PHILOSOPHY OF EDUCATION

The Sheridan School District is concerned with the social, moral, and ethical values of the children of this community as well as their curricular education. Teaching and learning, administration and supervision, school facilities, all of these are directed at one common goal – to help the growing generations become thinking, feeling, and creative individuals.

No two persons are the same in ideals, goals, and aspirations. With this statement in mind, the diversified education of all youth is one part of the primary goal of this educational system. To provide a place for this work must not be overlooked. This must be a place for learning and development that will aid or enable youth to adjust to the ever-changing aspects of life and to prepare them for the many and varied occupations and positions they will experience.

To effectively participate in American democracy demands much from its citizens. They must be informed, intelligent people who can recognize the faults of their government and correct those faults through their basic rights. It is also a part of the primary goal of this system to show democracy and its workings in action, thereby making a better citizenry who can strengthen the ideals of democracy while constantly being a part of it.

No plan is perfect. The philosophy of this educational system cannot remain static and unchanging forever. But, as time changes, all things must change.

NON-DISCRIMINATORY POLICY

No student in the Sheridan School District shall, on the grounds of race, color, religion, national origin, sex, sexual orientation, gender identity, age, or disability be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District. The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.

**SSD-Alert**

SSD-Alert is the district’s Alert Text Messaging System that provides immediate information to parents/guardians concerning school closings and other school events. The alerts will be automatically sent to the phone numbers each campus has on file for each student. Parents/Guardians provide this contact information during student enrollment and are asked to ensure the information is kept up-to-date by notifying the campus secretaries when their information has changed.

**Twitter and Facebook**

The Sheridan School District manages Twitter and Facebook accounts in order to help keep parents and the community up to date with the latest news and events of the district.

Like us on Facebook at [https://m.facebook.com/sheridanSD37/](https://m.facebook.com/sheridanSD37/).
HOME ACCESS CENTER

Home Access Center (HAC) provides parents with the ability to access their student’s school information over the internet. Through Home Access Center, parents can view a daily summary of their student’s attendance, schedule, and classwork, along with interim progress, report card (Grades 4-12 only), and discipline.

To use HAC, go to the following URL: http://hac40.esp.k12.ar.us.

Contact each campus office for more information.

PARENT NEEDS and RESOLUTIONS

When a parent has a concern or need related to school issues, it is expected that the student’s classroom teacher will be contacted to assist in resolving the concern. At this point, the teacher will respond in a timely manner and may direct the parent to discuss the issue with the building principal if the concern is beyond his/her realm of responsibility. If a resolution is not reached in a conference with the building principal, the parent may then contact the Deputy Superintendent for Student Services for further support.

CONTACT WITH STUDENTS WHILE AT SCHOOL (R4.15)

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal’s designee establishing the parent’s custody of the student. It shall be the responsibility of the custodial parent to make any court ordered “no contact” or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may eat lunch, volunteer in their child’s classroom, or otherwise have contact with their child during school hours and the prior approval of the school’s principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District’s schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school’s property on normal
school days during normal hours of school operation. Unless a valid no-contact order has been filed with the student’s principal or the principal’s designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

**CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER**

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a “72-hour hold” without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal’s designee shall make a good faith effort to contact the student’s parent, legal guardian, or other person having lawful control by court order, or person acting in loco parentis identified on student enrollment forms. The principal or the principal’s designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student’s parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state’s social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.
Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

NON-CUSTODIAL INFORMATION

It is the policy of the Sheridan School District that non-custodial parents shall be afforded maximum access to school records to keep the parent informed of the child’s activities and progress.

Access to Records - All records maintained by the Sheridan School District on each student shall be open for access to any non-custodial parent, unless those records have been closed to that parent by a court order. The burden shall be on the custodial parent to provide a copy of such court order to the school district as soon as that order is rendered. Any non-custodial parent may make an appointment to view grade and attendance information.

PARENTAL/COMMUNITY INVOLVEMENT POLICY (6.12)

The Sheridan School District understands the importance of involving parents and the community as a whole in promoting higher student achievement and general good will between the school and those it serves. Therefore, each school shall strive to develop and maintain the capacity for meaningful and productive parental and community involvement that will result in partnerships that are mutually beneficial to the school, students, parents, and the community. To achieve such ends, the school shall work to:

1. Involve parents and the community in the development and improvement of Title I programs for the school;
2. Have a coordinated involvement program where the involvement activities of the school enhance the involvement strategies of other programs such as Head Start, HIPPY, Parents as Partners, Parents as Teachers, ABC, ABC for School Success, area Pre-K programs, and Even Start;
3. Explain to parents and the community the State’s content and achievement standards, State and local student assessments and how the school’s curriculum is aligned with the assessments and how parents can work with the school to improve their child’s academic achievement;
4. Provide parents with the materials and training they need to be better able to help their child achieve. The school may use parent resource centers or other community based organizations to foster parental involvement and provide literacy and technology training to parents;

5. Educate school staff, with the assistance of parents, in ways to work and communicate with parents and to know how to implement parent involvement programs that will promote positive partnerships between the school and parents;

6. Keep parents informed about parental involvement programs, meetings, and other activities they could be involved in. Such communication shall be, to the extent practicable, in a language the parents can understand;

7. Provide reasonable support for other parental involvement activities as parents may reasonably request.

To help promote an understanding of each party’s role in improving student learning, each school shall develop a compact that outlines the responsibilities of parents, students, and the school staff in raising student academic achievement and in building the partnerships that will enable students to meet the State’s academic standards.

Each Title I Building shall convene an annual meeting, or several meetings at varying times if necessary to adequately reach parents of participating students, to inform parents of the school’s participation in Title I, its requirements regarding parental involvement, and the parent’s right to be involved in the education of their child.

Each Title I Building School shall, at least annually, involve parents in reviewing the school’s Title I program and parental involvement policy in order to help ensure their continued improvement.

This policy shall be part of the school’s Title I Plan and shall be distributed to parents of the district’s students and provided to the extent practicable, in language the parents can understand.

"Resident" means a student whose parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside in the school district.

"Residential address" means the physical location where the student's parents, legal guardians, persons having lawful control of the student or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District and to all persons between those ages who have been legally transferred to the District for educational purposes.

All parents or guardians of enrollees must present proof of personal property assessment for the year in which they are enrolling, and must prove residence within the district through rent receipt or proof of purchase of housing within the district. Homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with residence or entrance requirements, the child shall be immediately admitted to the school and the District's Homeless Liaison shall be notified in order to carry out the dispute resolution process.
Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance. However, a student previously enrolled in the district who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools. A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and his/her child or ward reside outside the district.

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

**HOMELESS STUDENTS (4.40)**

The Sheridan School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the
local educational agency (LEA) liaison for homeless children and youth whose responsibilities shall include, but are not limited to:

- Receive appropriate time and training in order to carry out the duties required by law and this policy;
- Coordinate and collaborate with the State Coordinator, community, and school personnel responsible for education and related services to homeless children and youths;
- Ensure that school personnel receive Professional development and other support regarding their duties and responsibilities for homeless youths;
- Ensure that unaccompanied homeless youths:
  - Are enrolled in school;
  - Have opportunities to meet the same challenging State academic standards as other children and youths; and
  - Are informed of their status as independent students under the Higher Education Act of 1965 and that they may obtain assistance from the LEA liaison to receive verification of such status for purposes of the Free Application for Federal Student Aid;
- Ensure that public notice of the educational rights of the homeless children and youths is disseminated in locations frequented by parents or guardians of such youth, and unaccompanied homeless youths, including schools, shelters, public libraries, and soup kitchens, in a manner and form that is easily understandable.

To the extent possible, the LEA liaison and the building principal shall work together to ensure no homeless child or youth is harmed due to conflicts with District policies solely because of the homeless child or youth’s living situation; this is especially true for District policies governing fees, fines, and absences.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district’s school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute, including all appeals. It is the responsibility of the District’s LEA liaison for homeless children and youth to carry out the dispute resolution process.

For the purposes of this policy “school of origin” means:

- The school that a child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool; and
- The designated receiving school at the next grade level for all feeder schools when the child completes the final grade provided by the school of origin.
The District shall do one of the following according to what is in the best interests of a homeless child:

1. Continue the child's or youth's education in the school of origin for the duration of homelessness:
   - In any case in which a family becomes homeless between academic years or during an academic year; and
   - For the remainder of the academic year, if the child or youth becomes permanently housed during an academic year; or
2. Enroll the child or youth in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

In determining the best interest of the child or youth, the District shall:

- Presume that keeping the child or youth in the school of origin is in the child's or youth's best interest, except when doing so is contrary to the request of the child's or youth's parent or guardian, or (in the case of an unaccompanied youth) the youth;
- Consider student-centered factors related to the child's or youth's best interest, including factors related to the impact of mobility on achievement, education, health, and safety of homeless children and youth, giving priority to the request of the child's or youth's parent or guardian or (in the case of an unaccompanied youth) the youth.

If the District determines that it is not in the child's or youth's best interest to attend the school of origin or the school requested by the parent or guardian, or (in the case of an unaccompanied youth) the youth, the District shall provide the child's or youth's parent or guardian or the unaccompanied youth with a written explanation of the reasons for its determination, in a manner and form understandable to such parent, guardian, or unaccompanied youth, including information regarding the right to appeal. For an unaccompanied youth, the District shall ensure that the LEA liaison assists in placement or enrollment decisions, gives priority to the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

The homeless child or youth must be immediately enrolled in the selected school regardless of whether application or enrollment deadlines were missed during the period of homelessness.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the LEA Liaison), to and from the child’s school of origin.
For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and:

A. Are:
   - Sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason;
   - Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
   - Living in emergency or transitional shelters;
   - Abandoned in hospitals; or

B. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

C. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and

D. Are migratory children who are living in circumstances described in clauses (a) through (c).

STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (DHS), the Department of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain his/her continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School
Choice, ensure that the foster child remains in his/her school of origin, even if a change in the foster child’s placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.

Upon notification to the District’s foster care liaison by a foster child’s caseworker that a foster child’s school enrollment is being changed to one of the District’s schools, the school receiving the child must immediately enroll him/her. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.

A foster child’s grades shall not be lowered due to absence from school that is caused by a change in the child’s school enrollment, the child’s attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.

If a foster child was enrolled in a District school immediately prior to completing his/her graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

**Foster Child School Choice**

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than May 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is
eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:

The public school or District has reached the maximum student-to-teacher ratio allowed under federal law, state law, rules for standards of accreditation, or other applicable rule or regulation

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
  - The Foster Child School Choice Act;
  - Opportunity Public School Choice Act of 2004;
  - The Public School Choice Act of 2015; or
  - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child’s school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child’s transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

**SELECTION OF LIBRARY/MEDIA CENTER MATERIALS**

The ultimate authority for the selection and retention of materials for the schools’ media centers rests with the Board of Education which shall serve as a final arbiter in resolving a challenge to any media center materials. Licensed media center personnel shall make the initial selections in consultation with school and district licensed staff. Materials selected shall be in accordance with the guidelines of this policy.
The purpose of the schools’ libraries/media centers is to supplement and enrich the curriculum and instruction offered by the District. Promoting the dialogue characteristic of a healthy democracy necessitates the maintenance of a broad range of materials and information representing varied points of view on current and historical issues. In the selection of the materials and resources to be available in each library/media center consideration will be given to their age appropriateness. Materials should be available to challenge the different interests, learning styles, and reading levels of the school’s students and that will help them attain the District’s educational goals.

Selection Criteria

The criteria used in the selection of media center materials shall be that the materials:

- Support and enhance the curricular and educational goals of the district;
- Are appropriate for the ages, learning styles, interests, and maturity of the schools’ students, or parents in the case of parenting literature;
- Contribute to the examination of issues from varying points of view and help to broaden students understanding of their rights and responsibilities in our society;
- Help develop critical thinking skills;
- Are factually and/or historically accurate, in the case of non-fiction works and/or serve a pedagogical purpose;
- Have literary merit as perceived by the educational community; and
- Are technically well produced, physically sound (to the extent appropriate), and represent a reasonably sound economic value.

