

DELWOOD COMMUNITY SCHOOL DISTRICT
POLICY MANUAL

INTRODUCTION

This policy manual contains the policies of the board of directors of the Delwood Community School District. Policy development is a dynamic, ongoing process. New problems, issues, and needs give rise to the continuing need to develop new policies or to revise existing ones. The use of a loose-leaf manual is to make it easier to keep the policy manual up-to-date.

Each person holding a copy of this manual has a duty to keep the manual current as new and revised policies are distributed by the central administration office.

How To Use This Policy Manual

The Delwood Community School District operates according to policies established by its board of directors. The board develops policies after careful deliberation, and the school administration implements them through specific regulations and procedures. The board reviews and evaluates its policies and makes revisions as necessary.

The manual is organized according to a numeric codification system. There are nine major classifications bearing a numeric Series Code.

100	EDUCATIONAL PHILOSOPHY
200	BOARD OF DIRECTORS
300	ADMINISTRATION
400	STAFF PERSONNEL
500	STUDENT PERSONNEL
600	EDUCATION PROGRAM
700	AUXILIARY SERVICES
800	BUSINESS PROCEDURES
900	BUILDINGS & SITES
1000	SCHOOL COMMUNITY RELATIONS

Sub-classifications under each numeric Series are based on a logical sequence and coded by the sub-classification numeric code.

The index pages that follow each tab present the policies included in that Series. These index pages serve as a table of contents for each Series.

How To Find A Policy

There are two ways to find a policy. The first is to review the nine Series and determine which section the policy may be in. By turning to that Series, you can review the table of contents to determine whether the policy is included. If the policy is included, you can turn to the policy by finding the correct code number in the upper right hand corner of the policy.

The second way to find a policy is to look up the policy in the alphabetical index found under the tab entitled "Index" at the end of the manual. It will direct you to the Series and the policy code number. Again, you can turn to the policy by finding the correct code number in the upper right hand corner of the policy.

How To Read The Signs And Symbols

A variety of signs and symbols are used in concert with the numeric codification system. These are explained below:

- R This symbol following a policy code number indicates the statement is an administrative regulation rather than a board policy. These statements appear on yellow paper.

- E This symbol following a policy code number indicates the statement is an exhibit rather than a board policy. These statements appear on green paper.

- Legal This sign indicates the legal references. They tell the user where
Reference the user may find the statutes, case law, attorney general opinions, or administrative rules that give authority to a policy.

- Cross Many policies in the manual relate to other policies in the manual.
Reference Cross references are provided to assist the user in finding all of the related policies.

Inquiries about the policies included in this manual may be directed to the board members or to the superintendent by telephone at (563) 674-4164, (563) 574-4164 or by writing the school district at P.O. Box 292, Delmar, IA 52037.

GRIEVANCE PROCEDURE

It is the policy of the Delwood Community School District not to discriminate on the basis of race, color, national origin, sex, disability, religion, creed, age (for employment), marital status (for programs), sexual orientation, gender identity and socioeconomic status (for programs) in its educational programs and its employment practices. There is a grievance procedure for processing complaints of discrimination. If you have questions or a grievance related to this policy please contact Todd Hawley, Superintendent, 311 Delmar Ave., Delmar, IA, 563-674-4164, thawley@delwood.k12.ia.us.

Students, parents of students, employees, and applicants for employment in the school district have the right to file a formal complaint alleging discrimination. The district has policies and procedures in place to identify and investigate complaints alleging discrimination. If appropriate, the district will take steps to prevent the recurrence of discrimination and to correct its discriminatory effects on the Complainant and others.

A Complainant may attempt to resolve the problem informally by discussing the matter with a building principal or a direct supervisor. However, the Complainant has the right to end the informal process at any time and pursue the formal grievance procedures outlined below. Use of the informal or formal grievance procedure is not a prerequisite to the pursuit of other remedies. Please note that informal processes and procedures are not to be used in certain circumstances (e.g., sexual harassment and sexual assault).

Filing a Complaint

A Complainant who wishes to avail himself/herself of this grievance procedure may do so by filing a complaint with the equity coordinator(s). An alternate will be designated in the event it is claimed that the equity coordinator or superintendent committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 180 days of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The equity coordinator(s) shall assist the Complainant as needed.

Investigation

Within 15 working days, the equity coordinator will begin the investigation of the complaint or appoint a qualified person to undertake the investigation (hereinafter "equity coordinator"). If the Complainant is under 18 years of age, the equity coordinator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. The investigation may include, but is not limited to the following:

- A request for the Complainant to provide a written statement regarding the nature of the complaint;
- A request for the individual named in the complaint to provide a written statement;
- A request for witnesses identified during the course of the investigation to provide a written statement;
- Interviews of the Complainant, Respondent, or witnesses;
- An opportunity to present witnesses or other relevant information; and
- Review and collection of documentation or information deemed relevant to the investigation.

Within 60 working days, the equity coordinator shall complete the investigation and issue a report with respect to the findings.

