Policy Advisory No 652

Policy DJE — Bidding/Purchasing Procedures

The Arizona Auditor General's office and the Arizona Department of Education have updated the Uniform System of Financial Records (USFR) manual as follows:

Revised the Audit Requirements and Expenditures sections to remove the requirement for districts to obtain 3 oral quotes. Instead, districts should obtain written price quotes from at least 3 vendors for purchases costing at least \$10,000 and less than \$100,000. Districts may need to revise their purchasing policies to adjust for this change. When evaluating your district policies, consider what level of documentation your district would require to support written quotes, such as district written quote form, vendor formal quote document, email from a vendor email address, vendor catalog pages, website screenshots, or website shopping cart printouts that include the date and the items to be purchased. Based on your district policy, the required documentation should be maintained in the procurement file or with the vendor invoice. This change is effective on July 1, 2019.

Policy DJE has been updated to include the appropriate wording.

GCF © PROFESSIONAL STAFF HIRING

It shall be the policy of the District to employ and retain the best qualified personnel. This will be accomplished ~~by giving careful consideration to~~ considering qualifications and by providing competitive salary schedules within the financial capability of the District, adequate facilities, and good working conditions.

The Board has the legal responsibility of approving the employment of all employees. While this responsibility cannot be waived, the Board assigns to the Superintendent the process of recruiting staff members. In carrying out this responsibility, the Superintendent may involve other staff members as needed. All personnel selected for employment must be recommended by the Superintendent and approved by the Board. The Board adopts the following general criteria, which shall be utilized in the selection process for initial employment:

- A. There will be no discrimination in the hiring process due to race, color, religion, sex, age, national origin, or disability of an otherwise qualified individual.
- B. Candidates for professional positions shall be qualified for and have the training necessary to perform the instructional duties or functions for which they have applied.
- C. Each candidate shall provide evidence of meeting state requirements for certification.
- D. Each candidate shall be requested to complete a consent-and-release form regarding conduct of a background investigation.
- E. A "background investigation" - consisting of communication with the applicant's (or employee's) former employer that concerns education, training, experience, qualifications, and job performance for the purpose of evaluation for employment - shall be conducted on each individual to be considered for a recommendation of employment. Forms developed for this purpose are to be used.

Information obtained about an employee or applicant for employment by the District in the performance of a background investigation, including any records indicating that a current or former employee of a school or school district was disciplined for violating policies of the School District Governing Board pursuant to A.R.S. 15-153, may be retained by that district and may be provided to any school district or other public school that is performing a background investigation.

Any employee's misstatement of fact that is material to qualifications for employment or the determination of salary shall be considered by the Board to constitute grounds for dismissal.

Before employment, schools or school districts shall verify the certification and fingerprint status of applicants who apply for school or school district positions that require certification.

Should the need arise to employ a teacher who meets the requirements for a conditional certificate before an applicant has obtained the appropriate valid fingerprint clearance card, the District may assist in obtaining the conditional certificate, and employ the teacher, by meeting all of the following conditions:

- A. The District verifies in writing on a form provided by the Arizona Department of Education (ADE) the necessity for hiring and placing the applicant into service before a fingerprinting check is completed.
- B. The District obtains from the Department of Public Safety a state-wide criminal records check on the applicant. Subsequent criminal records checks must be completed every one hundred twenty (120) days until a permanent certificate is received.
- C. The District searches the criminal records of all local jurisdictions outside Arizona where the applicant has lived in the previous five (5) years.
- D. The District obtains references from the applicant's current employer and two (2) most recent previous employers, except that for applicants who have been employed for at least five (5) years by the most recent employer, only references from that employer are required.
- E. The District provides general supervision of the applicant until permanent certification is issued by ADE.

Upon recommendation for employment the District shall confirm employment authorization and employment eligibility verification by participating in the E-Verify program of the Department of Homeland Security's (DHS) U.S. Citizenship and Immigration Services Bureau (USCIS) and the Social Security Administration (SSA). The District will then complete the Form I-9 as required and maintain the form with copies of the necessary documents and documentation of the authorization and verification pending any inquiry.

The Superintendent of Public Instruction may also impose any additional conditions or restrictions deemed necessary.