Retention and Continuous Evaluation

Media center materials shall be reviewed regularly to ensure the continued appropriateness of the center’s collection to the school’s curriculum and to maintain the collection in good repair. Those materials no longer meeting the selection criteria, have not been used for a long period of time, or are too worn to be economically repaired shall be withdrawn from the collection and disposed of. A record of withdrawn media materials including the manner of their disposal shall be maintained for a period of three years.

Gifts

Gifts to the media centers shall be evaluated to determine their appropriateness before they are placed in any media center. The evaluation shall use the same criteria as for all other materials considered for inclusion in the media centers. Any items determined to be unacceptable shall be returned to the donor or disposed of at the discretion of the
media specialist. The media centers shall have a list of desired items to give to prospective donors to aid them in their selection of materials to donate.

**Challenges**

The parent of a student affected by a media selection, or a District employee may formally challenge the appropriateness of a media center selection by following the procedure outlined in this policy. The challenged material shall remain available throughout the challenge process.

Before any formal challenge can be filed, the individual contesting (hereinafter complainant) the appropriateness of the specified item shall request a conference through the principal’s office with a licensed media center employee. The complainant shall be given a copy of this policy and the *Request for Formal Reconsideration Form* prior to the conference. The meeting shall take place at the earliest possible time of mutual convenience, but in no case later than five (5) working days from the date of the request unless it is by the choice of the complainant.

In the meeting, the media specialist shall explain the selection criteria and how the challenged material fits the criteria. The complainant shall explain his/her reasons for objecting to the selected material. If, at the completion of the meeting, the complainant wishes to make a formal challenge to the selected material, he/she may do so by completing the *Request for Formal Reconsideration Form* and submitting it to the principal’s office.

To review the contested media, the principal shall select a committee of five (5) or seven (7) licensed personnel consisting of the principal as chair and at least one media specialist. The remaining committee members shall be personnel with curriculum knowledge appropriate for the material being contested and representative of diverse viewpoints. The task of the committee shall be to determine if the challenged material meets the criteria of selection. No material shall be withdrawn solely for the viewpoints expressed within it and shall be reviewed in its entirety and not selected portions taken out of context.

The principal shall convene a meeting after a reasonable time for the committee members to adequately review the contested material and the *Request for Formal Reconsideration Form* submitted by the complainant. The complainant shall be allowed to present the complaint to the committee after which time the committee shall meet privately to discuss the material. The committee shall vote by secret ballot to determine whether the contested material shall be removed from the media center’s collection. A member from the voting majority shall write a summary of the reasons for their
decision. A notice of the committee’s decision and the summary shall be given (by hand or certified mail) to the complainant.

If the decision is to not remove the material, the complainant may appeal the committee’s decision to the district Board of Directors by filing a written appeal to the Superintendent within five (5) working days of the committee’s decision or of written receipt of the decision. The Superintendent shall present the original complaint and the committee’s decision along with the summary of its reasons for its position plus a recommendation of the administration, if so desired, to the Board within 15 days of the committee’s decision. The Board shall review the material submitted to them by the Superintendent and make a decision within thirty (30) days of receipt of the information. The Board’s decision is final.

Being tardy to school for any reason is strongly discouraged. It is very hard on a child of any age to come into the classroom in the middle of a class or after instruction has been given. In addition, it is extremely disruptive to the classroom climate to have the instructional period interrupted by a tardy student. The following is a guideline for student absences and tardies:
Morning | Afternoon

A student that is more than 25 minutes late is absent from that period.

**LATE ARRIVAL AT THE SCHOOL**

Any student arriving after the school day has begun must be checked in through the office by their parent or guardian. The student should give his/her name, reason for late arrival, and the check-in time. Tardies due to late arrivals on campus will be excused only when accompanied by official documentation.
**Tardies (Grades K-5)**

Students will be allowed two (2) tardies per semester; thereafter, the following consequences will be enforced:

A. On the fifth (5th) tardy a letter will be sent home.
B. On the tenth (10th) tardy a FINS (Family in Need of Services) petition may be filed with the courts.

When emergencies make it necessary for a student to leave school early, the parent/guardian is required to sign the student out at the office. The student will be called to the office. Parents will not be allowed to go directly to the classroom. Only people listed on a student enrollment card will be allowed to pick up that student.

Students arriving on late buses will not be counted tardy. **Note:** If you need to make a change in plans for how your child is to get home, please call the office before 2:00 P.M. Make sure your child knows before he/she leaves for school in the morning how he/she is to get home in the afternoon.

**Tardies (Grades 6-12)**

A student that is more than 25 minutes late is absent from that period.

**PLEDGE OF ALLEGIANCE**

The Pledge of Allegiance shall be recited during the first class period of each school day. Those students choosing to participate shall do so by facing the flag with their right hand over their heart, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall be quiet while either standing or sitting at their desks. Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students reciting the Pledge. Those students choosing not to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

The district has implemented an ongoing surveillance and inspection program for materials remaining in the district.

4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in his/her previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses and/or programs;
5. Be provided services comparable to those the student with disabilities received in his/her previous school based on his/her previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student’s guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if he/she has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

In the event that official copies of an eligible child’s education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child’s unofficial education records pending receipt of the eligible child’s official records; and
- Request the eligible child’s official education records from the sending district.
STUDENT GRADE PLACEMENT/CREDITS

Children from private or other public schools entered above grade one who are of regular age shall be assigned to grades after an evaluation of the transcript from the prior school district.

Students entering the Sheridan Schools from a school that is not accredited by the DESE (Division of Elementary and Secondary Education) will be evaluated as follows:

**Grades K-8**
Principals will use all available information in making the grade placement decision. The principal may change the placement depending on the performance of the child. Students who return to school from a school not accredited by the DESE or home school situation shall be assessed using a variety of measures and placed according to their ability and level of mastery.

**Grades 9-12**
Students in grades 9-12 attempting to transfer credits from a school not accredited by the DESE or home school situation will be required to reach a sufficient level of mastery on tests, and other measures as selected by the district in the academic areas for which credit is desired prior to enrolling.

Parents of multiple siblings may request in writing that the school place the siblings in the same or separate classrooms.

- Not later than the 14th day before the 1st day of school.
If siblings are assigned to the same grade level and school in pre-K through 6. (Act 906).

The school shall honor the parent’s request:
- Unless it would require adding a class.
- After 30 days the school can change the requested placement (if proven to be disruptive). (Act 906).

Foreign exchange students who live with persons residing in the Sheridan School District may attend Sheridan High School.

1. The following items and information are required BEFORE an exchange student will be evaluated for enrollment at SHS:

6. Exchange students who enroll at Sheridan High School will be classified as juniors, NOT seniors, so that they may be placed in American History and American Literature.

7. The exchange student will receive credit for the courses which he/she successfully completes, but is NOT eligible to graduate from Sheridan High School or participate in Sheridan High School commencement exercises.

8. The deadline for accepting Foreign Exchange Students is August 1.

**SCHEDULE CHANGES**

Once schedules have been approved, changes will be made only in the most extreme circumstances. This is due to the complexity of the scheduling process and the number of students involved.

**STUDENT RECORDS**

Student records are defined to be all official records, files, and data directly related to children, including all material that is incorporated into each student’s cumulative record folder which is intended for school use or to be available to parties outside the school or school system. The intent of the following is to establish procedures for granting requests of parents for the access to their child’s records, use of data, and procedures for their transmittal within a time period of 45 days or sooner, if practical.

**ACCESS TO RECORDS:**

A. The parent or legal guardian of a student will have access to these records upon written request to the principal maintaining those records within this school system. If a student is 18 years old or older, only that student has the right to determine who outside the school system has access to his/her records.

B. The parent, legal guardian, or student (if the student is 18 or over) will upon request to the principal maintaining those records have the data, and if a difference of opinion is noted, shall be permitted to file a letter in said cumulative folder stating their position. If further challenge is made to the record, the normal appeal procedures established by school policy will be followed.

C. School personnel having access to those data are defined as any person or persons under contract with the district and directly involved in working toward either the affective or cognitive goals of the system.
RELEASE OF INFORMATION OUTSIDE THE SCHOOL SYSTEM:

A. To release student records to other schools or school systems in which the student intends to enroll, the parents, legal guardian, or the student (if he/she is 18 or older) must be notified of the transfer and kinds of information being released. They will receive a copy of such information if it is requested in writing and shall have the opportunity to challenge that record as described above.

B. Student data may be released to State Education and other government agencies only if the names of all identifying markers are removed to prevent the identification of individuals.

C. To release student records to other persons or agencies, written consent shall be given by the parent, guardian, or the student if he/she is 18 or older. This consent form will state which records shall be released and the reason for the release. A copy of the student record being sent will be made available to the person signing the release forms if he/she desires.

D. Student records will be furnished in compliance with judicial orders. All authorizations for release of information will be filed in the student’s cumulative folder.

TEXTBOOKS AND EQUIPMENT

A. Textbooks and materials, as well as technology equipment are public property and are loaned to students.

B. Students are responsible for loss of textbooks, damage to textbooks, library books or damage/loss to other school property or materials.

C. Unattended books – Students are to keep textbooks, library books, or any school property issued to them in their possession. Books left unattended will be turned into the office. Students are to check in the office frequently for lost books.

D. All lost textbooks and materials, as well as technology equipment will be reimbursed at full price.

STUDENTS RIGHTS AND RESPONSIBILITIES

The Constitution of the United States, through the Bill of Rights and subsequent amendments, gives all persons certain rights, and the U. S. Supreme Court has declared that students do not shed those constitutional rights by walking through the school door. Students are protected by the Constitution, and that responsibility for protection applies to boards of education as it does to other individuals and agencies. The state legislature gives school boards rule-making authority regarding student
behavior, but such authority is balanced by the Constitution and the courts.

Students under the age of eighteen (18) shall not be questioned by any law enforcement authority, other than a school resource officer acting in the normal course and scope of his or her assigned duties, on public school property during regular school hours without the knowledge of the school's principal or designee. The principal or designee shall make a reasonable, good faith effort to notify the student's parent, legal guardian, or other person having lawful control of the student by court order, or person acting in loco parentis listed on the student enrollment forms, prior to a law enforcement officer being granted access to the student, or if a report is made to any law enforcement agency concerning student misconduct.

If a student has been taken into custody by law enforcement personnel during the school day or while under school supervision, the principal or designee will make every good faith effort to contact or get a message to the parent/guardian to call either the principal or designee and leave both day and after hour’s telephone numbers.

Notification required above is not required if school personnel make a report or file a complaint based on suspected child maltreatment, or if a law enforcement officer or investigator of the Crimes Against Children Division of the Arkansas State Police, or Department of Human Services investigator or personnel member interviews a student during the course of an investigation of suspected child maltreatment.

Responsibilities, on the other hand, are not so clearly spelled out by law. While an individual does have the right to pursue his/her own self-fulfillment, those rights terminate at the point where they impinge upon the rights of others. Below are examples of selected students' rights and responsibilities.

Students have the right to:
A. Pursue, through study and self-application, a quality education at public expense and to attain personal goals through participation in the entire school program.
B. Participation in school activities without being subject to unlawful discrimination on any basis. Where access to participation in programs or activities is on a competitive basis, each student has the right to compete on an equal basis.
C. Practice freedom of speech, freedom of expression of ideas, and freedom of the press.
D. Express views or protest symbolically so long as the manner of expression does not interfere with the orderly operation of the school or the rights of others.
E. Participate in patriotic exercises or refrain from participating.
F. Be secure in their persons, papers, and effects against unreasonable searches
and seizures; having privacy in regard to their personal possessions, unless there is reasonable suspicion that the student is concealing materials prohibited by law.

