversation, classroom conduct is to be observed.
- Pupils must not throw waste paper or other rubbish on the floor of the bus. Help keep your bus clean and sanitary at all times.
- Pupils must not at any time extend arms or head out of bus windows.
- Pupils must not try to get on or off the bus or move about within the bus while it is in motion.
- When leaving the bus, pupils must observe the directions of the driver. If you cross the road, do so in front of the bus after making sure the road is clear.
- Any damage to bus is to be reported to the driver at once.
- Students are not allowed to take toys on the bus.
- Students are not allowed to carry glass containers on the bus.
- The transportation provided is for your convenience. However, we realize that not all get on and off at convenient times. Your cooperation and understanding is greatly appreciated.
- Students are not to eat food or drink liquids on the school bus unless the sponsor and bus driver gives permission. Permission may be given on long activity trips.

Students who do not comply with the bus rules may be denied the right to ride the school bus to and from school. (See Transportation)

CARE OF PROPERTY

We have a beautiful school building and campus due to the care given it by the custodians and because teachers and students are careful not to abuse it. In the event a student is apprehended for willfully and maliciously mutilating, defacing or destroying school property the student will be reprimanded in accordance with school board policy. The student will also be required to pay a dollar amount including labor cost for repairing the damages. Damage resulting from accidents or horseplay may result in full payment by the student(s) responsible. Show your pride and help protect your school. Report any vandalism to the proper authority.

CARE OF TEXTBOOKS

All students are required to pay appropriate book fees in accordance with adopted school board policy. The classroom teacher will issue books to students at the beginning of the school year. Textbooks will be marked and numbered and must be checked in at the end of the year. Students who abuse textbooks by defacing them in any way will be assessed appropriately for them. Students are responsible for the textbook issued to them. If the book is lost, the student will be charged the initial cost of the book.

CELL PHONES

When students enter the building in the morning, their cell phones must be turned off and not visible (in a pocket or purse, etc.) At all times, students must keep their cell phones turned off and in their lockers after being dismissed from the gym. NO EXCEPTIONS. Students may not keep their phone on their person to text message, etc. If you are caught in possession of a phone during the school day, you will be required to turn the phone over to the teacher or administrator. You can pick up the phone in the office after school. Refusal to turn the phone over will result in a second violation for insubordination. First time offenders will get 1 point and a 60 minute detention. Second time offenders will get 2 points and 1 day of ISS. Third time offenders will get 3 points and 2 days of ISS. Fourth time offenders will get 4 points and 1 day of OSS.

CELL PHONE LOCATION AND USE POLICY

Students shall leave their cell phones in their assigned hall lockers at all times. Cell phones are not allowed in restrooms or locker rooms at any time during the school day or after school. In addition, students are prohibited from taking pictures or videos with their phone or any other electronic device at school under any circumstances. If a student needs to use their cell phone for emergency situations, they must make arrangements with the principal in advance.

Consequences:

1. Cell Phone possession/use a locker room or restroom:
First Offense: 1-3 days ISS depending on the circumstances (2 points)
Second Offense: 1-3 days ISS or OSS depending on the circumstances (3 points)
Third Offense: 1-5 days OSS (5 points)-Loss of cell phone privileges for the remainder of the school year.

Second Offense: 1-5 days OSS (5 points)
Third Offense: 1-5 days OSS (5 points)-Loss of cell phone privileges for the remainder of the school year.
3. Cell Phone or other electronic device used to take pictures and/or videos at school (non locker room or restroom):
Same consequences as a typical cell phone violation
First Offense: 60 minute detention (1 point)
Second Offense: 1 day ISS (2 points)
Third Offense: 2 days ISS (3 points)
Fourth Offense: 1 day OSS (4 points)-Loss of cell phone privileges for the remainder of the school year.

CHECKING IN OR OUT/LEAVING SCHOOL DURING THE DAY

Students are not to leave the school building without reporting to the office to get permission from the principal or his designee. Leaving is not allowed without prior arrangements being made, principal's permission, and in most cases parent permission. A student arriving late to first period school must check in to the office immediately upon their arrival.

CLASS CHANGES

Students may adjust their class schedule prior to the beginning of that semester. The counselor/administration will evaluate all class changes very closely. Only teacher/counselor changes will be considered after the deadline for schedule changes. In the case of a yearlong course, teacher/counselor/administrator approval should be secured before a student may request a change.

Changes can be made or a course dropped if:

1. Possible in terms of your existing schedule and the change will not overload a particular class.
2. The change results in a reasonable program of the student in terms of the established curriculum.
3. The change is approved by teachers, parents, counselor, and principal.

Schedule changes may be made the first five days of the new semester. All requested changes must be accompanied by an add/drop form that requires the students, dropping teacher, adding teacher, and the counselor. The add/drop form may be picked up from the counselor.

CLASS PREPARATION

Successful students are those students who come to each class prepared with the necessary tools. Students will need paper, pencils/pens, and textbooks for each class. Some teachers may require additional materials or supplies for their class.

DETENTION SESSIONS

Teachers assigning the detentions will enforce detention in their classrooms. Students in detention are expected to be quiet and do school work. It will be the student's responsibility to notify parents of their detention and arrange for their own transportation home.

Detentions will be held periodically throughout the week for elementary and middle school students. Failure to attend a detention will result in the student being given an additional three points and the time will be doubled. Detention sessions may be assigned by the administration as a means to enforce school regulations. Students will be required to show their class work to the session supervisor at the end of the session. Students not attending their first assigned date will be assigned the next school session and will be considered a "student not in good standing", which will result in the student losing all extracurricular activity privileges, field trips, etc. until the detention assignment is made up. Students failing to attend the second time will be assessed an ISS. Detention halls will be available on both campuses.

DISCIPLINE AND OFFICE REFERRALS

Students are expected to share the responsibility for maintaining an atmosphere conducive to teaching-learning situations in all classes and activities. Acts of behavior, which interferes with the maintenance of a good learning environment or is antagonistic to the welfare of others, are not acceptable.

Office referrals will be handed to students for unacceptable behavior. The student will be given a copy of the referral and a copy will be sent to the

student's parent to inform them of the situation and the consequences for the behavior.

The following infractions are listed along with the consequences for each behavior. The consequences accompanying the infractions listed are to be used as a general guideline. Many factors will be considered including the age of the offender, the frequency of previous incidents, and the severity of the behavior. The final determination will be left up to the administration. (NOTE: the law allows as much as 10 day suspensions on behaviors.)

STUDENT DISCIPLINE POLICY

Philosophy

One of the most important lessons education should teach is discipline. While it does not appear as a subject, it underlies the whole educational structure. It is the training that develops self-control, character, orderliness, and efficiency and is the key to good conduct and proper consideration for other people.

Teacher Authority

Teachers are expected to maintain a proper school atmosphere. This responsibility extends beyond their classroom and their particular assignment of pupils. Pupils who refuse to comply with reasonable requests of any teacher discharging this responsibility will be subject to appropriate disciplinary action. Teachers may assign after school detention to students to be served in their classrooms or the after school detention hall.

Policy

Short-term suspension will constitute one to ten school days. Long-term suspension will be longer than ten days. Expulsion means removal of a student for the remainder of the entire school year.

