

CURRICULUM MAPPING TRAIN THE TRAINER

2023-24 CADRE

"I have really enjoyed the balance of learning and having the chance to apply and work on our own."

- Cadre 1 member

An ECESC and
INcompassing
Education
Partnership

PURPOSE

This cadre will support instructional leaders as they work to create teacher clarity, build collective efficacy, and build teacher collaboration systems that will positively impact student achievement.

STRUCTURE

On-going professional learning community including three tiers of support: curriculum mapping train-the-trainer session, quarterly support meetings, and virtual support.

Training and support will be facilitated by April Connelley with INcompassing Education. Schools can send an individual to take this learning back to their corporation for implementation or send a small team to learn and collaborate together in this community.

COST

\$6,500 per school team (up to 5)

VIRTUAL KICK-OFF

This virtual session with school leaders will provide insight into the structure of this opportunity, so they can select their leadership team to participate in this work.

TRAINING & SUPPORT

Includes 4 in-person training days, 3 support meetings, access to facilitator support via email, and digital resources to take back to your school to use when training your teachers.

COHORT MODEL

Work with your team alongside other school teams to cultivate a network and shared resources.
