Introduction of Financial Integrity Rating System of Texas

Other Data Concerning the District's Operations

2010-2011 District Financial Integrity Rating Status Summary

Required Supplementary Data

Introduction

Passed during the 77th regular session of the Texas Legislature (2001), Senate Bill 218 requires each school district to prepare an annual financial accountability report. Many business-related issues are covered in this report. The primary reporting tool, however, is the Financial Accountability Ratings Worksheet. This worksheet was developed by representatives of the Texas Education Agency (TEA), the Texas Business & Education Council (TBEC) and the Texas Association of School Business Officials (TASBO). It is administered by TEA and calculated on information submitted to the Agency via the annual PEIMS submission. The 2011 School FIRST ratings were based upon an analysis of staff and student data reported for the 2010-11 school year and budgetary and actual financial data for the 2010 fiscal year.

Known as the FIRST rating (Financial Integrity Rating System of Texas), the worksheet consists of 20 Indicators, with yes or no answers for indicators one through six. If the district answers no to indicator 1, 2, 3, or 4 or if 5 and 6 are both no, the district receives a substandard rating. The remaining 16 indicators are combined for a total score up to 80 points. A rating is then determined from the overall score. Ratings range from Superior Achievement to Substandard Achievement. The overall 2010-11 state statistics are included behind Snyder ISD's report.

Beginning with the 2006-2007 reporting year, the rating system incorporated several changes as a result of legislative action and executive order of the governor. One of which was the incorporation of the 65% rule. House Bill 3 of the 81st Legislative Session, 2009 amended the report, stating that the rating system may not include an indicator that requires a school district to spend at least 65% or any other specified percentage for instructional purposes. As a result, two indicators were removed from the 2010 School FIRST, and the indicators were renumbered.

For the tenth year in a row, Snyder ISD continues its financial excellence with a rating of "Superior Achievement" for the 2010-2011 fiscal year, scoring positive responses on 19 of 20 questions for a score of 65 points out of a possible 70 points. This report briefly focuses on how this superior rating was achieved and what will be required to maintain it.

Other Data Concerning the District's Operations

The purpose of this section of the report is to discuss other aspects of the District's business operations not covered by the worksheet. The worksheet should be viewed as a basic tool with which to assess SISD's primary business practices. However, a financial evaluation should not stop there. The district should always be working towards improvement in all aspects of our operations to maximize funds available to campuses for educational purposes and to our ancillary departments that support our campuses.

Outlined below, are a number of business practices not covered by the Financial Accountability Worksheet directly.

Financial Strength

The state of Texas recommends that financial strength be discussed in this report. A significant financial indicator of strength is the district's ability to meet cash flow needs from December to June each year without borrowing money. During these months, state funds decrease based on the assumption that the District is realizing revenues from tax collections. Snyder ISD has not borrowed funds for operating reasons at any time in recent history, which is one indicator of adequate financial strength.

Another indicator of financial strength can be measured by the District's level of fund balance. The fund balance of the district has increased significantly in the past nine years from \$1,897,783 in 2000-2001 to \$23,387,728 in 2010-2011 of which \$9,300,000 has been designated for capital improvements and other financial needs. Careful management of the operating budget has enabled SISD to increase fund balance for future financial needs.

Operating Cost Management

A relatively small portion of total General Fund expenditures are flexible or variable in nature. Salaries and benefits comprise the largest part of the annual budget, followed by other fixed costs such as recapture payments, maintenance, transportation, utilities, tax appraisal fees, tax collection fees, and debt service. The balance of the expenditures are allocated for supplies, materials, capital outlay, staff development, construction, and contracted services.

Personnel Management

The District's longstanding personnel goal is to attract and retain qualified staff, and to offer a competitive salary and benefit package each year. In an effort to remain competitive with area districts, teacher salaries were increased from \$3,000 above state base in 2006-2007 to \$4,000 above state base in 2007-2008. The district also added 10 additional steps above the 20 step teacher salary schedule (State Minimum Salary Schedule for Classroom Teachers, Full-Time Librarians, and Full-Time Nurses). In 2012, teacher salaries were increased on average, 2.5%.

Debt Management

The taxpayers of the District authorized a \$24.585 million bond program in September 2004. This authorization was received very favorably by the voters. This speaks to the confidence voters have in the District, not only from an instructional viewpoint, but also from a financial management perspective.