The Board of Education of USD 114 has authorized the administration and/or its designee to suspend any student guilty of any of the following:

- 1) Willful violation of any published regulation for student conduct adopted or approved by the Board of Education.
- 2) Conduct which disrupts, impedes, or interferes with the educational mission of the public schools.
- 3) Conduct that impinges upon or invades the rights of others.
- 4) Conduct which has resulted in conviction of the student of any offense specified in Chapter 21 and Chapter 65, article 41 of the Kansas Statute annotated or any criminal statutes of the United States or the State of Kansas.
- 5) Disobedience of an order by a teacher, peace officer, school security officer, or other authority, when such disobedience can reasonably be

anticipated to result in disorder, disruption or interference with the operation of the public school's educational mission and/or impingement upon or invasion of the rights of others.

All suspensions will initially be short-term (not to exceed ten days), with written notice of the short-term suspension and the reason for the suspension furnished to the student involved, to the student's parent or guardian and to the superintendent within 24 hours after the suspension has been imposed. Any notice of proposal to suspend for an extended term or to expel shall state the time, date, and place that the student will be afforded a hearing. Such date shall not be later than the last day of the short-term suspension of such pupil(s) or student(s). Such notice of the extended suspension shall be accompanied by a copy of K.S.A. 72-8901 et seq. as amended and a copy of the regulations of the Board of Education.

Any hearing held in compliance with K.S.A. 72-8901 et seq. as amended will be conducted by an administrator in accordance with the due process outlined in Kansas Statute.

Absences resulting from out-of-school suspensions are excused. Make-up work due to suspension will be allowed for short term suspension. This work is due no later than the day after a student is readmitted to school. Students who have been suspended out of school or expelled are not allowed to attend school activities or be on school property during the period of suspension or expulsion.

Point System

Each behavioral referral will be given a point rating. These points will be accumulated and totaled with each referral by the administrator. The number of points is based on the severity of the infraction. A list of infractions and the respective points follows. When a 6th-8th grader reaches 16 points it will be at least three days out. When a 6th-8th grader reaches 20 points it is at least 5 days out with recommendation for long term suspension.

After returning from a long term suspension the student will return to zero points and be given probationary points. A 6th-8th student will get eight points. When those points are used up then the student will be subject to expulsion or long term suspension. Alternative school could also be an option.

Search and Seizure

Principals are authorized to search property if there is reasonable suspicion that district policies, rules or directives are being violated. In addition, all lockers shall be subject to random searches without prior notice or reasonable suspicion. **See policies JCAB-JCABB**

Search of Lockers

Lockers in the district schools shall be under supervision of the principal. Students shall have no expectation of privacy in any locker. The combinations and/or keys to all locker locks shall be in the possession of the principal and stored in a place designed to guard against unauthorized access or use. The principal may search any locker at any time without notice. Students shall not place locks, other than those approved by the school, on any locker. **See policies JCAB-JCABB**

Search of Property

Any person other than the principal who wishes to search a student's locker or property shall report to the principal before proceeding. In no event shall any person be permitted to search a student's locker or property without the principal's consent unless the person has a valid search warrant authorizing a search. If a law enforcement officer desiring to search a student's locker or property has a search warrant, the principal shall permit the search which shall be made in the presence of the principal. In the event that the principal or law enforcement has reasonable suspicion that a student is in possession of contraband that violates school policy, law, or in emergency situations where there is a potential danger, a search warrant is not required. Prohibited items found during the search shall remain in the custody of either the building principal or the law enforcement officer. If any items are turned over to law enforcement officials, the principal shall receive a receipt for the items. A student may willingly waive his or her rights of privacy under the Fourth Amendment.

Use of Trained Dogs to Search

At the request of administration, law enforcement officers or licensed private agencies may use trained dogs on school premises to identify student property which may contain illegal or illicit materials and to determine whether materials are present which may threaten the general health, welfare and safety of students and/or district employees. (When the principal is mentioned in this rule, it shall be construed so to include the superintendent "or designated representative.")

DRESS CODE

Students at Riverside Schools are expected to dress in a manner that is appropriate and non-distracting to the school environment. Students will not be allowed to wear clothing which would lead school officials, or others to believe that it is gang related by written comments, emblems, design, etc., disrupts or interferes with the school or activities, presents a physical safety hazard to themselves or others, or creates an atmosphere which others would feel pressure, intimidation or threat of violence.

Student dress can have a significant effect on learning and behavior. Clothing must cover the body sufficiently and avoid attracting excessive attention or causing disruptions. Following are some specific guidelines:

Messages on body, clothing, jewelry and personal belongings that relate to gangs, drugs, alcohol, tobacco, sex, vulgarity, or that reflect adversely upon persons because of their race, sex, color, creed, national origin or ancestry are not permitted.

When in the judgment of the administration, a student's appearance or mode of dress disrupts the educational process or constitutes a threat to health or safety; the student may be required to make modifications. The student may also be sent home to change. Time missed due to changing clothes will be doubled and this time is to be served in the office after school.

Each student attending Riverside Schools shall be responsible for maintaining appropriate school dress for the development of personal grooming standards, which shall result in neat, clean personal appearance. Acceptable school clothing need not be expensive or new, but should be neat and clean.

Extreme or sloppy styles, which are disruptive, will not be allowed. Boys will not be allowed to walk around holding up their pants. Clothing or other wearing apparel that promotes and/or advertises alcohol, tobacco, or illegal drugs or displays morally offensive advertisements, obscene, profane, suggestive slogans, or double-meaning words are not to be worn to school or at school activities.

The building principal is responsible for requiring students to make improvements in personal grooming when their appearance indicates a need to do so.

Students who participate in or attend interscholastic activities will be expected to adhere to the personal appearance standards developed by the directors or coaches of those activities and as approved by the building principal.

The following guidelines will enable us to maintain an educational atmosphere:

- 1) Shoes are to be worn at all times.

- 2) Shirts and tops shall overlap the top of jeans (no midriffs), slacks, or skirts. Spaghetti straps, tank tops (7th-12th grade) (including halter type, see-through, off the shoulder tops, backless tops, or revealing clothing is not allowed, *no cleavage*). In addition, no clothing made to be worn as undergarments shall be showing.
- 3) Any writing of profane or questionable nature will not be permitted on clothing. All clothing and accessories that advertise alcohol or tobacco products, illegal drugs, or sexual related messages (including sexual innuendo) or pictures are not to be worn at school. Clothing with suggestive or obscene double meanings is also not allowed.
- 4) Dresses, skirts, shorts, etc. must be of a fashionable nature and long enough to not cause a disturbance (**tights worn underneath will not make it acceptable**). These should be longer than the base of the fingers if hand is extended down. Pajama bottoms and house slippers are also prohibited. (Unless it has been approved for a spirit week.)
- 5) Ripped and/or **excessive holes** in shirts and pants shall not be worn that expose undergarments or private areas.
- 6) Hats, hoods, blankets and sunglasses will not be worn during the school day. Furthermore, hats may not be worn by a participant at events that occur during the school day such as art, forensics, scholars bowl, music, etc. or on school field trips.
- 7) Any item of apparel may be unacceptable if it causes a disruption or interruption among students and staff. The principal and/or teacher will make the decision regarding acceptability.
- 8) Students will not be allowed to wear any type of chain during the school day or at school activities. Chains that are worn as jewelry must be appropriate and non-disruptive to the school/classroom.
- 9) Pants, jeans, shorts, etc. must be worn at waist level and cover all undergarments. (No sagging).
- 10) Students may not use ink pens, markers, color sprays, etc. to mark or write on themselves or others.
- 11) Students will not be allowed to wear shoes with wheels during the school day or at school activities. This is for everyone's safety.

