Compulsory Attendance
The law requires all children between 7 and 17 years of age, or 16 years of age if fewer than 16 credits toward graduation have been earned, to regularly attend a public, private, parochial, parish, home school or a combination of such schools for the duration of the entire school term. Parents, guardians or other persons having legal custody of a student may obtain a court order requiring students to attend school until the student receives a high school diploma or its equivalent, or reaches the age of 18. In addition, the Lockwood R-1 School District provides educational programming for all students between the ages of five (5) and seven (7) and beginning at the age of three (3) for students qualified for special education services. The district may also provide preschool and adult education programs.

Once enrolled in the district, the district expects the student to attend regularly and for the student’s parents/guardians or other adults having charge, control or custody of the student to communicate regularly and honestly with the district regarding the student’s absences. Because the Lockwood R-1 School District Board and staff strongly believe that regular attendance is important in gaining the most from the educational experience and because state law requires
district staff to report all instances of abuse and neglect, the district will make every effort to ensure students are attending school as required by law. These efforts include, but are not limited to: accurately recording attendance, creating procedures for regular communication with parents regarding attendance, investigating truancy, and reporting suspected incidences of educational neglect to the Children’s Division (CD) of the Department of Social Services.

**Due Process**

This booklet has explained the major disciplinary problem areas and the actions that may result for those students who will not follow the rules. All students are entitled to due process. This means that no action will be taken against a student until everyone has presented the facts involved, and a judgment has been made. There are certain procedures which students must follow if they do not agree with the school actions. A student has the right to an explanation of the charges against him or her, an opportunity to present his or her side of the case and an opportunity to appeal as provided by school or state law.

Hopefully, students will never be in a situation where they need the protection of due process. If however a student does become involved in a suspension or expulsion both the student and his/her legal guardian, upon request, will be given a more detailed description of the due process procedure. Students will have knowledge of all charges against them and have the opportunity to express their side of any incident in which they may be involved. If the student is dissatisfied with any decision, he/she has the right to appeal through the following channels:

1. **Principal** shall schedule a conference with the student and any staff members involved in attempting to resolve the problem. Parent/Guardian may be involved in the conference, or a later conference for parent/guardian may be scheduled at the discretion of the principal.

1. **Superintendent:** If the problem is not resolved to the satisfaction of the student and/or Parent/guardian, a request may be submitted for a conference with the superintendent of schools. The superintendent shall arrange a conference to consider the problem, and to inform participants of the action to be taken.

1. **Board of Education:** If the student and/or the parent/guardian are not satisfied with the action of the Superintendent, they may submit a written request to appear before the Board of Education. Unless required by law, a hearing will be at the discretion of the Board. The decision of the Board shall be final.
Non-Discrimination Policy
Applications for admission and employment, students, parents of elementary and secondary school students, employees, source of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with Lockwood R-I School District are hereby notified that this institution does not discriminate on the basis of race, color, national origin, sex, age, or handicap in admission/access to, or treatment/employment in its programs and activities. Any person having inquiries concerning Lockwood R-I compliance with the regulations implementing Title V.I, Title IX, or section 504 is directed to the Superintendent.

Parents/guardians may request amendment to the educational record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Education Rights and Privacy Act (FERPA).

The Lockwood R-I School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Act (IDEA). This plan contains the agencies policies and procedures identifiable information and the Agency assurances that a services are provided in compliance with the General Education Provision
Act (GEPA). This plan may be reviewed at the Superintendent’s office during regular school hours.

Local school districts in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth to age 21 that reside in the district. This census must be compiled by December 1 of each year. This information is treated as confidential and must include: name of the child; parent/legal guardian’s name/address; birth date and age of the child; the child’s disability; and the service provided to the child. If you have a child with a disability or know of a child with a disability who is not attending the public school, please contact the Lockwood R-1 School District.

* This notice will be provided in native languages as appropriate*

**School Closing**
On those occasions when Lockwood R-1 School District is forced to cancel classes due to inclement weather, a district wide “BLAST” call will be made by the Superintendent of Schools. School cancellations will also be on local television and radio stations.

**Search and Seizure**
The administration shall conduct a search of students or property owned by students if there is probable cause or good reason to believe a school rule or policy has been violated. In most cases, searches will only be considered if there is evidence of drugs, alcohol, or weapons. A general search of students lockers may be made by school administration if there is prior information available justifying the search.

At the reasonable discretion of the school administration, the police may be involved when the evidence of criminal activity is uncovered or when the student refuses to cooperate with the school administrators conducting the search. The student’s parents shall be notified if police involvement is requested. A student who refuses to cooperate will be subject to immediate suspension. The student body will be notified at the time of an unscheduled drug dog search to remain in classrooms during the search.

**Student Directory Information**
Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The district will designate the types of information included in directory information and release this information without first obtaining consent from a parent or eligible student unless a parent or eligible student notifies the district in writing as directed. Parents and eligible students will be notified annually of the information the district has
designated as directory information and the process for notifying the district if they do not want the information released. Even if parents or eligible students notify the district in writing that they do not want directory information disclosed, the district may still disclose the information if required or allowed to do so by law. For example, the district may require students to disclose their names, identifiers or district e-mail addresses in classes in which they are enrolled, or students may be required to wear, publicly display or disclose a student identification card or badge that exhibits information that is designated as directory information.