Any person who permits unauthorized access to criminal history record information, releases criminal history record information, or procures the release or uses criminal history record information other than in accord with A.R.S. 41-1750 is guilty of a class 6 felony.

A professional candidate's acceptance of a contract offer must be indicated within _____ (____) **days** from the date of the written contract or the offer is revoked. Written notice of the deadline date for acceptance shall be included in the contract offer or an attachment to the contract offer. The candidate accepts the contract by signing the contract and returning it to the Governing Board or by making a written instrument which accepts the terms of the contract and delivering it to the Governing Board. If the written instrument includes terms in addition to the terms of the contract offered by the Board, the candidate fails to accept the contract.

The Governing Board may waive the requirement of a second classroom observation for a continuing teacher whose teaching performance based on the first classroom observation places the teacher in one (1) of the two (2) highest performance classifications for the current school year, unless the teacher requests a second observation.

Either the qualified evaluator or another Board designee shall confer with the teacher to make specific recommendations as to the areas of improvement in the teacher's performance and to provide professional development opportunities for the certificated teacher to improve performance and follow up with the teacher after a reasonable period of time for the purpose of ascertaining that the teacher is demonstrating adequate performance.

Evaluation of Other Administrators

The format for the evaluation system for other administrators (other than the Superintendent) will be developed under the leadership of the Superintendent, focusing on the responsibilities and outcomes which support the over-all instructional program and needs of the District. Evaluation procedures, timelines, and methods to be used for the communication of evaluation results will be reviewed with each employee prior to beginning the process.

Information obtained about an employee or applicant for employment by the District in the performance of a background investigation, including any records indicating that a current or former employee of a school or school district was disciplined for violating policies of the School District Governing Board pursuant to A.R.S. 15-153, may be retained by that District and may be provided to any school district or other public school that is performing a background investigation.

Any employee's misstatement of fact that is material to qualifications for employment or the determination of salary shall be considered by the Board to constitute grounds for dismissal.

A district may hire and place a noncertificated employee into service before receiving the results of the mandatory fingerprint check or a fingerprint clearance card has been issued or denied. However, until fingerprint clearance has been received, an applicant who is required or allowed to have unsupervised contact with pupils cannot be hired and placed into service until:

- A. The District documents in the applicant's file the necessity for hiring and placing the applicant into service before a fingerprint check can be completed or a fingerprint clearance card is issued or denied.
- B. The District obtains from the Department of Public Safety a statewide criminal records information check on the applicant. Subsequent criminal records checks are also required every one hundred twenty (120) days until the date that the fingerprint check is completed, or the fingerprint clearance card is issued or denied.
- C. The District obtains references from the applicant's current employer and two (2) most recent previous employers, except that for applicants who have been employed for at least five (5) years by the most recent employer, only references from that employer are required.
- D. The District provides general supervision of the applicant until the date the fingerprint check is completed, or the fingerprint clearance card is issued or denied.

Upon recommendation for employment the District shall confirm employment authorization and employment eligibility verification by participating in the E-Verify program of the Department of Homeland Security's (DHS) U.S. Citizenship and Immigration Services Bureau (USCIS) and the Social Security Administration (SSA). The District will then complete the Form I-9 as required and maintain the form with copies of the necessary documents and documentation of the authorization and verification pending any inquiry.

The District reports to the Superintendent of Public Instruction on June 30 and December 31 the number of applicants hired prior to the completion of a fingerprint check or the issuance of a fingerprint clearance card and the number of applicants for whom fingerprint checks or fingerprint clearance cards have not been received after one hundred twenty (120) days and after one hundred seventy-five (175) days of hire.

The District may provide information received as a result of a fingerprint check required by section 15-512 to any other school district if requested to do so by the person who was the subject of the fingerprint check or communicate to any school district if requested to do so by the person who applied for a fingerprint clearance card whether the person has been issued or denied a fingerprint clearance card. A copy of any written communication regarding employment must be sent by the employer providing the information to the former employee's last known address.

Any person who permits unauthorized access to criminal history record information, releases criminal history record information, or procures the release or uses criminal history record information other than in accord with A.R.S. 41-1750 is guilty of a class 6 felony.