DRUGS/ALCOHOL

While on school property or school sponsored activities, the possession or use of alcohol, drugs or other controlled substance by a student, or a student who admits same, shall be in violation of school policy. Also, conduct which appears to be altered by the use of alcohol, drugs or a controlled substance is a violation of school policy. A Breathalyzer test may be used by the administration, or their designee(s) at their discretion for suspected consumption of alcohol. If the student refuses to take the test or if the test results are positive, the student will be subjected to the sanctions specified

below. Medication specifically prescribed for a student by an authorized health care professional will be exempt from this policy.

- 1) Any student who is selling or trafficking drugs, drug paraphernalia and/or other controlled substances at school, on school property, or at a school supervised activity shall receive a mandatory expulsion for 186 school days.
- 2) Any student who is in possession of, uses, or is under the influence of alcoholic beverages, drugs (except as medically prescribed), drug paraphernalia and/or other controlled substances at school, on school property, or at a school supervised activity will receive one of the following disciplinary actions:

Use or Possession:

- a) First Offense: Law enforcement and parents will be contacted immediately upon verification of the violation. The student will receive, at a minimum, a short-term suspension not to exceed 10 school days. The administration will determine whether a long-term suspension or expulsion shall be recommended and notify student for a due process hearing. At the time of the hearing, administration may recommend that the student be afforded the option to have the suspended student meet with a community resource (which may include mental health agency counseling program, an alcohol and drug service agency, or a physician) to discuss the student's problem with drugs/alcohol. Upon receipt of written documentation that the student is complying with the recommendation of a licensed substance abuse treatment provider's recommended action, the suspension shall be deferred and the student will be allowed back in school; however, should the student violate the terms of the agreement upon which the student was allowed to return to school, the balance of the suspension shall be reinstated. In addition, the student will be automatically suspended from all student activities for not less than one semester or four months.
 - b) Subsequent Offenses: Parents and law enforcement will be contacted immediately upon verification of the violation. The student will be recommended for expulsion from school for NO LESS THAN 186 SCHOOL DAYS.
- 3) Prescription medication or over the counter medication can and will be given by the school RN or designated person after the Request to Administer Medication at School form has been completed. Prescription medication and over the counter medication not following

medication policy will be subject to the same restriction as illegal drugs.

Student Activities: Drug, Alcohol and Tobacco Policy

In order to ensure the highest possible standards of learning, as well as the safety, health, and wellbeing of all students, USD # 114 endorses a substance abuse prevention policy and procedures, which will:

- * Aid all students in abstaining from the use of alcohol, tobacco, and drugs.
- * Intervene early when student use is detected; take corrective disciplinary actions when necessary.
- * Provide aftercare support for the students.

Specifically, students are not to possess, use, sell, distribute, or be under the influence of alcohol, tobacco, drug paraphernalia or illegal and controlled substance. This policy is in effect for all students who participate in any extra-curricular activity at Riverside High School, beginning the first day of practice and ending when the season is over. Students who violate the policy will be subject to appropriate discipline as outlined Riverside High School extracurricular code of conduct below:

First Offense:

Upon verification by school administration, the student will be suspended from his/her activity for 50% of remaining competitions/performances.

Second Offense:

Upon verification by school administration, the student will be suspended from his/her activity for the remainder of the season. A second offense for drug/alcohol use will require enrollment in a substance abuse intervention program. After proof of successful completion of the program, the student will be allowed to participate in other school activities.

Third Offense:

Upon verification by school administration, the student will be suspended from all school activities for the remainder of the school year.

In enforcing the provisions of this policy, the administration will act on the reasonable and responsible written evidence brought forth by:

- * #114 certified staff member
- * Administrator
- * Law enforcement official
- * Admission from parents/student in question

A student accused of violating this policy will be referred to a school administrator and his/her parents will be notified. The school administrator will conduct a hearing with the student regarding the possible violations.

ELECTRONIC DEVICES

Students are not allowed to have CAMERAS, RADIOS, CDS, MP3 PLAYERS, IPODS, or VIDEO GAMES of any kind at school. This will be enforced by everyone. School staff will discourage digital and other photos being taken in school by students due to privacy concerns. Students and staff should not participate in being photographed at school unless the photographs are for an official or authorized publication. Electronic devices can be taken on field trips if authorized by school personnel. If there is an activity (field trip, sporting event, etc) you may bring them but they need to be kept in your locker until you leave. Anyone using these electronic devices during the day will be asked to turn them over to a staff member. You will get them back at the end of the day. Repeat violators will have to have their parents pick up their device from the principal.

ELECTRONIC IMAGES AND PHOTOGRAPHS

Students and staff are prohibited from taking, storing, disseminating, transferring, viewing, or sharing of obscene, pornographic, lewd, threatening or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and e-mailing. Anyone caught in possession of such images or photographs could face criminal prosecution.

ELIGIBILITY RULE – EXTRA CURRICULAR ACTIVITIES

According to the Board of Education policy all students enrolled in a graded class will be held accountable to the Kansas State High School Activities Association eligibility rules and will apply to all extra-curricular activities. The eligibility rules set by KSHSAA along with those adopted by Riverside High School will apply to all extra-curricular activities. This will include band and chorus performances, school dances, athletic contests, FFA contests, school plays, speech festivals and any other activities in which RHS students take part. The eligibility rules are as follow: You are eligible:

- 1) If you are a bona fide undergraduate student in good standing.
- 2) If you are not yet nineteen years of age. (consult your coach or principal regarding exceptions to this rule)
- 3) If you have not completed eight semesters of high school attendance. (this includes your total attendance beginning with the ninth grade)

- 4) If you have not yet completed eight semesters of competition or more than four seasons in one sport. (this includes grades nine to twelve)
- 5) If you are passing in five subjects of unit weight (KSHSAA Rule). The last two semesters of possible eligibility must be consecutive.
- 6) If you do not engage in outside competition during the season in which you represent your school in a sport. Consult your coach or principal before you participate in any game, training session, or tryout conducted by an outside organization.
- 7) If you have passed an adequate physical examination by a physician and have the written consent of your parents.
- 8) If you have met the requirements of the transfer rule.
- 9) If you have not competed under a false name or for money or merchandise of intrinsic value and have observed all other provisions of the amateur rule.
- 10) If your attendance is regular and your conduct and standard of sportsmanship is satisfactory.
- 11) **You must be in attendance the entire school day unless exempt absence (school activity) or a medical exemption or family emergency with proper documentation approved by the principal to be eligible to participate or attend. This includes both practices and games.**
- 12) You may not be failing more than one class during any given week.

ENROLLMENT

Grade Assignment and Eligibility for Attendance

Any child who attains the age of 6 on or before August 31 of the school year and is a resident of the district or any child who has completed a public or accredited private kindergarten course in another state, regardless of the child's age, is eligible to attend first grade. K.S.A. 72-1107 a & b

Any child who attains the age of 5 on or before August 31 of the school year is eligible to attend kindergarten in the district. Also, any child who has been enrolled in and attended kindergarten in another state is eligible for kindergarten in this state, regardless of the child's age. K.S.A. 72-1107 c & d

There is no upper age limit for attendance in Kansas schools. By law, special education students must be given an opportunity for a free appropriate public education until they graduate or reach the age of 21.

If the person is not eligible for services under IDEA, Kansas law does not require you to provide educational services to a person age 19 or over in a regular school setting. However, the law indicates if you do not provide services in a regular school setting, you must offer the person services in an alternative setting or an alternative educational program.

These alternative programs or settings must be designed to provide a person with the opportunity to satisfactorily complete the course requirements of the state board necessary for graduation. K.S.A. 72-53,111

Placement and promotion of students is a matter which should be determined by board policy. A child has no legal right to be advanced to another grade level, and a district is not required to give into a parent's demand, unless board policy grants such rights.

