4. All students are allowed access to electronic resources unless the school is notified in writing by the parent/guardian.
5. All users of Lead Academy networks and equipment must comply at all times with Lead Academy board policies.
6. Chromebooks are on loan to students and remain the property of Lead Academy.
7. All users are accountable to all school, state, and federal laws.
8. All use of the Chromebook and network must support education.

Parent/Guardian Responsibilities

Lead Academy makes every effort to equip parents/guardians with the necessary tools and information to ensure safe use of Chromebooks at school and at home. There are several responsibilities assumed by the parent/guardian. These responsibilities are outlined below.

1. Sign the Student/Parent Responsible Use Agreement.
2. Pay the \$30 Chromebook Insurance fee before **September 20, 2019 (week of 1st Progress Report)**
3. Accept Liability: The parent/guardian/student is responsible for the cost of repair or replacement at the date of loss if the property is:
 - Not returned
 - Intentionally damaged
 - Damaged because of negligence
 - Lost or stolen (must report to school and/or police immediately)
4. Monitor Student Use: The parent/guardian must agree to monitor student use at home (if applicable) and away from school. The best way to keep students safe and on-task is to have a parent/guardian present and involved.

Suggestions:

 - Develop a set of rules/expectations for Chromebook use at home.
 - Only allow Chromebook use in common rooms of the home and not in bedrooms.
 - Demonstrate a genuine interest in what your student is doing on the Chromebook. Ask questions and request that your student show you his/her work often.

If more than two insurance claims have been filed, the student must pay an additional \$30 insurance fee before receiving a replacement Chromebook.

A replacement Chromebook will not be issued until payment has been received for damages or loss due to negligence or irresponsible usage.

Student/Parent Chromebook Responsible Use Agreement

Terms and Conditions of the Computing Device Agreement:

Student access to Chromebooks is one way that Lead Academy enhances learning opportunities for our students. Use of the Chromebook device is a privilege. Students who use a Chromebook at school are expected to follow Lead Academy's policies, procedures, and practices listed in the Chromebook 1:1 Handbook.

Other than the \$30 Chromebook insurance fee, there is no cost to the student for the use of the Chromebook device. It is imperative that the device issued to the student will be maintained and handled in a responsible way. Intentional damages or damage due to negligence will require the student to pay handling fees, repair costs, or replacement of the device entirely. If a power cord, bag/case or other accessories are damaged or lost, the student is responsible for the full cost of the replacement item(s).

Costs of replacement and repair are listed in the Chromebook 1:1 Handbook. The Chromebook 1:1 Handbook can be accessed on our website, or a hard copy may be obtained in the front office.

\$30 Chromebook insurance fee must be paid by September 20, 2019. After that date, any other payments made to the student's account (including field trip payments, etc.) will be applied to the overdue Chromebook fee first.
