Rules and policies are put in place for the benefit of ALL students, and maintaining a safe educational environment is our top priority. While it is impossible to spell out every rule and every situation that may arise, administrators will handle each individual situation on a case by case basis and have the authority to make decisions outside of what is written, including imposing more severe or different penalties based upon the facts and circumstances.

1.31 Lost and Found
Any articles that are found must be turned into the office. Keeping articles that do not belong to you will be regarded as theft.
Students should report to the office to claim lost items. The lost and found claim area will be cleared once a month.

1.40 Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

Visitors must sign in, identifying their name, the date and time of arrival, and the classroom or location they are visiting. Approved visitors must take a tag identifying themselves as a guest and place the tag to their outer clothing in a clearly visible location. Visitors are required to proceed immediately to their location in a quiet manner. All visitors must return to the main office and sign out before leaving the school.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct himself or herself in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior.

1.50 Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religious beliefs, physical or mental disability, status as homeless, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex or sexual orientation, be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.

Any student or parent/guardian with a sex equity or equal opportunity concern should contact the superintendent.

1.60 Animals on School Property

In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that (a) the animal is appropriately housed, humanely cared for, and properly handled, and (b) students will not be exposed to a dangerous animal or an unhealthy environment.
1.70 School Volunteers

All school volunteers must complete the “Volunteer Information Form” and be approved by the building principal prior to assisting at the school. Forms are available in the school office. Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

1.80 Invitations & Gifts

Party invitations or gifts for classmates should not be brought to school to be distributed. Items such as these are of a personal nature and should be mailed home using the list in the school directory. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

Parties are strictly on a voluntary basis. Parents not wishing to have their child participate may pick them up when the party begins or students may go to an alternative location.

- Birthday Parties – Children in the lower grades (K-2) will be allowed time in the last quarter of the day to pass out treats. Children in other grades may pass out treats if they desire but the idea is discouraged. There are to be no gifts for birthday parties.
- Christmas Parties – Christmas parties will be the last afternoon before Christmas vacation. In place of a holiday gift exchange, students will donate for the local food pantry.
- Halloween Parties – Halloween parties may be held in grades kindergarten through fifth. Costumes should not include weapons or blood. Please avoid or modify for the school day costumes which may frighten younger children.
- Valentine Parties – Halloween parties may be held in grades kindergarten through fifth, with the exchange of valentines.
1.85 Treats & Snacks

Due to health concerns and scheduling, treats and snacks for any occasion must be arranged in advance with the classroom teacher. Treats and snacks may not require refrigeration and must have a clearly printed list of ingredients on the packaging. We strongly encourage you to select a treat or snack with nutritional value.
1.90 Emergency School Closings

In cases of bad weather and other local emergencies, please listen to any local radio or television station to be advised of school closings or early dismissals. School closings for any reason will be announced by our mass communication system. If bad weather or other emergency occurs during the day, please listen to local media stations for possible early dismissal information and look for a mass communication message to be sent to parents.

For your child’s safety, make certain your child knows ahead of time where to go in case of an early dismissal.

1.100 Video & Audio Monitoring Systems

A video and/or audio monitoring system may be in use on school busses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

1.110 Accommodating Individuals with Disabilities

Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

1.120 Students with Food Allergies

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal at the high school 309-935-6781 or grade school 309-935-6623.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed supports so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

1.130 Care of Students with Diabetes

If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Care Plan must be submitted to the building principal. Parents/guardians are responsible for and must:

a) Inform the school in a timely manner of any change which needs to be made to the Diabetes Care Plan on file with the school for their child.

b) Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.

c) Sign the Diabetes Care Plan.

d) Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Care Plan.

For further information, please contact the building principal.
1.140 Suicide and Depression Awareness and Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school’s ability to educate. Suicide and depression awareness and prevention are important goals of the school district.

The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of school district’s policy, is posted on the school district website. Information can also be obtained from the school office.