Student Placement

Students will be placed in classes by the building principal according to local assessments. Parents will not be allowed to hand pick their teachers because this obviously poses problems if a large number of parents all want the same teacher, which in turn not only throws the class sizes out of balance, but also causes a disruption to the MTSS model.

New Students

REQUIRED BY KANSAS LAW any student enrolling in U.S.D. #114 for the first time must have proof of identity, i.e. birth certificate and social security number. They must also provide a copy of their current immunization records to enroll. (There is no longer a 90-day grace period to provide immunization records.) Any child under the age of nine, or not previously enrolled in Kansas, must complete the Kansas Health Assessment.

In-District Students

Students and or parents may be required to provide proof of residency as determined by the administration. Some proof of residency examples are the following but not limited to: rental agreement, proof of house payment, utility bill, Kansas driver's license, Kansas tax return, vehicle registration, Kansas voter registration, and property tax receipt. If the principal needs additional documentation, the parent or guardian may be asked to sign an affidavit under oath attesting to residency within the boundaries of the school district and/or the state of Kansas.

Out-of-District Students

The Riverside USD 114 School District holds all students accountable for their behavior and attitude. Out-of-District students are held to an even higher standard because Riverside USD 114 is not legally obligated to enroll Out-of-District students. We believe it is a privilege to be enrolled in this school district and that Out-of-District students need to behave and perform in a manner that respects that very privilege.

Admission of Out-of-District Students

All Out-of-District students must supply the following information to the building principal for examination before admission is made:

- 1) Transcript from previous schools attended that show grades, discipline referrals, and attendance.
- 2) Record of vaccinations.
- 3) Current address.

After reviewing the records and testing data, the building principal shall make the enrollment decision.

Maintaining Out-of-District Status

Out-of-District students are expected to pass all of their classes. Any student with 2 F's or a combination of 3 D's or F's will have their enrollment privileges revoked for the remainder of the year. Out-of-District students are expected to behave and follow our school Discipline Policy. Any out of district student who does not remain in good standing with regard to behavior, attendance, or grades, will have their enrollment privileges revoked for the remainder of the school year. All elementary students' behavior will be evaluated by the SIT Team. Any Out-of-District student who accumulates more than 9 unexcused/excused absences in any semester will have their enrollment privileges revoked at that time. The building principal will have the responsibility of deciding if and when an Out-of-District student's enrollment privileges are to be revoked.

EXTRA-CURRICULAR TRIPS

Riverside school sponsors a variety of extracurricular trips during the school year. These trips may involve a school organization, a curricular area, an athletic event, or any type of extracurricular activity. All trips will involve at least one adult sponsor. Conduct on an extracurricular trip is expected to be the same as conduct in school. If a student chooses to violate rules, the sponsor and the administration have the right to discipline the student just as they would in school.

FOOD/DRINK IN CLASSROOMS

Students are NOT allowed to consume food and/or drink while in class unless approved by the principal. Students are allowed to drink unflavored water in classes.

GAMBLING

Games of skill or chance played for money or other valuables are illegal. Cards, dice, or other materials and money will be confiscated and may be claimed by the parent from the principal

GANG ACTIVITY

Gang activities, which initiate, advocate, promote, or threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are prohibited. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute indicates or implied membership or affiliation, which such a group is prohibited. Incidents involving initiations, hazing, intimidations, and/or related activities of such group affiliations, which are likely to cause bodily harm, or personal degradation or disgrace resulting in physical or mental harm to students is prohibited. The administration shall establish procedures and regulations to ensure that any student wearing, carrying, or displaying gang paraphernalia, or exhibiting behavior or gestures which symbolize gang membership or causing and/or participating in activities which intimidate or affect the attendance of another student will be subject to disciplinary action.

The 3rd-8th Grade grading scale is as follows:

A+	99-100%	C+	78-79%
A	93-98%	C	73-77%
A-	90-92%	C-	70-72%
B+	88-89%	D+	68-69%
B	83-87%	D	63-67%
B-	80-82%	D-	60-62%

GUIDANCE SERVICES

Guidance counseling services provide professional help for Riverside students. The guidance counselor's responsibility is to seek full and accurate interpretation of facts and develop student / parent understanding regarding educational and occupational plans and in helping the student become more objective and realistic in seeking self-understanding and self-development in solving everyday problems.

The guidance counselor will be glad to confer with parents or arrange conferences with teachers. Conferences provide students, parents, teachers, and administrators an opportunity to discuss their concerns in an effort to work out a solution, which will be helpful to all. We would like conferences to be arranged in advance so that all information pertaining to the conference may be assembled. Testing serves as one means of knowing an individual's interests, abilities, and achievements. Tests in conjunction with other aspects of the educational program are best used when carefully interpreted to the

parents and students. Guidance program tests establish and plan realistic goals and expectations. We will contract counseling services on an “as needed” basis.

Riverside Guidance Counseling-

The purpose of the guidance department is to help each student realize his or her potential through exploring as many student options as possible. The counselor does this by helping students make wise choices of goals and by helping them plan strategies and exert the necessary efforts to reach those goals.

- 1) Personal-Social Counseling – counselors are trained to help students learn how to solve difficult personal problems. Often, these are private in nature and are discussed in strict confidence.
- 2) Testing – available to help students measure abilities, needs, and interests. Riverside School relies on tests taken during the student’s schooling as a general guide in goal setting.

HALL PASS / AGENDAS / ID BADGE

Students should not be out of class. However, if this is necessary the school agenda signed by the teacher will serve as a hall pass. Students in the hallway or in a classroom without a signed agenda will be assigned detention time. **If agenda is lost, student will need to purchase a new agenda at a charge of \$5.00.**

HEAD LICE POLICY

The USD 114 lice policy reflects mandates by Kansas Department of Health and Environment. The mandate, KAR 28-1-6(10) states: **“Pediculosis (head lice): Each student infested with head lice shall be excluded from school, childcare facility, or family daycare home until treatment with an anti-parasite drug has been initiated.”**

USD 114 procedures:

- ❖ Teachers notify the school nurse if they see a child scratching their head, or if they see an insect or nit.
- ❖ The school nurse checks the student, **if live lice are found, the student is sent home for treatment.** The child is to remain in the nurse’s care until the child is picked up. **In the event the parent or guardians fails to pick the child up, the child will not be sent home on the school bus.** If the school is unable to contact the parent, the school may access community resources such as local law

enforcement, DCF, or other community agencies to make contact with the parent or guardian.

- ❖ **Treatment is not complete until all live lice and nits are removed**, shampoo used, and it is determined by the school nurse that the student is lice and nit free.
- ❖ **Schools will recognize a maximum of two (2) days of excused absences for the treatment of head lice and nits, including the day the student is sent home. Any additional days beyond the two-day allowance will be counted as unexcused absences.** Refer to the Truancy policy for attendance consequences of accumulated unexcused absences.
- ❖ The student may return to school after being checked by the school nurse and it is verified that the student has no live lice or nits. The school nurse will re-check the student in approximately 7-10 days to insure that no infestation has occurred.
- ❖ Once a case of lice infestation has been found the teacher and school officials shall begin preventative measures to insure that the infestation will not be spread. Such measures will include the separation of coats and the periodic fogging treatment of the classroom.
- ❖ It is critical that combing and nit removal be done or the lice cycle continues. Parents must be vigilant in regularly checking their children's hair.