JIH ©
STUDENT INTERROGATIONS,
SEARCHES, AND ARRESTS

Interviews

School officials may question students regarding matters incident to school without limitation. The parent will be contacted if a student interviewed is then subject to discipline for a serious offense. A student may decline at any time to be interviewed by the School Resource Officer (SRO) or another peace officer.

When child abuse or abandonment of a student is alleged.

If a child protective services worker or peace officer enters the campus requesting to interview a student attending the school, the school administrator shall be notified. Access to interview shall be granted when the child to be interviewed is the subject of or is the sibling of or is living with the child who is the subject of an abuse or abandonment investigation. The personnel of the District shall cooperate with the investigating child protective services worker or peace officer. If a student is taken into temporary custody in accordance with A.R.S. 8-821, the child protective services worker or peace officer may be reminded to notify the student's parent of the custody, pursuant to A.R.S. 8-823. The child protective services worker or peace officer shall be requested to establish proper identification and complete and sign a "Form for Signature of Interviewing Officer." Six (6) hours following the relinquishment of custody by the school, school personnel may respond to inquiries about the temporary custody of the child and may, if considered necessary, call the parent.

*Abuse or abandonment is **not** alleged.*

No issue of student population safety is presented. If a peace officer enters the campus requesting to interview a student attending the school on an issue other than upon request of the school or for abuse or abandonment, the school administrator shall be notified. If the officer directs that parents are not to be contacted because the interview is related to criminal activity of the parent(s)/guardian, the school official shall comply with the request. Unless these circumstances exist, the parent will be contacted and will be asked if they wish the student to be interviewed. If the parent consents the parent will be requested to be present or to authorize the interview in their absence within the school day of the request. Where an attempt was made, and the parent(s) could not be reached or did not consent within the school day of the request, the peace officer will then be requested to contact the parent(s) and make arrangements to question the student at another time and place.

Safety of the student population is of concern. When a peace officer is present on the campus to interview students at the request of school authorities due to concerns for the safety of the students in the school population, parent contact shall only be made if a student is taken into custody or following the determination that the student may be subject to discipline for a serious offense. The SRO, present at the request of the school for the continued maintenance of safety and order, may interview students as necessary regarding school related issues as determined by school officials and parents will be contacted if the student is to be taken into custody or if the student is subject to discipline for a serious offense.

Staff members are to report any suspected crime against a person or property that is a serious offense, involves a deadly weapon or dangerous instrument or that could pose a threat of death or serious injury and any conduct that poses a threat of death or serious physical injury to employees, students or others on school property. All such reports shall be documented and communicated to the Superintendent who shall be responsible for reporting to local law enforcement. Conduct that is considered to be bullying, harassment or intimidation shall be addressed according to Policy JICK as required in A.R.S. 15-341(A)(36).

The District is to notify the parent or guardian of each student who is involved in a suspected crime or any conduct that is described above, subject to the requirements of federal law.

Searches

School officials have the right to search and seize property, including school property temporarily assigned to students, when there is reason to believe that some material or matter detrimental to health, safety, and welfare of the student(s) exists. Disrobing of a student is overly intrusive for purposes of most student searches and is improper without express concurrence from School District counsel.

Items provided by the District for storage (e.g., lockers, desks) or personal items are provided as a convenience to the student but remain the property of the school and are subject to its control and supervision. Students have no reasonable expectancy of privacy, and lockers, desks, storage areas, et cetera, may be inspected at any time with or without reason, or with or without notice, by school personnel.

Arrest

When a peace officer enters a campus providing a warrant or subpoena or expressing an intent to take a student into custody, the office staff shall request the peace officer establish proper identification, complete, and sign a form for signature of an arresting officer or interviewing officer. The school staff shall cooperate with the officer in locating the child within the school. School officials may respond to parental inquiries about the arrest or may, if necessary, explain the relinquishment of custody by the school and the location of the student, if known, upon contact by the parent.

MEDICINES / ADMINISTERING
MEDICINES TO STUDENTS**

Under certain circumstances, when it is necessary for a student to take medicine during school hours, the District will cooperate with the family physician and the parents if the following requirements are met:

- A. There must be a written order from the physician stating the name of the medicine, the dosage, and the time it is to be given.
- B. There must be written permission from the parent to allow the school or the student to administer the medicine. Appropriate forms are available from the school office.
- C. The medicine must come to the school office in the prescription container or, if it is over-the-counter medication, in the original container with all warnings and directions intact.

