MEAL POLICY FOR BOOTHBAY REGION ELEMENTARY & HIGH SCHOOLS

Breakfast and lunch will be served on the first student day. Kindergarten and all new students will be given a number the first day of school with a picture of the pin-pad and instructions. Parents of elementary and high school students can prepay meals by the month, week or day. No charging of meals will be allowed. Menus will be published in the school newsletter and aos98schools.org website.

Grades 5-12 may purchase a la carte items such as water, juice, baked chips, popcorn, pretzels, crackers, etc. Students need to have parent's permission to either debit their account or to pay cash for these items. If a parent chooses not to allow a child to participate in the a la carte program, please contact the Food Service Department. If you have any questions about the program, please call 633-7131.

FREE AND REDUCED MEAL PROGRAM

Children from families whose income is at or below the levels shown below are eligible for meals free or at a reduced rate. A letter and attached application for free or reduced priced meals will come home with your child on the first day of school or contact the principal of your child’s school for an application. Please sign and return this form even if you do not apply for free or reduced priced meals. We look forward to welcoming your children to the cafeteria this fall. To find out more about AOS 98 healthy school meals, contact Darlene French, School Nutrition Director at 207-633-7131 or dfrench@aos98schools.org.

AOS 98 - ROCKY CHANNELS SCHOOL SYSTEM
STUDENT EDUCATION RECORDS AND INFORMATION RIGHTS

The Family Educational Rights and Privacy Act (FERPA) provides certain rights to parents and eligible students (18 years of age or older) with respect to the student's education records.

Inspection of Records

Parents/eligible students may inspect and review a student's education records within 45 days of making a request. Such requests must be submitted to the superintendent or building administrator in writing and must identify the records to be inspected. The superintendent or building administrator will notify the parent/eligible student of the time and place where the records may be inspected. Parents/eligible students may obtain copies of education records at a minimal cost per page.

Amendment of Records

Parents/eligible students may ask the school department to amend education records they believe are inaccurate, misleading or in violation of the student's right to privacy. Such requests must be submitted to the superintendent or building administrator in writing. Clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the superintendent or building administrator decides not to amend the record as requested, the parent/eligible student will be notified of the decision, their right to request a hearing, and information about the hearing procedure.

Disclosure of Records

The school department must obtain a parent/eligible student's written consent prior to disclosure of personally identifiable information in education records except in circumstances as permitted by law.

1. Directory Information

The school department designates the following student information as directory information that may be made public at its discretion: name, participation and grade level of students in officially recognized activities and sports, height and weight of student athletes, dates of attendance in the school unit, and honors and awards received.

Parents/eligible students who do not want the school department to disclose directory information must notify the superintendent in writing by September 15 or within 30 days of enrollment, whichever is later.

2. Military Recruiters/Institutions of Higher Education

Military recruiters and institutions of higher education are entitled to receive the names, addresses and telephone numbers of secondary students and the school department must comply with any such request, provided that parents have been notified of their right to request that this information not be released without their prior written consent. Parents/eligible students who do not want the school department to disclose this information must notify the superintendent in writing by September 15 or within thirty days of enrollment, whichever is later.

3. School Officials with Legitimate Educational Interests

Education records may be disclosed to school officials with a "legitimate educational interest".

A school official has a legitimate educational interest if he/she needs to review an education record in order to fulfill his/her professional responsibility. School officials include persons employed by the school department as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); members of the Board of Education; persons or companies with whom the school department has contracted to provide specific services (such as attorneys, auditors, medical consultants, evaluators, or therapists); and parents, students and volunteers serving on an official committee such as a disciplinary or grievance committee) or assisting a school official in performing his/her professional responsibilities.

4. Other School Units

As required by Maine law, all AOS98 school send student education records to a school unit to which a student applies for transfer, including disciplinary records, attendance records, special education records and health records (except for confidential health records for which consent for dissemination has not been obtained).

5. Other Entities/Individuals

Education records may be disclosed to other entities and individuals as specifically permitted by law. Parents/eligible students may obtain information about other exceptions to the written consent requirement by request to the superintendent or building administrator.

6. Complaints Regarding School Department Compliance with FERPA

Parents/eligible students who believe that the school department has not complied with the requirements of FERPA have the right to file a complaint with the U.S. Department of Education. The office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

**USE OF FEDERAL FUNDS TO SUPPLEMENT
SPECIAL EDUCATION PROGRAM**

AOS98 receives Federal funds to supplement the program for the Special Education students in the region. These funds are used to employ Resource Room educational technicians, technology, teacher training and contracted services.

**AVAILABILITY OF SPECIAL EDUCATION SERVICES
(Child Find)**

Federal special education regulations require local school districts to identify all students residing within their geographic jurisdiction who may be in need to special education services. These regulations apply to all students whether they attend private, parochial or public school.

If you feel that your child may have educational needs, which might require special education services, please call Lisa Smith, AOS98 Special Education Director, at 633-6699. A meeting will be arranged at a mutually convenient time to discuss your concerns and procedures for considering any necessary special education services.

504 NOTIFICATIONS

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against disabled students and assures that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

A student eligible under Section 504, is a student who currently has, or has a record of having, or is regarded as having a physical or mental impairment which substantially limits a major life activity. Such activities may include: learning, walking, seeing, hearing, speaking or breathing.