If you have any questions regarding the head lice policy or treatment of head lice, please feel free to contact Jill Sigrist RN, School Nurse West Campus at jsigrist@usd114.org or call 785-989-4425 or contact Aubrey Griffin RN, School Nurse East Campus at agriffin@usd114.org or call 913-365-6735.

HOME SCHOOLING

Students who are enrolled at Riverside Schools after being home-schooled will be tested and evaluated to determine proper grade level placement. The final determination of where the student will be placed will be made by the building principal.

HOMEWORK

Homework is a valuable learning tool when it is meaningful, purposeful, and reinforces the goals of lessons introduced in the classroom. The building's teachers and administrators will work collaboratively to ensure alignment with current homework research that recognizes the value of the right kind of homework. Teachers should clearly communicate the purpose, directions, and expectations for homework to students. In accordance with board policy IHB, homework will not be used as means to discipline students. Effective homework will have a clear educational purpose connected to classroom

learning. Research-based homework practices identify effective homework as:

- Pre-learning gives students the opportunity to prepare for classroom instruction.
- Formative assessment provides the teacher with information about each student's knowledge in order to plan for re-teaching.
- Practice provides students with an opportunity to practice skills and concepts learned in class.
- Extension asks students to transfer previously learned skills and concepts into new or more complex situations, including real world problem solving.

Homework that is not completed cannot support student learning, therefore, teachers are encouraged to employ strategies to encourage homework completion.

- Before assigning homework, allow students to practice skills during class time and use formative assessment to ensure that students can successfully complete homework.
- Allow students to begin homework in class, providing them with an opportunity to ask questions prior to taking the work home.
- Monitor the time it takes struggling students to complete homework and adjust assignments accordingly. Provide students with additional supports.
- Provide students and parents with project information in a timely manner.
- Hold all students accountable for completing homework by contacting parents, assigning extended learning time or detention, and reducing the homework grade for assignments turned in late. Students should never be allowed to opt out of doing the assigned classroom work.

The amount of homework should be appropriate to students' ages and allow time for other home activities. Research indicates that total homework time should equal the student's grade level times 10. For example, a sixth grader should be assigned no more than 60 minutes per night or a eighth grader no more than 80 minutes per night.

HONOR ROLL

The honor rolls will be computed on the following criteria:

Superintendent's Honor Roll	4.0 grade point average
Principal's Honor Roll	3.5-3.9 grade point average
Honorable Mention Honor Roll	3.0-3.49 grade point average

IMPACT

The purpose of Impact classes is to provide at risk students with additional support to insure academic success. Students will only be admitted to impact with approval from the principal and counselor

INSURANCE

USD 114 does not provide “school time” insurance. Parents always have the option of purchasing this same type of supplemental insurance beyond their primary insurance. The school will make purchasing options available to parents at the beginning of each school year, as it is provided by private insurance companies. Students who participate in interscholastic activities are covered by a catastrophic insurance coverage through the Kansas State High School Activities Association (KSHSAA). The school district does not insure the personal property of students, employees, or visitors. Students who bring valuables to school do so at their own risk and they are advised to keep them locked up.

The school district does not insure the personal property of students, employees, or visitors. Students who bring valuables to school do so at their own risk and they are advised to keep them locked up.

INTERROGATIONS AND INVESTIGATIONS

Building administrators may conduct investigations and question students about infractions of school rules of the student behavior code. If there is a reason to believe a violation of a criminal law has been committed, the principal shall notify the appropriate law enforcement agency and may request further investigation of the alleged violations.

Parents do not have a right to be present during school investigations and do not have a right to be present when school administration is questioning their child. In the event that a parent instructs their child not to comply with the discipline decisions of the principal, the student will be expected to comply and failure to do so will result in suspension from school for insubordination.

LOCKERS

Students in grades 5-8 will be assigned lockers for books and coats. Security of personal property is the individual responsibility of each student. A locker with a combination lock is provided for each student. Students are required to use the school issued lock, they are not allowed to bring their own locks. For safety reasons, students are not allowed to have large book bags, or anything similar, on school property. Small book bags and purses may be brought to school, but must remain in the student’s locker during the school day. The

administration urges all students to keep their hall and P. E. lockers locked at all times. Generally speaking, large sums of money and articles of considerable value should not be brought to school. The school is not responsible for stolen or lost articles from your lockers. Be sure locker doors are closed and all books and papers are inside before leaving your locker. Excessive use and abuse of lockers is to be avoided. No decals or other decorative materials are to be placed in or outside the lockers. No pop or food is to be kept in the lockers. Lockers are a permanent part of the building and are the property of USD # 114, therefore, examination and periodic locker checks are legal when deemed necessary by the administration.

LUNCH / BREAKFAST

All students, as well as those bringing their lunches will eat in the cafeteria. After they are through eating all high school students will remain in the cafeteria (All students shall remain in the cafeteria until dismissed). Food is not to be taken from the cafeteria and every effort should be made to keep this area as clean as possible. Taking food or drink from the serving lines or other students without paying will be dealt with according to school discipline policies. There is no trading of food, milk, or a la carte items. You may not give away food, milk, or a la carte items. No more than one extra milk may be purchased by a student. If you have a negative balance, you cannot purchase a la carte items. Lunch prices are set by the Board of Education. Free and reduced priced lunches are available to qualifying students. Any parent who believes their family to be eligible for the free or reduced lunch program should contact the food service secretary for an application.

LUNCH/BREAKFAST

Students may charge no more than \$20.00 worth of meals (lunch/breakfast) to their account and charging of a la carte or extra items to their account will not be permitted.

Any student with charges totaling more than \$20.00 shall not be allowed to charge further meals until the negative account balance is paid in full. However, students will be allowed to purchase a meal if the student pays for it when it is received. Students who have charged the maximum allowance of \$20.00 to their account and cannot pay out of pocket for a meal will be provided an alternate meal consisting of a peanut butter, peanut butter alternative, or cheese sandwich and milk. (Board Policy EE)

A student has the right to make up work whether it is excused or unexcused, or if the student is suspended from school. A minimum of two class periods for make-up will be allowed for each period of absence, but not to extend beyond one week, with the exception of extended absences due to extenuating circumstances.

PARENT / TEACHER CONFERENCES

Parent/Teacher conferences will be held during the 1st nine weeks and 3rd nine weeks of the school year. Parents are encouraged to attend the conference at this special set aside time which affords an opportunity for parents and teachers to work together for the benefit of the student. Parents are encouraged to visit with teachers at any time they have a concern over their child's progress.

Parking

*The parking lot is off limits to visitors without official business--loitering in the school parking lot is not allowed.

PARTIES AND DANCES

Organizations sponsoring an event must clear the date with the office and see that it is placed on the school calendar according to the proper procedure. This needs to be done sufficiently in advance to allow for proper organization of an event. The sponsoring organization may sell tickets in advance and/or at the door. Once in, always in and once out, always out. Do not plan to return to the party or dance once you have left. Unless prior arrangements have been made, you will not be admitted to the event 30 minutes after the published starting time. Proper and adequate supervision must be secured for these events. This prevents problems and regrettable situations. Students and guests are reminded that all school rules apply during the events. Any student who has been declared "not in good standing" will not be permitted to attend the party or dance. Students who have been suspended

from school may not participate in any activities or be on school property until reinstated.

POSTERS/FLYERS/SIGNS

An activity sponsor or the building administration prior to being displayed must approve all posters flyers and signs. All non-school agencies must receive administrative approval for all flyers and/or posters prior to displaying or making them available to students.

PROGRESS REPORTS

The evaluation of each student will be a continuing process. It is hoped that each student will develop to his or her full potential. In an effort to keep parents informed, progress reports will be sent home in the 5th week of each quarter for all students.

