

2020-2021

Dear Cook County School Parents:

Through the years, we have continued to develop improved methods of communication between the school and home utilizing advancements in technology.

Now we would like you to become even more aware of your students progress at school by activating a "Parent Portal." The Portal is your opportunity to go online and find information about your student's attendance record, tardy patterns, and academic information. We expect that this will provide you with timely information and at the same time reduce the cost of labor, paper and postage for us. At this time, there is no cost to you for this service. Cook County Schools is paying a fee based on the number of students enrolled at Cook County Schools for this service.

Please review the information included with this mailing. Then complete the form at the bottom of the Parent Acceptable Use Policy and return it to me. **PLEASE NOTE THAT YOU ARE AGREEING TO KEEP YOUR PASSWORD PRIVATE. IT IS NOT TO BE SHARED WITH ANYONE, INCLUDING YOUR STUDENTS!!** A parent's/guardian's password opens the Portal for all children in the family and therefore, must be protected.

Upon receipt of your completed form, we will provide the Web address, an activation code and you will set up your own user name and password. That's it! Then, you are on your way to learning more about your student's everyday life at Cook County Schools.

Please contact me by email if you have any questions.

Sincerely,

Lisa Bauer
Technology Coordinator