In the case of a minor student, administration of medication shall only occur on the written request or authorization of a parent or legal guardian, except for an emergency administration pursuant to A.R.S. 15-157 (epinephrine) or A.R.S. 15-158 (Inhalers) or A.R.S. 15-341, subsection A, paragraph 43, (naloxone hydrochloride/any other opioid antagonist).

School district, charter schools and employees of school districts and charter schools are immune from civil liability for the consequences of the good faith adoption and implementation of policies and procedures pursuant to the statute.

The Governing Board directs the Superintendent to prescribe and enforce regulations and procedures for the emergency administration of auto-injectable epinephrine by a trained employee of the School District pursuant to section A.R.S. 15-157 and subsequent to the adoption of rules by the State Board of Education ~~on or before January 1, 2014~~ pertaining to annual training in the administration of auto-injectable epinephrine, recognition of anaphylactic shock symptoms and the procedures to follow when anaphylactic shock occurs and the requirements of A.R.S. 15-203(A)(40).

The Governing Board recognizes that the prescribed annual training is optional during any fiscal year in which a school does not stock epinephrine auto-injectors at the school during that fiscal year.

A school district or charter school may accept monetary donations for or apply for grants for the purchase of epinephrine auto-injectors or may participate in third-party programs to obtain epinephrine auto-injectors at fair market, free or reduced prices.

Note: This material is written for informational purposes only, and not as legal advice. You may wish to consult an attorney for further explanation.

Exceptions:

A. Students who have been diagnosed with anaphylaxis may carry and self-administer emergency medications including auto-injectable epinephrine provided the pupil's name is on the prescription label, on the medication container or device and annual written documentation from the pupil's parent or guardian is provided that authorizes possession and self-administration. The student shall notify the school office secretary as soon as practicable following the use of the medication;

B. For breathing disorders, handheld inhaler devices may be carried for self-administration provided the pupil's name is on the prescription label, on the medication container, or on the handheld inhaler device and annual written documentation from the pupil's parent or guardian is provided that authorizes possession and self-administration.

C. Students with diabetes who have a diabetes medical management plan provided by the student's parent or guardian, signed by a licensed health professional or nurse practitioner as specified by A.R.S. 15-344.01, may carry appropriate medications and monitoring equipment and self-administer the medication.

District employees may volunteer to be a student's diabetes care assistant, subject to approval by the student's parent or guardian, in an emergency situation as described in 15-344.01. The Superintendent may develop regulations for implementing this provision.

The District reserves the right, in accordance with procedures established by the Superintendent, to circumscribe or disallow the use or administration of any medication on school premises if the threat of abuse or misuse of the medicine may pose a risk of harm to a member or members of the student population.

The Governing Board directs the Superintendent to prescribe and enforce regulations and procedures for the emergency administration of naloxone hydrochloride or any other opioid antagonist approved by the United States Food and Drug Administration by an employee of a school district pursuant to Section 36-2267, Administration of opioid antagonist; exemption from civil liability; definition, which, in part states the following:

A. A person may administer an opioid antagonist that is prescribed or dispensed pursuant to section 32-1979 or 36-2266 in accordance with the protocol specified by the physician, nurse practitioner, pharmacist or other health professional to a person who is experiencing an opioid-related overdose.

B. A person who in good faith and without compensation administers an opioid antagonist to a person who is experiencing an opioid-related overdose is not liable for any civil or other damages as the result of any act or omission by the person rendering the care or as the result of any act or failure to act to arrange for further medical treatment or care for the person experiencing the overdose, unless the person while rendering the care acts with gross negligence, willful misconduct or intentional wrongdoing.

REPORTING CHILD ABUSE /
CHILD PROTECTION

Any school personnel or any other person who has responsibility for the care or treatment of a minor and who reasonably believes that a minor is or has been the victim of physical injury, abuse, child abuse, a reportable offense or neglect that appears to have been inflicted upon the minor by other than accidental means or that is not explained by the available medical history as being accidental in nature or who reasonably believes there has been a denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of an infant who is protected under A.R.S. 36-2281 shall immediately report or cause reports to be made of such information to a peace officer or to the Department of Child Safety (DCS) of the Department of Economic Security, except if the report concerns a person who does not have care, custody, or control of the minor, the report shall be made to a peace officer only. Such reports shall be made immediately either electronically or by telephone.

