

Brewer Community School
Grade Seven Supply List
2019-2020

To the Parents of New Seventh Grade Students:

It's that time of year to consider what to purchase for your child as we get ever closer to the first day of school. In the seventh grade, your student will have many teachers, as opposed to the few that they had in prior years. Normally, we provide most of the supplies that our students require to manage their learning, but in the interest of helping you out, we're providing a short list of items to consider purchasing prior to the beginning of school.

Supplies

An endless supply of pencils.

A few blue or black ink pens

Two different color highlighters

Five inexpensive notebooks

Five or Six Pocket Portfolios

A ruler

An inexpensive basic calculator

Inexpensive headphones/earbuds for use with their iPad

We also want you to bookmark our TEAM WEBSITE. This is the portal through which we communicate with parents and it's the place where you can contact us.