1.150 Accommodating Breastfeeding Students

Students who choose to breastfeed an infant after returning to school are provided reasonable accommodations. A student who is a nursing mother may take reasonable breaks during the school day to express breast milk or breastfeed her infant. Reasonable accommodations include, but are not limited to:

1. Access to a private and secure room, other than a bathroom, to express breast milk or breastfeed an infant.
2. Permission to bring onto school campus a breast pump or other equipment used to express breast milk.
3. Access to a power source for a breast pump or any other equipment used to express breast milk.
4. Access to a place to store expressed breast milk safely.
5. Reasonable breaks to accommodate the student’s need to express breast milk or breastfeed an infant child.
6. The opportunity to make up work missed due to the student’s use of reasonable accommodations for breastfeeding.

Complaints regarding violations of this procedure should be made to the District’s Complaint Manager or Non-Discrimination Coordinator.

Chapter 2: Attendance, Promotion & Graduation

2.10 Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child’s age, shall assure that the child attends school during the entire time school is in session.

2.10a Tardy

Students are expected to be prepared and in their assigned seats when the bell rings. Students who arrive late for class without an excuse will be marked tardy. Students with tardies will be subject to behavioral and/or disciplinary interventions or consequences. Students arriving more than an hour after the start of school are considered absent for ½ day. Students arriving after noon are considered absent for a full day.

Cross-reference:

PRESS 7:70, Attendance and Truancy
2.20 Student Absences

There are two types of absences: excused and unexcused. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student’s mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, or other reason as approved by the building principal.

All other absences are considered unexcused. Authorized Absence is an excused absence must be approved by the building principal with three days prior notice.

Additionally, a student will be excused for up to 5 days in cases where the student’s parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student’s parent/guardian are responsible for obtaining assignments from the student’s teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

The school may require documentation explaining the reason for the student’s absence. In the event of any absence, the student’s parent/guardian is required to call the high school at 309-935-6781 and the grade school at 309-935-6623 before 9:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:00 a.m. on the day of a student’s absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

2.20a Attendance at evening events following a tardy or absence

If a student does not attend school the entire day, without a professional note or reason justified by the building principal, that student will not be allowed to attend extra-curricular activities that evening. A student must be in attendance at the end of the school day to attend events as a spectator. A student who violates this policy will not be allowed to attend extra-curricular activities as a spectator for one week.

2.20b Pre-arranged Absences for College Visits

Students may be granted a total of 3 college visit days over the course of their junior and senior years. The principal may grant an additional day if the circumstances warrant.

At least 3 days before the visit, the student must get the visit day approved by the high school counselor and/or principal.

The day of the visit, the student must have a college official complete the COLLEGE portion of the form verifying the visit. The parent should still call in the student absence for the visit to the high school office.

The day after the visit, the student must return the completed form to the high school counselor or high school office in order to have the day counted as an excused absence.

If a student does not comply with the college visit day policy, he/she will receive an unexcused absence for that day. (See “Unexcused Absence”)

2.30 Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student’s parent/guardian must give written notice to the building principal at least 5 calendar days before the student’s anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

Cross Reference:

2.40 Make-Up Work

If a student’s absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. A student is allowed one day for each day absent to make up the missed work without loss of points. Students who are unexcused from school will not be allowed to make up missed work.

Cross-reference:
PRESS 7:70, Attendance and Truancy
2.50 Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180 regular school days are considered chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline

A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to removal or expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

2.60 Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher. Deficiency slips will be sent home to all junior high students receiving a grade of a D and/or an F at the middle of each grade-reporting period. All parents are also encouraged to come to school to meet with the teachers of their child and monitor their student’s progress through STI. In this way a much clearer understanding of the child’s program is possible.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

