

## **SALE, DISPOSAL, AND LEASE OF BOARD-OWNED REAL PROPERTY**

**Policy Code: 9400**

---

The board will consider the sale and disposal of board-owned real property, including land and buildings, as authorized by law. The board is guided in its decisions by its commitment to help students succeed by providing appropriate facilities and to use its resources in a fiscally and environmentally sound manner.

Any sale or disposal of real property, including school buildings, will be conducted in accordance with statutory requirements. The superintendent should secure the services of consultants as necessary to conduct feasibility assessments and determine the fair market value. No building or land will be sold below the fair market value or exchanged for less than full and fair consideration, except that the board will afford the board of county commissioners the first opportunity to obtain any real property at the fair market price or a price negotiated between the two boards.

When the board decides to lease board-owned property to another entity, the lease will be at fair market value, except that the board may negotiate a lesser amount with another governmental unit. The board will lease available board-owned buildings and land to charter schools when required by law.

All contracts for the sale, disposal, or lease of real property must be consistent with G.S. 147, art. 6E.