The school district designates the following items as directory information:

Counselor
The counselor is a person trained in a special area for the purpose of helping a student overcome academic, vocational, and personal problems that are preventing him/her from being successful in school. The counselor is also available to assist students in planning their future school and personal life. Decisions however, are rarely made for students, but rather between students and the counselor in a session that is confidential and is regarded in that manner. The counselor will be structuring groups, doing consultation and implementing guidance instruction in career planning, knowledge of self and others and educational and occupational areas to meet their needs and interests. They will be available for and will arrange for individual and small group crisis and developmental counseling, consultation, and referral. School districts are not generally held legally liable for accidental injuries sustained by students while at school or while participating in school-related activities. As a service to the students and parents, the district makes available an accidental injury policy for students that can be purchased at a reasonable price. No classes may be repeated for credit toward graduation with the exception following: Art, Band, Chorus, Yearbook, Walk fit, P.E., Guitar, and Body Conditioning,
A student may enroll in an alternate educational program based upon guidelines established by the local school district and the Division of Special Education of the Department of Elementary and Secondary Education.

No more than one unit of correspondence credit may be applied toward the academic requirements for graduation unless received through Crowder College. Correspondence courses must be approved by the building principal.

2. Prior to graduating, students must receive 30 minutes of cardiopulmonary resuscitation (CPR) instruction and training in the Heimlich maneuver or other first aid for choking. (SB 638)

3. Section 170.345, RSMo., now requires students entering the ninth grade after July 1, 2017, to pass an exam on the provisions and principles of American civics prior to graduating. The exam shall consist of 100 questions similar to the 100 questions used for the U.S. Citizenship Test.

Homework
It is the practice of the Lockwood R-I Schools that homework is at the discretion of the individual teacher. Teachers are highly encouraged to be aware of the assignments that other teachers are giving so that an undue amount of homework does not pile up on the student on a particular night.

Honor Roll
The honor roll will be determined twice a year based on first and the second-semester grades. Letter grades will not be bumped for honor roll due to the fact that it is a weighted class. Students must be enrolled in at least seven hours of credit-bearing classes in order to be considered for the honor roll.

Honor Roll Classifications:
1. All A’s
2. All A’s and B’s

Lamar Vo-Tech Students
Students attending Lamar Vocational School will be transported each day by bus. The schedule of departure and arrival will be distributed the first day of school. Students will not be permitted to drive unless an unusual circumstance temporarily exits. Only when permission is granted in advance by the vocational school director and the high school principal will students be allowed to drive. The principal will not grant permission unless he has written consent from the student's
parent/guardian. If a student misses his/her bus they are to report to the principal's office for instructions.

The following guidelines will be utilized in selection of students for Vo-Tech:
1. Good attendance
2. Evidence of satisfactory progress
3. Good conduct
4. Interest in future vocational career or training
5. Seniors returning for a second year
6. Seniors enrolling for the first time
7. Juniors enrolling for the first time

**Library Services**
The library is provided for study, research, and reading. It is therefore necessary that a quiet and orderly atmosphere be maintained at all times. Conduct should be such that no person interferes with or infringes upon the rights of others. Students will not be allowed to waste time in the library.

Students are permitted and encouraged to check out library materials. The school librarian establishes loan guidelines. Pupils are expected to pay for lost or damaged materials.

**Make Up Work Policy**
Students who are absent, at a school activity, or on an attendance waiver will be allowed to make-up classroom assignments or tests. It is the responsibility of the student to contact the teachers to obtain their assignments the day they return to school. **Maximum time allowed for completion of assignments will be one (1) day for each day of absence.**

**Missing Assignments**
Each student is expected to turn in classroom assignments on the due date that the teacher has assigned for the assignment in order to receive full credit.

*Students may turn in assignments past the due date assigned by the teacher during the remainder of the semester but will only be worth up to 60% credit.*

*If students do not turn in their assignments by the last day of the semester it will become a zero (0).*

**MOCAP**
The Missouri Virtual Instruction Program (MOVIP) transitioned to the Missouri Course Access and Virtual School Program (MOCAP) as a result of updates to Section 161.670, RSMo. What Is a MOCAP Course? Section 162.1250, RSMo sets out the requirements for all virtual courses. Not all virtual courses are approved MOCAP courses. Courses listed on the MOCAP Course Catalog have been checked for compliance by the Department of Elementary and Secondary Education (DESE). The local education agency (LEA) must vet all other virtual courses to ensure that statutory requirements have been met. In order for students to enroll in MOCAP courses, LEAs must have a secure method to send a student’s MOSIS ID and date of birth to courseware providers. In accordance with state law, the district’s MOCAP policy is posted on the district website.

Parent/Guardian Request for Homework Assignments
Requests for homework assignments for a student who is absent may be requested through the office. Parents/Guardians need to contact the office before 10:00 a.m. This is due to staff members teaching in both buildings and some staff members teaching part time. Assignments may be picked up in the office and must be picked up before 3:30 p.m.

Progress Reports/Parent-Teacher Conference
Special reports to parents indicating special needs of students are sent near mid-semester where changes in study habits or modification of behavior can be corrected before the end of each grading period. Parents should contact the high school counselor to arrange a parent conference when deemed necessary.

Rank Academic Class
In the interest of encouraging and recognizing outstanding academic achievement, a valedictorian and salutatorian shall be selected for each high school graduating class. The valedictorian and salutatorian shall be selected according to the following procedure.