All funds under the 2004 authorization have been issued. The elementary school was completed in August, 2007 and was opened with approximately 1,200 students in attendance. Several renovation projects were also completed during the 2007-2008 year.

Debt management is easier if local taxes are collected at a high collections rate consistently over the years. The District has experienced favorable tax collections, which is one of the worksheet criteria dealing with this issue.

Facility Acquisition and Construction Management

A 2007-2008 facility study noted needed improvements to athletic facilities, fine arts areas, vocational facilities and the administration building. A bond election was called for in the November general election to address most of these needs. Unfortunately, the bond did not pass in the November 4, 2008 election. Carefully considering the recommendations outlined in the study, the District has used portions of its available maintenance and operations budget to address facility needs by renovating Worsham Auditorium, reconstructing Tiger Stadium and renovating the administration building.

Cash Management

The worksheet addresses cash/investment issues. The worksheet criteria essentially states that a district should have cash available, and should earn a minimal rate of return on it. In truth, an investment and cash management program is much more complex.

First, state and local board policies require funds be invested with four major objectives in mind. In order of importance, they are: safety, liquidity, diversity and yield.

State and local policy specify what types of securities can be purchased, and virtually all of them fall within these restrictions. Certificates of Deposit are legal investments, but they are not liquid and their marketability can fluctuate, so CD's are only purchased when they are the most attractive investment in terms of maturity and return.

There are a few investments that are legal to purchase, but they aren't very marketable. Consequently, we don't buy them. Bonds of the state of Israel are a good example. While diversity in the portfolio is always a goal, interest rates have dictated the direction of investments the past several years. Operating funds are mainly kept in investment pools and with the District's depository bank. Lastly, quarterly reviews of investment activity and performance and an annual review of the investment policy are submitted to the Board of Trustees for review and approval, as required by law.

Budgetary Planning & Financial Allocations

The District's budget process usually begins in February each year. During the first month of planning, budget allocations are developed for each campus and department. Most school districts have some rational basis for allocating funds to campuses and operating departments. Snyder ISD's funds are allocated to the campuses based on the number of students and type of campus. Support departments receive funds based on previous year's budgets adjusted (up or down) for future years' needs. Special project requests for amounts supplemental to allocations are considered individually each year. In May, budget requests are submitted and state and local revenue calculations begin. June and July are spent compiling this information and the first preliminary view of how the next year's budget looks occurs. In odd-numbered years, the legislature is in session, and that complicates and delays the budgeting process. In the months of July and August, budget committee meetings are held to review the preliminary budget. Decisions are made on program and capital outlay requests, revenue data is fine-tuned and a final budget is submitted to the Board of Trustees for approval in August.

The budget process is a proactive and highly participatory one, and campuses and departments are given a great deal of discretion as to how to budget their funds. After the budget is adopted, each campus or department is given equal latitude regarding amending their budget when their plans or needs change. This decentralized style of budget management (called site-based decision making) is required by the state of Texas. It is a system that works best in the long run for everyone by allocating resources where they are needed, even when those needs change.

Academic Ratings

Although not a direct indicator of a district's financial strength or operating processes, the academic ratings of a district can be connected back to its financial operations to a degree. The management and distribution of a district's financial resources toward instruction can have an effect on the district's academic rating. Financial mismanagement can lead to lower academic achievements if the funds are not targeted towards the appropriate areas. Indicator Test 7 is tied to the district's academic accountability rating. For the 2009-2010 school year, the District received a Recognized rating. For the 2010-2011 school year, the District received a Acceptable rating.

Annual Audit Report

Each year, an audit is performed by independent auditors. Their job is to report on SISD's financial status and to ensure that Snyder ISD management is doing a good job of keeping the District's financial records up to required standards. This report is a critical element of the accountability ratings worksheet, covering six criteria. These criteria and the District's compliance with each have been discussed in this report. Further, the district has had "perfect audits" for the past seven years, 2004 through 2011, with auditors reporting "No Reportable Conditions, No Material Weaknesses."

Required Supplementary Information

Distribution of the District's financial management report, the superintendent's contract, reimbursements received by the superintendent and board members and other compensation and gifts received are to be included in this report. This information is being presented below to comply with the requirements.

