

5th & 6th Grade Volleyball

Dear Parents,

If your daughter is interested in trying the wonderful sport of volleyball, we have scheduled some practice times and competitions for the fall. We have tried to keep the dates consistent for you to be able to best plan for attendance.

It is the responsibility of the family to get the girls to and from host sites. The Mondovi School District does not provide transportation, so you will have to work with each other to organize carpooling if your daughter needs a ride.

The practices will be conducted by Coach Anderson, Coach Harmon, Coach Vetterkind, assisted by the high school volleyball players and other assigned helpers. However, we will need parent volunteer coaches to stay at the practices to learn along with the girls to be able to coach the teams in the competitions we have scheduled. If there are not enough parent volunteers, we will have to cancel the competitions. So please consider joining your daughter in this adventure. Even if you feel you don't know enough about the sport, I assure you, we will help you know all that you need to know at this level. Our biggest goal is to expose the girls to the sport, teach some of the basic concepts, and foster a love of the game by having fun! Please email me and let me know if you are interested in coaching.

Thanks, Coach Vetterkind
