Autobody Repair

Parents....

Attending the Northern Tier Career Center is the first step — a BIG step — in the development of a long-term, rewarding career. We believe in teaching the skills that will be needed for jobs that are currently in demand. Your child will be ready to continue on to college, technical school or enter their career field immediately after graduation.

A vital part of your child's professional growth and development will entail them learning how to prepare for the workforce. The following items will need to be purchased prior to the first day of class to assist them in preparing for training.

1. Leather work boots
2. 3 pair of long pants (free of holes and/or frays)
3. Hat
4. ***NIOSH approved** Paint respirator (\$20.00)
5. Paint Suit-Reusable (\$50.00)

*These items may be purchased independently or through the school. The NTCC does purchase item(s) in large quantities, thus minimizing associated costs. If you chose to have the items purchased by the NTCC, please provide a check or money order to the NTCC in the above amount on the first day of instruction.

Prescription safety glasses are recommended if your child wears glasses, but this is not a necessity. A pair of safety glasses will be provided to your child at the onset of the school year. Replacement safety glasses may be purchased in the school store at a cost of \$2.00 a pair.

All students will be supplied NTCC program uniform shirts and are required wear them daily. Students must come to class dressed in a professional manner and prepared to learn with tools and equipment as needed.