The equity coordinator shall notify the Complainant and Respondent of the decision within 5 working days of completing the written report. Notification shall be by U.S. mail, first class.

Decision and Appeal

The complaint is closed after the equity coordinator has issued the report, unless within 10 working days after receiving the decision, either party appeals the decision to the superintendent by making a written request detailing why he/she believes the decision should be reconsidered. The equity coordinator shall promptly forward all materials relative to the complaint and appeal to the superintendent. Within 30 working days, the superintendent shall affirm, reverse, amend the decision, or direct the equity coordinator to gather additional information. The superintendent shall notify the Complainant, Respondent, and the equity coordinator of the decision within 5 working days of the decision. Notification shall be by U.S. mail, first class.

The decision of the superintendent shall be final.

The decision of the superintendent in no way prejudices a party from seeking redress through state or federal agencies as provided by in law.

This policy and procedures are to be used for complaints of discrimination, in lieu of any other general complaint policies or procedures that may be available.

If any of the stated timeframes cannot be met by the district, the district will notify the parties and pursue completion as promptly as possible.

Retaliation against any person, because the person has filed a complaint or assisted or participated in an investigation, is prohibited. Persons found to have engaged in retaliation shall be subject to discipline by appropriate measures.

NOTE: A school district may have a different coordinator for each law or consolidate the responsibilities under one employee. The Iowa Department of Education encourages districts to have no more than two (2) coordinators: one for employment and one for programs. If the district has more than one coordinator, publications of this policy and notifications must include the name, contact address, contact phone number and email address for each coordinator.

NOTE: The sample grievance procedures include an appeal process that ends with the superintendent. If the board chooses to have a different practice that involves the board in these grievance procedures, the procedures should be updated to reflect this practice.

NOTE: The Office for Civil Rights requires that the procedures must designate reasonably prompt time frames for the major stages of the complaint process. The number listed in the italic brackets for each stage includes suggested time frames based on guidance from both the United States Office for Civil Rights and the Iowa Department of Education. Districts should ensure that the time frames selected are reasonable for the individual district.

NOTE: Some conduct that falls under a school's equal educational opportunity policy also may trigger responsibilities under the state's anti-bullying/anti-harassment laws. By limiting the response to a specific application of its equal educational opportunity policy and the accompanying grievance procedures, a school may fail to properly consider whether the alleged conduct also results in bullying and/or harassment.

DELWOOD COMMUNITY SCHOOL DISTRICT

LONG-RANGE NEEDS ASSESSMENT

Long-range needs assessment enables the school district to analyze assessment data, get feedback from the community about its expectation of students and determines how well students are meeting student learning. The board will conduct ongoing and in-depth needs assessment, soliciting information from business, labor, industry, higher education and community members, regarding their expectations for adequate student preparation.

In conjunction with the in-depth needs assessment of the school district, the board will authorize the appointment of a committee, representing administrators, employees, parents, students and community members, to make recommendations and assist the board in determining the priorities of the school district in addition to the basic skills areas of the education program.

The committee appointed will meet two times a year. They will develop an educational needs assessment survey to gain feedback from the community as to its expectations of students. In addition, the school will survey parents on family support needs. Feedback will also be generated through our district newsletter with a column to address parents' questions.

It is the responsibility of the superintendent to ensure the school district community is informed of students' progress on state and locally determined indicators. The superintendent will report annually to the board about the means used to keep the community informed.

As a result of the board and committee's work, the board will determine major educational needs and rank them in priority order; develop long-range goals and plans to meet the needs; establish and implement short-range and intermediate-range plans to meet the goals and to attain the desired levels of student performance; evaluate progress toward meeting the goals and maintain a record of progress under the plan that includes reports of student performance and results of school improvement projects; and annually report the school district's progress made under the plan to the committee, community and Iowa Department of Education.

LONG-RANGE NEEDS ASSESSMENT

School districts also need to develop a process for long-range needs assessment. The process needs to include three items.

- *provisions for collecting, analyzing and reporting information derived from local, state and national sources;*
- *provisions for reviewing information acquired on the following:*
- *state indicators and other locally determined indicators,*
- *locally established student learning goals,*
- *specific data collection required by state and federal programs;*
- *provisions for collecting and analyzing assessment data on the following:*
- *state indicators,*
- *locally determined indicators,*
- *locally established student learning goals.*

The long-range needs assessment process is mandatory but it does not need to be an administrative regulation supporting the long-range needs assessment policy. It is, however, recommended that it become an administrative regulation to support the policy to ensure completeness and consistency.

NOTE: School districts are required to integrate the anti-bullying and anti-harassment policy into the comprehensive school improvement plan and shall collect and report data regarding instances of bullying and harassment as required by law.

NOTE: Some conduct that falls under a school's anti-bullying/anti-harassment policy also may trigger responsibilities under one or more of the federal and state antidiscrimination laws. By limiting the response to a specific application of its anti-bullying/anti-harassment disciplinary policy and the accompanying procedures, a school may fail to properly consider whether the alleged conduct also results in discriminatory bullying and/or harassment.