1. The Valedictorian shall be the student with the highest grade point average as computed at the end of seven semesters of high school work.
2. The Salutatorian shall be the student with the second highest grade point average as computed at the end of seven semesters of high school work.
3. In case of a tie for Valedictorian, Co-Valedictorian shall be honored.
4. In case of a tie for Salutatorian, Co-Salutatorians shall be honored.
5. To be eligible for Valedictorian or Salutatorian honors, a student must have attended Lockwood R-I High School for his/her final four complete semesters.
6. To be eligible for Valedictorian, Salutatorian, and top ten class rank honors, a student must have a minimum of seven semesters of attendance of an accredited high school.
7. Class rank shall be based on the student’s grade point average at the end of the seventh semester of an accredited high school. Only classes worth ½ units per semester or more shall be considered in determining a student’s grade point average.

**Special Education Services**
The Lockwood R-I School provides a free and appropriate public education to all children with handicaps as required by the Missouri State Education Handicapped Act (P.L. 94-142). We provide the following special education services:

Speech: Provide students with speech therapy or language development exercises when speech or language skills interfere with communication.

Learning Opportunities Class: Provide instruction for students who have specific areas requiring a program of learning methods adapted to the student's needs.

Individual Progress Class: Provides instruction to students who generally perform below the level of their peers and require specialized instruction for maximum development.

**Weighted Classes**
Communication Arts — Creative Writing/Novels, British Literature
Mathematics - Math Analysis
Social Studies – American Conflicts, Street Law, History through Film/Geography
Science – Anatomy & Physiology
Foreign Language – Advanced Foreign Language Classes (example Spanish II)
Business – Accounting II

**ATTENDANCE AND TARDY POLICIES**

Students who have good attendance generally achieve higher grades, enjoy school more, and are more attractive to prospective employers after leaving high school. Frequent absence from regular classroom learning experiences and late arrival to class, disrupt the continuity of the instructional process for everyone. The benefit of regular classroom instruction is lost and cannot be entirely regained even by extra after-school instruction.

Each student is expected to attend school regularly and to be on time for classes. This is necessary for the student to receive the maximum benefits from the instructional program and to develop habits of punctuality, self-discipline, and responsibility. There is a high correlation between poor attendance and class failure.

**STUDENT ABSENCES AND EXCUSES**
As directed by the Board, the following procedures will be used to implement the district’s attendance policy.

Definitions

Attendance – A student is considered to be in attendance if the student is physically present in a class; participating in a district-sponsored or district-approved activity; participating in a class through alternative methods or media as allowed by Board policy; receiving homebound services; or receiving services at another location pursuant to law or by arrangement of the district.

Parent – A parent, guardian or person acting as a parent in the absence of the parent or guardian if the student is under 18. If the student is 18 or otherwise emancipated, the student will serve as the parent for purposes of this procedure.

Tardy – A student is tardy if the student arrives after the expected time class or school begins as determined by the district. Tardiness will be counted as an absence in situations where the student arrives too late to have meaningful participation in the class, lesson or activity.

Truancy – A student is truant if the student is absent from class or school without the knowledge and consent of the parents and the administration. A student is also considered truant if the student leaves school without the consent of the principal or accumulates excessive unjustifiable absences, even with parental consent. Truancy is a type of unexcused absence.

Attendance Standards

The following absences will be excused. Documentation must be provided as indicated.

1. Illness or injury of the student, with written excuse from the parent.
2. Illness or injury of a member of the student’s family when the student’s presence is necessary or expected, with written excuse from parent.
3. Medical appointments, with written appointment confirmation by the medical provider.
4. Funeral, with written excuse from parent. The principal may require a program or other evidence of attendance as additional verification.
5. Religious observances, with written excuse from parent.
6. Other appointments that cannot be scheduled outside attendance hours, such as court appearances, with written excuse from parent.
7. Out-of-School suspension.
8. Visits with a parent or legal guardian who is an active duty member of the military who has been called to duty for, is on leave from, or is immediately returned from deployment.
to a combat zone or combat support posting, with permission of the superintendent or designee.

*All other absences and any absence for which required documentation is not provided are unexcused.

Tardy Policy
Tardiness is defined as not being in your classroom when the bell rings for class to begin. Tardiness of more than ten minutes will be considered an absence.

1. If a student arrives late to school, he/she must report to the office for an admit slip before going to class.
2. During the day, if a student arrives late to class the teacher will send the student to the office to get an admit slip.
3. If a student has been detained by a teacher, the students should ask that teacher for a note explaining the tardiness to class, and give it to his/her next teacher. With a teacher’s note, the student will not be considered tardy.

Procedures for Administering the Tardy Policy
1. Tardies will be figured “per period” basis
2. Tardies will not be divided between excused and unexcused.
3. The first tardy a student receives will be excused. Parents will be notified when a student gets his/her second tardy in which case the student will be given a morning detention assigned by the principal. Failure to report to a detention will result in one (1) day of Saturday detention.
4. Beginning with the third tardy in a period (per semester) a student will receive a Saturday detention. Failure to report to Saturday detention will result ISS.