2.60a Grading System

- **A+**
  - For students in grades K-8, teachers may assign a grade of A+ at their discretion to acknowledge exceptional student performance
  - A+ carries the same GPA weight as an A (5.0)
- **A (96-100) A- (94-95)**
  - All assignments completed on time and in a creditable manner.
  - Real contribution to class. Good record of attendance.
  - All written work neatly and carefully done.
  - Evidence of ability to apply principles.
  - Works independently and has sufficient initiative and interest to undertake original projects beyond assigned work.
- **B+ (92-93) B (89-91) B- (87-88)**
  - Master of major portion of assigned work.
  - Average response in class.
  - All written work neatly and carefully done.
  - Work handed in on time.
  - Evidence of ability to apply principles.
  - Requires no urging to have work done on time.
- **C+ (85-86) C (78-84) C- (76-77)**
  - Represents average work of average quality and is given to that large group of substantial students who do average work.
  - Honest effort and meeting requisites for a “C” mark with a goodly degree of success will usually earn for a pupil at least a “C” mark.
- **D+ (74-75) D (71-73) D- (70)**
  - Below the danger line but passing. Work is regarded as passing according to the minimum requirements of the course. More time and effort should be given to the particular subject.
- **F (Below 70) Failure**

2.60b Weighted Grading System

Administrators and teachers will work together to determine which junior and senior level courses carry weighted grades each year. Criteria for this decision will include course rigor and whether or not the course is elective. For students taking courses outside Annawan High School, if courses are initially determined not to be weighted, the student may petition the administration to reconsider weighting any time before the 4th week of the semester. Students should be prepared to
present evidence of rigor of course requirements and grading policies to support their case. Administrative decisions will be final.

In these courses letter grades from A through C- are increased by 1 unit. (Example: A- from 4.7 to 5.7). The classes which are weighted will be re-evaluated every three (3) years or sooner at the discretion of the principal. Weighted grades will be used in computing class rank and for the honor roll.

Considerations for course weighting:

1. Courses required for graduation will not be weighted. (Exceptions to this include courses such as Analytic Geometry, Trigonometry, and College Composition where students have been advanced in sequence or elect to take a more advanced version of the course.)
2. Dual enrollment courses will be automatically weighted if they align to a similar weighted course offered locally (Ex. Chemistry, Calculus)
3. Dual enrollment courses beyond graduation requirements in core areas which are IAI transferrable will be automatically weighted. (Ex. A transferrable biology course for a student who has already completed 2 years of science.)

2.60c Classification of Students (High School)
- Freshmen—All students who are in attendance in high school the first year will be classified as freshmen.
- Sophomores—All pupils who are in attendance in high school the second year and have earned at least 5.00 cumulative credits
- Juniors—All pupils who are in attendance in high school the third year and have earned at least 10.00 cumulative credits
- Seniors—All pupils who are in attendance in high school the fourth year and have earned at least 15.00 cumulative credits

All pupils who have been in attendance in high school three years and because of failing.

Note: Credit earned in physical education will be used in computing student classification. Exceptions to these placement requirements can be made at the discretion of the administrator.

2.60d Class Rank

All courses except Physical Education and Driver's Education will be used in computing class rank. Class rank will be computed at the end of each semester so that the information will be available to the pupil and the Guidance Department. The numerical value of the grades as shown in the section under “HONOR ROLL” will be used to compute class rank. Class rank may be used for college registration, scholarships and some job applications.

Class rank will be only computed on grades earned in classes offered through A.H.S. during the regular school year.

2.60e Guidance on conversion from 5.0 to 4.0

The standard method for converting from Annawan High School’s 5.0 scale to a standard 4.0 scale is to subtract 1 from the total GPA. (Example: A 4.76 on Annawan’s scale would be considered a 3.76 on a 4.0 scale.)

2.60f Semester Tests (High School)

Semester tests will be given in all classes including physical education, band and chorus at the end of the first and second semester. All students except graduating seniors (2nd semester) will be expected to take the semester tests. Semester tests will be required for dual enrollment courses. Graduating seniors may request to take the test if necessary for graduation. In this case the teacher will arrange a test date prior to the graduation exercises. If the students are absent from a test on the
first testing day they will be required to make up the test on the second day of testing during their study hall period. All tests will be made up within two school days after the student returns.

Semester tests will be conducted over a two-day period. All students are to remain in the testing area until the end of the testing period. Students may be dismissed from school following the conclusion of their last testing period provided they have parental permission.