The Arizona Department of Economic Security, Division of Children, Youth and Families, has determined that all mandated reporters may now electronically submit non-emergency reports via a secure online reporting website. Non-emergency reports are those in which a child is not at immediate risk of abuse or neglect that could result in serious harm. Mandated reporters will be able to submit non-emergency reports twenty-four (24) hours a day without wait times.

All reports made via the online website will *require the person making the report (reporting source) to provide contact information*. A representative from the Child Abuse Hotline may contact the source for additional information, if necessary. This process will make it more convenient to meet the mandated reporting requirements and help ensure child safety.

All *emergency situations* where a child faces an immediate risk of abuse or neglect that could result in serious harm *must* still be reported by calling 911 or 1-888-SOS-CHILD (1-888-767-2445). If a reporting source is unsure as to whether or not the report is an emergency situation, the reporting source should call the Child Abuse Hotline to make a report.

Any concerns for the safety of a child due to abuse, neglect or abandonment, *must be reported*, by:

Calling 1-888-SOS-CHILD (1-888-767-2445),

TDD: 602-530-1831 (1-800-530-1831), or

Submitting *non-emergency* concerns via the Online Reporting Service for Mandated Reporters at https://www.azdes.gov/dcyf/cps/mandated_reporters/ (effective November 2013).

<p><i>Note:</i> This material is written for informational purposes only, and not as legal advice. You may wish to consult an attorney for further explanation.</p>

Pursuant to A.R.S. 13-3620, such reports shall contain, if known:

- A. The names and addresses of the minor, the parents, or the person or persons having custody of such minor, if known.
- B. The minor's age and the nature and extent of the minor's abuse, child abuse, or physical injuries or neglect, including any evidence of previous abuse, child abuse, physical injury or neglect.
- C. Any other information that such person believes might be helpful in establishing the cause of the abuse, child abuse, physical injury or neglect.

A person who furnishes a report, information, or records required or authorized under Arizona Revised Statutes or a person who participates in a judicial or administrative proceeding or investigation resulting from a report, information or records required or authorized under Arizona Revised Statutes is immune from any civil or criminal liability by reason of that action unless such person has acted with malice or unless such person has been charged with or is suspected of abusing or neglecting the child or children in question.

A report is not required under A.R.S. 13-3620 for conduct prescribed by A.R.S. 13-1404 and 13-1405 if the conduct involves only minors who are fourteen (14), fifteen (15), sixteen (16) or seventeen (17) years of age and there is nothing to indicate that the conduct is other than consensual.

A report is not required if a minor is of elementary school age, the physical injury occurs accidentally in the course of typical playground activity during a school day, occurs on the premises of the school that the minor attends and is reported to the legal parent or guardian of the minor and the school maintains a written record of the incident. The school will maintain a written record of the physical injury as part of the student's health file as required by Arizona State Library, Archives and Public Records (ASLAPR).

A person who fails to report abuse as provided in A.R.S. 13-3620 is guilty of a class 1 misdemeanor, except if the failure to report involves a reportable offense, the person is guilty of a class 6 felony.

Any certificated person or Governing Board member who reasonably suspects or receives a reasonable allegation that a person certificated by the Department of Education has engaged in conduct involving minors that would be subject to the reporting requirements of A.R.S. 13-3620 shall report or cause reports to be made to the Department of Education in writing as soon as is reasonably practicable but not later than three (3) business days after the person first suspects or receives an allegation of the conduct.

Any person who is employed as the immediate or next higher-level supervisor to or administrator of a person who is statutorily required to report is not required to report if the supervisor or administrator reasonably believes that the report has been made by the person who is required to report.

Note: This material is written for informational purposes only, and not as legal advice. You may wish to consult an attorney for further explanation.

Any school employee who has orally reported to DCS or a peace officer a reasonable belief of an offense to a minor must provide written notification to the principal of the oral report not later than the next workday following the making of the report.