Consequences for Violations
Students will be expected to make up all assignments from missed classes regardless of whether an absence is excused or unexcused (see make up work policy). Attendance and participation are part of a successful learning experience. Except in certain situations with foster care children in accordance with law, students with more than eight (8) excused absences or any unexcused absences, in any class in a semester will be issued an academic penalty in the form of grade reductions as follows:

<table>
<thead>
<tr>
<th>Excused Absences</th>
<th>Grade Reduction</th>
<th>Unexcused Absences</th>
<th>Grade Reduction</th>
</tr>
</thead>
</table>

This academic penalty represents the participation portion of the student’s grade and is intended as a deterrent to excessive absences or tardies. Academic consequences accumulate more quickly for unexcused absences, since they are completely avoidable. Penalties are cumulative so that a student with nine (9) excused absences and one (1) unexcused absence penalized 6% on their semester grade. Unexcused absences will not count in the excused total, so a student with seven (7) excused absences and one (1) unexcused absence would only receive a four (4) percent penalty. Students who have more than 14 excused absences or 5 unexcused absences will be placed in ISS or OSS for subsequent offenses.

**Procedures for Administering the Attendance Policy**

1. All absences are recorded hourly.

2. For an absence to be **excused a parent/guardian must notify the school office by phone the day of the student’s absence or with written documentation on the day of students return to school.** The parent/guardian may leave a message on the school's answering machine.

3. **Failure to notify the school office of a student’s absence will result in the absence being recorded as an UNEXCUSED absence.**

4. All students who arrive at school after 8:15 a.m. must check into the office to obtain an admit slip regardless of the time of the school day.

5. Students arriving more than ten (10) minutes late for class are considered absent from the class period.

6. All students leaving school during the school day must check out through the office. Office personnel must receive permission from the parent/guardian prior to the students checking out. Any student leaving without checking out will be considered truant.

7. Students participating in school sponsored or sanctioned activities will not be considered absent from school.

8. Students will be allowed two (2) college visits that will not be considered absences from school. Students must notify and receive approval from the school counselor and provide verification from the college.
9. Students who are absent from school, will not be allowed to participate in or attend an after school activity on the day of the absence without approval from the building principal.

10. Students must attend the last four (4) class periods of the school day to be able to participate in or attend an after school activity unless they have prior approval from the building principal.

**Parent/Guardian and Attendance**

1. Parents have access to PowerSchool at all times to keep up to date with grades as well as attendance.
2. It is the responsibility of the student and his/her parents or guardians to be aware of their total absences.
3. If a parent has a question or concern about grades, attendance, or reductions they should contact the office.
4. Starting with the ninth (9) absence and any absences thereafter in the semester from any class period, the academic penalty will be enforced.
5. If a student or parent/guardian wishes to appeal any decision that has been made concerning the attendance requirements, he or she should contact the principal to schedule a meeting. The next level of appeal would be with the Superintendent of Schools. The final appeal in the process, if requested, would be with the Board of Education. An appeal must be requested no later than the last regular school day of the quarter in question.

**Attendance Waiver**

Students are expected to attend school regularly. The attendance waiver allows relief in cases where the absence was beyond the control of the student. **Application for an attendance waiver should be turned into the principal’s office at least two (2) weeks in advance of anticipated absence or within five (5) school days after the absence.** If a waiver is granted the student is still considered absent, but the time missed does not count against the attendance requirements. When absences are of such nature that the student’s education would seriously impaired by the extent of absences, then homebound instruction may be considered.

**Attendance Waiver Guidelines**

Documentation to support a request for an attendance waiver must be submitted to the principal’s office. Documentation must include specific dates and accompanied by the signatures of the appropriate persons.

**REASON FOR ABSENCE DOCUMENTATION REQUIRED**

Hospitalization  
Physician’s letter
Recurring healthcare (Dental, eye, rehab, etc.)  Physician’s letter
Extended illness  Physician’s letter
Court Appearance  Court letter
Funeral  Parent letter
Religious Holiday  Minister’s Letter
Personal/Family calamity  Parent or counselor’s letter
Catastrophic illness  Physician’s letter

**Attendance Waivers will not be granted for the following: truancy, suspension, personal/family vacation.**

**Perfect Attendance**
To be considered for perfect attendance, a student must be in school every day that school is in session. A student may miss up to three (3) hours in a year and still be considered for perfect attendance as long as the same class is not missed more than once or if the absence is related to disabilities or required religious observances.

**Early Release from School**
Parents may pick a student up at any time during the day by stopping by the principal's office. Before leaving the student should sign out at the principal's office.

If the student is not leaving with his/her parents then:
1. Telephone requests by parents for early dismissal of a student shall be honored. Students shall sign out at the office.
2. A student may check themselves out of school by bringing a written statement from his/her parent explaining the reason for the request. The student must present the written request to the principal's office before school begins in the morning. The office will issue an excuse, which the student shall present to the teacher for dismissal from class at the appropriate time. The student must sign out at the office before leaving school.
3. Students will not be allowed to take other students home.
4. Students upon returning to school during the day must sign in at the office to receive an admit slip before returning to class.
5. Students leaving school and/or signing out without notification from a parent/guardian will be considered truant.

**Part-Time Attendance**
The policy of the Lockwood R-I Public School is that all students are expected to attend school for a full day each day that the school is in session and continue in this manner until graduation from high school. However, realizing that from time to time students may experience extended
periods of personal illness, have educational needs that cannot be met by Lockwood Schools, or have financial hardships for themselves or for their families, part-time attendance may be considered on an individual basis for a student who is faced with this type of circumstance. Students may obtain a copy of the part-time attendance policy from the principal's office. Part-time attendance will start only at the beginning of semesters; therefore, application must be completed and turned in at least one week prior to the beginning of a semester.

