

Welcome Back to School!

Dear Mustang Families,

Welcome to the Oologah Middle School website. The staff and I are excited to begin the 2019-2020 school year!

Oologah is rich in a tradition of excellence and we take pride in continuing to be a part of the “*Long Blue Line*”. As we experience this year, our focus will be on strengthening the culture of our school community. We believe that our core values should be the catalyst to all of our successes and the words we live by.

At OMS, we believe that we are better together and should support one another in successes and failures. We will strive to help every child feel welcomed, connected, and a part of our ***Mustang Family***.

With each new day, we will focus on ***Be Your Best***. We will make every effort to be our best in our actions as well as encourage our students to do the same. We will continue to keep academic and individual student growth as our highest priorities. The possibilities for growth are endless when we feel empowered and confident in our ability to take on new challenges.

It is truly a privilege to be part of a place where parents, teachers, and students care for each other and strive to build positive relationships that support academic, social, and emotional growth.

Once again, Welcome Back! I look forward to an amazing year at Oologah Middle School! Our doors are always open to assist you and we value your input.

Sincerely,

Kelli Dixon
OMS Principal
