Child Care Center Update

The "Little Eagles Early Learning Center" will provide quality child care in a safe and rewarding environment where play and interaction are encouraged. Programming will be affiliated with the school district and will offer beneficial parenting activities as well as child care services. The child care program will be offered through the District's community education program. The program will operate on a weekly fee-based payment schedule.

Located at the southwest corner of the Unity campus, the center will have access to the current elementary school parking lot making an easy transition for parents. The center will include outdoor and indoor play areas.

Interested parents are encouraged to contact the school district at awarner@unity.k12.wi.us. A contact list is being compiled for when registration and rate information becomes available. Registration will be based on a first come, first served basis.

Unity is excited to offer this service to its community and cannot wait to meet its youngest learners! Currently, the construction of the center is the permitting and design phase with ground to be broken soon. It is anticipated that the center will open in late fall.

Unity Academy: An Exciting and Helpful Way to Start the Year

Unity Academy is on August 28th and 29th. These days will operate as normal school days, with school transportation and food service provided. Students are encouraged to attend these meaningful, high quality days as they will provide unique, engaging, and exciting opportunities for students to start their school year.

These days will have themes for each school. There will be team-building, problem solving, project based experiences, and student leadership opportunities. They will be focused on providing a solid and positive transition for students.

Kindergarten, Pre-Kindergarten, Early Childhood, and ADP will not have school these days. They have a separate beginning of the year transition that is unique to their program.

Unity Awarded Mental Health Services Grant

Unity is excited to announce that it has been awarded a School-Based Mental Health Services Grant for the 2019-2020 and 2020-2021 school years. The grant will enable Unity to expand some of the programming that it has been providing for its students. Connecting mental health services to students who are in need has been Unity's focus through its Mental Health Programming Series, in-school mental health clinic therapy, its new social worker program, and its mental health screening program. The grant will help to coordinate these services together.

District Administrator's Report

August 2019

Unity School District thanks the Wisconsin National Guard for all that they have done to help the Unity Community after the devastating summer storms.

THANK YOU, BASICALLY BALSAM!

Thank you to Basically Balsam for years of service to the Unity Community! Upon their retirement this summer, Steve and Caroline Rediske donated \$3,886 worth of Eagle Wear to the Unity School Store. The proceeds of the sales will go to help Unity's Future Business Leaders of America (FBLA) Chapter.