Semester tests will have a value of 1/10 of the semester grade.

2.60g Semester Tests Exemption (High School)

2.80 Exemption from Physical Education Requirement

2.80a Exemption from Physical Education Requirement [K-8]

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act. State law prohibits the School District from honoring parental excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

1. The time of year when the student’s participation ceases; and

2. The student’s class schedule.

Chapter 3: Student Fees and Meal Costs

3.10 Fines, Fees, and Charges; Waiver of Student Fees

Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Chapter 4: Transportation & Parking

4.10 Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district’s regular suspension procedures shall be used to suspend a student’s privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student’s parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student’s safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.

2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.

3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single file without pushing. Always use the handrail.

4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.

5. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smart phones, and other electronic devices must be silenced on the bus unless a student uses headphones.

6. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
7. Always listen to the driver’s instructions. Be courteous to the driver and other students. Sit with your hands to
yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated,
keeping your hands, arms, and head inside the bus at all times.

8. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.

9. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps
away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl
under a bus.

10. If you must cross the street after you get off the bus, wait for the driver’s signal and then cross in front of the bus.
Cross the street only after checking both ways for traffic.

11. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of
investigation into misconduct or accidents on the bus.

For questions regarding school transportation issues, contact the superintendent.

4.20 Parking

Students may park their vehicles in the lot located at the east end of the building. Vehicles must be parked in straight rows heading east and west in a manner to avoid interrupting the flow of traffic and must be driven under the speed limit of 10 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Students caught driving recklessly in the parking lot may be subject to disciplinary action.

The lots in front of and behind the school are for school staff, personnel, and others designated by administration. These lots MAY NOT be used by students at any time.

The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. STUDENTS PARK THEIR VEHICLES ON OR NEAR SCHOOL PROPERTY AT THEIR OWN RISK. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.

Students have no reasonable expectation of privacy in cars parked on school grounds. School lots may be searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME.

Video cameras may be active in parking lots and may be used for the purposes of investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the student discipline code and/or withdrawal of parking privileges.

4.20a Bicycles

Bicycles must be parked and locked in the assigned bicycle rack. There is no bicycle riding on school sidewalks. While on school grounds, please get off your bicycle and walk to and from the rack. No bicycle riding will take place during the noon hour or before or after school while buses and cars are present.

4.20b Parking, pick-up, and drop-off

Those dropping off children may do so in back (south) location, (blue hallway) during the following hours: 8:00 – 8:15. Those picking up children may do so in front of the school (north) during the following hours: 2:59 – 3:10. Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Vehicles located in these locations may be ticketed and/or towed by the police.
Chapter 5: Health and Safety

5.10 Immunization, Health, Eye and Dental Examinations

5.10a Required Health Examinations and Immunizations

All students are required to present appropriate proof of a health examination using the appropriate form available at www.idph.state.il.us or on our website and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student’s grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was “risk-assessed” or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year will result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian’s failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

5.10b Eye Examination

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student’s health and well-being. When a student’s licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “School Medication Authorization Form.”

No school or district employee is allowed to administer to any student, or supervise a student’s self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student’s parent/guardian. Designated Caregiver Administration of Medical Cannabis

The Compassionate Use of Medical Cannabis Pilot Program Act allows a parent/guardian of a student who is a minor to register with the Ill. Dept. of Public Health (IDPH) as a designated caregiver to administer medical cannabis to their child. A designated caregiver may also be another individual other than the student’s parent/guardian. Any designated caregiver must be at least 21 years old and is allowed to administer a medical cannabis infused product to a child who is a student on the premises of his or her school or on his or her school bus if:

A school employee shall not be required to administer the product. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

**5.30 Guidance & Counseling**

The school provides a guidance and counseling program for students. The school’s counselors are available to those students who require additional assistance.

The school counselors and social worker work with parents, pupils, and teachers to develop open lines of communication. The purpose of counseling is to clarify personal, social, and academic issues.