G. Determine their own dress, except where such dress is unsafe or unclean or is so distracting as to clearly interfere with the learning and teaching process.

Students have the responsibility to:

A. Attend classes daily, be on time to class, and obey school rules.
B. Foster good human relations within the school by practicing courtesy and tolerance in their dealing with each other and members of the school staff, and to respect the dignity and worth of other individuals.
C. Refrain from libel, slanderous remarks, and obscenity in verbal and written expression.
D. Develop tolerance of the viewpoints and opinions of others; recognize the right of other individuals to form different points of view and to dissent in an orderly and respectful manner.
E. Respect the rights of classmates who do or do not wish to participate.
F. Respect the rights, property, and privacy of other students and school personnel; carry only those materials which are acceptable under the law and are not hazardous to any person or property; and accept the consequences for the articles stored in their lockers.
G. Observe the basic standards of cleanliness, modesty, and good grooming, and wear clothing which contributes to their own health and safety, as well as that of others.

TELEPHONE CALLS

Students will be called out of class only when deemed absolutely necessary by an administrator or in case of emergency.

The office will take and deliver messages from parents and/or employers only. Office telephones are to be used only for emergencies.

CHANGE OF STUDENT INFORMATION

All changes of address, telephone numbers, emergency numbers, legal guardian, etc. must be registered in the principal’s office. If there is a change of address, a copy of the new personal property assessment reflecting the change of address will be required within 30 days.
CHECK OUT FROM SCHOOL

Occasionally a student may need to leave school before the end of the school day due to certain situations such as medical appointments, legal appointments, etc. Students will not be allowed to check out to take care of things that can be done after the end of the school day (example: haircuts, business in town, tanning, picking up items for class, advisory, or homeroom, etc.)

The procedure for checking out is as follows:

A. **Proper photo ID/authorization will be required.**
B. Parents who wish to check out any student from school for the day or part of the day should make this request in the school office. Students will be called from class only at the end of class periods except for emergency reasons when possible or practical.
C. Students are required to have a parent/guardian sign them out in the office.
D. If a parent/guardian is unable to come to the school to sign out the student, the student must have a note from the parent/guardian. This note must be presented in the office before the beginning of the school day during which the student is to leave early. The note should tell the student’s name, the time he/she is to leave school, the student’s destination, and the means of transportation. The note should have a phone number where the person signing the note can be reached. When it is time for the student to leave, the student and parent will follow the campus checkout procedure.

CLOSED CAMPUS POLICY

All district campuses are “closed campuses.” No student, after having arrived on a campus, will be permitted to leave at any time during the school day without securing permission of the school principal/designee. The principal will give permission to go home for lunch only if a student presents a letter from a physician stating that the student must have a special lunch that cannot be provided at a school cafeteria or cannot be brought to school.

The Closed Campus Policy includes:

- After arriving on campus, students may not leave before the end of the school day or until the bell rings to end the school day.
- Students who ride a bus are to go directly to their bus and are not permitted to leave campus before boarding the bus.
• No food or drink items may be brought on campus except for personal meal items which are to be consumed in the cafeteria.

There is no checkout to go to lunch. All campuses are closed campuses, and students will not be allowed to check out to go to lunch.

**PARKING ON CAMPUS**

Parking on the Sheridan Middle School, East End Middle School and Sheridan High School campuses is a privilege. Cars brought to school by students are not to be driven until school is dismissed. Students are not allowed to sit in automobiles at any time during the school day. Parking tags will be required on all students' cars. The school assumes no liability for damage to vehicles parked on the campus. There is no parking area for cars without tags on the high school campus, including football parking lots, both home and visitors' sides.

Students who have to be called from class because of parking violations (no tag, etc.) will be assigned detention hall. A student is considered to be on campus once he/she drives onto the parking lot. A student must have parental or school permission to leave once he/she has driven onto the campus parking lot. A student who leaves without permission will be considered truant, and disciplinary action will be taken. Students are not allowed in the parking lot during the school day.

Reckless and or hazardous driving on campus or school property may result in the loss of driving privileges.

**HALL PASSES**

A. Students may not leave class without permission.
B. Permission will be granted to leave the classroom when the teacher signs a hall pass.

**FIELD TRIPS**

Field trips may be held each year. Field trips must be directly related to the classroom curriculum. Field trips are intended to allow students experiences that provide them with insight, information, or knowledge that cannot be adequately developed through regular classroom instruction. A permission slip must be signed by the child's parent or guardian.

Field trips, therefore, become an integral part of the curriculum and are as essential to the instructional process as textbooks, equipment, and other instructional devices and
teaching/learning strategies. As it is widely acknowledged that not all children learn in the same way, field trips allow students the opportunity to expand their intelligence in ways different from those typically available inside the classroom.

Students participating in a field trip must have a signed permission slip turned in to his/her teacher prior to the date of the trip. Send money for field trips to the classroom teacher.

**Students participating must ride the bus from the campus to the destination of the field trip. Only parents, guardians, or authorized adult listed on the student’s General Information Form will have permission to check a student out from a field trip. Proper photo ID will be required.**

Parents are welcome to attend field trips with their children, however, space may be limited due to the nature of the event or activity (i.e. ticketed events). Parents are encouraged to sign up early for field trips. Parents/Guardians who do not wish to have their child attend field trips should make other arrangements for their child for the day of the field trip, or their child will be sent to another class for the day. Parents who volunteer to go as chaperones should dress appropriately (no cut-off shorts, short shorts, inappropriate slogans on shirts, etc.) and refrain from tobacco use. Smoking or possession of cigarettes will not be allowed on the school campus. Consumption and/or possession of tobacco, smokeless tobacco, and/or paraphernalia (i.e. electronic cigarettes, vaporizers, etc.) is prohibited on school campuses. Chaperones must be at least 21 years of age. **No preschoolers/siblings will be allowed on school day trips.** Chaperones will be responsible for their child/children only, unless a background check has been conducted.

Students at school-sponsored off-campus events shall be governed by school district rules and regulations, and are subject to the authority of school district personnel. Failure to obey the rules and regulations of school district personnel shall result in loss of eligibility to attend school-sponsored off-campus events, and may result in disciplinary action applicable under the regular school program.

**STUDENT DELIVERIES**

All deliveries to students will be picked up by the students at the end of the school day unless a student is checking out and leaving the school campus earlier. It is the responsibility of a person ordering flowers to notify the florist that a student leaves early.

When sending items to the school, please follow these guidelines:

- No glass vases.
• No balloons.
• No peanut/tree nut or products containing peanuts/tree nuts.

The school does not guarantee or accept responsibility for the delivery of items.

**FOOD DELIVERIES**

No food vendor delivery to students. Food can only be delivered by parents for their own child.

**SOLICITATIONS BY STUDENTS**

No solicitation of funds or drives may be conducted in the name of the school or by school organizations without the approval of the principal and/or superintendent. No solicitations at school are to be carried on by outside organizations.

STUDENT ORGANIZATIONS/EQUAL ACCESS

Non-curriculum-related secondary school student organizations wishing to conduct meetings on school premises during non-instructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated. Students must be involved in the planning and leading of all meetings. A licensed faculty member must supervise all meetings;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during non-instructional time;

INTERNET SAFETY and ELECTRONIC DEVICE

Definition:
For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The Sheridan School District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic device(s) is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

Students in the Sheridan School District are assigned an email address for access to electronic devices, document sharing, and internal email. Outside users (not in the sheridanschools.org domain) are not permitted to contact the students.

No student will be granted Internet access until and unless an Internet and Electronic Device Use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures
The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to utilize Internet filtering software that is designed to prevent students from accessing such materials. (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and

(C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.
Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyberbullying awareness; and
- Cyberbullying response.

Misuse of Internet

The opportunity to use the District’s technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district’s technology network security or Internet filtering software;
- The altering of data without authorization;
- Disclosing, using, or disseminating passwords, whether the passwords are the student’s own or those of another student/faculty/community member, to other students;

**STUDENT DRUG TESTING POLICY**

**STATEMENT OF PURPOSE:**
Whereas, significant information exists to the ever-increasing incidence of drug use and addiction among our youth in society, the Sheridan Board of Education has determined that it has a compelling interest in the protection and safety of its students who are involved in interscholastic athletics and extra-curricular activities in general.

The Board of Education recognizes that adolescence is a time of rapid physical, psychological, emotional, and social growth, and that the addictive effects of drugs are most severe during this time of development and that their use can lead to immediate and irreparable physical harm or injury of a student or others engaged in interscholastic sports and/or extra-curricular activities.

The Board further acknowledges that interscholastic athletics/extra-curricular activities play an important part in the lives of many students and are significant events in creating the culture and climate of the district. The positive lessons learned in the participation of extra-curricular activities are beneficial to students, not only during their formative years, but also long after they leave school. Extra-curricular activities provide students with special opportunities to develop skills and attitudes and to be recognized for their accomplishments. Participants in extra-curricular activities are considered to be role models by their peers and younger students of the community.

Whereas, participation in extra-curricular activities and operating a vehicle are elective opportunities, and because of the potential risk of physical and psychological harm to students engaged in drug use, and whereas those who choose to become involved in extra-curricular activities are visible representatives of the district, as well as role models, the Sheridan Board of Education adopts this resolution as a statement of purpose concerning the drug testing of students who park a vehicle on campus or engage in extra-curricular activities and as a statement of support for such testing.

**MISSION STATEMENT:**
The Sheridan Public School District recognizes that drug abuse is a significant health problem for students, detrimentally affecting overall health, behavior, learning ability, reflexes, and the total development of each individual. The Sheridan School District is determined to undermine the effects of peer pressure by providing a legitimate reason for students involved in extra-curricular activities or operate a vehicle to refuse the use
of illegal drugs and alcohol; and to be proactive in encouraging students who use drugs to participate in drug treatment programs.

**DEFINITIONS:**

A. Drugs – Any substance considered illegal by Arkansas Statues or that is controlled by the Food and Drug Administration unless prescribed by a licensed physician or medical practitioner.

B. Activity programs – Any extra-curricular activity in grades 7 through 12 sponsored by the Arkansas Activities Association or Sheridan Public Schools and any other activities that may be formed.

C. School year – From the first day of classes in the fall, unless the activity begins prior to the first day of classes, in which event from the first day of practice or organized activity through the last day of classes in the spring.

D. Alcohol – Any substance containing ethyl alcohol.

E. Vehicle operator – Any student who obtains a parking sticker and is assigned a parking place or area.

**POLICY STATEMENT:**

Sheridan Public School District ("the district") is conducting a mandatory drug testing program for students. Its purpose is:

A. To provide for the health and safety of students participating in activity programs, grades 7-12;

B. To promote and insure the safety and well-being of motor vehicle operators and their passengers;

C. To undermine the effects of peer pressure by providing a legitimate reason for students to refuse to use illegal drugs and alcohol;

D. And to encourage students who use drugs to participate in drug treatment programs.

**PROCEDURES FOR STUDENTS:**

A. Consent: Any student wishing to participate in an activity program or park a vehicle on school grounds must have an opt out form signed and on file in the principal’s office. The student’s custodial parent/legal guardian shall consent in writing to drug testing pursuant to the district’s drug testing program. No student shall be allowed to participate in any activity program or park a vehicle on campus absent such consent.

B. Student selection: At the option of the district, all students in activity programs or vehicle operators may be drug tested at the beginning of the school year or at
the beginning of the school sponsored activity. In addition, random testing may be conducted weekly, bi-weekly, monthly or quarterly during the school year.

Selection for random testing will be lottery drawing from a “pool” of all students who operate a vehicle or participate in activity programs in the district at the time of the drawing. A single test from a student can be required by a principal for reasonable suspicion. Any parent may request his/her child’s placement in the lottery regardless of vehicle operation or extra-curricular participation. The superintendent shall take all reasonable steps to assure the integrity, confidentiality and random nature of the selection process, including assuring that the names of all participating students are in the pool, assuring that the person drawing the names has no way of knowingly choosing or failing to choose particular students for the testing, assuring that the identity of students drawn for testing is not known to those involved in the selection process, and assuring direct observation of the process by the least intrusive means possible while assuring brevity and privacy.