SAFE SCHOOLS ACT

The Kansas School Safety and Security Act (K.S.A. 72-8903b) requires school personnel to report all felony and misdemeanor crimes committed on school property or at a school supervised activity to the appropriate law enforcement agency. If an administrator's preliminary investigation reveals information that indicates a crime (felony or misdemeanor) may have been committed, the administrator is required to file a report. Whether or not the report is made in writing (for later follow-up by law enforcement), or by phone (for immediate follow-up by law enforcement) is dependent upon the seriousness and nature of the situation. When law enforcement officers conduct an investigation and/or question a student(s) during school hours, the building administration shall make reasonable attempts to contact parents, guardians, or representatives of the student(s) prior to questioning. To the extent possible reasonable requests of parents, guardians, or representatives shall be observed. The administrator involved shall document notification or attempted notification of parents, guardians, or representatives. If a student's parents, guardian or representative is not present during questioning of a student, the principal or a certified school staff member shall be present. The decision to arrest a student and remove that student from the school jurisdiction is the prerogative of law enforcement and not under the authority of school personnel.

SCHOOL ACTIVITY TRANSPORTATION

Students must ride school provided transportation to and from the activity site. Students may ride home with their own parents/guardians if approval is given by the sponsor to the parents/guardians at the site. If you want to take your

child home after the game he/she may ride home with you the parent or guardian. Ask the coach for the slip to sign. Remember, parents, this signing must be done each and every time you take your child home and he/she does not ride the bus.

Ineligible students are not allowed to ride school transportation to any school activities during the school day or outside the school day. If an eligible student attempts to ride school transportation they will be subject to disciplinary action.

SCHOOL CLOSING

In the event of inclement weather or mechanical breakdown, school may be closed or starting time delayed. The same conditions may also necessitate early dismissal. These events will be sent out on the Riverside Alert Now message system and announced over local radio and television stations. Reports in the morning will be between 6:00 and 7:30 a.m. Please **DO NOT CALL THE SCHOOL**. Telephone lines must be kept open for emergencies. It is recommended that each family formulate a plan of action in the event school is dismissed early. Young children must know what they are to do when they arrive home earlier than usual if parents are not there to receive them. A copy of this plan can be filed with the school office and the classroom teacher.

SCHOOL ISSUED TECHNOLOGY

School Issued Technology will be distributed at the beginning of each school year. Parents and student must sign and return the loan agreement documents before the technology can be issued to the student. Families are required to pay the technology fee, which will provide insurance coverage on the technology. Technology will be collected at the end of the year for maintenance, cleaning, and software installations. If the student fails to return the technology at the end of the school year, that student will either be subject to criminal prosecution or civil liability or the student will be billed for the total technology replacement cost, depending on the circumstances. Students who, withdraw, or terminate enrollment at Riverside for any other reason will be asked to return their individual school technology on the date of termination. Students are responsible for the general care of the technology they have been issued by the school. Technology that have been broken or fail to work properly must be taken to the Technology Coordinator's office for repair. Students will be billed the applicable deductible amounts for any damages to the technology. If school technology is lost or stolen, the student will pay the deductible amount specified in the self-insurance policy. Technology is intended for use at school each day. Students must be

responsible to bring their technology to all classes, unless specifically advised not to do so by their teacher.

STATE TESTING

Students will be tested each spring using the Kansas State Assessment. Parents may request access to their student's (under age 18) scores. Parents may also request the school's grade and AYP progress. Students who don't at least meet standard on the state assessments may be required to take a remedial class the next year.

Students must fill out an application with the teacher they want to work for prior to the beginning of the school year or semester. Aides must be 8th graders. In the event the student is placed on an attendance contract, the student will no longer be allowed to continue as an aide. If there are documented medical reasons for being placed on the attendance contract, the student may appeal to the principal.

STUDENT IN GOOD STANDING

In order to be considered a student in good standing, students should be in good attendance, display acceptable behavior, be grade eligible, and not owe any outstanding detention time. A student may be suspended for infraction of rules and policies of Riverside Schools. Students who are assigned out-of-school suspensions (OSS) or whose character or conduct brings discredit to the school will not be allowed to attend or participate in extracurricular activities sponsored by the district, nor will they be allowed on campus during the term of their suspension. Note: Term of suspension means 12:01 am of first day of suspension through midnight of the last day of the suspension (including week-ends).

TECHNOLOGY & INTERNET-ACCEPTABLE USE POLICY

Purpose for Technology and Internet Use

The Internet is a network of computers and a public communications system. It has evolved into a cooperative arrangement among thousands of university, government, and corporate networks that have agreed to use a common language for communicating with one another. Riverside U.S.D #114 is committed to making advanced technology and increased access to learning opportunities available to all of our students. We believe this computer technology will allow students and staff to access and use information sources from distant computers and communicate and share information with individuals or groups. The primary purpose for the use of technology and the Internet is to facilitate teaching, learning, and personal growth in technology, information gathering skills, and communication skills.

Use of technology and the Internet is a privilege, not a right. It is possible that a student may run across some materials that we may find objectionable. While we will take reasonable measures to prevent such access, it is not possible to guarantee that students will not accidentally or purposely find inappropriate material. Responsibility of all users is outlined in the Acceptable Use Policy. Access to inappropriate material will be monitored by the school district and restrictions will be applied where appropriate. It is the policy that USD 114 technology resources are to be used in a responsible, efficient, ethical and legal manner in accordance with the USD 114 Acceptable Use Policy.

***Students should not give out their password to their iPads**

Network Etiquette:

All users of the Riverside Public Schools' computers and networks are expected to abide by the generally accepted rules of the network etiquette. Informal rules of behavior have evolved for the use of and communication on the Internet and the online services. These rules of behavior include (but are not limited to) the following:

- Be polite. Don't swear or use inappropriate language.
- Do not reveal your personal address or phone numbers or that of other students or colleagues.
- Do not place unlawful information on any network system.
- Note that electronic mail (e-mail) is not guaranteed to be private. People who operate the system do not have access to mail. Messages relating to or in support of illegal activities may be reported to the authorities.
- All communications and information accessible via the network should comply with copyright laws.
- Include your signature at the bottom of the e-mail messages. Your signature footer should include your name, position, affiliation, and Internet address.
- Capitalize words only to highlight an important point or to distinguish a title or heading. "Asterisks" surrounding a word also can be used to make a stronger point.
- Student users must always get permission from their instructors before using the network or accessing any specific file or application. FOLLOW WRITTEN AND ORAL PROCEDURES.

Policy for Acceptable Use of Computers and Networks:

The following policy for acceptable use of computers and networks shall apply to all district administrators, faculty, staff, and students.

- The user shall not erase, change, rename, or make unusable anyone else's computers files, programs, or disks (except for authorized staff members).
- The user shall not let other persons use his/her name, logon, password, or files for any reason (except for authorized staff members).
- The user shall not use or try to discover another user's password or in any way access another person's e-mail or other files (except for authorized staff members).
- The user shall not use the Riverside school computers or networks for any non-instructional or non-administrative purpose (e.g. games or activities for personal profit).
- The user shall not use a computer for unlawful purposes, such as the illegal copying or installation of software.
- The user shall not copy, change or transfer any software or documentation provided by the Riverside schools, teachers, or another student without permission.
- The user shall not write, produce, generate, copy propagate, or otherwise hinder the performance of any computer's memory, file system, or software. Such software is often called a bug, virus, worm, Trojan horse, or similar name.
- The user shall not deliberately use the computer to annoy or harass others with language, images, innuendoes, or threats. The user shall not deliberately access or create any obscene or objectionable information, language, or images.
- The user shall not intentionally damage the system, damage information belonging to others, misuse system resources, or allow others to misuse system software.
- The user shall not tamper with computers, networks, printers or other associated equipment except as directed by the teacher.
- The user desiring to take home technology equipment (hardware or software) must first have the parental permission form signed. Any take-home technology shall be used in the same manner as if it were at school. Technology equipment will only be checked out at the end of the school day and must be returned before school begins the next morning.
- Take-home technology is available on a first come, first serve basis. In cases of heavy demand, the librarian, after consulting with class teachers, may prioritize the requests to take technology home.
- The user of the Internet and take-home technology must be a student in good standing (no outstanding detention time, no expulsions from school, no down slips, no overdue library materials or outstanding fines).