Superintendent's Current Employment Contract

In lieu of publication in the annual School FIRST financial management report, the school district may choose to publish the superintendent's employment contract on the school district's internet site. If published on the internet, the contract is to remain accessible for twelve months.

Reimbursements Received by the Superintendent and Board Members

A summary schedule for the twelve-month period of total reimbursements received by the superintendent and each board member is to be included in the annual financial management report. All reimbursement expenses, regardless of the manner of payment, including direct pay, credit card, cash, and purchase order are to be reported. The summary schedule is to report by category:

A summary schedule for the fiscal year of the dollar amount of compensation and/or fees received by the superintendent from another school district or any other outside entity in exchange for professional consulting and/or other personal services is to be reported. A disclosure of such compensation is attached.

Gifts Received by Executive Officers and Board Members

An executive officer is defined as the superintendent, unless the board of trustees or the district administration names additional staff under this classification for local officials. A summary schedule for the fiscal year of the total dollar amount of gifts with an economic value of \$250 or more in the aggregate is to be reported for the executive officers and board members of the district. This reporting requirement only applies to gifts received by the school district's executive officers and board members from an outside entity that received payments from the school district in the prior fiscal year and gifts from competing vendors that were not awarded contracts in the prior fiscal year. A disclosure of gifts received is attached for each board member and superintendent.

Business Transactions between School District and Board Members

Finally, a summary schedule for the fiscal year of the dollar amount by board member for the aggregate amount of business transactions with the school district is to be included. This reporting requirement is not to duplicate the items disclosed in the schedule of reimbursements.

The Superintendent represents that he has made written disclosure to the Board of any conviction for a felony or for any offense involving moral turpitude. The Superintendent shall also be subject to a criminal history record check, and his employment is contingent upon such results being favorable and consistent with information previously disclosed to the Board.

2.3 *Reassignment.* The Board may reassign the Superintendent to another position only if the Superintendent expressly consents in writing.

- 2.4 *Board Meetings.* The Superintendent shall attend all meetings of the Board, both open to the public and closed, except that the Superintendent generally shall be excluded from all or a portion of those closed meetings devoted to the consideration of any matter regarding the Superintendent's employment, the Superintendent's salary and benefits, and the Superintendent's evaluation and from those closed meetings devoted to interpersonal relationships between individual Board members. In the event of illness or Board-approved absence, the Superintendent's designee shall attend such meetings.

Such adjustments, if any, shall be effective on the July 1 following approval of the adjustment and shall be in the form of a written addendum to this term contract or a new contract shall be issued. In no event shall the Superintendent be paid less than the salary set forth in Section 3.1 of this Contract except by mutual agreement of the two parties, or in the event that the District, through lawful Board action, lowers the salaries of all other contract employees of the District. In such event, the Superintendent's salary may only be decreased in the exact same proportion as that of all other contract employees of the District.
- 3.3 *Health Care Benefits.* The District shall pay the premiums for hospitalization, major medical, and dental insurance coverage for the Superintendent and the Superintendent's dependent family members pursuant to the Level 2 group health care plan provided by the District through the Texas Teacher Retirement System ("TRS"). Should TRS discontinue or decrease the benefits available through the Level 2 group health care plan coverage during the term of this contract, the District agrees to provide the Superintendent and his dependent family with at least the same or similar level of health care benefits that would be in place on the effective date of this contract.
- 3.4 *Vacation, Holidays, Leave Benefit.* Subject to the Board's approval of the scheduling, the Superintendent may take 15 days of vacation each year of this contract; vacation in the first year of the contract is available after completing three months of service under this contract. These vacation days will be taken at times that will least interfere with the performance of the Superintendent's duties as set forth in this term contract. Unused vacation does not accumulate from year to year and cannot be converted into compensation at the termination of the employment relationship or any other time. The Superintendent shall observe the same holidays and breaks as provided by the Board's adopted annual calendar. The Superintendent shall be subject to the leave policies applicable to all employees as stated in adopted board policy.

