

Community RelationsScheduling Student Activities

The Board recognizes the importance of our youth having time to engage in activities with family and community and religious organizations and to pursue other outside interests. Therefore, school activities, athletic practices or rehearsals may not be scheduled on Wednesday evenings or on Sunday except:

1. By special consideration by the administrative team or Board of Education.
2. A Sunday athletic practice prior to a varsity event on Monday or when an athletic team is in the state-district playoff on Monday.
3. Sunday graduation in May.
4. A music group may perform on Sunday by invitation of a church group with the approval of the sponsor and the high school principal.
5. State-district competition scheduled on Wednesday by the Nebraska School Activities Association.
6. School facilities may be opened to the other community organizations under the guidelines of Policy 1100 (Community Use of School Facilities).