**SAMPLE COLLECTION:**
Samples will be collected at a mutually convenient time on the same day the student is selected for testing or if the student is absent on that day, on the day of the student’s return to school. If a student is unable to produce a sample at any particular time, the student will remain with testing personnel until sample is collected. All students providing samples will have the option of doing so alone in an individual stall with the door closed. Refusal by the student to comply with request for sample will be deemed as non-compliant and, therefore, student will not be allowed to continue to participate in their activities. At that point, parent contact will be made to notify them of the student’s non-compliance.

**TESTING AGENCY:**
The district will choose a qualified agency (if necessary) for the purpose of processing sample results and maintaining privacy with respect to test results and related matters.

**PRESCRIPTION MEDICATION:**
The testing personnel will inquire about medication usage prior to the administration of the test. The student will have the opportunity to discuss any medications consumed. If the test results are deemed positive, the parents may provide a copy of the prescription or a doctor’s verification, which will be considered in determining whether a “positive” test has been satisfactorily explained. That documentation will be forwarded to the testing lab with instructions for the lab to consider the student’s use of such medication.
to assure the accuracy of the result. Students who refuse to provide verification and test positive will be subject to the actions specified below for “positive tests”.

**SCOPE OF TESTS:**
Drug screening will be by urinalysis using an FDA approved chromatographic immunoassay. The test will screen for 10 drugs: Methamphetamine, Amphetamine, Barbiturates, Benzodiazepines, Cocaine Metabolites, Marijuana (THC), MDMA (Ecstasy), Methadone, Opiates, Oxycodone, Phencyclidine, and Tricyclic Antidepressants (TCA). Additionally, the District may also choose to test for alcohol. Student samples will not be screened for the presence of any substitutes other than alcohol, an illegal drug, or for the existence of any physical condition other than drug intoxication.

As a quality control measure, the school reserves the right to send any urine sample that appears unusual in color and/or consistency to a laboratory for testing and confirmation or non-confirmation.

**LIMITED ACCESS TO RESULTS:**
Only the superintendent or his/her designee will be notified when double confirmation of a positive test is received.

**PROCEDURE IN THE EVENT OF A POSITIVE TEST:**
Whenever a student’s test result indicates the presence of illegal drugs (“positive test”), the following will occur:

a. The custodial parent/legal guardian will be notified, and a meeting will be scheduled with the superintendent or his/her designee, the student, the custodial parent or legal guardian, and the student’s principal.

b. If the parent or legal guardian would like to appeal the results of the test, the student’s original urine sample will be tested by a toxicology agency using state of the art equipment and analytical methods, such as, thin layer chromatography (TLC), radioimmunoassay (RIA), gas chromatography (GC), or gas chromatography/mass spectrometry (GC/MS). The original sample will be tested at the expense of the parent/guardian. If the results of the second test are clear or negative, no further action will be necessary. If the second sample is also found to be positive, then the student will be subject to the procedures and actions stated in this policy. If the appeal option is utilized, the student will remain under suspension until a negative test is ascertained from Sheridan Public School’s testing agency.
FIRST POSITIVE RESULT:
For a positive result, the student will be placed on probation and not allowed to park a
vehicle on school grounds or participate in competitions, presentations, and activities of
Sheridan Public Schools for a period of thirty (30) calendar days. The student will be
required to attend drug/alcohol counseling, and, if any charge is incurred, it will be the
responsibility of the parent/legal guardian.

On day thirty-one (31), in order to regain eligibility, the student will be required to be
retested (at the expense of the parent/legal guardian), and show proof of counseling
attendance. If the test results are found to be negative, the student will again become
eligible for competitions, presentations, and activities relating to Sheridan Public
Schools. However, the student must submit to a mandatory drug screen or lab test on
a monthly basis at the expense of the parent or guardian. The screening must be
conducted by a reputable agency or facility capable of screening for the same
substances being screened for by the district. The duration of the screening should be
determined by the intervention program and will not exceed a maximum of six months.

SECOND POSITIVE TEST:
For the second positive test in the same year, the student will be suspended from
parking on campus, competitions, presentations, and activities relating to Sheridan
Public Schools for a calendar year. The student will not be able to participate until after
the probation period has ended and has provided a negative or clear test.

THIRD POSITIVE TEST:
For the third positive test in two consecutive calendar years, the student will be
suspended from participating in activities and lose parking privileges for the remainder
of his/her enrollment in the district (may be appealed to the board).

NON-PUNITIVE NATURE OF POLICY:
No student shall be penalized academically for testing positive for illegal drugs. The
results of drug tests pursuant to this policy will not be documented in any student’s
academic records. Information regarding the results of drug tests will not be disclosed
to criminal or juvenile authorities, absent legal compulsion by valid and binding
subpoena or other legal process, the student and the student’s custodial parent/legal
guardian will be notified as soon as possible by the district.

OTHER DISCIPLINARY MEASURES:
The district, by accepting this policy, is not precluded from utilizing other disciplinary
measures set forth in the Student Discipline Policy, and this policy does not preclude
the district from taking disciplinary action when founded upon reasonable suspicion
that a student has participated in drug-related activities.

**SCHOOL ACTIVITIES**
When a student is found in violation of the Sheridan School District drug policy, he/she
may be banned from all school activities for up to one year.

passes an academic course offered on a block schedule, the course can be counted twice
toward meeting the requirement for students to pass four (4) academic courses per semester
as required by this policy.

“Extracurricular activities” are defined as: any school sponsored program where students from
one or more schools meet, work, perform, practice under supervision outside of regular class

or qualification for additional competition. Examples include, but are not limited to,
inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field
trips, and club activities.
“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of his/her classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one per week per extracurricular activity (tournaments excepted). Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph’s provisions when the student’s failure was due to exceptional or extraordinary circumstances. Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.

A student who enrolls in the district and meets the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity
regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

**Interscholastic Activities**

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.

**ACADEMIC REQUIREMENTS: Junior High**

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if he/she has successfully passed (4) academic courses the previous semester which count toward his/her high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and

A Lost and Found area is available and open to parents/legal guardians at any time during normal school hours. Any item of clothing or personal belongings that are found will be placed in the Lost and Found area. Students are responsible for their personal property. Articles of clothing and personal belongings should be marked with the child's name. At the end of each semester, unclaimed clothing items will be donated to charity.

VISITORS

Photo ID will be required for all visitors any time during the school day. All visitors to any campus in the school district are to follow these guidelines:

- Sign in at the school office and obtain a visitor’s pass.
- Students from other schools are not permitted to visit.
- Parents are encouraged to visit the schools to confer with teachers, counselors, and principals concerning the instruction of their children. Except for emergencies, these conferences should be prearranged. The conferences will be set up during the teacher’s planning time so that the educational process will not be disrupted.

VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING (4.48)

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video/audio surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, school buses, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use. Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles. Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy’s following paragraph, the
district’s video recordings may be erased any time greater than ten (10) days after they were created.

Videos, automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment, automatic identification, or data compilation devices shall be subject to appropriate disciplinary action, restitution and referral to appropriate law enforcement authorities.

Due to student privacy concerns, only authorized school personnel shall view bus and/or surveillance video. The only exceptions made will be through student privacy laws and/or subpoena.
SECTION III – ATTENDANCE
ABSENCES (R4.7)

If any student’s Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student’s IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students’ regular attendance at school is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in digital courses shall be determined by the online attendance and time the student is working on the course rather than the student’s physical presence at school. Students who are scheduled to have a dedicated period for a digital class shall not be considered absent if the student logs the correct amount of time and completes any required assignments; however, a student who fails to be physically present for an assigned period may be disciplined in accordance with the District’s truancy policy.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons and the student brings official documentation to the principal or designee upon his/her return to school. A written statement presented for an absence having occurred more than five (5) school days prior to its presentation will not be accepted.

1. The student’s illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal.
2. Attendance at an appointment with a government agency;
3. Participation in an FFA, FHA, or 4-H sanctioned activity;
4. Participation in the election poll workers program for high school students.
5. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
6. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
7. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.
8. Death or serious illness in their immediate family.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.

**Unexcused Absences**

Any absences not defined above that have not been approved with official documentation and presented in the timeline required by this policy, shall be considered as unexcused absences. Students with Seven (7) or more unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has three (3) or more unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds six (6) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardians, persons with lawful control of the student, or persons standing in loco parentis may petition the school or district’s administration for special arrangements to address the student’s unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement’s requirements. The agreement shall be signed by the student, the
student’s parent, legal guardians, persons with lawful control of the student, or persons standing in loco parentis, and the school or district administrator or designee.

Students who attend in-school suspension shall not be counted absent for those days.

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is required to suspend the former student’s operator’s license unless he/she meets certain requirements specified in the statute.

The superintendent shall notify the parent or guardian and the student’s resident district, in writing, of the decision to accept or reject the application as soon as possible after receiving the application, but no later than July 1. 4. The Sheridan School District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, or in any way exceed the requirements and standards established by existing law. The Sheridan School District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation. The Sheridan School District will provide transportation for
transfer students only from any existing bus route within the Sheridan District.

5. The Sheridan School District reserves the right to **deny enrollment** of any student who is currently expelled from another district until the time of the student’s expulsion has expired.

**The Sheridan School District will not grant legal transfers from the district beginning July 12, 2005.**

**STUDENT TRANSFERS (4.4)**

The District may reject a nonresident’s application for admission if its acceptance would necessitate the addition of staff or classrooms, exceed the capacity of a program, class, grade level, or school building, or cause the District to provide educational services not currently provided in the affected school. The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.
Any student transferring from a school accredited by the Department of Education to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the Department of Education to a District school shall be evaluated by District staff to determine the student’s appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or

SECTION IV – ACADEMIC INFORMATION
STUDENT PROMOTION AND RETENTION (R4.55)

A disservice is done to students through social promotion and is prohibited by state law. The district shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Each school in the Sheridan School District shall include in the student handbook, the criteria for promotion of students to the next grade.

At least once each semester, the parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student’s independent grade-level-equivalency in reading.

ELEMENTARY PROMOTION/RETENTION

When considering retention, a committee will review the following:

- Grades on the Report Card
- In-District Assessments
- Attendance
- Standardized Test Scores
- Parental/Guardian Input
- Age of the Student
- Prior Retention
- Reading Level
- Social, Emotional, & Physical Development

One or both of the following methods will be used by the school to inform parents/legal guardians when a student’s work is unsatisfactory and retention is being considered:

- Progress Reports sent home during the school year
- Parent/guardian conference may be requested to discuss the possibility of retention.

A committee will review all aspects of a child’s performance (refer to the above stated list) to determine the promotional status of the student.

If the committee attendees fail to agree with regard to the student’s promotion/retention status, the final decision to promote or retain shall rest with the principal.
The retention committee will consist of an administrator, classroom teachers, and additional staff members that work with the student on a regular basis.

**INTERMEDIATE PROMOTION AND RETENTION POLICY**

Promotion or retention of students shall be primarily based on the following criteria:

- Promotion of pupils in the elementary and intermediate schools will normally be made when the teacher feels the pupil will be able to do advanced work. This would generally mean that a student who is regular in attendance for the year and makes passing grades will be promoted.
- Promotion will take into consideration the individual pupil’s abilities (results of I.Q. and achievement tests), the schools’ objectives, and the curriculum and social conditions of the next grade.
- If there is doubt concerning the promotion or retention of a student, before a final decision is made, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement, the final decision to promote or retain shall rest with the principal.
- Parents or guardians shall be kept informed concerning the progress of their student(s). Any time during the school year written notification of a student’s possible retention will be given or mailed to parents; such notification shall include the student’s grades, documentation of missing/incomplete paperwork, etc. The parents are to sign the form indicating that they have received the notice of possible student failure.
- Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.
- Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP.

