INTRODUCING FOOD FUSION

TRENDY NEW RECIPES THAT STUDENTS LOVE

Pop-up restaurants and food trucks are in high demand today, but how can that excitement translate to your cafeteria? We've got the answer: Food Fusion!

The Nutrition Group is continuously innovating and testing new and delicious dishes. Food Fusion merges classics, such as Grilled Cheese Sandwiches and Macaroni & Cheese into one tasty and incredibly noteworthy recipe. These chef-crafted entrées not only taste delicious, but help raise participation and create a buzz around your cafeteria.

The East Palestine middle and high school cafeterias featured a food truck inspired Beefy Nacho and Cheese Waffle Cone. The colossal cone was filled with tortilla chips, taco meat, cheese sauce, and topped with sour cream and salsa.

Food Truck inspired dishes arrive at EP! Who will be the most daring to try this dish? The High School or Middle School Students? #wearetnng #tngfeedskids

HOLIDAY TRADITIONS

TNG LENDS A HAND AT DISTRICT COMMUNITY DINNERS

During this festive and joyous time of year many districts host community dinners for their students and families. Students and their guests gather together to enjoy a wonderful holiday meal prepared by The Nutrition Group staff. Our chefs and staff create, prepare and serve succulent carved turkey dinners with all the trimmings. Additional TNG staff, including surrounding Food Service Directors, Regional Managers, Chefs and Corporate Support Staff are on hand to help with the festivities. In addition to the wonderful meal, the students and their guests enjoy a visit from Santa, sip on hot chocolate, play games and make crafts. The Nutrition Groups feels privileged to be part of the holiday traditions in our districts and we appreciate the hard work of all The Nutrition Group staff to make these wonderful meals a huge success!