Counseling/social work may take place in a one-to-one, small group, or classroom setting. The nature of the information discussed is held in strict confidence. The opportunity to participate in counseling may be initiated by parent, teacher, administrator, or student. All student participation in ongoing counseling/social work programs must be approved by the child's parent(s). However, the counseling/social work staff may be brought in at any time, to help resolve conflicts or help maintain a positive climate in the school.

In addition, the high school guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student’s career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

5.41 **Crisis Situation**

In the event of a violence-related crisis, where the children’s safety could be at risk, a series of bells will ring to notify the staff. If this occurs, the teachers will either secure the children in the rooms or have them evacuate the building immediately, depending on the location of the class and the site of the emergency situation. Students will remain in the protection of the teacher until the office personally notifies the staff member that it is safe for our children to return to the school or the hallway.

Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.

26. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

For purposes of these rules, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

6.30b When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

6.30c Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.

a. Students are restricted from the regular learning environment with monitored access to educational resources. Students will receive credit for all work completed in intervention time. Inappropriate
behaviors during in-school intervention times will be considered insubordination and be subject to behavioral and/or disciplinary interventions or consequences.

7. Before or after-school detention or Saturday detention provided the student’s parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)

8. Community service.

9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.

10. Suspension of bus riding privileges.

11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
   a. Upon return from OSS, students will report immediately to the office for re-engagement planning. The responsibility lies with the student to make arrangements with individual teachers for make-up work. If arrangements are made the day of return and work is completed according to guidelines, full credit will be granted.

12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.

13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.

14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), “look-alikes,” alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

6.30d Corporal Punishment

Corporal punishment is illegal and will not be used. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

6.30e Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

All use of electronic network use must be consistent with the school’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These rules do not attempt to state all required or proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow these rules will result in the loss of privileges, disciplinary action, and/or appropriate legal action.

7.10a Acceptable Use - Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District’s educational objectives, or (b) for legitimate business use.

7.10b Privileges - The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final. Students have no expectation of privacy while using equipment and/or networks owned or managed by the district.

7.10c Unacceptable Use - The user is responsible for his or her actions and activities involving the network. Some examples of unacceptable uses are:

a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;

7.10e No Warranties - The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

7.10g Security - Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual’s account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

7.10h Vandalism - Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. If possible, the notice should also include the web address of the original source.

b. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of “public domain” documents must be provided.

a. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an email account is strictly prohibited.

b. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
c. Electronic messages transmitted via the School District’s Internet gateway carry with them an identification of the user’s Internet domain. This domain is a registered name and identifies the author as being with the School District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the School District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.

d. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.

e. Use of the School District’s email system constitutes consent to these regulations.

Chapter 8: Search and Seizure

8.10 Search and Seizure

In order to maintain order, safety, and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

8.10a School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as, lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

8.10b Students

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination.

8.10c Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.
Chapter 9: Extracurricular and Athletic Activities

9.10 Extracurricular and Athletic Activities Code of Conduct

This Extracurricular and Athletic Activities Code of Conduct applies, where applicable, to all school-sponsored athletic and extracurricular activities that are not part of an academic class nor otherwise carry credit for a grade.

9.10a Requirements for Participation in Athletic Activities

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association’s “Pre-Participation Physical Examination Form.”
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Assurance that the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA’s most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student’s parent/guardian agreeing to IHSA’s Performance-Enhancing Substance Testing Program.
5. A signed agreement by the student and the student’s parent/guardian authorizing compliance with the IHSA’s Extracurricular Drug and Alcohol Testing Policy; and
6. Signed documentation agreeing to comply with the School District’s policies and procedures on student athletic concussions and head injuries.

9.10b Illinois High School Association/Illinois Elementary School Association

Eligibility for most athletics is also governed by the rules of the Illinois High School Association and Illinois Elementary School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA/IESA and this Code, the most stringent rule will be enforced.

9.10c Academic Eligibility

Selection of members or participants in extracurricular and athletic activities is at the discretion of the designated teachers, sponsors, and coaches.