QUALITY ATTENDANCE PROGRAM

Goal
The goal of the Quality Attendance Program, along with improving student attendance, is for each student to explore college or career opportunities, investigate any future educational opportunities after high school, or participate in community service activities (in the place of attending school for final exempt students).

Description
Students receiving Quality Attendance status receive the option of final exemption from non-college prep courses. To qualify for the Quality Attendance Program you must meet the requirement listed below.

Qualifications
To earn the Quality Attendance Final Exemption for ALL classes the student must:
1. Have an average of 95% attendance, or better, for the semester (excluding school activities)
2. Have a 70% grade in the course at the time of finals

EXCEPTION #1
If a student earns the QA incentive because of an overall attendance percentage of 95% or better, but exceeds 8 days of absences in any one class (excluding school activities) – the student will be required to take the final in the class or classes he/she exceeds 8 absences. This means the student maybe final exempt in ALL other classes.

EXCEPTION #2
Students enrolled in Dual Credit classes with required finals will still be required to take the final in the class.

The Quality Attendance program doesn’t distinguish between excused or unexcused absences.

Every third (3rd) tardy will be counted as an absence for the calculation of Quality Attendance.
NOTE: If a student opts to be exempt from finals in a final exempt course, he/she will be required to engage in an activity such as: career awareness research, service learning projects in the community, job shadowing, participating in counseling activities, volunteering at school or in the community, college or trade school visits, or any other approved activity from a menu of choices. These activities can be performed on or before the day of the final exemption.

Each student who qualifies for Quality Attendance will work with their advisor to appropriately document and report the approved activities. In addition, students who qualify and opt out of finals must provide documented proof of their activities to their advisor by January 15 for the first semester and the last day of school for the second semester. Failure to provide adequate and timely documentation will disqualify the student for QA for the next semester.

Students may opt to take a final in a final exempt course in which they earn QA. Students who are final exempt in a qualifying course can agree to take the final in class and not hurt their grade in the course regardless of their final exam grade.

An absence check will be reviewed/announced one week before finals. It is the student’s responsibility to check the list and contact the principal’s office with concerns. If the student’s eligibility changes during the week, the privilege is lost.

**Requirements**

Students must document hours of participation for every class they have a final exemption in order to continue to take advantage of the final exemption during future semesters.

**IMPORTANT:** Parents can serve as the “activity sponsor” if the student accompanies the parent to work for job shadowing; however, for every activity a student engages in outside of school or home parents must approve the activity.

Students may use any combination of the activities listed to accumulate the needed hours for being exempt from finals, or request approval for additional activities not found on the list with the principal.

**NOTE:** Although it is preferred the hours of activities be obtained on the day of the final, it is understood that in some instances a job shadowing activity, community service activity, etc. cannot be scheduled on the days of finals.

Students who are at school between required finals and cannot leave because of transportation reasons can work on Internet research activities but must be in an assigned area as determined by the principal.
Guide for documenting hours of participation for every class students have a final exemption.

1-2 classes for final exemption min. of 1.5 hours of documented activities
3-5 classes for final exemption min. of 4 hours of documented activities
6-8 classes for final exemption min. of 6 hours of documented activities

IMPORTANT: Students may use any combination of the activities listed to accumulate the needed hours for being exempt from finals, or request approval for additional activities not found on the list with the principal.

Examples of approved activities:
- School Volunteer Projects
- Community Service Projects
- Service Learning Projects
- Missouri Connections career awareness investigation
- Online ACT prep
- Job Shadowing
- Internship
- Career Fair attendance
- Library research for careers or continued education
- Work or work related activities associated with a job
- College or post-secondary application programs/processes
- College or Trade School visits

Food Services

Free and Reduced Lunches
Lockwood R-I Schools participates in the Free and Reduced Price Lunch Program, authorized through the U.S. Department of Agriculture. The standards of eligibility for student participation are that of the U.S. Department of Agriculture. Information relative to eligibility and application forms is provided to all students during enrollment or on the first day of each school term. Students may obtain an application form from the office at any time throughout the year.

Lunch Period
The cafeteria at Lockwood School provides Type A lunches in accordance with the School Lunch Section of the State Department of Education. Lunch periods are announced at the beginning of each school term for each respective class.

Lockwood High School operates a closed lunch hour. All students must eat in the school cafeteria or designated areas whether they purchase a school lunch or bring their lunch to school. **Lunches must be brought to school prior to the 8:15am bell. Lunches brought to school after the 8:15am bell will not be accepted.**

The Following procedures should be followed during lunch:
1. Students are to walk to the lunchroom.
2. Students must assume the responsibility for keeping the cafeteria orderly and clean.
3. All paper cartons and napkins should be placed in the receptacles provided.
4. Empty plates and utensils should be taken to the proper place.
5. Students should remain in the cafeteria unless using the restroom.

**Student Lunch Charges**
Students are to make deposits into their lunch accounts according to their needs. Individual meals can also be bought daily. Students are encouraged to make deposits into their accounts by 8:10 a.m. at the high school office. The principal’s office will notify the parent/guardian via blast call when a student has extended his/her credit of $10.00. A student who has accumulated five unpaid charges for complete meals and is still unable to pay for meals will be provided a substitute meal that meets the district's nutrition guidelines.