**SECONDARY PROMOTION/RETENTION/COURSE CREDIT**

Promotion or retention of students, or their required retaking of a course, shall be primarily based on the following criteria:

- Students in grades 6-8 must pass three (3) core academic courses or six (6) semesters of core courses in addition to meeting attendance requirements in order to be promoted to the next grade level
- 9th grade – 4 credits
- 10th grade – 9 accumulated credits
- 11th grade – 15 accumulated credits
- 12th grade – 22 accumulated credits and meet graduation requirements

Parents or legal guardians shall be kept informed concerning the progress of their student(s).

- Notice of a student’s possible retention or required retaking of a course shall be included with the student’s grades sent home to each parent/guardian or the student if 18 or older.
- Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student’s academic success.
- If there is doubt concerning the promotion or retention of a student, or their required retaking of a course, a conference between the parents/guardians, teacher(s), other pertinent personnel, and principal shall be held before a final decision is made. The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student’s placement, the final decision to promote or retain shall rest with the principal or his/her designee.

By the end of grade eight (8), each student shall have a student success plan (SSP) developed by school personnel in collaboration with the student’s parents and the student that is reviewed and updated annually. A student’s SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student’s SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

By the end of grade eight (8), the student’s SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student’s score on the college and career assessment:
• The student’s SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
• Provide a basis for counseling concerning postsecondary preparatory programs.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.

A student’s individualized education program (IEP) may act in the place of the student’s SSP if the IEP addresses academic deficits and interventions for the student’s failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components.

Promotion/retention or graduation of students with an Individual Educational Plan (IEP) shall be based on their successful attainment of the goals set forth in their IEP or completion of the Alternate Pathway to Graduation when applicable.

Assignments shall be an extension of the teaching/learning experience that promotes the student’s educational development. As an extension of the classroom, homework must be planned and organized and should be viewed by the students as purposeful.

**GRADING (R5.15)**

Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis shall be kept informed concerning the progress of their student. Parent-teacher conferences are encouraged and may be requested by parents, guardians, persons having lawful control of a student, persons standing in loco parentis, or teachers. If the progress of a student is unsatisfactory in a subject, the teacher shall attempt to schedule a parent-teacher conference. In the conference, the teacher shall explain the reasons for difficulties and shall develop, cooperatively with the parents, a plan for remediation, which may enhance the probability of the student succeeding. The school shall also send timely progress reports and issue grades for each nine (9) week grading period to keep parents/guardians informed of their student’s progress.

The evaluation of each student’s performance on a regular basis serves to give the parents/guardians, students, and the school necessary information to help effect academic improvement. Students’ grades shall reflect only the extent to which a student has achieved the expressed educational objectives of the course.

The grades of a child in foster care shall not be lowered due to an absence from school due to:

1. A change in the child's school enrollment;
2. The child's attendance at a dependency-neglect court proceeding; or
3. The child's attendance at court-ordered counseling or treatment.

The grading scale for Grades Kindergarten-2nd shall be as follows:

Y = YES Student meets grade level expectations related to the standards
N = NO Student does not meet grade level expectations related to the standards

The grading scale for Grade 3 shall be as follows:
3 = Student meets grade-level expectations related to the standard
2 = Student is progressing toward meeting grade-level expectations related to the standard
1 = Student does not meet grade-level expectations related to the standard
The grading scale for Grades 4-12 shall be as follows:
A = 100 – 90
B = 89 – 80
C = 79 – 70
D = 69-60
F = 59 and below

For the purpose of determining grade point averages, the numeric value of each letter grade shall be:
A = 4 points
B = 3 points
C = 2 points
D = 1 point
F = 0 points

The grade point values for Advanced Placement (AP), approved courses for weighted credit, International Baccalaureate (IB), and approved honor courses shall be one (1) point greater than for regular courses with the exception that an F shall still be worth zero (0) points.

The final grades of students who transfer in for part of a semester will be determined by blending the grades earned in the district with those earned outside the district. Each final grade will be the sum of the percentage of days in the grading period transferred from outside the district times the transferred grade from outside the district plus the percentage of days in the grading period while in the district times the grade earned in the district.

For example: The grading period had forty (40) days. A student transferred in with a grade of eighty-three percent (83%) earned in ten (10) days at the previous school. The student had a grade of seventy-five percent (75%) in our district’s school earned in the remaining thirty (30) days of the grading period. Ten (10) days is twenty-five percent (25%) of forty (40) days while thirty (30) days is seventy-five percent (75%) of forty (40) days. Thus the final grade would be (0.25 X 83) + (0.75 X 75) = 77%.

REPORT CARDS

Students receive a report card from their teacher each nine weeks. At the end of the school year, report cards are mailed to parents.

GUIDELINES FOR REQUESTING MAKE-UP WORK

A. Requests are to be made to main campus office
B. Requests need to be made by 10:00 A.M. Requests made after this time may not be available until the next school day at the same time request was made; this allows teachers their prep period to prepare assignments.
C. Assignment requests for 5 days or more will require 2 days to be collected. Extended days may require more time to collect.
D. Getting assignments picked up is the responsibility of the student/parent.
E. If an assignment request is made, it is expected to be picked up. Teachers expect the student to have a large portion of the assignments completed upon returning to school.
F. Students/Parents who have digital access are encouraged to contact teachers for assignments.
G. Students that know in advance that they will be absent are encouraged to get assignments themselves prior to being out.
H. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
I. Students shall have one class day to make up their work for each class day they are absent.
J. Make up work which is not turned in within the make-up schedule for that assignment shall receive a zero.
K. Students are responsible for turning in their make-up work without the teacher having to ask for it.

Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class, for which the work is due, meets the day of their return. Work missed due to out of school suspension may be made up for a possible 60 percent of total points.

CONCURRENT CREDIT

Any Sheridan student enrolled in concurrent credit classes in grades 9-12 needs to enroll in a publicly supported community college, technical college, or four-year college or university in accordance with the rules and regulations adopted by the college or university.
A student who successfully completes a course(s) offered by a college, technical college, or university shall be entitled to receive high school grade(s) and credit(s) in accordance with rules and regulations adopted by the State Board of Education and the District. One (1) unit of high school credit is earned for three (3) semester hours of college coursework.

**SEMESTER GRADES (Grades 9-12)**

Semester grades will be calculated using two nine weeks percentages as 86 percent of the total grade and the semester test score as 14 percent of the total grade.

**SEMESTER TESTS (Grades 9-12)**

Teachers will give comprehensive nine week’s tests at the end of the first and third nine weeks’ grading period. Nine weeks’ exams count as 14 percent of the nine weeks’ grade.

All students, grades 9-12, will take semester exams at the conclusion of the first (fall) semester. Students, grades 9-12, who meet the following criteria may be exempt from semester exams at the conclusion of the second (spring) semester.

- Six (6) or fewer absences for the entire school year. Excused and unexcused absences both count toward the six (6) allowed absences. School business, college days, and bereavement days do not count toward the six (6) allowed absences
- A grade of 70% or better in the class

Students may not accrue consecutive unexcused absences in the 6 days immediately prior to semester exams at the conclusion of the second (spring) semester.

Students who have served in Suspension School or have been suspended from school will not be exempt and are required to take semester exams.

Two tardies in the same class will count as an absence toward taking semester exams. A student who chooses to take a semester test even if he/she meets the requirements for exemption should do so with the understanding that the test grade will not lower his/her semester grade. The campus will be closed for semester test day. Students who are exempt have to be present only in those classes where they have to take semester exams.
BEREAVEMENT DAY for SEMESTER TESTS

A student’s absence due to a death in the immediate family will not count against the three day exemption from semester exams at Sheridan High School. Documentation should be provided upon return to school. (Immediate family for this purpose is defined as parents, siblings, grandparents.) One (1) day will be granted for in state. Out of state death of a relative in the immediate family may be reviewed for approval by administration for two (2) days.

SEMESTER TEST MAKE-UP (Grades 9-12)

Any student who misses a semester exam at the scheduled time will be required to present medical or legal documentation in order to make up the exam. Medical or legal documentation means documentation from a doctor, a dentist, a lawyer, or a court official.

**SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS FOR THE CLASSES OF 2019 AND 2020 (R4.45)**

All students are required to participate in the Smart Core curriculum unless their parents or guardians, or the students if they are eighteen (18) years of age or older, sign a Smart Core Waiver Form to not participate. While Smart Core is the default option, a Smart Core Information Sheet and a Smart Core Waiver Form will be sent home with students prior to
their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time and there is not a signed waiver form in the student’s permanent record. This policy is to be included in student handbooks for grades six (6) through twelve (12) and both students and parents must sign an acknowledgement they have received the policy. Those students not participating in the Smart Core curriculum will be required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians prior to the deadline for them to sign and return the waiver form.

While there are similarities between the two curriculums, following the Core curriculum may not qualify students for some scholarships and admission to certain colleges could be jeopardized. Students initially choosing the Core curriculum may subsequently change to the Smart Core curriculum providing they would be able to complete the required course of study by the end of their senior year. Students wishing to change their choice of curriculums must consult with their counselor to determine the feasibility of changing paths.

This policy, the Smart Core curriculum, and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district support plan development process to determine if changes need to be made to better serve the needs of the district’s students. The superintendent, or his/her designee, shall select the composition of the review panel.

Sufficient information relating to Smart Core and the district’s graduation requirements shall be communicated to parents and students to ensure their informed understanding of each. This may be accomplished through any or all of the following means:

- Inclusion in the student handbook of the Smart Core curriculum and graduation requirements;
- Discussion of the Smart Core curriculum and graduation requirements at the school’s annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter;
- Discussions held by the school’s counselors with students and their parents; and/or
- Distribution of a newsletter(s) to parents or guardians of the district’s students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district’s annual professional development shall include the training required by this paragraph.
To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children for all students who meet the definition of “eligible child” in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

**GRADUATION REQUIREMENTS**

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation for a student participating in either the Smart Core or Core curriculum. There are some distinctions made between Smart Core units and Graduation units. Not all units earned toward graduation necessarily apply to Smart Core requirements.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

**Digital Learning Courses**

The District shall offer one or more digital learning course(s) through one or more District approved provider(s) as either a primary or supplementary method of instruction. The courses may be in a blended learning, online-based, or other technology-based format. In addition to the other graduation requirements contained in this policy, students are required to take at least one (1) digital learning course for credit while in high school.

**SERVICES FOR ADVANCED STUDENTS**

K-2 Whole Group Enrichment Sessions.

Grades 3-5, Gifted and Talented Pull-Out.

In grades 6-12 identified, officially listed gifted students receive differentiated services within Pre-AP and AP classes.

The district identification process follows state regulations which include:

**Nomination:** Identification is ongoing. Students, parents, teachers, and
community members may nominate by filling out the official form found on the school district website. With permission, additional screenings then occur. All nominations are assigned a code number for impartiality.

Identification: A five (5) member district identification committee composed of Gifted and Talented (GT) certified staff, counselors, teachers, administrators select around five (5) percent of student body for official listing as in need of differentiated services. Anonymity and impartiality is maintained by code on all student profile sheets. Procedures are non-discriminatory with respect to race, cultural or economic backgrounds, religion, gender, or handicapping condition.

Placement: Letters of notification sent to all parents regardless of placement decision. Permission to place form signed by parent must be received for student file. All students are subject to an annual review to determine appropriateness of placement within the program. Officially listed students who do not enroll in AP or Pre-AP classes are subject to deactivation for each school year that occurs.

Students transferring into the school district are subject to testing and placement according to district procedures.

**ADVANCED PLACEMENT COURSES**

All AP courses are open to students willing and able to accept introductory-level college work at an expected more rigorous, complex level.

