Food Service

Charging Policy

The school nutrition program is an essential part of the education system and by providing good-tasting, affordable, nutritious meals in pleasant surroundings; we are supporting the learning environment and helping to teach students the value of good nutrition.

The Board of Education (Board) has an agreement with the Connecticut State Department of Education to participate in the National School Lunch Program (NSLP) and accepts full responsibility for adhering to the federal and state guidelines and regulations pertaining to this program. The Board also accepts full responsibility for providing regular priced meals, as well as free and reduced price meals for children qualifying under the guidelines identified by the NSLP.

The Board recognizes that there is no legal requirement to allow students to charge meals, however because the District participates in the NSLP, the Board approves the establishment of a system to allow a student to charge a meal.

The District strongly discourages the charging of meals, but understands that an occasional emergency may occur. In the event a student has no money, or their account balance is insufficient, the student will be allowed up to five (5) reimbursable meal charges. No snack or a-la-carte items shall be charged. Parents shall be notified of any negative balance and asked for prompt payment.

The Board realizes that funds from the non-profit school food service account, according to federal regulations, cannot be used to cover the cost of charged meals that have not been paid.

Moreover, federal funds are intended to subsidize the meals of children and may not be used to subsidize meals for adults (teachers, staff, and visitors). Adults are not allowed to charge meals and shall pay for such meals at the time of service or through pre-paid accounts.

Once a student has reached their charging limit (the value of five reimbursable meals), they will be offered an alternate meal.

"Alternate Meals" are not clearly defined in federal and state regulations but refer to a meal served to a student that is different from the day's advertised reimbursable meal. The District shall determine the alternate meal to be offered.
