Home Language Survey

The state requires the district to collect a Home Language Survey for every new student that enrolls in our district. This information is used to count the students whose families primarily speak a language other than English at home. It also helps to identify students who need to be assessed for English Language proficiency.

Please answer the questions below and return this survey to your child's school.

You would only mark yes if you actually have a native primary language other than English spoken in the home or if your child primarily speaks another language other than English. This would **not** include Spanish they have learned while in school, only if it is a native primary language.

Student's Name: _____

1. Is a language other than English primarily spoken in your home?

Yes _____ No _____

What language? _____

2. Does your child primarily speak a language other than English?

Yes _____ No _____

What language? _____

If the answer to either question is yes, the law requires the school to assess your child's English language proficiency.