College Board now requires students in Advanced Placement Courses to register online and commit by mid-November to taking the respective AP Exam the following May. It is important that students remain enrolled in the AP course for the full year.

Under most circumstances, a fee of $40 will be required by College Board if a student drops an AP course after the November registration deadline. This drop fee will be the responsibility of the student and/or parents.

College credit is awarded for qualifying scores of 3, 4, or 5 on AP Exams. State supported universities in Arkansas agreed to award credit for those scores while private universities may award credit for a 4 or 5 or offer placement in higher level courses for scores of 3.

Required AP training documentation is monitored and retained by the district GT/AP Coordinator. Sheridan High School does not offer International Baccalaureate (IB) courses.
Note: EXPECT AP CLASSES TO BE DIFFICULT IN CONTENT AND PROCEDURES; tutoring may be available and expected for students who experience difficulty.

Each AP class has a weighted GPA (5.0 – A, 4.0 – B, 3.0 – C, 2.0 – D) as long as the student is enrolled all year and takes the AP exam to qualify for college credit each May.

**HONOR GRADUATES**

Only a student who has successfully completed the minimum core of high school courses recommended for preparation for postsecondary education (core curriculum for unconditional college admittance outlined above) or a more rigorous program of vocational study will be eligible for the honor of serving as valedictorian, salutatorian, or honor graduate of a senior class in a high school in this state. Sheridan High School no longer has a valedictorian and a salutatorian but has three tiers of honor grads: Act 980 of 1991 sets these requirements for honor graduates.

**DISTINGUISHED HONOR GRADUATES**

Distinguished honor grads will be those with a grade point average (GPA) of 4.0 or higher who have taken a minimum of five (5) Advanced Placement classes and meet the state requirements. All students in this category will be ranked number one.

**HIGH HONOR GRADUATES**

High honor grads will be those with a GPA of 3.9 or higher who have taken a minimum of three Advanced Placement classes and meet state requirements. These students will receive regular class rank beginning at number two.

**HONOR GRADUATES**

Honor grads will be those with a GPA of 3.75 or higher who meet state requirements. The tiers of honor graduates are determined after the completion of all high school courses/grades. Students are encouraged to seek advice from the counselor, principal and teachers to be sure requirements are met. Students are responsible for making sure they have completed all graduation requirements.
**SCHOLARSHIPS**

Several scholarships are available to seniors based on academic achievement, leadership, service, and need. Any student interested in applying for a scholarship should contact his/her counselor.

High school seniors will qualify based on their high school performance. Students graduating from an Arkansas public high school, a private or out-of-state school, or homeschool must have an ACT composite of at least 19 (or an equivalent score on an equivalent test) to be eligible for an Arkansas Academic Challenge Scholarship.

Previous recipients of the scholarship will continue to receive the amounts stipulated in their original award. Maximum award for four year institution is eight (8) semesters and two year institution is five (5) semesters.

Renewal: Traditional students must enroll in at least 12 hours the first fall semester following high school graduation, and at least 15 hours each semester thereafter, to receive their funds that semester. They must complete at least 27 hours their first year, and at least 30 hours each year thereafter, with a 2.5 cumulative GPA. Non-traditional students may enroll in as few as six hours and still receive a pro-rated scholarship amount. They must also maintain a cumulative GPA of at least 2.5, and their continuing eligibility requirement is related to their semester enrollment.

**STUDENT ATHLETES**

Students who plan to participate in athletics at the college level are encouraged to register with the NCAA Clearinghouse at the end of their junior year. All information and registration forms are available at [www.ncaaclearinghouse.net](http://www.ncaaclearinghouse.net).
NATIONAL HONOR SOCIETY (11th- 12th grade)

The National Honor Society is an activity of the National Association of Secondary School Principals. The members are students chosen by the faculty council on the basis of the principles of the society: scholarship, leadership, character, and service. No honor or responsibility conferred by the school exceeds that represented by the National Honor Society. It represents the fundamental objectives for which schools are instituted and gives recognition to those who have attained most nearly the desired ends. This society looks upon education as a total product measured by the four dimensions of life.

Act 980 of 1991 set these qualifications for membership in the National Honor Society: Only a student who is enrolled in a course of study containing the minimum core of high school courses recommended for preparation for post-secondary education as set forth by the State Board of Higher Education and the State Board of Education or the technical preparation program as set forth by the State Board of Education shall be eligible for membership in the National Honor Society or any equivalent honorary society. NHS members can be dismissed from the NHS in the event of serious infractions.
SECTION V – STUDENT BEHAVIOR and DISCIPLINE POLICIES
DISCIPLINE POLICIES

The Sheridan School District employees and the Board of Education have the responsibility to protect the health, safety, and welfare of the District’s students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline.

1. Students are responsible for their conduct that occurs:
   A. At any time on the school grounds.
   B. Off school grounds at a school-sponsored function, activity, or event.
   C. Going to and from school or a school activity.

2. The District’s administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff.

3. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to:
   A. Felony or an act that would be considered a felony if committed by an adult
   B. An assault or battery
   C. Drug law violations
   D. Sexual misconduct of a serious nature

4. Any disciplinary action pursued by the District shall be in accordance with the student’s appropriate due process rights.

5. The District’s handbook committees from each campus shall review the student discipline policies annually and may recommend changes in the policies to the Sheridan School Board. The Board shall approve any changes to student discipline policies.

6. The District will enforce disciplinary action from a minimum of a warning to a maximum of expulsion/suspension for disciplinary infractions.

7. In order to assure that policies are firm, fair, and consistent, the superintendent will annually ensure that a discipline policy committee composed of school personnel and parent’s reviews and revises said policies. The District’s student discipline policies and rules shall be distributed to each student annually and to
new students upon their enrollment. Each student’s parent or legal guardian shall sign and return to the school an acknowledgement form documenting that they have received the policies and rules.

8. Further, parents, teachers, and students may request and receive a hearing before the District’s Handbook Committee to propose revisions of policies or particular provisions of policies.

9. It is required by law that the principal or the person in charge report to the police any incidents where a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision.

10. Sheridan School District currently employs four School Resource Officers (SRO) to assist students, faculty, and administration when necessary. If an SRO is not available, local law enforcement officers may be contacted. In cases that appear to need the help of an SRO or law enforcement officers, the principal/assistant principal will confer with the superintendent/deputy assistant superintendent. If they are not available, he/she will make his/her own determination regarding the need for local law enforcement.

BEHAVIOR NOT COVERED IN THIS STUDENT HANDBOOK

The Sheridan School District reserves the right to punish behavior not conducive to good order and discipline in the schools even though such behavior is not specified in this handbook. Principals may alter severity of punishments based on circumstances and other conditions.

Students enrolled in the ALA program will have an additional handbook that covers program policy and procedures.

DISCIPLINE

The Sheridan Board of Education expects that when students willfully violate school rules, defy instructions of teachers and administrators, or interfere with the normal operation of the school program, the administrator in charge will take appropriate action as prescribed by the Board of Education policies and regulations, ordinances of the City of Sheridan, and the statutes of the State of Arkansas.

The constitutional rights of individuals assure the protection of due process of law; therefore, this system of constitutionally and legally sound procedures is approved with regard to the administration of discipline in the Sheridan Public Schools:

- The hallmark of exercise of disciplinary authority shall be fairness.
- Every effort shall be made by administrators and faculty members to resolve problems through effective utilization of school district resources to include prevention, intervention, mediation and conflict resolution provisions, in cooperation with the student and his/her parent or guardian.
- Teachers and other school personnel have the authority to give reasonable instructions to any student while the student is under school jurisdiction and are responsible for reporting the violation of a school regulation by a student if it cannot be resolved by the teacher or other school personnel. When situations
develop that appear to need the help of law enforcement officers, other than a School Resource Officer, the principal will confer with the superintendent or assistant superintendent. If they are not available, he/she will make his/her own determination.

**DISCIPLINE OF DISABLED STUDENTS**

Students identified as disabled under the Individuals with Disabilities Education Act (IDEA) will be subject to all school policies and rules unless otherwise directed by the student's Individual Education Plan, so long as such treatment does not abridge the right to a free appropriate public education. Further, discipline of IDEA students will conform to laws and regulations as enumerated under IDEA.

Students who are determined to be disabled under Section 504 of the Rehabilitation Act of 1973 will be subject to all school policies and rules unless otherwise directed by the student's Individual Accommodation Plan. Schools may remove any student with disabilities for a disciplinary infraction for up to 10 school days per offense. During a period of short term exclusion, schools are not required to provide any educational services to the student.

**CORPORAL PUNISHMENT (R4.39)**

The School Board authorizes the use of corporal punishment to be administered in accordance with this policy by the Superintendent or the superintendent’s designated staff members who are required to have a state-issued license as a condition of their employment.

Prior to the administration of corporal punishment, the student receiving the corporal punishment shall be given an explanation of the reasons for the punishment and be given an opportunity to refute the charges.

All corporal punishment shall be administered privately, i.e. out of the sight and hearing of other students, shall not be excessive, or administered with malice, and shall be administered in the presence of another school administrator or designee who shall be a licensed staff member employed by the District.

Corporal punishment shall not be used as a form of discipline for a student who is intellectually disabled, non-ambulatory, non-verbal, or autistic.

Legal Reference: A.C.A. § 6-18-503(b)

**GUIDELINES FOR CORPORAL PUNISHMENT**

A. Before corporal punishment is administered, it must be documented that sufficient warning of such punishment has been given, that parents have received notice of the warnings, and that evidence must exist that other
corrective measures have failed to solve the discipline problem.

B. Any person administering corporal punishment must complete a "corporal punishment form."

C. Parents must be notified that their child has received corporal punishment and must be furnished a copy of the corporal punishment form by the person administering the corporal punishment.

D. No student will receive more than three (3) swats at any given time and will not receive corporal punishment more than three (3) times in any given school year.

E. Any parent may choose not to have his/her child receive corporal punishment by notifying the school in writing. Parents must accept that if they disallow the use of corporal punishment, or if their child refuses to accept corporal punishment, the student may be suspended from school.

F. Building level administrators may exercise their judgment as to their use of corporal punishment or any other corrective measure for students sent to the office for punishment.

G. Teachers may exercise their judgment as to the use of corporal punishment or other corrective measures.

H. Corporal punishment will be administered by using an instrument supplied by the district.

I. Corporal punishment will be administered in the presence of an administrator who shall be present when the student is advised of the reason(s) for the punishment. It will only be administered following warnings that the misbehavior will not be tolerated and that the administration of corporal punishment is imminent.

**DETENTION HALL (Grades 6-12)**

Failure to complete detention hall will result in assignment to Suspension School or suspension from school. A student can serve only fifteen (15) days of detention hall per semester.

**SUSPENSION SCHOOL (Grades 6-12)**

A student assigned to Suspension School will be assigned for a minimum of two (2) days and can serve only ten (10) days per semester. Additional days may be added to a student’s suspension school assignment for failure to complete their class assignments while in Suspension School. Inappropriate behavior while in Suspension School may also result in additional days being added or suspension from school being added.

If a suspension occurs while the student is in Suspension School, the Suspension School assignment will be completed after the suspension before the student can return to regular classes. When a student is assigned to Suspension School for not attending detention hall, the original detention hall assignment must be completed after the Suspension School days are completed.
Students assigned to Suspension School are not to be on campus without permission nor can they participate in any after school activity during the assignment to Suspension School.

Students assigned to Suspension School during nine week and/or semester test days shall serve the entire day of Suspension School even if all tests have been completed.

Days in Suspension School prevent Sheridan High School exemption for semester exams.

**SUSPENSION FROM SCHOOL (R4.30)**

Students who are not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school-sponsored function, activity, or event; and
- Going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;
b. Causes a serious disruption that cannot be addressed through other means; or
c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student:
1. The student shall be given written notice or advised orally of the charges against him/her;
2. If the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts; and
3. If the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents', legal guardians', person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:

- A primary call number;
  - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District’s engagement or access to education program.