To retain eligibility in high school, a participant must earn a passing grade in all academic courses each week. The first week that a student receives an "F" in an individual course during the semester will be considered a warning week. The second week (and any thereafter) that a student receives an "F" in the same course during a semester, the student will be considered ineligible. IHSA requires all high school participants be enrolled in a minimum 25 semester hours of academic course work. Grades are determined by measuring the student's performance from the beginning of the semester through
the date the eligibility check is made. Eligibility runs Sunday through Saturday. In addition, an participant must have passed a minimum of 25 hours of coursework in the semester preceding his or her eligibility.

IESA requires participants to earn a passing grade in all courses each week. Grades are determined by measuring the student's performance from the beginning of the semester through the date the eligibility check is made. Eligibility runs Monday through Saturday of the week following each eligibility check. No warning “F” applies to junior high eligibility.

If a student is ineligible for three consecutive weeks in the same subject area, they will be dismissed from the team. A coach may override this dismissal by contacting the athletic director.

9.10d Absence from School on Day of Extracurricular or Athletic Activity

A student who is absent from school for any part of the day without a professional excuse is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the administration for justifiable reasons, including: 1) a pre-arranged medical or other professional appointment absence accompanied by a note; 2) a death in the student's family; or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

Additional Junior High Rules

If a student does not participate in Physical Education class, they will not be allowed to participate in an extracurricular activity that evening unless excused by a professional note or circumstances are approved by the administration.

9.10e Travel

Athletes, cheerleaders, and band members can only be released by their parents to return home from athletic contests and events with a parent designee over 21 by calling the principal’s office. The assigned designee must sign the student out at the event. Parents, grandparents, or siblings over 21 may sign the student out at the event without a prior phone call.

In all cases where the school provides transportation to an event, contest, or practices, except in the cases where an administrator gives approval, students must use the provided transportation. Students who miss the bus will be subject to the coaches’ disciplinary decisions. Students will not drive themselves to practices or events when transportation is provided.

9.10f State Contests/Overnight Travel

1. Athletes may be excused from school to attend the state contest in their sport if their coach is accompanying them and has accepted responsibility for their transportation and attendance at the event.
2. When overnight arrangements are necessary, the coach will make the reservations and plans with the approval of the district administration, and will be responsible for the students in his or her care.
3. Students attending these supervised events are subject to all district rules and regulations as well as those established by their coach or supervisor for the trip.
4. Athlete/Coaches who qualify for participation in a state competition will be reimbursed for the following expenses:
   - Breakfast - $7.00
   - Lunch - $7.00
   - Dinner - $10.00

**9.10g Code of Conduct**

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. An alleged violation of the training rules may be brought against an athlete/participant/cheerleader pursuant to any of the following methods.

1. Every coach, cheerleading sponsor, faculty member or administrator shall have the authority and the responsibility to report (in writing to the athletic director or principal) a violation of the training rules. If a report is made, the individual must take personal responsibility for the validity of the report, and be prepared to present the findings to the student involved and his or her parents.

2. Parents of the athlete are also encouraged to report (in writing to the athletic director and/or principal) any violation on the training rules.

3. Any athlete/participant/cheerleader receiving a citation by law enforcement or admitting guilt for an offense which involves a violation of the training rules shall be deemed to have violated said rules.

When a charge has been filed with the principal and/or athletic director, the principal and/or athletic director shall review the evidence and determine if a violation of the training rules occurred and the appropriate penalty. The principal and/or athletic director shall conduct a pre-suspension hearing with the student and the student's parents. A written decision following this hearing will be mailed to the student and his/her parents. Said decision will also inform the student and his/her parents of the right to review the decision of the principal and/or athletic director to the superintendent.

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:

**FIRST VIOLATION**

3. If an athlete or cheerleader goes to the doctor for an injury, he or she must obtain a written release from the doctor before he or she may return as a participant.

4. Report all injuries, no matter how trivial, to your coach. Prompt treatment prevents infection and it will hasten your recovery and it is necessary for insurance purposes.