**Student Activities**

**Athletic Drug, Alcohol and Tobacco Policy**
A student athlete has four years of eligibility by the standards set by the MSHSAA and the Lockwood R-I Board of Education. The offenses of the student athlete shall be cumulative through the athlete’s four years of eligibility. To be eligible to participate in any extracurricular activity including organizations and dances a student must agree to enter the drug testing pool. Drug testing will be done randomly throughout the school year and students will be randomly chosen by an outside testing agency.
1. Violations - the coach, law enforcement authority, or school administrator must confirm any violation committed by an athlete.
2. Suspension –
   a. Suspension for the individual student athlete will begin with the first and or subsequent scheduled date or dates for which that individual student athlete is scheduled to play. The
suspension will begin from the time that disciplinary action is taken, and will continue until suspension is complete.
b. A student athlete who is on suspension, will be allowed to practice with their team, and must meet team obligations during the time of 1st and 2nd offense of suspension.
c. A student athlete must fulfill their suspension before they are allowed to participate in the next sport season.
d. Suspension time will be determined during the sport season in which that student athlete is participating and the number of offenses incurred. We have three sport seasons: Fall (football and volleyball), Winter (boys and girls basketball), and Spring (baseball and softball, boys and girls track, golf).

3. If a student athlete during the school year helps obtain, uses, or is in possession of alcoholic beverages or dangerous drugs, the athlete will be ineligible from scheduled athletic date or dates. Ineligibility will be determined on a percentage of scheduled athletic date or dates for which that individual participates or represents. (An athlete’s school year starts with the first practice of the Fall sport season and ends with the last Spring sport season’s contest.)
a. **First offense** - 10% of scheduled athletic dates in the sport season that the individual student athlete is scheduled to play. For co-curricular activities, such as FFA, FCCLA, school dances, etc., the student is ineligible for the next event in that specific activity.
b. **Second offense** - 50% of scheduled athletic dates in the sport season that the individual athlete is scheduled to play. For co-curricular activities, such as FFA, FCCLA, school dances, etc., the student is ineligible for the next two events in that specific activity.
c. **Third offense and subsequent offenses** - one calendar year of suspension from all activities from the date of disciplinary action.

(Scheduled athletic dates = total regular season dates scheduled + tournament dates)

4. Example of suspension time during a sport season
a. First Offense
1. Fall season - football (10) - 1 date, volleyball (25) - 3 dates
2. Winter season basketball (25) - 3 dates (boys and girls)
3. Spring season - baseball/softball (16) - 2 dates, track (8) - 1 date
b. Second Offense
1. Fall season - football (10) - 5 dates, volleyball (25) - 13 dates
2. Winter season basketball (25) - 13 dates (boys and girls)
3. Spring season - baseball/softball (16) - 8 dates, track (8) - 4 dates

For an athlete that is participating in both baseball/softball and track, the dates will be combined. Example (24 dates) = 12 suspension dates. (If a baseball/softball game and a track meet fall on the same date, it will be counted as one (1) contest date.)
Lockwood R-I School Eligibility Regulations for Students Participating In Extracurricular Activities

Student activities are an important part of the total educational program. All participants must be a good citizen of the school and community and be in compliance with all school rules and regulations set forth in the student handbook and Board of Education policies.

Students are not permitted on school premises after school hours, unless accompanied by an authorized sponsor.
Any student in the Lockwood R-I School District may participate in any part of the school's extracurricular program provided they meet the eligibility standards set forth below and are entered into the drug testing pool.

To participate, you must ride in school-approved transportation or receive permission from the building principal for other means of transportation.

General Rules for Social Functions of the School
Social events are an integral part of school life and are planned to help students develop and mature socially. Students will be subject to normal school guidelines pertaining to drugs, alcohol, and tobacco. No one under the influence of alcohol or drugs will be admitted to any school functions. Anyone who leaves dances prior to their completion will not be readmitted. Anyone violating this policy will be asked to leave without a refund. Students who violate school policy at dances will be subject to disciplinary action and will be restricted for all dances for on calendar year.

1. High School dances are for this general age group, no student under 9th grade or 21 years of age or older will be allowed to attend. No guest who has dropped out of high school or is home schooled without registration in their home school district will be approved.
2. Junior-Senior Prom: Only juniors and seniors presently enrolled in Lockwood High School and their invited guests may attend. No guest under the 9th grade or 21 years of age or older will be allowed to attend. No guest who has dropped out of high school or is home schooled without registration in their home district will be approved.
3. Alumni attending dances at Lockwood High School shall abide by the same rules, as do the students of this school.
4. High School students are not permitted to attend Middle School dances and Middle School students are not permitted to attend High School dances.
5. Students, who wish to bring a guest that does not attend Lockwood High School, must sign the guest list in the office at least **10 days in advance of the dance**. Guests are to be accompanied by the host or hostess as a date. Individuals on the guest list must be approved by the principal and must conform to the rules for Lockwood High School students. Hosts will be responsible for the actions of their guests.

6. No outside food or drink will be allowed in to school dances.

7. **Bags and purses must be kept in the high school office during dances.** Students will be granted access to their bags/purses by the Principal or activity sponsor.

**Guest Pass for Senior Citizens**

Senior Citizens of the district, persons sixty-five (65) years of age and older may be given a senior citizen guest pass which shall permit them to attend all home athletic activities of the schools, including high school and middle school, free of charge. Senior citizens may receive their pass at the principal's office located in the high school. The guest pass shall represent a small token of appreciation for all the work and support they have done for the schools over the years. The guest pass will not be honored at fundraising events for school organizations or any other events where the Missouri State High School Activities Association's regulations prohibit the use of guest passes, such as District Tournaments.