Upon such determination, Superintendent is liable to District for any amounts expended on his behalf; however, District and Superintendent agree that neither District nor Superintendent shall be liable to pay any costs, fees, expenses, or damages that would be recoverable or payable under an insurance contract, held either by the District or by Superintendent. The selection of Superintendent's legal counsel shall be with the mutual agreement of Superintendent and the District, if such legal counsel is not also District's legal counsel. A legal defense may be provided through insurance coverage, in which case Superintendent's right to agree to legal counsel will depend on the terms of the applicable insurance contract. To the extent this Section 3.7 exceeds the authority provided and limitations imposed by Texas Civil Practice & Remedies Code, Chapter 102, and the Texas Constitution, it shall be construed and modified accordingly. The provisions of this Section 3.7 shall survive the termination of this Contract.
- 3.7 *Civic Activities.* The Superintendent is encouraged to participate in community and civic affairs including chamber of commerce, civic clubs, governmental committees, and educational organizations. The cost of membership in such activities, if any and subject to Board approval in advance, shall be borne by the SISD.
- 3.8 *Professional Organizations.* The cost of membership in two professional organizations shall be borne by SISD.

IV. Annual Performance Goals

- 4.1 *Development of Goals.* The Superintendent, in cooperation with the District-Level Planning and Decision-Making Committee, shall submit to the Board each year, for its consideration and adoption, a preliminary list of goals for the SISD. The goals approved by the Board shall at all times be memorialized in writing and reflected in Board minutes or the Superintendent's annual

written evaluation and shall be among the criteria on which the Superintendent's performance is reviewed and evaluated.

V. Review of Performance

- 5.1 *Time and Basis of Evaluation.* The Board shall evaluate and assess in writing the performance of the Superintendent at least once each year during the term of this term contract. The evaluation and assessment shall be reasonably related to the duties of the Superintendent. The Board, at its discretion, may evaluate and assess the performance of the Superintendent as many times during the year as it deems appropriate. The evaluation of the Superintendent shall at all times be conducted in closed meeting.
- 5.2 *Evaluation Format and Procedure.* The evaluation format and procedure shall be adopted by the Board in accordance with the Board's policies and state law. In the event the Board deems that the evaluation instrument, format and/or procedure is to be modified by the Board and such modifications would require new or different performance expectations, the Superintendent shall be provided a reasonable period of time to demonstrate such expected performance before being evaluated.

VI. Renewal or Nonrenewal of Term Contract

- 6.1 *Renewal/Nonrenewal.* Contract renewal or nonrenewal shall be in accordance with Board policy and Section 21.212 of the Texas Education Code. It is expressly agreed by the parties that "loss of confidence in the Superintendent by the Board" shall be a valid ground for nonrenewal pursuant to Section 21.212 of the Texas Education Code.
- 6.2 *Appeal.* If the Superintendent is aggrieved by the Board's decision, he or she may appeal to the Commissioner of Education in accordance with Subchapter G, Chapter 21, of the Texas Education Code.

VII. Termination of Contract

- 7.1 *Mutual Agreement.* This term contract may be terminated by the mutual agreement of the Superintendent and the Board in writing, upon such terms and conditions as are mutually agreed.
- 7.2 *Resignation.* The Superintendent may leave the employment of the district at the end of a school year without penalty by filing a written resignation with the Board not later than the 45th day before the first day of instruction of the following school year. The Superintendent may resign with the consent of the Board at any other time.
- 7.3 *Retirement or Death.* This term contract shall be terminated upon the retirement or death of the Superintendent.
- 7.4 *Dismissal or Suspension Without Pay for Good Cause.* The Board may dismiss the Superintendent, or suspend without pay for a period not to extend beyond the end of a school year, during the term of this term contract for good cause, defined generally as failure to perform duties or responsibilities within the scope of employment or as set forth under the terms and conditions of this term contract that a Texas school superintendent of ordinary prudence would have done under the same or similar circumstances. The Superintendent's actions or inactions within the scope of employment constitute good cause for termination if they are inconsistent with the

continued existence of the Board-Superintendent relationship. The following are examples of conduct and situations that may constitute "good cause," but the term is not limited in meaning by this list:

- (1) Insubordination or failure to comply with lawful written or oral directives issued by action of the Board or failure to comply with Board policies;
- (2) Any sexual misconduct with a student or employee or any conduct that endangers or has the potential to endanger the health or safety of one or more students or employees;
- (3) Incompetence or inefficiency in the performance of required or assigned duties as documented by evaluations, supplemental memoranda, or other written communication when the Board has provided the Superintendent a reasonable opportunity to remediate any incompetence or inefficiency that is remediable;
- (4) Neglect of duties;
- (5) Drunkenness or excessive use of alcoholic beverages;