Penalties for Improper Use

Three levels of punishment will be enforced by the Administration. **Any user**, adult or student, violating these District guidelines or applicable state and federal laws shall be subject to loss of network privileges and possible disciplinary action, including suspension or expulsion from school. Use of the computers for programs, software, e-mail, and to access telecommunications resources is a privilege and not a right.

Level 1: Warning: Students will lose computer privileges/Internet access until a parent conference is held. Any additional loss of privileges as determined by the administration will be discussed at this conference.

Level 2: Pattern of abuse, repeated abuse, or flagrant violations: Any student who, after a Level 1 warning, continues to engage in serious or persistent misbehavior by violating the District's previously communicated written standards of conduct may be removed from any computer/Internet privileges for the entire school year or remaining school years and recommended for suspension.

Level 3: Expellable offense: Student could be expelled from school if he/she engages in conduct on the Internet that contains the elements of the offense of criminal mischief, as defined by state and federal law. Any student expelled for misuse of technology will also lose computer privileges for the remainder of the school year or school years.

TOBACCO AND ELECTRONIC CIGARETTES

The use of tobacco products by students in any form and/or any nicotine delivery device is prohibited in any school district facility, in school vehicles, at school sponsored activities, and on school owned or operated property. A nicotine delivery device means any device that can be used to deliver nicotine to the person inhaling from the device. This includes, but may not be limited to, any electronic cigarette, cigar, cigarillo, pipe, or personal vaporizer. Students in violation of this policy will be reported to the appropriate law enforcement agency.

USE OF OFFICE TELEPHONE

Students WILL NOT be called from classes to answer telephone calls except in cases of emergency. Messages will be taken and delivered to the student at the end of the school day. Students are not to make any calls on any school phone without permission of the principal or the principals' secretary.

USE OF THE SCHOOL LIBRARY

Students may use the library as many times as necessary each day that a pass is issued by their teacher. The librarian is there to help you. The librarian will provide you with circulation service, reference service, or reading and research guidance service. Do not hesitate to ask the librarian for help if you have questions about the above services and use of the library. Books should be returned to the book drop in the circulation desk in the library. In no instance should a book be returned to the shelves.

Overdue material should be returned as soon as possible. Riverside USD #114 School Library does not charge fines. The librarian will contact the student first about books and materials that need to be returned or is considered overdue. After a discussion with the student, attempts to locate the book and material will be made by student, their families, and the librarian. If the books and materials are not located in the library, the student will be asked to pay for the overdue material. Replacement cost will include a processing fee for lost material. If books or materials are damaged due to neglect and abuse, replacement cost will be the responsibility of the student.

WEEKLY ELIGIBILITY

In order to participate in extra-curricular activities weekly, students must be passing all but one class. All students are considered academically eligible for the first three weeks of each nine-week grading period. At the end of the third week, student grades will be checked. If a student is failing two or more classes they are ineligible for all student extra-curricular activities the following week Monday through Saturday. This includes field trips and other activities that take place during the school day.

WEIGHT ROOM USE

The Weight Room is available for use by students based on schedules set by the administration, coaches, and P.E. teachers. Riverside students are not allowed to use the Weight Room at any time without adult supervision. Students who are found to be using the Weight Room without adult supervision will face disciplinary consequences, which include losing the privilege of using the Weight Room for a period of time to be determined by administration.

WITHDRAWAL OF STUDENTS

Transferring: A student transferring to another school must pick up a sign-out sheet in the office. All teachers must sign the sheet when the student turns in

textbook and other materials. The student is to return the sheet to the office and inform the office where he/she will be transferring. When the student enrolls in the new school the school will request a transcript, which RHS will fax. All late fees and bills must be paid before a transcript will be sent.

Drop-out: No student under the age of 16 may drop out of school. Students between the ages of 16 and 17 require a parent signature. Students 18 and older may sign themselves out. Signing out of school is required by law and must be done in the office. First, contact the principal to schedule a meeting. Both the student and the parent must attend this meeting. Both parent and student will be required to sign the drop-out form. The student will also have to complete the sign-out sheet.

BOARD & STATE POLICIES

ASBESTOS HAZARD EMERGENCY RESPONSE ACT

The Asbestos Hazard Emergency Response Act (AHERA) requires school districts to inspect their buildings for asbestos-containing building materials and develop, maintain, and update an asbestos management plan. School districts must annually notify parents, teachers, and employee organizations in writing of the availability of the management plan and planned or in progress inspections, re-inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities. A copy of this asbestos management plan is available for your inspection in the U.S.D. # 114 administration office during regular business hours.

CHILD NUTRITION PROGRAMS

If school districts participate in the National School Lunch Program, the School Breakfast Program, or the Special Milk Program, near the beginning of the school year, they must provide both parents and the public information about free and reduced price meals and/or free milk. Districts must also provide parents an application form. If districts want to disclose children's free and reduced eligibility status, they may do so in some instances usually only with prior notice and/or consent.

CIVIL RIGHTS COMPREHENSIVE NOTIFICATION

DRUG FREE SCHOOLS

Maintaining drug free schools is important in establishing an appropriate learning environment for the district’s students. The unlawful possession, use, or distribution of illicit drugs and alcohol by students on school premises or as a part of any school activity is prohibited. This policy is required by the 1989 amendments to the Drug Free Schools and Communities Act. P.L. 102-226, 103 St. 1928. As a condition of continued enrollment in the district, students shall abide by the terms of this policy. Students shall not unlawfully manufacture, distribute, dispense, possess or use illicit drugs, controlled substances or alcoholic beverages on school district property, or at any school activity. Any student violating the terms of this policy will be reported to the appropriate law enforcement officials and will be subject to discipline according to board policy.

FEDERAL RACE & ETHNICITY REGULATIONS

In order to comply with federal reporting requirements, every school district in Kansas is required to annually report student data by race and ethnicity categories to the Kansas State Department of Education (KSDE). Though the KSDE does not report individual student data to the federal government, the total number of students in various categories of each school is reported. These reports help keep track of changes in student enrollments and ensure

that all students receive the educational programs and services to which they are entitled.

FERPA

Under the Family Educational Rights and Privacy Act (FERPA), the parents of minor students and students over the age of 18 which are enrolled in any educational institution receiving federal funds are given certain rights concerning the students' school records. These rights include the following:

1. Entitlement to inspect and review to the student's education records upon request. This request should be directed to the custodian of the school records in question and should list with specificity which records are desired to be accessed. Access must be granted within 45 days after the receipt of the request by said custodian.
2. The school district has adopted policies implementing this act. If you have any questions regarding this act, contact the building principal or superintendent of schools.
3. The parents' and adult students' rights of access shall include:
 - a. The right to be provided a list of the types of educational records which are maintained by the institution and are directly related to the student.