**School Spirit**

School spirit means more than wholesome cheering at a game. It means upholding the standards of the school and supporting school activities without ridicule or constant complaining. A student who is loyal will never bring discredit to the school. Loyalty may be shown by the promptness and willingness with which the student meets school obligations, and conduct in corridors, classrooms, assemblies, and on the street.

Pride in the personal appearance of the student body is reflected in the neatness and appropriateness of dress.

There will be situations that are not specifically mentioned in this publication. In these instances the individual should display conduct in the manner, which will bring credit to the school. The student is responsible to the school for proper conduct at all school-sponsored activities, both home and at other locations. Likewise, every member of the faculty has the obligation to act in the interest of good conduct both in the classroom or where any school
activity is in progress, and a suggestion by any teacher designed to further good conduct should be followed.

**Sportsmanship**
It is important that coaches, sponsors, teams, and individuals who have the privilege of representing Lockwood Schools, do so in a sportsmanlike manner. Good sportsmanship and a sense of fair play do not interfere with winning success. School extracurricular activities allow students the opportunity to develop physical skills, to interact with students from other schools, to develop self-discipline, and to perform before an audience. Many other aspects of life are taught and promoted through interscholastic activities, and none are more important than good sportsmanship.

**Student Conflicts**
Should the scheduling of extracurricular activities create a conflict with student participation, the sponsors should resolve the conflict along with building principal. As a general rule, the level of participation will be the deciding factor. For example, a contest takes precedence over a practice, or a state sponsored contest will take precedence over a school-scheduled event. The building principal will always make the final determination. **At no time will students be required to decide in which event to participate.**

**Suspension from School**
A student may not rejoin interscholastic activities until the situation has been cleared up to the satisfaction of the coaches/sponsors and administrator. Additional rules and provisions will be made at the organizational meeting of the various activities. Students are expected to know all provisions of the Lockwood R-I Public Schools Good Conduct Regulations. Ignorance of regulations is not an excuse of violations. If a student "quits" an activity without any notification it is understood he/she will not take part in any organized activities the remainder of the school year. "Dropping" an activity must be in mutual agreement between the coach/sponsor and the student. A committee composed of the principal and the coaches/sponsors involved will make the above decisions concerning participation. Parents will be notified as to the outcome of this meeting.

**NATIONAL HONOR SOCIETY**

When the National Honor Society was founded in 1921, the hope of NASSP was to create an organization that would recognize and encourage academic achievement while also developing other characteristics essential to citizens in a democracy.
The formal process for the Lockwood High School National Honor Society selection is based on three criteria. A student accumulates points based on scores from the three criteria. The first criterion is a cumulative grade point average. A student must have at least a 3.5 cumulative GPA after the 4th semester of high school to be considered for NHS. Students who have met the first criteria will then be evaluated based on the remaining 2 criteria. The second criterion is completion of a student application, listing all school and community activities. The third criterion is Teacher Evaluations. A student must receive 80% or more of the total points possible on Teacher Evaluations to be considered for NHS. Induction into the Lockwood Chapter of the National Honor Society will be held in February.

**Student Discipline**

**Student Code of Conduct**
The Student Code of Conduct is designed to foster student responsibility, respect for the rights of others, and to ensure the orderly operation of the high school. No code can be expected to list each and every offense that may result in the use of disciplinary action. However, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a specific penalty. The most severe punishment will be issued for the serious violations of prohibited conduct and more serious disciplinary action will be applied to repeat violations. It is possible that more than one disciplinary action may be involved in a violation or for engaging in prohibited conduct.

Any conduct not included herein, or an aggravated circumstance of any offense or an action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent, and/or Board of Education. In extraordinary circumstances where the minimum consequences is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequence listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on playgrounds, parking lots, school transportation, or at a school activity whether on or off school property.

This handbook not only defines all the offenses on the following pages, but also explains what action will be taken if you choose to break a rule. Students are responsible for knowing the steps outlined in the policy and to also acquaint their parents with them. These steps apply unless in the discretion of the administration the student’s action requires more or less discipline than stated in the policy.

It is the responsibility of the Lockwood R-1 School District to report all crimes occurring on school grounds to law enforcement, including but not limited to, the crimes the district is required to report in accordance with law.
The following acts, regardless of whether they are committed by juveniles, are subject to this reporting requirement.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the district is aware is under the jurisdiction of the court.

**Documentation in Student’s Discipline Record**

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools. In addition, any offense that constitutes a “serious violation of the district’s discipline policy” must be documented in the student’s discipline record in accordance with law. JGF defines a “serious violation of the district’s discipline policy” as one (1) or more of the following acts if committed by a student enrolled in the district:

General
In order to promote a safe learning environment for all students, the Lockwood R-I School District prohibits all forms of bullying. The district also prohibits reprisal or retaliation against any person who reports an act of bullying among or against students.

Definitions
Bullying
In accordance with state law, bullying is defined as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; that substantially interferes with the educational performance, opportunities or benefits of any student without exception; or that substantially disrupts the orderly operation of the school. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or property damage; oral, written, or
electronic communication, including name-calling, put-downs, extortion, or threats; or threats of reprisal or retaliation for reporting such acts.