During the period of their suspension, students serving in-school suspension shall not attend or participate in any school-sponsored activities during the imposed suspension.
Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

**EXPULSION (R4.31)**

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

- Deemed to be of such gravity that suspension would be inappropriate;
- Where the student’s continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

a. Poses a physical risk to himself or herself or to others;

b. Causes a serious disruption that cannot be addressed through other means; or

c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District’s records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or
older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses, who gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student’s period of expulsion. The District’s program shall include offering an expelled student an opportunity for enrollment in digital learning courses or other alternative educational courses that result in the receipt of academic credit that is at least equal to credit the expelled student may have received from the District if the student had not been expelled.

**STUDENT SEXUAL HARASSMENT (R4.27)**

The Sheridan School District is committed to providing an academic environment in which all students are treated with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to: the nature of sexual harassment; the District’s written grievance procedures for complaints of sexual harassment; that the district does not tolerate sexual harassment; that students can report inappropriate behavior of a sexual nature without fear of adverse consequences; the redress that is available to the victim of sexual harassment; and the potential discipline for perpetrating sexual harassment.

"Sexual harassment" means conduct that is:

1. Of a sexual nature, including, but not limited to:

2. denies or limits a student’s ability to participate in or benefit from any of the District’s educational programs or activities through any or all of the following methods:
   o Submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s education;
   o Submission to, or rejection of, such conduct by an individual is used as the basis for academic decisions affecting that individual; and/or
Such conduct has the purpose or effect of substantially interfering with an individual’s academic performance or creates an intimidating, hostile, or offensive academic environment.

The terms “intimidating,” “hostile,” and “offensive” include conduct of a sexual nature which has the effect of humiliation or embarrassment and is sufficiently severe, persistent, or pervasive that it limits the student’s ability to participate in, or benefit from, an educational program or activity.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. Examples of sexual harassment include, but are not limited to: making sexual propositions or pressuring for sexual activities; unwelcome touching; writing graffiti of a sexual nature; displaying or distributing sexually explicit drawings, pictures, or written materials; performing sexual gestures or touching oneself sexually in front of others; telling sexual or crude jokes; spreading rumors related to a person’s alleged sexual activities; discussions of sexual experiences; rating other students as to sexual activity or performance; circulating or showing e-mails or Web sites of a sexual nature; intimidation by words, actions, insults, or name calling; teasing related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the individual self-identifies as homosexual; and spreading rumors related to a person’s alleged sexual activities.

Students who believe they have been subjected to sexual harassment, or parents of a student who believes their child has been subjected to sexual harassment, are encouraged to file a complaint by contacting a counselor, teacher, Title IX coordinator, or administrator who will assist them in the complaint process. Under no circumstances shall a student be required to first report allegations of sexual harassment to a school contact person if that person is the individual who is accused of the harassment.

Complaints will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to: individuals who are responsible for handling the District’s investigation to the extent necessary to complete a thorough investigation; the extent necessary to submit a report to the child maltreatment hotline; the Professional Licensure Standards Board for complaints alleging sexual harassment by an employee towards a student; or the extent necessary to provide the individual accused in the complaint due process during the investigation and disciplinary processes. Individuals
who file a complaint have the right to request that the individual accused of sexual harassment not be informed of the name of the accuser; however, individuals should be aware that making such a request may substantially limit the District’s ability to investigate the complaint and may make it impossible for the District to discipline the accused.

Students, or the parents/legal guardians/other responsible adult of a student, who file a complaint of sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats, intimidation, coercion, or discrimination. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Following the completion of an investigation of a complaint, the District will inform the parents/legal guardian/other responsible adult of the student, or the student if over the age of eighteen (18), who filed the complaint:

- The final determination of the investigation;
- Remedies the District will make available to the student; and

Should prohibited items be found during a school check, the violator(s) will be disciplined under district policies and may be prosecuted under local, state, or federal laws.

**SCHOOL RESOURCE OFFICERS**

The Sheridan School District currently employs four School Resource Officers to assist students, faculty and administration when necessary. If School Resource Officers are not available, local law enforcement officers may be contacted.

**SEARCH AND SEIZURE**

**School Property:**
In the assignment of school property (locker, desk, etc.) to a specific student, the school maintains ownership of such property and the right to inspect it or reclaim it. General searches of school property may be conducted at any time.

Search of an area assigned to a student should be in the student's presence except in emergencies. Illegal items such as firearms, weapons, or any other articles reasonably determined to be a threat to the safety and security of others shall be seized by school authorities and turned over to the police. Items, which are used to disrupt or interfere with the educational process, may be temporarily removed from the student's possession.

**Automobiles:** A school official may conduct a warrantless search of an automobile if he or she has reasonable suspicion that a search would produce evidence indicating a student had violated the law or a school rule.
**Personal Property:** A school official may conduct a search of items if he or she has reasonable suspicion that a search would produce evidence indicating a student had violated the law or a school rule.

**Personal Searches:** When a school employee has reasonable suspicion that a student has violated the law or a school rule, he or she shall inform an administrator. If the administrator determines that a search is warranted, he or she may conduct a search of a student’s person. An adult witness will be present at the time of the search. The search may be conducted as long as the scope of the search is “reasonably related to the objective of the search” and not excessively intrusive in light of the age and sex of the student and the nature of the infraction.

**Pat-Down Searches:** A “pat-down” search of a student’s person will be done by a school official of the same sex. An adult witness shall be present at the time of the search. A pat-down search of a minor student shall be conducted in the presence of his or her parent or guardian unless the administrator has reason to believe that the student poses an immediate threat.

**Strip Searches:** When a school administrator has reasonable suspicion that a serious offense has occurred to the extent that a strip search is appropriate, law enforcement officials will be contacted to conduct such a search if legally deemed appropriate. In no case will a school employee conduct a strip search. In the case of law enforcement notification, parents will also be notified by school officials.

**Metal Detectors:** The Sheridan School Board authorizes the appropriate use of metal detectors at school and at school-sponsored events.

**SECOND CHANCE PROGRAM**

The Second Chance Program was developed to provide qualified students, in grades 6-12, who are first time offenders of the district’s drug and alcohol policy an opportunity to avoid expulsion and remain a Sheridan School District student thus progressing in their education. Recommendations for inclusion in the Second Chance Program will be made by campus principals. Students who are enrolled in the Second Chance Program are placed on a very strict probationary status for one calendar year and are required to complete all program components including:

- A mandatory 6 week drug education class selected by the district and provided on campus, after school, at the student’s expense.
- 15 hours of community service
- Random drug testing throughout the student's enrollment in the program.
- Weekly student progress meetings with the student's campus counselor/administrators.
- Strict academic and disciplinary probation.

Participating in the Second Chance Program in lieu of expulsion is an opportunity that can be taken advantage of only one time in a student’s 6-12 education. Additionally, any student found to be in violation of section B of the Student Handbook—Alcoholic Beverages, Counterfeit Drugs policy will not qualify for inclusion in the Second Chance Program.

All alcohol and drug policy violations are reported to local law enforcement.

More information regarding the Second Chance Program is available upon request.

**The Learning Center Program**

The Learning Center Program (TLC) is an alternative program to expulsion for students found to be in violation of section B of the Student Handbook—Alcoholic Beverages, Counterfeit Drugs policy. Students may be assigned to the TLC program for disciplinary violations other than the Alcoholic Beverage, Counterfeit Drug policy. Such exceptional assignments will be made on a case by case basis as determined by school administrators. In the case of an exceptional assignment to TLC, program criteria may be amended based on the reason of the exceptional assignment. This program will provide students in grades 6 through 12 the opportunity to earn credit for core classes through digital learning. Campus principals may offer this program to students in lieu of a recommendation for expulsion.

Students are assigned one or two semesters in the Learning Center Program. Students are required to successfully complete the following criteria:

- Six week drug education/life skills class
- Random drug testing
- Satisfactory attendance according to the Sheridan School District Student Handbook attendance policy.
- Completion of 12 community service hours
- Complete 75% or more of assigned course work with passing grades
- Maintain a 90% progress report average
Students are required to follow a uniform dress code of khaki pants with a white or blue polo shirt with a collar. Transportation will not be provided during enrollment in the Learning Center Program. Upon successful completion of the TLC program, students will be placed in one semester of the Second Chance program.
SECTION VI –
HEALTH AND WELLNESS
POLICIES AND PROCEDURES
BREAKFAST AND LUNCH

The Sheridan Child Nutrition Department will offer lunch and breakfast at Sheridan School District Campuses. Studies show a positive relationship between academic performance, reduced tardiness, and absenteeism when students participate in school breakfast and lunch programs.

Your child will receive a personal envelope for meal deposits. There are blanks to be filled in by the parent/guardian as to the date and amount of money sent to be deposited in your child’s account. Upon receipt by the food service cashier, she will post the amount of money received and the date received. Please seal the envelope. The student is to turn the envelope into his/her first period teacher or in the box located in the cafeteria or office before school starts.

The money deposited will be used for school food service only. Each time your child is served lunch, breakfast, second meals, or an extra drink the price will automatically be deducted from your child’s account. Since all money sent in the meal envelopes is deposited into the student’s account, money sent for field trips, pictures, books, etc., must be sent separately to the teacher’s attention.

FOOD SERVICE PREPAYMENT (R4.51/R7.17)

Meal Charges

It is the policy of the Sheridan School District to allow students to charge meals only on occasion when money is unavailable and the student would have to miss meal service. This is a courtesy extended to the student and should not occur on a regular basis.

The district does not provide credit for students to charge for in the school food service areas. Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:

- Submitting cash or check payment at the cafeteria’s or in lock boxes, located by the school office. Student’s first and last name is required.
- Depositing funds through the District’s online service; at EZschoolpay.com

A student’s guardian will be contacted by authorized District personnel regarding a student’s negative balance at the following times:
● If a student charges $11.00, the Food Service Manager will call the guardian.
● If a student charges $18.00, the Food Service Director will call the guardian.
● If a student charges $25.00, the Building Administrator will call the guardian.
● If a student’s balance exceeds $30.00, charges may be submitted to a collection agency.

Emails will be made twice a week for low balances in accounts. Phone calls/text and emails will be sent daily for all negative balances until the charges have been paid.

All unpaid meal charges at the end of the school year will be carried forward with the student to the next grade level. These charges are considered “delinquent debt” since the possibility of collection still exists as long as the student is active in the district.

Records of all student account balances will be printed and filed in the office of the Food Service Director at the end of each fiscal year. If payment is not received, the Superintendent or his/her designee may take one or more of the following actions:

1. Delay the issuance of report cards, transfer cards, and class assignments until the obligations are met.
2. Prohibit student participation in senior activities or graduation exercises.
3. Turn unpaid meal charges over to collection agency.

EZSchoolPay

The Sheridan School District is now offering an online service to assist parents in the management of their student’s school meal account. In addition to checking a student’s meal balance online, parents may use a Visa, MasterCard, or Discover card (credit or debit) to enter a prepayment to their student’s school meal account.

In order to prepay a child’s school meals, parents can go online to the Sheridan School District website at www.sheridanschools.org and click on the quick link EZSchoolPay or go to http://www.EZSchoolPay.com to create an account. A child’s meal account balance can also be monitored online and updated as often as every 10 minutes. The EZSchool Pay website can also be used to view recent meal transaction history and to set up e-mail alerts to indicate that a child’s account balance is low. Payments can be made to a student’s account anytime. EZSchool Pay is provided for parent’s convenience, however a service fee is charged when making a payment.

If you need more information or have questions on EZSchool Pay, please call district
Food Service Director at 870-942-3135.

**FREE AND REDUCED LUNCHES**

To qualify for free and reduced lunches, an application must be filled out, one per household with each student listed and returned to the school office or cafeteria office. Applications will be reviewed and approved or disapproved according to federal guidelines. Payment is expected until free or reduced meals are approved.