5. All equipment issued will be the responsibility of each individual team member with respect to care and maintenance. If an athlete is unable to account for all equipment which has been issued to him/her, he/she shall be held financially responsible for the same.

6. Athletic or cheerleading practices are not be held on Sunday except in extreme cases where a team may be involved in tournament/playoff competition during the following day. These practices will then only be held with the consent of the respective principal.

7. Students in multiple sports will be allowed to take up to a 5 calendar day break between athletic seasons without penalty. This rule applies to any activities which qualify for a PE exemption.

8. When the school is closed due to inclement weather, athletic or cheer-leading practices shall be held only with the consent of a district administrator and attendance shall be "optional". This may not apply to early dismissal situations.

9. Students assigned to in-school suspension will not be allowed to attend or participate in any extracurricular activities the day of their suspension. Members of teams may attend practices or games, but may not dress or participate. Suspensions will be served the day immediately following verbal parental consent. Verbal consent will be followed by a signed consent letter. If verbal parental consent is not received within two school days, the student will be assigned to in-school suspension.

10. When going to and from a scheduled contest and in the presence of the public, athletes not attired in team uniforms should dress neatly. The individual coach has the prerogative of determining the type of dress for his/her team members.

11. Students should comply with curfew laws in the community in which they reside. Other restrictions will be determined by coaches/sponsors.

12. Failure to Comply with Principles 9 &10 will result in:

4. In the event of conflicting conference competitions, students will decide in which to participate and notify coaches within 24 hours of learning of the conflict.

5. Whenever possible, coaches will make reasonable efforts to eliminate conflicts for students. (Example: attempt to reschedule music audition time to allow student to participate in a volleyball tournament)

6. At any time coaches may agree to allow a student an exception to these rules.

7. In the event of conflicts the student decides.
9.10k Junior High Philosophy

The Annawan Grade School is committed to providing an athletic program in which the development of solid skills, good sportsmanship, and self-discipline are goals. Students should be encouraged to demonstrate positive attitudes, a respect for others, and an appreciation of their academic responsibilities. Skills and techniques introduced at this level will be based on practices used in the high school program. Coaches will determine starting positions and playing time for their athletes. Parents are encouraged to be positive and supportive of their own child as well as the officials, coaches, and other players involved in the program.

Our junior high program will be competitive, while instilling and promoting personal growth for our individual athletes, and an understanding of the fundamentals involved in the sport. Athletes are not guaranteed playing time, though a large point margin should allow for increased team participation. Tournament teams will consist of the most competitive athletes, based on the coach's assessment. It is important at the junior high level for us to instill a competitive attitude in our athletes, while supporting the development of solid skills, good sportsmanship, and self-discipline.

9.10l Communication with Coaches

Professional communication between coaches, players, parents, and fans is vital to the success of our extra-curricular program. If it is necessary to speak with a coach, please contact the school office during schools hours to schedule an appointment with the coach and an administrator. If the coach is not employed by the school during the day the school will contact the coach involved. Coaches should not be contacted at home via email, text message, or phone call. Coaches should not be approached by concerned parents or community members to discuss issues on game nights, at practices, or in other public settings. Failure to act professionally in these circumstances may result in consequences which could involve exclusion from athletic contests for the remainder of the year.

JH Student Council

The 6th, 7th and 8th grade Student Council is an organization through which the student body presents ideas and recommendations in the interest of a better school for students, faculty and administration. It is an advisory council rather than a student governing body. It is a representative body, and the homeroom, through its representatives, is the line of communication for expressions of student concerns and views.

Each homeroom elects two representatives and the whole student body elects officers at the beginning of the school term. The Student Council functions through the authority granted and delegated to it by the Principal. It operates within the framework of the Student Council Constitution, adopted by the student body.

9.35c High School Organizations

Foreign Travel Club

This is a vocational based volunteer organization for students interested in social service and family and consumer science related careers. The organization has several objectives that include personal growth, family life, and vocational preparation and community involvement.