 - e. The right to receive a written response concerning the district's decision on the topic of any requested amendment.

Complaint Procedure (Riverside USD 114 Policy KN)

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution. The District Superintendent, 1409 Vermont, Elwood, KS, 66024, (Telephone: 913-365-5632). has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990 and the Americans with Disabilities Act Amendments Act of 2007 and the Age Discrimination Act. The grievance procedure is applicable to complaints alleging discrimination on the bases of sex, disability, race, color,

national origin, and age, including allegations of harassment. Information concerning the provisions of these Acts, and the rights provided thereunder, are available from the compliance coordinator.

Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. The identity of the individual filing a complaint will be kept confidential to the extent possible without compromising a thorough investigation. Complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Informal Procedures

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of discrimination harassment from a student, another employee or any other individual shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint, and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the principal shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the principal, or if the individual does not believe the resolution remains acceptable; the individual may initiate a formal complaint. Use of the informal complaint procedure is not a prerequisite to filing a formal complaint or using the formal complaint

procedure.

Formal Complaint Procedures

- **A formal complaint should be filed in writing and contain the name and address of the person filing the complaint.** The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each building office and the central office. The forms are also included at the end of this policy.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than **180 days** after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- An investigation shall follow the filing of the complaint. Individuals who conduct the investigation shall be impartial. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.
- **A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and a copy forwarded to the complainant no later than 30 days after the filing of the complaint.**

If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.

If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.

- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.
- **The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board, or by the board itself as determined by the board.** The request to appeal the resolution shall be made within 20 days after the date of the written resolution of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator and the investigator's report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. The appeal officer will issue a written determination of the complaint's validity and a description of its resolution within 30 days after the appeal is filed.

When, how, and to whom notice must be given depends of the type of covered entity required to give notice.

INDIVIDUALS WITH DISABILITIES EDUCATION ACT

Under the Individuals with Disabilities Education Act (IDEA), school districts must give parents of a child with a disability a copy of procedural safeguards one time a year. However, a copy of procedural safeguards must also be given to parents upon initial referral or parental request for an evaluation, upon a disciplinary action constituting a change in placement, and upon request of a parent. A school district may post a copy of the procedural safeguards on its website. The procedural safeguards notice must fully explain a number of procedural safeguards specified in the statute in the native language of the parents and be written in an easily understandable manner.

- Include nutrition guidelines for all foods available in each school during the school day: the objectives of the guidelines shall be to promote student health and to reduce childhood obesity;
- Assure that guidelines for reimbursable school meals shall not be less restrictive than regulations and guidance issued by the Secretary of Agriculture, as those regulations and guidance apply to schools;

PROTECTION OF PUPIL RIGHTS AMENDMENT

The Protection of Pupil Rights Amendment (PPRA) requires school districts to adopt a number of policies regarding surveys, instructional materials, physical examinations, personal information used for marketing, etc. Parents must be notified of these policies at least annually at the beginning of the school year and within a reasonable time period after any substantial change is made to the policies.

SAFETY

Fire and tornado drills are held regularly to develop safety practices that will help students react quickly and safely in a real emergency. Evacuation routes and assigned areas are posted in each classroom. All persons are asked to take these drills seriously because personal safety depends upon our readiness to react to any situation. Student automobiles driven to school are to be parked in their designated areas and remain there until school is dismissed for the day. Students are urged and expected to use all due caution and prudence when driving in the vicinity of the school. Compliance with state and local driving regulations will be enforced. Failure to follow proper driving procedures could result in loss of driving privileges. Students are not to ride bicycles, skateboards, etc. on the playground or school sidewalks. All bicycles are to be parked in the bicycle racks provided. Because of the obvious liability risk to the school district, we must insist that skateboards are not to be brought to school or ridden on school grounds. Skateboards will be confiscated and returned only to parents. The throwing of snowballs could be dangerous and, therefore, is not allowed. No Heelys are allowed at school anytime.

Evacuation/Relocation

Riverside Schools may decide to initiate emergency evacuation procedures at any one of its buildings to ensure the safety and security of students and staff. Subsequent to an evacuation, the relocation of students might be undertaken if it is determined that they will not be able to re-enter their school within a reasonable amount of time or circumstances dictate that it is unsafe for them to remain on campus. The relocation site will be determined on a case-by-case basis in relation to the facts and circumstances of the specific incident. Decisions regarding evacuation/relocation are always based upon what is the safest resolution for students and staff. The paramount concern during an evacuation and relocation is to maintain the safety of our students and account for their presence. All information regarding such an evacuation/relocation will be made available to parents/guardians via Email Alerts and Voice Messages. Other means of communication may also be used. These notifications may include specific instructions regarding where and when to reunite with students.

SCHOOL NURSE

A school nurse is on duty to attend to accidents and emergency illnesses throughout most of the school day. Except in an emergency situation, students should always obtain a pass to the nurse's office from their classroom teacher. Any prescription medication that needs to be given during school hours must have a written prescription by a licensed medical doctor and signed parent consent. Over the counter medications such as pain medicines must be brought in the original container, along with signed parent consent. All medications must be brought to the nurse's office upon arrival at school. Students are not to keep medicines in their lockers or take medicine at school without the school nurse's permission.

Health Assessment for Entry

It is the policy of District 114 to comply with existing Kansas Statutes 72-53,106, 72-5209, 72-5214, and 72-5211a regarding requirements for student enrollment.

No student will be allowed first-time enrollment without providing a certified copy of their birth certificate.

No student will be allowed first-time enrollment without providing proof of current and up-to-date immunizations as required by the state of Kansas. (Medical and religious exemptions apply).

All students are required to keep immunizations up-to-date. Written notice will be given on a quarterly basis, and a 2-week grace period will be granted, after which time the student may be excluded from school until immunizations are

up-to-date.

All students 9 years and younger, attending a Kansas school for the first time are required to provide a completed Health Assessment. This assessment must be performed by, and signed by a physician or qualified health care professional.

The Health Assessment must be presented on or before enrollment, or the student may be excluded from school until the Health Assessment is completed and documentation is received.

Legal Reference: Kansas law requires that every student less than 9 years of age present a health assessment prior to admission and attendance in a district school.

A physician or a person acting under the direction of a physician shall have conducted the health assessment within 12 months of school entry. K.S.A.72-5213

Sexual or racial harassment of employees or students of the district by board members, administrators, certified and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited. It shall be a violation of this policy for any employee to sexually harass a student, for a student to sexually harass another student, or for any employee to discourage a student from filing a complaint or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy.

Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual's education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating, hostile, or offensive academic environment. The regulations implementing the above statutes require school districts to notify students, parents, and others that they do not discriminate on the basis of race, color, national origin, sex, disability, and age. WEDNESDAY NIGHT

Wednesday night is family night in the Riverside communities. Students are encouraged to participate in activities with their families. All school activities, functions, and practices are encouraged to be completed by 6:30 p.m. Sometimes make-up activities will be scheduled on Wednesday evenings out of necessity.

WITHDRAWAL OF STUDENTS

A student planning to withdraw from school should report this intention to the office. It is important that the student's record be marked to this effect, textbooks checked in, equipment and properties checked in, and settlement of outstanding bills made. A withdrawal release form will be recorded, signed by each teacher and the principal. The school reserves the right to withhold credit for work completed until withdrawal arrangements are properly made with the school. The school may hold transcripts until all obligations are met.

Students that withdraw from school and are not planning on continuing their education are encouraged to enroll in a credit recovery program approved by the Kansas State Board of Education.
