

Dear Parent or Guardian,

We are happy to offer a dental care program here at school through Tooth Fairies Inc. The dental hygienist will provide your child with dental cleaning, fluoride treatment, sealant treatment, oral evaluation, oral hygiene instruction and a free toothbrush. These services will take place in the fall and in the spring.

You can sign up for this program if your child does not have a dentist. The cost for these services is:

- No fee if your child has Maine Care.
- \$42.00 for everyone else (due at time of service).

Your child's school nurse will notify you when Tooth Fairies Inc. is coming to school. Students will be taken from class for a brief period of time to receive their dental care. Your child will be seen in the fall and in the spring, unless you notify us otherwise.

If you are interested in participating, please return the signed consent form (on the back of this letter) to the school nurse by September 13, 2019. The dental hygienist will only see students with signed consent forms on file.

If you have any questions about the program, or if your child's health condition changes between visits, please contact your school nurse or call Tooth Fairies at (207) 577-4461.

Sincerely,

Anya Davidson, RN: High School Nurse  
Angela Palmer, BSN, RN, NCSN: Middle School Nurse