**FFA**

FFA is a national organization of students involved in agriculture. The purpose of the club is to bring together high school people interested in a health career to share their interest, to explore opportunities and requirements in various health fields. The students can also grow as individuals by working together and learning about community life that they will soon participate in as informed citizens.

**National Honor Society (NHS)**

The objectives of the National Honor Society shall be to create enthusiasm for scholarship, to stimulate a desire to render service, to promote leadership, and to develop character in the students of secondary schools. To be a candidate for membership in the National Honor Society a student must have a cumulative GPA of 4.0 or higher and be a member of the sophomore, junior, or senior class at Annawan High School. The student must have attended Annawan High School at least the equivalent of one full semester. All candidates will be considered for selection by the high school faculty and any other teachers involved in the supervision of extracurricular activities involving high school students. Selection will be based on outstanding scholarship, character, leadership and service. Once selected, members have the responsibility to continue to demonstrate the qualities of scholarship, character, leadership and service. The student must maintain a 4.0 or higher cumulative grade point average.
Procedure for selection:
All students with a 4.0 or above cumulative grade point average will be notified during the second semester of their sophomore, junior, or senior year that they are eligible to be considered for membership in the National Honor Society. They will also be informed of the application process and timeline. It will be the student’s responsibility to complete the application and submit it to the National Honor Society advisor by the due date. Failure to do so will eliminate the student from further consideration.

The high school teaching staff and the teachers involved in the supervision of high school extra-curricular activities will then evaluate each member individually on each component of leadership, service and character. A rating scale of 1 (low) to 4 (high) will be used. A teacher who does not feel qualified to evaluate a student on a particular component will refrain from voting on that component. The ratings for each component will be tabulated after the low score is removed. A student must receive an average of three or above on four of the six components in each of the categories of leadership, service and character to selected for membership. If after voting, a teacher feels additional discussion is needed on any member, he/she may request additional discussion and another vote.

The student will be expected to sign a contract upon selection agreeing to provide a minimum number of hours of school and/or community service upon becoming a member of the society. This is a condition of membership into the society.

11.20 Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member’s sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes, though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect to the student’s school records. They are:

1. The right to inspect and copy the student’s education records within 10 business days of the day the District receives a request for access.

The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges $.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost.

These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. The right to have one or more scores received on college entrance exams included on the student’s academic transcript.

Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student’s academic transcript. The District will include scores on college entrance examinations upon the written request of the parent/guardian or eligible student stating the name of each college entrance examination that is the subject of the request and the dates of the scores that are to be included.

3. The right to request the amendment of the student’s education records that the parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.

A parent/guardian or eligible student may ask the District to amend a record that is believed to be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and should clearly identify the record the parent/guardian or eligible student wants changed and the specific reason a change is being sought.

If the District decides not to amend the record, the District will notify the parent/guardian or eligible student of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent/guardian or eligible student when notified of the right to a hearing.

4. The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member
(including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy, and challenge such records.

Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring.

Disclosure is also permitted without consent to: any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

5. The right to a copy of any school student record proposed to be destroyed or deleted.

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.

6. The right to prohibit the release of directory information.

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
- Address
- Grade level
- Birth date and place
- Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
- Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
- Academic awards, degrees, and honors
- Information in relation to school-sponsored activities, organizations, and athletics
- Major field of study
- Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.
7. The right to request that military recruiters or institutions of higher learning not be granted access to your student’s information without your prior written consent.

Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

8. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student’s temporary record which such individual may obtain through the exercise of any right secured under State law.

9. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

Family Policy Compliance Office

**AUTHORIZED ABSENCE:**

Examples are family vacations, family emergencies and funerals outside the family. To receive full credit for homework and tests all work must be handed in or made up upon the student’s return to school. Parents must call the principal in advance for approval and the student must obtain all homework assignments in advance. The student’s parents or grandparents must accompany him or her on the trip or absence for it to be considered an authorized absence. The only exception to this would be an absence involving religious commitments or an activity sponsored by the student’s church.

I verify that this trip meets the conditions of an authorized absence.
