Deaf-Blindness	Orthopedic Impairment
Hearing Impairment Including Deafness	Other Health Impairments
Developmental Delay	Specific Learning Disability
Emotional Disturbance	Speech or Language Impairment

Developmental Delay category is defined as functioning one and a half standard deviations below the mean in two domains or two standard deviations below the mean in one domain. Domains involve the following areas:

Cognitive, Communication, Social/Emotional, Adaptive and Physical. The category of Developmental Delay is for children ages 3 to 9.

Tecumseh Public School District is responsible for locating, evaluating and identifying children with disabilities who live within the district boundaries. All eligible children with disabilities beginning age of 3, who are residents of the Tecumseh Public Schools District, have a right to a Free Appropriate Public Education (FAPE) as mandated by the IDEA Act of 2004. The specific special education related services for children age 3-21 are determined per child by the Individualized Education Program (IEP) team.

A multidisciplinary team of professionals will be involved in the evaluation process. The eligibility team will determine the severity of the disability, and for school age children, if the disability adversely affects the child's educational performance.

Services for infants and toddlers (ages 0 to 3) who are suspected of having disabilities are provided services through the Sooner Start Early Intervention Program. If you suspect your infant or toddler has a disability, contact the Pottawatomie County Sooner Start Program.