Students who qualified for the program last year will continue on the program for the first 30 days of the new school year. Free and reduced meal prices only apply to first servings, students who receive second trays will be charged an adult meal price. Parents are invited and encouraged to periodically join their students in dining in the cafeteria.

**FREE AND REDUCED PRICE MEALS: CONFIDENTIALITY AND ONLINE PROCEDURES**

The Sheridan School District offers healthy, nutritious meals every school day. Some children in our school district may qualify for free or reduced meals based on household size and income criteria. The Sheridan School District is committed to follow the guidelines from the United States Department of Agriculture and the State of Arkansas in processing free or reduced price meal forms.

During the school enrollment process, parents will be notified of the procedures for how to apply, either online or by printed forms. The use of online meal applications and acceptance of electronic submissions requires the same level of compliance as the printed forms with regard to security issues surrounding student and parent confidentiality and data protection, the Family Educational Rights and Privacy Act (FERPA), and personally identifiable information (PII, such as social security numbers). Additional security measures must be followed for online processing regarding scanned documents and data storage and disposal of original documents containing FERPA and PII data. The district shall submit to the State of Arkansas Child Nutrition Program procedures for “Security and Disposal Plan for Online Documents” which ensures maintenance of support documentation for distribution of federal and state funds. The district will also provide proof of our ability to provide a digital signature system in compliance with Level 2 Authenticity Security as required by the United States Department of Agriculture and National Institute of Standards and Technology.

The Sheridan School District has written policies and procedures that apply to on-line meal application processing for federal meal benefits to ensure:

- On-line documents are legally binding.
- Security issues surrounding student and parent confidentiality and data protection is provided.
- Family Educational Rights and Privacy Act (FERPA) regulations are in compliance.
- Personal Identifiable Information (PII), i.e. social security numbers, are protected at all levels.
- Security issues regarding scanned documents/data storage according to state/federal requirements have been fully addressed.
- Disposal of original documents containing FERPA and PII data will follow district policies and procedures.

You may access the application online at: HTTPS://sheridanschools.rocketscanapps.com

Second meals, snacks and extra drinks are not a part of the Federally-funded Food Service program. Students will be charged for these, even though your child may be eligible for free and reduced price meals. Second meal costs are the same as an adult meal price.

Students must pay in cash or check by the day, or pay in advance by the week, two weeks, or monthly. We encourage you to pay a week or more rather than daily. If your child should choose to bring his or her lunch or is absent, no meals will be deducted from their account. The only way a meal is deducted from your child’s account is for your child to go through the line and pick up a tray or extra drink. We will not provide the student with the service of cashing checks or giving change. Should you move from the district during the school year and have a credit balance, contact the Food Services Director to process your refund.

SCHOOL MEAL MODIFICATIONS (4.50)

The district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district’s Director of Child Nutrition a medical statement completed by a State licensed healthcare professional, which includes:

- Physicians, including those licensed by:
  - The Arkansas State Medical Board;
  - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
  - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student’s disability that is sufficient to understand how the disability restricts the student’s diet;
2. An explanation of what must be done to accommodate the disability, which may include:
   a. Food(s) to avoid or restrict;
   b. Food(s) to substitute;
   c. Caloric modifications; or
   d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district’s Director of Child Nutrition shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student’s disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child’s disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may file a grievance regarding the request for accommodations with the District’s 504 Coordinator, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.
The district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

It is the goal of the Sheridan Transportation Department to provide transportation in the safest, most dependable, and efficient manner possible. Keeping safety, dependability, and efficiency in mind as priorities, please read and become familiar with the transportation policies, safety procedures, rules, and consequences for misbehavior as outlined in this section.

General Policies:
A. All school district policies will be followed.
B. Riding a school bus is a privilege, not a right required by law.
C. Bus routes and stops will be determined by the transportation department.
D. Students will load and unload buses only at designated bus stops or their assigned campus.
E. Bus drivers will assign seats.
F. All students are expected to conduct themselves in a safe and appropriate manner while at a bus stop or while riding a bus. The bus stop is considered part of the school grounds.
G. Students wishing to ride a bus other than their assigned bus due to an emergency situation must bring a note making the request and signed by a parent/guardian. This note must be presented to the campus office for approval before 10 A.M. on the day of the request.

General Rules of Safety & Discipline:
A. The school bus is an extension of the classroom. All rules of conduct, policies, procedures, and consequences for misbehavior as outlined in the student’s campus handbook apply and will be enforced.
B. Students are to be at their assigned bus stop 5 minutes before the bus is scheduled to arrive.
C. While waiting on the bus, students are to stand at least 10 feet from the bus stop. Students should wait until the bus is completely stopped, the door opened, and the driver signals it is safe, before approaching the bus.
D. Students should always cross the roadway in front of the bus where they can be seen by the driver. Never cross the roadway behind the bus.
E. Do not play in the roadway or at shuttle areas while waiting on the bus.
F. Students should wait until the bus leaves the area before crossing the roadway.
General Rules of Safety & Discipline While Riding the Bus:

A. Any act that jeopardizes the safety of others on the bus is prohibited.
B. Follow the driver’s instructions, respect the driver, and do not distract the driver.
C. Respect the rights of others; no bullying, harassment or intimidation of others will be tolerated.
D. When loading and unloading the bus, enter and exit the bus in an orderly manner as directed by the driver.
E. Upon boarding the bus, students should go to their assigned seat, face forward while the bus is moving, and remain seated until time to exit the bus.
F. Students should only carry items that can be held in their lap with the exception of larger band instruments.
G. Keep the aisle clear of all objects at all times.
H. Speak in a normal tone of voice; no yelling, screaming, or distracting sounds will be allowed.
I. Students are to keep hands, feet, and objects to themselves and inside the bus.
J. No food or drink, except bottled water, will be allowed on the bus without permission of the driver or school officials.
K. Students are not to bring glass containers, balloons, animals, or any object prohibited at school on the bus.
L. Students are not to tamper with emergency windows, doors, or other safety equipment on the bus.
M. Act 36 of 1987 makes the parents of a minor child responsible for reimbursing the school for any damages caused by the minor child up to $5,000.00. Students are responsible for the seat they are assigned.
N. Act 814 makes it a misdemeanor for any person (student or adult) to threaten, curse, or use abusive language to a school bus driver. Violators will be duly prosecuted to the fullest extent of the law.
O. When riding a Sheridan School Bus, students are subject to be recorded. Electronic surveillance may be used to determine consequences in the event of misbehavior.
P. The school district reserves the right to punish misbehavior which is subversive to the good order, safety, discipline, or efficiency of the bus operation and the rights of others who ride the bus even though such misbehavior is not specified in these rules or the rules of the campus handbook.

If a student chooses to break bus rules, policies, or procedures, the following discipline policy will be used at the discretion of the principal or his/her designee depending on the severity of the offense. Removing a student from the bus for a period of time may be assigned in addition to other discipline measures taken on the student’s campus by a principal or his/her designee.

1st offense - Written warning and parent notification.
2nd offense - Three (3) day suspension from riding all buses.
3rd offense - Five (5) day suspension from riding all buses.
4th offense - Ten (10) day suspension from riding all buses.
5th offense - Suspension from riding all buses for the remainder of the school year.

GUIDANCE SERVICES

Guidance counselors are available to counsel students at all times. Students are encouraged to use the counselor’s help with all academic, occupational, social, and personal problems. Counselors will see students upon their request or that of their parents. Guidelines are as follows:

- Students are encouraged to see the counselors during the student’s non-class time, at lunch, or before or after school.
- It is advantageous for each student to request a conference with his/her counselor early in the school year.
- Should an emergency arise, students must receive permission from their teacher and have a hall pass to go to the counselor’s office.

HEALTH POLICIES

Acts 244 and 633 of Arkansas State Law require all students Pre-Kindergarten through 12th grade to have completed all required immunizations in order to register for the current school year. All transfer students must furnish shot records within thirty (30) calendar days of enrolling.

Personal Illness

In order to provide our students with a healthy environment in which to learn, these guidelines should be followed:

1. If a child complains before school, take his/her temperature, and keep the child home if the temperature is 100 degrees or higher.

2. If a child complains with stomach disorders, such as nausea, vomiting, or diarrhea, he/she should not be sent to school. Stomach viruses are contagious. A child should be symptom free for 24 hours before returning to school.

3. If a child has a rash of unknown origin, or has a suspected condition (such as chicken pox) which is contagious, do not send him/her to school; the child should be seen by a physician.

4. If a student is sent home from school with a fever, he/she should not return to school the next day. A child should be free from fever for twenty-four (24) hours before returning to school.
MANY TIMES CHILDREN BECOME ILL AT SCHOOL, AND IT IS NECESSARY FOR THE SCHOOL TO NOTIFY PARENTS.

Immunizations

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serologic testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

A. Licensed physician;
B. Health department;
C. Military service; or
D. Official record from another educational institution in Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating “up-to-date”, “complete”, “adequate”, and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted. Valid proof of immunization and of immunity based on serological testing shall be entered into the student’s record.

In order to continue attending classes in the District, the student must have submitted:

1) Proof of immunization showing the student to be fully age appropriately vaccinated;
2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student’s next immunization;
3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

**Temporary Admittance**

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student’s admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student’s temporary admittance; such students shall be excluded from school until the documentation is provided.
The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

**Exclusion From School**

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for twenty-one (21) days or longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student’s teacher(s) shall place in the principal’s office a copy of the student’s assignments:

- for the remainder of the week by the end of the initial school day of the student’s exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student’s parent/legal guardian to make sure that the student’s assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in “examinations” and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Health Screening
Students in the Sheridan School District may receive annual updated health evaluation screenings which will include: Vision, Hearing, BMI, and Scoliosis

Parent notification will be sent home prior to screenings.

BMI Screening
Please consider the above annual health evaluation screening information to be your BMI notification. If you do not want your child to participate in the BMI screening procedure, a written statement from you is required. Please send the statement to your child’s principal before screening begins.

Head Lice
All students in kindergarten through sixth grade (K-6) are to be examined by a health care professional the first three weeks of school each year and at random intervals during the school year. Students in grades 7-12 will be examined on an as needed basis.

Students found with human host parasites (head lice, lice nits, scabies, or bedbugs) will be sent home at that time. The classroom and any siblings will also be examined. Parents/guardians will be notified to pick up their children from school and will receive education material which explains treatment and prevention measures.

Return to school procedure:
A. Students may return the following day with proof of treatment (for example: box of over the counter product, prescription box, receipt of product purchased).
B. Parent/Guardian will accompany student to the nurse’s office to be re-examined before returning to the classroom.

Non-responsive cases:
If over the counter treatments do not effectively treat the head lice, other suggestions will be discussed with Parents/Guardians. The same return to school procedure will be followed.

STUDENT MEDICATIONS (R4.35)
Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of
medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration while at school. The parent or legal guardian shall bring the student’s medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student, the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student’s name, the ordering provider’s name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

No over the counter drugs will be given at school unless ordered by the physician to be given during school hours and accompanied by the order from the doctor. Students are not allowed to have medication in their possession on school property with the possible exception of asthma, severe allergic reaction, or diabetic medication.

The district’s supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school’s intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.

**Schedule II Medications**

The only Schedule II medications that shall be allowed to be brought to the school are methylphenidate (e.g. Ritalin or closely related medications as determined by the school
nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse). Medication used for Attention Deficit Hyperactive Disorder (ADHD) is to be delivered to the school by an adult and not sent with the student. Any change in daily medication will require a doctor’s written order brought to school. NO PHONE CALLS OR WRITTEN NOTES FROM PARENTS WILL BE ACCEPTED. For the student’s safety, no student will be allowed to attend school if the student is currently taking any other Schedule II medication than permitted by this policy. Students who are taking Schedule II medications which are not allowed to be brought to school shall be eligible for homebound instruction if provided for in their IEP or 504 plans.