**Cyberbullying**
A form of bullying committed by transmission of a communication including, but not limited to, a message, text, sound or image by means of an electronic device including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager. The district has jurisdiction over cyber bullying that uses the district's technology resources or that originates on district property, at a district activity or on district transportation. Even when cyberbullying does not involve district property, activities or technology resources, the district will impose consequences and discipline for those who engage in cyberbullying if there is a sufficient nexus to the educational environment, the behavior materially and substantially disrupts the educational environment, the communication involves a threat as defined by law, or the district is otherwise allowed by law to address the behavior.

**School Day**
Any day on the school calendar when students are required to attend school.

**Designated Officials**
The principal of each building is hereby designated as the individual to receive and investigate reports of bullying. Each building principal shall designate at least two teachers or administrators in the building who are authorized to receive and investigate reports of bullying in the principal's absence or at the principal's discretion.

The district compliance officer appointed in policy AC will serve as the district wide anti-bullying coordinator. The anti-bullying coordinator will receive all completed investigative reports from all buildings and analyze the reports to identify any information that would inform the district's antidiscrimination and anti-bullying education and training programs. In addition, the anti-bullying coordinator will assist in making any relevant reports as required by state and federal law.

**Reporting Bullying**
School employees, substitutes or volunteers are expected to intervene to prevent student bullying, appropriately discipline the perpetrator, assist the victim and report the incident to the building principal or designee for further investigation and action. Any school employee, substitute or volunteer who witnesses or has firsthand knowledge of bullying of a student must report the incident to the building principal or designee as soon as possible, but no later than two school days after the incident.
Any student who has been subjected to bullying, or who has witnessed or has knowledge of bullying, is encouraged to promptly report such incidents to a school employee. Any school employee receiving such a report shall promptly transmit the report to the building principal or designee.

If the bullying incident involves students from more than one district building, the report should be made to the principal or designee of the building in which the incident took place or, if more appropriate, to the principal or designee of the building attended by the majority of the participants in the incident.

**Investigation**

Within two school days of receiving a report of bullying, the principal or designee will initiate an investigation of the incident. Reports that involve students from multiple buildings will be investigated cooperatively by the principals of each building involved, or those principals may request that the district's compliance officer designated in policy AC conduct the investigation. If at any time during the investigation the principal determines that the bullying involves illegal discrimination, harassment or retaliation as described in policy AC, the principal will report the incident to the compliance officer designated in that policy, who will assist in the investigation. If the alleged bullying involves a special education student or a student with disabilities, the principal will also notify the special education director.

The investigation shall be completed within ten school days of the date the report of bullying was received unless good cause exists to extend the investigation. Upon completion of the investigation, the principal will decide whether bullying or harassment occurred and, if so, whether additional discipline is warranted in accordance with the district's student discipline code. The principal will generate a written report of the investigation and findings and send a copy of the completed report to the district's anti-bullying coordinator. The principal or designee will document the report in the files of the victim and the alleged or actual perpetrator of bullying. All reports will be kept confidential in accordance with state and federal law.

If the incident involved allegations of illegal discrimination or harassment, the principal's decision may be appealed in accordance with policy AC. Student discipline may be appealed when allowed by law in accordance with Board policy.

The principal or other appropriate district staff will work with victims and their families to access resources and services to help them deal with any negative effects that resulted from the incident.

**Consequences**
Students who participate in bullying or who retaliate against anyone who reports bullying will be disciplined in accordance with the district's discipline code. Such discipline may include detention, in-school suspension, out-of-school suspension, expulsion, and removal from participation in activities, exclusion from honors and awards, and other consequences deemed appropriate by the principal or superintendent. The district will also contact law enforcement when required by law or notify social media companies of inappropriate online activity when appropriate.

Even in situations where the district does not have jurisdiction to discipline a student for bullying, such as when the acts take place off campus and there is an insufficient nexus to the district, the principal or designee will take appropriate actions to assist student victims. Such actions may include, but are not limited to, contacting the parents/guardians of the victim and the alleged perpetrators, communicating that this behavior is not allowed on district grounds or at district activities, notifying the appropriate district staff to assist the victim, and taking additional action when appropriate, such as notifying law enforcement or social media companies of inappropriate online activity.

District employees and substitutes who violate this policy will be disciplined or terminated. Discipline may include suspension with or without pay, a negative evaluation, prohibition from being on district property or at district activities, mandated training or other appropriate remedial action. Volunteers who violate this policy will no longer be permitted to volunteer.

It is the law of Missouri that any parent/guardian or other person who shall visit any school and abuse or insult any management staff in the presence of the students thereof shall be guilty of a misdemeanor. It is also the law that any person who shall abuse or insult a teacher while such teacher is performing normal and regular or assigned school responsibilities shall be guilty of a misdemeanor and subject to punishment for the violation of that law. These laws apply whether or not the teacher is on school grounds as long as the teacher or other school personnel is performing his/her duties in accordance with his/her contract with the school.

It should also be noted that there is a specific law in Missouri that provides that any person or persons who shall by any boisterous or other conduct disturb or annoy any school in the state, or any person who is not a student who, after being duly notified to keep off the school grounds during school hours by the Board of Education, Superintendent, or the Principal in charge of the school, shall continue to trespass on or go upon said grounds whether at break or during sessions of school shall be guilty of a misdemeanor and be reported to local law enforcement.