ANTI-BULLYING/ANTI-HARASSMENT INVESTIGATION PROCEDURES

The Delwood Community School District is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassment of or by students, staff, and volunteers is against federal, state, and local policy and is not tolerated by the board. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed. Therefore, it is the policy of the state and the school district that school employees, volunteers, and students shall not engage in bullying or harassing behavior in school, on school property, or at any school function or school-sponsored activity.

Definitions

For the purposes of this policy, the defined words shall have the following meaning:

- “Electronic” means any communication involving the transmission of information by wire, radio, optic cable, electromagnetic, or other similar means. “Electronic” includes but is not limited to communication via electronic mail, internet-based communications, pager service, cell phones, and electronic text messaging.
- “Harassment” and “bullying” shall mean any electronic, written, verbal, or physical act or conduct toward a student based on the individual’s actual or perceived age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status, and which creates an objectively hostile school environment that meets one or more of the following conditions:
 - (1) Places the student in reasonable fear of harm to the student’s person or property.
 - (2) Has a substantial detrimental effect on the student’s physical or mental health.
 - (3) Has the effect of substantially interfering with a student’s academic performance.
 - (4) Has the effect of substantially interfering with the student’s ability to participate in or benefit from the services, activities, or privileges provided by a school.
- “Trait or characteristic of the student” includes but is not limited to age, color, creed, national origin, race, religion, marital status, sex, sexual orientation, gender identity, physical attributes, physical or mental ability or disability, ancestry, political party preference, political belief, socioeconomic status, or familial status.
- “Volunteer” means an individual who has regular, significant contact with students.

Filing a Complaint

A Complainant who wishes to avail himself/herself of this procedure may do so by filing a complaint with the superintendent or superintendent’s designee. An alternate will be designated in the event it is claimed that the superintendent or superintendent’s designee committed the alleged discrimination or some other conflict of interest exists. Complaints shall be filed within 180 days of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The Complainant shall receive assistance as needed.

School employees, volunteers, and students shall not engage in reprisal, retaliation, or false accusation against a victim, witness, or an individual who has reliable information about an act of bullying or harassment.

Investigation

The school district will promptly and reasonably investigate allegations of bullying or harassment. The superintendent or the superintendent's designee (hereinafter "Investigator") will be responsible for handling all complaints alleging bullying or harassment.

If the Complainant is under 18 years of age, the Investigator shall notify his or her parent(s)/guardian(s) that they may attend investigatory meetings in which the Complainant is involved. The complaint and identity of the Complainant, Respondent, or witnesses will only be disclosed as reasonably necessary in connection with the investigation or as required by law or policy. *The investigation may include, but is not limited to the following:*

- *A request for the Complainant to provide a written statement regarding the nature of the complaint;*
- *A request for the individual named in the complaint (hereinafter "Respondent") to provide a written statement;*
- *A request for witnesses identified during the course of the investigation to provide a written statement; and*
- *Review and collection of documentation or information deemed relevant to the investigation.*

The Investigator shall consider the totality of circumstances presented in determining whether conduct objectively constitutes bullying or harassment. Upon completion of the investigation, the Investigator shall issue a report with respect to the findings.

Additional suggestions for administrative procedures regarding this policy include:

- *Organizing training programs for students, school employees, and volunteers regarding how to recognize bullying and harassing behavior and what to do if this behavior is witnessed; and*
- *Developing a process for evaluating the effectiveness of this policy in reducing bullying and harassing behavior.*

Decision

If, after an investigation, a student is found to be in violation of the policy, the student shall be disciplined by appropriate measures, which may include suspension and expulsion. If after an investigation a school employee is found to be in violation of this policy, the employee shall be disciplined by appropriate measures, which may include termination. If after an investigation a school volunteer is found to be in violation of this policy, the volunteer shall be subject to appropriate measures, which may include exclusion from school grounds.

A school employee, volunteer, or student, or a student's parent or guardian who promptly, reasonably, and in good faith reports an incident of bullying or harassment, in compliance with the procedures in the policy adopted pursuant to this section, to the appropriate school official designated by the school district, shall be immune from civil or criminal liability relating to such report and to participation in any administrative or judicial proceeding resulting from or relating to the report.

Individuals who knowingly file false bullying and/or harassment complaints and any person who gives false statements in an investigation may be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds.

NOTE: School districts must include a number of requirements in the district anti-bullying/anti-harassment policy. This regulation builds on the requirements addressed in IASB sample policy 104 by more specifically detailing sample investigation procedures. Districts should ensure that the district's practice is reflective of the policy and regulations that the district's leadership team has established. Please remember that the procedures outlined here should be consistent with the policy.

NOTE: Some conduct that falls under a school's anti-bullying/anti-harassment policy also may trigger responsibilities under one or more of the federal and state antidiscrimination laws. By limiting the response to a specific application of its anti-bullying/anti-harassment disciplinary policy and the accompanying procedures, a school may fail to properly consider whether the alleged conduct also results in discriminatory bullying and/or harassment.
